To Whom It May Concern:

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

Mrs. John Hutchison

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

To Whom It May Concern:

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

Amie Flowers

Your Concerned Constituent

Dear President Bush, Congress and the BRAC Committee

I am sending you this letter to ask you WHY would you want to realign the 130th Air National Guard in West Virginia. They have always been there at the call of duty, never letting this country down and leaving their families to fight for you and I. And still you want to send their planes elsewhere. They are losing much more than planes, they are losing there jobs. We, as a state, cannot afford to lose those planes and us, as a country, cannot lose those men and women that has served proudly and fought for our freedom. We will not give up and we will put up a fight to keep the 130th Air National Guard in Charleston, West Virginia OPEN and flying. We are asking that you look again at our Air National Guard Base and see just why you should realign it. I really can't see a reason.

Thank You.

Dear President Bush, Congress and the BRAC Committee

I am sending you this letter to ask you WHY would you want to realign the 130th Air National Guard in West Virginia. They have always been there at the call of duty, never letting this country down and leaving their families to fight for you and I. And still you want to send their planes elsewhere. They are losing much more than planes, they are losing there jobs. We, as a state, cannot afford to lose those planes and us, as a country, cannot lose those men and women that has served proudly and fought for our freedom. We will not give up and we will put up a fight to keep the 130th Air National Guard in Charleston, West Virginia OPEN and flying. We are asking that you look again at our Air National Guard Base and see just why you should realign it. I really can't see a reason.

Thank You.

Dear President Bush, Congress and the BRAC Committee

I am sending you this letter to ask you WHY would you want to realign the 130th Air National Guard in West Virginia. They have always been there at the call of duty, never letting this country down and leaving their families to fight for you and I. And still you want to send their planes elsewhere. They are losing much more than planes, they are losing there jobs. We, as a state, cannot afford to lose those planes and us, as a country, cannot lose those men and women that has served proudly and fought for our freedom. We will not give up and we will put up a fight to keep the 130th Air National Guard in Charleston, West Virginia OPEN and flying. We are asking that you look again at our Air National Guard Base and see just why you should realign it. I really can't see a reason.

Thank You.

To Whom It May Concern:

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

Your Concerned Constituent

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

Your Concerned Constituent

To Whom It May Concern:

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

Don Gibson

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Ms. Sharon Peters

Ms. Peters,

When the announcement was made that Charleston, WV's Air National Guard 130th Airlift Wing was on the list of the 2005 Base Closure and Realignment Commission report I thought how can I help. This decision hit close to me as I have family and friends that are members of the 130th. Having family and friends as members was only part of the reason I was upset with the decision. The history of the 130th Airlift Wing is unmatched in my mind. The awards and participation in conflicts are tremendous. The help they have provided West Virginian's in times of disasters is priceless. Most of all though I feel the BRAC Commission got the facts wrong and made a decision on such. I decided that one way I could help is by getting people to sign a petition to help save our 130th. Please accept this petition and the many names on it that have been signed to **HELP SAVE THE 130th.**

Thank You

BRAC COMMISSION – FY 2005
COFF:_____ DISPOSITION: Permanent

Dear President Bush, Congress and the BRAC Committee

I am sending you this letter to ask you WHY would you want to realign the 130th Air National Guard in West Virginia. They have always been there at the call of duty, never letting this country down and leaving their families to fight for you and I. And still you want to send their planes elsewhere. They are losing much more than planes, they are losing there jobs. We, as a state, cannot afford to lose those planes and us, as a country, cannot lose those men and women that has served proudly and fought for our freedom. We will not give up and we will put up a fight to keep the 130th Air National Guard in Charleston, West Virginia OPEN and flying. We are asking that you look again at our Air National Guard Base and see just why you should realign it. I really can't see a reason.

Thank You.

As your voting constituent, I am writing to urge you to support the 130th Airlift Wing and its members against the 2005 Base Realignment and Closure Commission. The 130th Airlift Wing has been a valuable asset to the State of West Virginia and the United States of America for more than 47 years. The effects of the proposed closing will not only be damaging to the members of the West Virginia Air National Guard, it will negatively affect the rest of the state as well.

The Unit has historically gone above and beyond the call of duty. With your support, the men and women of the 130th Airlift Wing will continue to protect our state and our nation now and well into the future.

Sincerely,
