DCN 3402

Honorable James H. Bilbray

Cannon doesn't fit the criteria needed for base closure.

BRAC Commission

Once the N.M. Training Range Initiative is implemented Cannon will be able to offer pilots the ability to fly supersonic during training missions.

The Melrose bombing range was supported by the local residents and N.M. Commission of Public Lands and without Cannon, that bombing range is not feasible.

Cannon has ample space/ramp space to accommodate surge force requirement in training and emergency situations.

The availability of air space and ideal flying weather makes Cannon the perfect candidate to support future training mission for the F-22. Joint Strike Fighter, and other military aircraft.

The relationship between Cannon and the surrounding area: Clovis, Portales, West Texas and others is unlike any other installation in the country.

It has been estimated that closing of Cannon will cost loss of many jobs, and have a great negative impact on the economy than any other area in the Country.

Sincerely
Anna Mae Smith

Dear Honorable James V. Hansen

Cannon doesn't fit the criteria provided for Base Closure.
