Dear member of the BRAC Commission:

I think that Cannon AFB should not close Because the people of Portales will hirt really Bad Because people will loose there jobs. Besides 27% of the planes flying over Iraq are from Cannon AFB. I also think that No AFB should close because it would hirt any town because of the looseing of the kids, teachers, and buisness. People would loose there friends and Jobs to. That is why I think Cannon AFB should not close.

Thank you
Jennifer Griffith
