Dear Honorable James Hansen,

My husband and I are asking you to reconsider and take Cannon AFB off the closure list. We have great weather that allows almost year round flying conditions and unlimited flying space. The Melrose bombing range is just seconds away for training. They now have new and larger runways for the planes at Cannon. The city of Clovis has always been ready to help and support the Cannon families and have invited them into our schools, churches, our homes and our hearts.

Thanking you in advance for your consideration.

Sincerely,

Annie R. Gilliland

Jimmy Gilliland
