BRAC 2005
Intelligence Joint Cross-Service Group

Meeting Minutes of January 5, 2005

The Deputy Under Secretary of Defense (Counterintelligence and Security), Chair, Intelligence Joint Cross-Service Group (IJCSG), Ms. Carol Haave led this meeting. The list of attendees is attached (Attachment 1). These minutes reference slides from the briefing to the IJCSG Principals dated January 5, 2005.

Ms. Haave opened the twenty eighth meeting of the IJCSG and asked Ms. Dunie to proceed with the briefing. Ms. Dunie began with an update on the status of the eight active IJCSG scenarios in the OSD Tracking Tool. She noted that the Core Team is still issuing Request For Clarification to the various parties researching and submitting responses to the COBRA data call. Since the COBRA data was not available, Ms. Dunie suggested the Principals discuss the pros and cons of the multiple scenarios to establish a qualitative baseline that could assist the COBRA quantitative process when the data becomes available. The NGA representative requested the Chair delay discussions until the next meeting when they would be better prepared to present a complete deliberative package. Ms. Haave agreed. Next followed a classified discussion about the pros and cons that should be considered as part of the scenarios.

The Principals next reviewed the status of the USAF's proposal to close Los Angeles AFB. The Core Team confirmed there are intelligence equities regarding this base that should be identified and considered as part of the Air Force COBRA costs.

The Principals next discussed the DIA scenario and implications of consolidation versus co-location. The discussion was classified.

Finally, Ms. Dunie asked the Principals to reconsider a proposal that would renovate the present JICPAC facility by providing for integrated analysis and conduits to the planned RSOC. The Core Team was tasked to investigate this concept with respect to Hawaii and additionally, SOUTHCOM in Miami. Lastly, the Principals discussed the results of the meeting between the Core Team and Education and Training (E&T) JCSG Specialized Skills Training (SST) Subgroup. The meeting was held to ascertain the rationale E&T used to select various locations to consolidate service intelligence schools SST and relocate the Defense Language Institute (DLI). Ms. Haave asked that SSTs discussions be held on January 19th and that the Core Team continue to monitor the DLI.

Upon conclusion of this discussion, the meeting was adjourned.
