Operation Keep Cannon!
To: BRAC Commissioners
Consening: The removal of Cannon A.F.B. from the closure list.

Much of Clovis' population is the families of personel stationed at, and working for Cannon A.F.B. If Cannon is shutdown, it is likely that many people shall loose their jobs, the economy of Clovis would fall, and many people would be forced to move. Also, it would cost massive amounts of money to restation personel and their families. With all of this in mind, please remove Cannon A.F.B. from the closure list

Signed:
Vincent Bowers Jr.

P.S. On a personal note, if Cannon closes, my father who is currently stationed at Quater, Iraq would be forced to take a year tour to Korea to stop us from moving before ~~be retur~~ he can retire.
