Dear Members of the BRAC commission:
As a concerned citizen I am writing to let you know my opinion on Cannon being closed. Many people are working hard every day to protect us and make sure we are safe. The majority of these people work in Portales, Clovis and Cannon. If the main base for this county is not here anymore how safe would we feel? Say it was your family. How safe would you feel and be? I would highly reccomend reconsidering not closing down Cannon Air Force Base. Please reconsider.

Sincerely,
Concerned Citizen
