Dear BRAC Commission,

Please remove my social security number from document number 1545. The document is entitled "Dale Benedetti and John Jay make a case for Closing down Pt Mugu Naval Air Base near in Oxnard California.

My social security number is in three places among the one hundred and sixty three pages. at least, I think it's in three places. Anyway, please remove it from the document for obvious reasons.

When you have done this, please send me a letter telling me you have done so. It's very important that you do this.
