MEDICAL FACILITY: BRMEDCL NAVSTA SDIEGO CA
45020

Category.....Personnel Support
Sub-category....Medical
Types.....Clinics

*******If any responses are classified, attach separate classified annex*******

TABLE OF CONTENTS

MISSION REQUIREMENTS

1. Population 3
2. Bed Capacity 4
3. Workload 5,6,7
4. Staffing 8

LOCATION

5. Community Providers.....9
6. Regional Population.....10
7. Regional Community Hospitals 11,12

MISSION REQUIREMENTS

1. Population. Please identify your beneficiary population using the same definitions as used by RAPS. Use the following table to record your results.

TYPE	ACTUAL FY 1993			PROJECTED FY 2001		
	CATCHMENT[1]	ASSIGNED[2]	REGION[3]	CATCHMENT[1]	ASSIGNED[2]	REGION[3]
AD	N/A	21,031	N/A	N/A	22,800	N/A
FAMILY OF AD	N/A	N/A	N/A	N/A	46,690	N/A
SUBTOTAL	N/A	21,031	N/A	N/A	69,490	N/A
RETIRED AND FAMILY MEMBERS UNDER 65	N/A	N/A	N/A	N/A	43,600	N/A
RETIRED AND FAMILY MEMBERS OVER 65[4]	N/A	N/A	N/A	N/A	8,945	N/A
OTHER	N/A	N/A	N/A	N/A	N/A	N/A
TOTAL	N/A	21,031	N/A	N/A	122,035	N/A

NOTE: THE FOLLOWING APPLIES TO ALL FACILITIES.
[1] THE BASIS FOR YOUR REPORTED POPULATION IS THE CATCHMENT AREA DEFINED AS SETS OF ZIP CODES EMANATING FROM THE CENTER OF THE ZIP CODE IN WHICH THE MTF IS LOCATED WITH A RADIUS OF 40 MILES.
[2] THIS IS THE POPULATION SPECIFICALLY ASSIGNED TO YOUR FACILITY IN CONTRAST TO THE POPULATION IN THE CATCHMENT AREA. THIS IS IMPORTANT IN FACILITIES WITH OVERLAPPING CATCHMENT AREAS.
[3] IF YOU ARE A DESIGNATED NAVAL MEDICAL CENTER, PLEASE REPORT YOUR LEAD AGENT POPULATION (SEE TRICARE POLICY GUIDELINES).
[4] THIS SECTION MUST BE COMPLETED.

2. Bed Capacity. Please complete the following table related to your inpatient beds. If you have no inpatient beds please so indicate.

Operating Beds[1]:	N/A
Set Up Beds[1]:	N/A
Expanded Bed Capacity[2]:	N/A

[1] Use the definitions in BUMEDINST 6320.69 and 6321.3.
[2] The number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours. Use of portable gas or electrical utilities is not considered in this definition.

The following questions are designed to determine the level of services provided at your facility during FY 1993, your current maximum capability (i.e. your maximum capacity given the same set of parameters that you are currently functioning within), and the requirements of the community you support.

3. Workload. Complete the following table for FY 1993:

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS	**72,796**	**20**	**135**	**5,661**	**78,612**
ADMISSIONS	**0**	**0**	**0**	**0**	**0**
LABORATORY TESTS (WEIGHTED)[1] *	**765,896**	**210**	**1,420**	**59,560**	**827,087**
RADIOLOGY PROCEDURES (WEIGHTED)[1] *	**24,076**	**7**	**45**	**1,872**	**26,000**
PHARMACY UNITS (WEIGHTED)[1] *	**48,486**	**13**	**90**	**3,771**	**52,360**
OTHER (SPECIFY)	**0**	**0**	**0**	**0**	**0**

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

*** Ancillary Workload not collected by PatCat; used PatCat % for visits.**

3a. Workload. Complete the following table for your maximum capacity. Assume the same facility, staff, equipment, and supplies you currently have. Do not change your scope of practice. **Show all calculations and assumptions in the space below.**

N/A. The Clinic is performing at maximum capacity based on existing resources.

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	TOTAL OF EACH ROW
OUTPATIENT VISITS				
ADMISSIONS				
LABORATORY TESTS (WEIGHTED)[1]				
RADIOLOGY PROCEDURES (WEIGHTED)[1]				
PHARMACY UNITS (WEIGHTED)[1]				
OTHER (SPECIFY)				

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

3b. Workload. Complete the following table for the current workload demand of your supported population. Assume you are to provide all the care in your facility for your catchment area. **Show all calculations and assumptions in the space below.**

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS *	**94,635**	**26**	**176**	**7,359**	**102,196**
ADMISSIONS *	**0**	**0**	**0**	**0**	**0**
LABORATORY TESTS (WEIGHTED)[1] *, **	**995,665**	**274**	**1,846**	**77,428**	**1,075,213**
RADIOLOGY PROCEDURES (WEIGHTED)[1] *,**	**31,299**	**9**	**58**	**2,434**	**33,800**
PHARMACY UNITS (WEIGHTED)[1] *,**	**63,032**	**17**	**117**	**4,902**	**68,068**
OTHER (SPECIFY)	**0**	**0**	**0**	**0**	**0**

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

* **Actual plus 30% (provided by CHAMPUS).**
** **Ancillary workload not collected by PatCat; used PatCat % for visits.**

4. Staffing. Please complete the following table related to your provider staffing (only include those providers whose primary responsibility is patient care). Please include military, civilian, and contract providers. Do not include partnerships.

PROVIDER TYPE	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
PRIMARY CARE[1]	4	4	4	4	4	4	4	4
SPECIALTY CARE[2]	4	4	4	4	4	4	4	4
PHYSICIAN EXTENDERS[3]	0	0	0	0	0	0	0	0
INDEPENDENT DUTY CORPSMEN	4	4	4	4	4	4	4	4
TOTAL	12	12	12	12	12	12	12	12

[1] This includes General Medical Officers, Flight Surgeons, Diving Medical Officers, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.
[2] This is all other physician providers not included in the primary care category.
[3] This includes Physician Assistants and Nurse Practitioners.

LOCATION

5. Community Providers. Complete the following table for the civilian providers within your 40 mile catchment area. The catchment area is defined as sets of zip codes emanating from the center of the ZIP code in which the MTF is located with a radius of 40 miles. If you are required to use another boundary please define the geographical region and the reason for its use.

(See Core Hospital N00259)

PROVIDER TYPE	CURRENT
PRIMARY CARE[1]	
SPECIALTY CARE[2]	
PHYSICIAN EXTENDER[3]	
TOTAL	

[1] This includes General Practioners, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.

[2] This is all other physician providers not included in the primary care category.

[3] This includes Physician Assistants and Nurse Practitioners.

6. Regional Population. Please provide the U. S. Census population for your 40 mile catchment area. If you are required to use another boundary please define the geographical region and the reason for its use. Also list the source of this information. This value should include your beneficiary population.

(See Core Hospital N00259)

Region Population: _____

7. Regional Community Hospitals. Please list in the table below all the community hospitals (as defined in the American Hospital Association publication Hospital Statistics) in your region (include military, civilian, and any federal facilities including Veterans Affairs):

(See Core Hospital N00259)

FACILITY NAME	OWNER	DISTANCE[1]	DRIVING TIME	RELATIONSHIP[2]

[1] Distance in driving miles from your facility
[2] List any partnerships, MOUs, contracts, etc with this facility

7a. Regional Community Hospitals. For each facility listed in the preceding table complete the following table:

(See Core Hospital N00259)

FACILITY	BEDS[1]	JCAHO APPROVED	OCCUPANCY[1]	UNIQUE FEATURES[2]

[1] Use definitions as noted in the American Hospital Association publication Hospital Statistics.

[2] Such as regional trauma center, burn center, Graduate Medical Education Center, etc.

c. Training Facilities:

(1) By facility Category Code Number (CCN), provide the usage requirements for each course of instruction required for all formal schools on your installation. A formal school is a programmed course of instruction for military and/or civilian personnel that has been formally approved by an authorized authority (ie: Service Schools Command, Weapons Training Battalion, Human Resources Office). Do not include requirements for maintaining unit readiness, GMT, sexual harassment, etc. Include all applicable 171-*xx*, 179-*xx* CCN's.

Type of Training Facility/CCN	School	Type of Training	FY 1993 Requirements			FY 2001 Requirements		
			A	B	C	A	B	C
N/A								

A = STUDENTS PER YEAR
B = NUMBER OF HOURS EACH STUDENT SPENDS IN THIS TRAINING FACILITY FOR THE TYPE OF TRAINING RECEIVED
C = A x B

(2) By Category Code Number (CCN), complete the following table for all training facilities aboard the installation. Include all 171-*xx* and 179-*xx* CCN's.

For example: in the category 171-10, a type of training facility is academic instruction classroom. If you have 10 classrooms with a capacity of 25 students per room, the design capacity would be 250. If these classrooms are available 8 hours a day for 300 days a year, the capacity in student hours per year would be 600,000.

Type Training Facility/CCN	Total Number	Design Capacity (PN)[1]	Capacity (Student HRS/YR)
N/A			

(3) Describe how the Student HRS/YR value in the preceding table was derived.

[1] Design Capacity (PN) is the total number of seats available for students in spaces used for academic instruction; applied instruction; and seats or positions for operational trainer spaces and training facilities other than buildings, i.e., ranges. Design Capacity (PN) must reflect current use of the facilities.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

ENVIRONMENTAL DATA CALL:
DATA CALL TO BE SUBMITTED TO
ALL NAVY/MARINE CORPS HOST ACTIVITIES

20 APRIL 1994

Enclosure (1)

BRAC 1995 ENVIRONMENTAL DATA CALL:
All Navy/Marine Corps Host Activities

INDEX

Section	Page
GENERAL INSTRUCTIONS	2
ENDANGERED/THREATENED SPECIES AND BIOLOGICAL HABITAT	3
WETLANDS	5
CULTURAL RESOURCES	5
ENVIRONMENTAL FACILITIES	6
AIR POLLUTION	11
ENVIRONMENTAL COMPLIANCE	14
INSTALLATION RESTORATION	15
LAND/AIR/WATER USE	17
WRAP-UP	20

ENVIRONMENTAL DATA CALL

Responses to the following questions provide data that will allow an assessment of the potential environmental impact associated with the closure or realignment of a Navy shore activity. This criterion consists of:

- Endangered/Threatened Species and Biological Habitat
- Wetlands
- Cultural Resources
- Environmental Facilities
- Air Pollution
- Environmental Compliance
- Installation Restoration
- Land/Air/Water Use

As part of the answers to these questions, a *source citation* (e.g., 1993 base loading, 1993 base-wide Endangered Species Survey, 1993 letter from USFWS, 1993 Base Master Plan, 1993 Permit Application, 1993 PA/SI, etc.) must be included. It is probable that, at some point in the future, you will be asked to provide additional information detailing specifics of individual characteristics. In anticipation of this request, supporting documentation (e.g., maps, reports, letters, etc.) regarding answers to these questions should be retained. Information needed to answer these questions is available from the cognizant EFD Planning and Real Estate Divisions, and Environment, Safety, and Health Divisions; and from the activity Public Works Department, and activity Health Monitoring and Safety Offices.

For purposes of the questions associated with land use at your base is *defined* as *land* (acreage owned, withdrawn, leased, and controlled through easements); *air* (space controlled through agreements with the FAA, e.g., MOAs); *and water* (navigation channels and waters along a base shoreline) *under the control of the Navy.*

Provide a list of the tenant activities with UICs that are covered in this response.

Activity Name	UIC
NAVAL SCHOOL OF HEALTH SCIENCES	**0621A**
NAVAL HEALTH SUPPORT OFFICE	**68906**
NAVY DRUG SCREENING LAB	**68853**
PERSONNEL SUPPORT DETACHMENT	**68853**
MARINE CORPS LIAISON	**34001**
FLEET DENTAL OFFICE CINCPACFLT	**48038**

1. ENDANGERED/THREATENED SPECIES AND BIOLOGICAL HABITAT

1a. For federal or state listed endangered, threatened, or category 1 plant and/or animal species on your base, complete the following table. Critical/sensitive habitats for these species are designated by the U. S. Fish and Wildlife Service (USFWS). A species is present on your base if some part of its life-cycle occurs on Navy controlled property (e.g., nesting, feeding, loafing). Important Habitat refers to that number of acres of habitat that is important to some life cycle stage of the threatened/endangered species that is not formally designated.

SPECIES (plant or animal)	Designation (Threatened/ Endangered)	Federal/ State	Critical / Designated Habitat (Acres)	Important Habitat (acres)
example: Haliaeetus leucocephalus - bald eagle	*threatened*	*Federal*	*25*	*0*
Survey to be conduced FY95				

Source Citation: **Natural Resources Management Plan**

1b.

Have your base operations or development plans been constrained due to: - USFWS or National Marine Fisheries Service (NMFS)? - State required modifications or constraints? If so, identify below the impact of the constraints including any restrictions on land use.	**NO**
Are there any requirements resulting from species not residing on base, but which migrate or are present nearby? If so, summarize the impact of such constraints.	**NO**

1c. If the area of the habitat and the associated species have not been identified on base maps provided in Data Call 1, submit this information on an updated version of Data Call 1 map.

1d.

Have any efforts been made to relocate any species and/or conduct any mitigation with regards to critical habitats or endangered/threatened species? Explain what has been done and why.	**NO**

1e.

Will any state or local laws and/or regulations applying to endangered/threatened species which have been enacted or promulgated but not yet effected, constrain base operations or development plans beyond those already identified? Explain.	**NO**

2. WETLANDS

Note: Jurisdictional wetlands are those areas that meet the wetland definitional criteria detailed in the Corps of Engineers (COE) Wetland Delineation Manual, 1987, Technical Report Y-87-1, U.S. Army Engineer Waterway Experiment Station, Vicksburg, MS or officially adapted state definitions.

2a.

Does your base possess federal jurisdictional wetlands?	**NO**
Has a wetlands survey in accordance with established standards been conducted for your base?	**N/A**
When was the survey conducted or when will it be conducted?____/____/____	**N/A**
What percent of the base has been surveyed?	**N/A**
What is the total acreage of jurisdictional wetlands present on your base?	**0**

Source Citation:_____

2b. If the area of the wetlands has not been identified on base maps provided in Data Call 1, submit this on an updated version of Data Call 1 map. **N/A**

2c. Has the EPA, COE or a state wetland regulatory agency required you to modify or constrain base operations or development plans in any way in order to accommodate a jurisdictional wetland? **NO** If YES, summarize the results of such modifications or constraints.

3. CULTURAL RESOURCES

3a.

Has a survey been conducted to determine historic sites, structures, districts or archaeological resources which are listed, or determined eligible for listing, on the National Register of Historic Places? If so, list the sites below.	**NO**

3b.

Has the President's Advisory Council on Historic Preservation or the cognizant State Historic Preservation Officer required you to mitigate or constrain base operations or development plans in any way in order to accommodate a National Register cultural resource? If YES, list the results of such modifications or constraints below.	**NO**

3c.

Are there any on base areas identified as sacred areas or burial sites by Native Americans or others? List below.	**NO**

4. ENVIRONMENTAL FACILITIES

Notes: If your facility is permitted for less than maximum capacity, state the maximum capacity and explain below the associated table why it is not permitted for maximum capacity. Under "Permit Status" state when the permit expires, and whether the facility is operating under a waiver. For permit violations, limit the list to the last 5 years.

4a.

Does your base have an operating landfill?					**NO**
ID/Location of Landfill	**Permitted Capacity (CYD)**		**Maximum Capacity (CYD)**	**Contents[1]**	**Permit Status**
	TOTAL	**Remaining**			

[1] Contents (e.g. building demolition, asbestos, sanitary debris, etc)

Are there any current or programmed projects to correct deficiencies or improve the facility.**4b.** If there are any non-Navy users of the landfill, describe the user and conditions/agreements.

N/A

4c.

Does your base have any disposal, recycling, or incineration facilities for solid waste?					NO
Facility/Type of Operation	**Permitted Capacity**	**Ave Daily Throughput**	**Maximum Capacity**	**Permit Status**	**Comments**

List any permit violations and projects to correct deficiencies or improve the facility.

N/A

4d.

Does your base own/operate a Domestic Wastewater Treatment Plant (WWTP) ?					NO
ID/Location of WWTP	**Permitted Capacity**	**Ave Daily Discharge Rate**	**Maximum Capacity**	**Permit Status**	**Level of Treatment/Year Built**

List permit violations and discuss any projects to correct deficiencies.

N/A

4e. If you do not have a domestic WWTP, describe the average discharge rate of your base to the local sanitary sewer authority, discharge limits set by the sanitary sewer authority (flow and pollutants) and whether the base is in compliance with their permit. Discuss recurring discharge violations.

> **4e.1 The average daily discharge from the Naval Medical Center's (NMC) sanitary sewer to the City of San Diego Sewage Treatment Plant is approximately 374,200 gallons. There is no flow limitation.**

4e.2 The daily maximum discharge for pollutants are as follows:

Acids and Alkalines		**pH range 5-11**
Oil and Grease	**500**	**mg/1**
Dissolved Sulfides	**1.0**	**mg/1**
Cyanide	**0.19**	**mg/1**
Antimony	**0.2**	**mg/1**
Arsenic	**0.2**	**mg/1**
Beryllium	**0.2**	**mg/1**
Cadmium	**0.12**	**mg/1**
Chromium	**0.7**	**mg/1**
Copper	**0.45**	**mg/1**
Lead	**0.06**	**mg/1**
Mercury	**0.2**	**mg/1**
Nickel		**0.41 mg/1**
Selenium	**0.2**	**mg/1**
Silver	**0.2**	**mg/1**
Thallium	**0.2**	**mg/1**
Zinc	**0.42**	**mg/1**
Pesticides & PCBs	**0.004**	**mg/1**
Phenolic Compounds		**2.5 mg/1**

4e.3 NMC is currently in compliance with it's Industrial Waste Discharge Permit.

4f.

Does your base operate an Industrial Waste Treatment Plant (IWTP)?					**NO**
ID/Location of IWTP	**Type of Treatment**	**Permitted Capacity**	**Ave Daily Discharge Rate**	**Maximum Capacity**	**Permit Status**

List any permit violations and projects to correct deficiencies or improve the facility.

N/A

4g. Are there other waste treatment flows not accounted for in the previous tables? Estimate capacity and describe the system.

4g.1 NMC maintains and operates twenty eight (28) conditionally authorized treatment units. These units are regulated under Permit by Rule (PBR) requirements by the State of California, Department of Toxic Substance Control, to treat waste water. The procedures covered under the permit include silver recovery, acid neutralization, oil/water separator, and formaldehyde treatment.

Twenty three (23) silver recovery units, located throughout NMC are used to extract silver from waste water generated by photographic and X-ray processing equipment. Approximately 2,300 gallons of waste water is processed through theses units per month.

Two (2) acid neutralization units are used to treat waste water generated by laboratories. These unit adjust pH up to the 5-11 range prior to disposal. Approximately 500 gallons of waste water are treated per month.

One (1) oil/water separator. This unit separates the oil fraction from waste water generated during vehicle washing or maintenance operations. Approximately 2000 gallons of waste water, per month, is processed through the separator.

Two (2) aldehyde-X management systems, These systems convert formaldehyde solutions into a nontoxic, water soluble polymer. Approximately 200 gallons of formaldehyde are treated, per month, prior to disposal into the sanitary sewer.

4h.

Does your base operate drinking Water Treatment Plants (WTP)?					NO
ID/Location of WTP	Operating (GPD)		Method of Treatment	Maximum Capacity	Permit Status
	Permitted Capacity	Daily Rate			

List permit violations and projects/actions to correct deficiencies or improve the facility.

N/A

4i. If you do not operate a WTP, what is the source of the base potable water supply. State terms and limits on capacity in the agreement/contract, if applicable.

4i.1 Water is supply to NMC by the City of San Diego via the Navy Public Works Center, San Diego, Utilities Department. Agreements and/or contracts are not applicable.

4j.

Does the presence of contaminants or lack of supply of water constrain base operations. Explain.	**NO**

4k.

Other than those described above does your base hold any NPDES or stormwater permits? If YES, describe permit conditions.	**YES**
If NO, why not and provide explanation of plan to achieve permitted status.	

4k.1 Perform an annual site inspection of the facility to identify possible areas contributing to a storm water discharge of pollutants. Conduct dry season observations to verify that non-storm water discharges have been eliminated. Conduct wet season observations to evaluate the effectiveness of the Storm Water Pollution Prevention Plan. Collect and analyze stormwater samples for pollutants which are likely to be present in storm water discharges.

4l.

Does your base have bilge water discharge problem?	**NO**
Do you have a bilge water treatment facility?	**NO**

Explain: **Not applicable to a medical facility.**

4m.

Will any state or local laws and/or regulations applying to Environmental Facilities, which have been enacted or promulgated but not yet effected, constrain base operations or development plans beyond those already identified? Explain.	**NO**

4n. What expansion capacity is possible with these Environmental Facilities? Will any expansions/upgrades as a result of BRACON or projects programmed through the Presidents budget through FY1997 result in additional capacity? Explain.

NO

4o. Do capacity limitations on any of the facilities discussed in question 4 pose a present or future limitation on base operations? Explain.

NO

5. AIR POLLUTION

5a.

What is the name of the Air Quality Control Areas (AQCAs) in which the base is located? **San Diego County Air Pollution Control District (APCD)**
Is the installation or any of its OLFs or non-contiguous base properties located in different AQCAs? **NO** . List site, location and name of AQCA.

5b. For each parcel in a separate AQCA fill in the following table. Identify with and "X" whether the status of each regulated pollutant is: attainment/nonattainment/maintenance. For those areas which are in non-attainment, state whether they are: Marginal, Moderate, Serious, Severe, or Extreme. State target attainment year.

Site: **Naval Medical Center, San Diego** AQCA: **SDCAPCD**

Pollutant	Attainment	Non-Attainment	Maintenance	Target Attainment Year[1]	Comments[2]
CO	X				
Ozone		X Severe		2005	
PM-10	X				
SO_2	X				
NO_2	X				
Pb	X				

[1] Based on national standard for Non-Attainment areas or SIP for Maintenance areas.
[2] Indicate if attainment is dependent upon BRACON, MILCON or Special Projects. Also indicate if the project is currently programmed within the Presidents FY1997 budget.

5c. For your base, identify the baseline level of emissions, established in accordance with the Clean Air Act. Baseline information is assumed to be 1990 data or other year as specified. Determine the total level of emissions (tons/yr) for CO, NOx, VOC, PM10 for the general sources listed. For all data provide a list of the sources and show your calculations. Use known emissions data, or emissions derived from use of state methodologies, or identify other sources used. "Other Mobile" sources include such items as ground support equipment.

	Emission Sources (Tons/Year)				
Pollutant	Permitted Stationary	Personal Automobiles	Aircraft Emissions	Other Mobile	Total
CO	**25.6**				**25.6**
NOx	**40.8**				**40.8**
VOC	**2.2**				**2.2**
PM10	**1.7**				**1.7**

5c.1 Three Boilers, Three Gas Turbines, Three Emergency Generators and Three Ethylene Oxide Sterilizers.

See attachment (1) for the list of sources with calculations.

Source Document: **SPCAPCD 1990 Emission Inventory**

5d. For your base, determine the total FY1993 level of emissions (tons/yr) for CO, NOx, VOC, PM10 for the general sources listed. For all data provide a list of the sources and show your calculations. Use known emissions data, or emissions derived from use of state methodologies, or identify other sources used. "Other Mobile" sources include such items as ground support equipment.

	Emissions Sources (Tons/Year)				
Pollutant	Permitted Stationary	Personal Automobiles	Aircraft Emissions	Other Mobile	Total
CO	**31.4**				**31.4**
NOx	**47.2**				**47.2**
VOC	**3.0**				**3.0**
PM10	**2.3**				**2.3**

5d.1 Three Boilers, Three Gas Turbines, Three Emergency Generators and Three Ethylene Oxide Sterilizers.

See attachment (2) for the list of sources with calculations.

Source Document: SDCAPCD 1993 Emission Inventory

5e. Provide estimated increases/decreases in air emissions (Tons/Year of CO, NOx, VOC, PM10) expected within the next six years (1995-2001). Either from previous BRAC realignments and/or previously planned downsizing shown in the Presidents FY1997 budget. Explain.

5e.1 The NMC is planning to install three (3) additional gas turbine. The estimated increased emissions for these units are as follows:

CO = 60.4, NO_X = 50.9, VOC = 3.6, and PM10 = 4.4

5f. Are there any critical air quality regions (i.e. non-attainment areas, national parks, etc.) within 100 miles of the base?

YES

5g. Have any base operations/mission/functions (i.e.: training, R&D, ship movement, aircraft movement, military operations, support functions, vehicle trips per day, etc.) been restricted or delayed due to air quality considerations. Explain the reason for the restriction and the "fix" implemented or planned to correct.

NO

5h. Does your base have Emission Reduction Credits (ERCs) or is it subject to any emission offset requirements? If yes, provide details of the sources affected and conditions of the ERCs and offsets. Is there any potential for getting ERCs?

NO

6. ENVIRONMENTAL COMPLIANCE

6a. Identify compliance costs, currently known or estimated that are required for permits or other actions required to bring existing practices into compliance with appropriate regulations. Do not include Installation Restoration costs that are covered in Section 7 or recurring costs included in question 6c. For the last two columns provide the two year totals for those FY's.

Program	Survey Com-pleted?	Costs in $K to correct deficiencies					
		FY94	FY95	FY96	FY97	FY98-99	FY00-01
Air		2	175	2.2	2.42	5.6	6.8
Hazardous Waste		3	3.3	3.6	4	9.3	11.2
Safe Drinking Water Act		0	0	0	0	0	0
PCBs		0	0	0	0	0	0
Other (non-PCB) Toxic Substance Control Act		0	0	0	0	0	0
Lead Based Paint		0	0	0	0	0	0
Radon		0	0	0	0	0	0
Clean Water Act		2	2	2	2	2	2
Solid Waste		0	30	0	0	0	0
Oil Pollution Act		0	0	0	0	0	0
USTs		0	50	0	0	0	0
Other (EPCRA)		50	0	0	0	0	0
Total		57	260.3	7.8	8.4	16.9	20

Provide a separate list of compliance projects in progress or required, with associated cost and estimated start/completion date.

(1) Title V permitting process 175K.

(2) EPCRA reporting (SARA Title III) 50K.

6b.

Does your base have structures containing asbestos? YES What % of your base has been surveyed for asbestos? 100% Are additional surveys planned? NO What is the estimated cost to remediate asbestos ($K) 1,158 . Are asbestos survey costs based on encapsulation, removal or a combination of both?

REMOVAL

6c. Provide detailed cost of recurring operational (environmental) compliance costs, with funding source.

Funding Source	FY92	FY93	FY94	FY95	FY96	FY97	FY98-99	FY00-01
O&MN	204	256	280	294	308	324	680	714
HA	0	0	0	0	0	0	0	0
PA	0	0	0	0	0	0	0	0
Other (specify)								
TOTAL	204	256	280	294	308	324	680	714

6d. Are there any compliance issues/requirements that have impacted operations and/or development plans at your base.

1990 Amendments to the Clean Air Act, Title V will have a major impact.

7. INSTALLATION RESTORATION

7a.

Does your base have any sites that are contaminated with hazardous substances or petroleum products?	NO
Is your base an NPL site or proposed NPL site?	NO

7b. Provide the following information about your Installation Restoration (IR) program. Project list may be provided in separate table format. Note: List only projects eligible for funding under the Defense Environmental Restoration Account (DERA). Do not include UST compliance projects properly listed in section VI.

Site # or name	Type site [1]	Groundwater Contaminated?	Extends off base?	Drinking Water Source?	Cost to Complete ($M)/Est. Compl. Date	Status[2]/Comments

[1] Type site: CERCLA, 'RCRA corrective action (CA), UST or other (explain)

[2] Status = PA, SI, RI, RD, RA, long term monitoring, etc.

7c. Have any contamination sites been identified for which there is no recognized/accepted remediation process available? List.

N/A

7d.

Is there a groundwater treatment system in place?	**NO**
Is there a groundwater treatment system planned?	**NO**

State scope and expected length of pump and treat operation.

N/A

7e.

Has a RCRA Facilities Assessment been performed for your base?	**NO**

7f. Does your base operate any conforming storage facilities for handling **hazardous materials**? If YES, describe facility, capacity, restrictions, and permit conditions.

NO

7g. Does your base operate any "Conforming Storage" facilities for handling **hazardous waste**? If YES, describe facility, capacity, restrictions, and permit conditions.

NO

7h. Is your base responsible for any non-appropriated fund facilities (exchange, gas station) that require cleanup? If so, describe facility/location and cleanup required/status.

N/A

7i.

Do the results of any radiological surveys conducted indicate limitations on future land use? Explain below.	**N/A**

7j. Have any base operations or development plans been restricted due to Installation Restoration considerations? **N/A.**

7k. List any other hazardous waste treatment or disposal facilities not included in question 7b. above. Include capacity, restrictions and permit conditions. **N/A.**

8. LAND / AIR / WATER USE

8a. List the acreage of each real estate component controlled or managed by your base (e.g., Main Base - 1,200 acres, Outlying Field - 200 acres, Remote Range - 1,000 acres, remote antenna site - 5 acres, Off-Base Housing Area - 25 acres).

Parcel Descriptor	Acres	Location
Naval Medical Center	**78**	**San Diego**
Lease Parking Lot	**10**	**San Diego**

8b. Provide the acreage of the land use categories listed in the table below:

LAND USE CATEGORY		ACRES
Total Developed: (administration, operational, housing, recreational, training, etc.)		**78**
Total Undeveloped (areas that are left in their natural state but are under specific environmental development constraints, i.e.: wetlands, endangered species, etc.)		**Wetlands: N/A**
		All Others: N/A
Total Undeveloped land considered to be without development constraints, but which may have operational/man caused constraints (i.e.: HERO, HERF, HERP, ESQD, AICUZ, etc.) TOTAL		**N/A**
Total Undeveloped land considered to be without development constraints		**0**
Total Off-base lands held for easements/lease for specific purposes		**10**
Breakout of undeveloped, restricted areas. Some restricted areas may overlap:	ESQD	
	HERF	
	HERP	
	HERO	
	AICUZ	
	Airfield Safety Criteria	

	Other	

8c. How many acres on your base (includes off base sites) are dedicated for training purposes (e.g., vehicular, earth moving, mobilization)? This does not include buildings or interior small arms ranges used for training purposes. NONE

8d. What is the date of your last AICUZ update? _____/_____/_____ Are any waivers of airfield safety criteria in effect on your base? Y/N Summarize the conditions of the waivers below.

8e. List the off-base land use *types* (e.g, residential, industrial, agricultural) and *acreage* within Noise Zones 2 & 3 generated by your flight operations and whether it is compatible/incompatible with AICUZ guidelines on land use.

Acreage/Location/ID	Zones 2 or 3	Land Use	Compatible/ Incompatible
N/A			

8f. List the navigational channels and berthing areas controlled by your base which require maintenance dredging? Include the frequency, volume, current project depth, and costs of the maintenance requirement.

Navigational Channels/ Berthing Areas	Location / Description	Maintenance Dredging Requirement			
		Frequency	Volume (MCY)	Current Project Depth (FT)	Cost ($M)
N/A					

8g. Summarize planned projects through FY 1997 requiring **new channel or berthing area** dredged depths, include location, volume and depth.

N/A

8h.

Are there available **designated dredge disposal areas** for maintenance dredging material? List location, remaining capacity, and future limitations.	**N/A**
Are there available **designated dredge disposal areas** for new dredge material? List location, remaining capacity, and future limitations.	**N/A**
Are the dredged materials considered contaminated? List known contaminants.	**N/A**

8.i. List any requirements or constraints resulting from consistency with **State Coastal Zone Management Plans**.

N/A

8j. Describe any **non-point source pollution problems affecting water quality** ,e.g.: coastal erosion.

N/A

8k.

If the base has a cooperative agreement with the US Fish and Wildlife Service and/or the State Fish and Game Department for conducting a hunting and fishing program, does the agreement or these resources constrain either current or future operations or activities? Explain the nature and extent of restrictions.	**NO**

8l. List any other areas on your base which are indicated as protected or preserved habitat other than threatened/endangered species that have been listed in Section 1. List the species, whether or not treated, and the acres protected/preserved.

N/A

9. WRAPUP

9a. Are there **existing or potential environmental showstoppers** that have affected or will affect the accomplishment of the installation mission that have not been covered in the previous 8 questions?

NO

9b. Are there any <u>other</u> **environmental permits** required for base operations, include any relating to industrial operations.

1990 Amendments to the Clean Air Act, Title V, Operating Permit requirements.

9c. Describe any **other environmental or encroachment restrictions** on base property not covered in the previous 8 sections.

NONE.

9d. List **any future/proposed laws/regulations or any proposed laws/regulations** which will constrain base operations or development plans in any way. Explain.

> **9d.1 The 1990 amendments to the Clean Air Act, Title V restricts or limit air emissions once an approved operating permit has been established. Therefore, new sources cannot be installed without a modification to the permit.**

EMISSION DATA BASE STATISTICS

NOX	CO	UHC	SMOKE	
8	8	8	6	DEVELOPMENT ENGINE TESTS
57	54	53	33	NUMBER OF DATA POINTS
10.89	124.49	124.84	60.78	PERCENT ERROR MARGIN

THE ABOVE LISTED EMISSION ESTIMATES ARE BASED ON THE RECORDED NUMBER OF DATA POINTS TAKEN OVER THE STATED NUMBER OF DEVELOPMENT ENGINE TESTS.
68 PERCENT OF THE MEASURED DATA ARE WITHIN PLUS/MINUS THE LISTED ERROR MARGINS OF THE ESTIMATED EMISSIONS.
THE LIMITED NUMBER OF TESTS ARE NOT SUFFICIENT TO ACCURATELY DETERMINE THE EXTENT OF THE VARIATIONS.

*)
SO2 EMISSION DEPENDS ON SULFUR CONTENT IN FUEL.
THE CURRENT ESTIMATE IS BASED ON THE ASSUMPTION OF 100% CONVERSION OF FUEL SULFUR TO SO2.
SULFUR CONTENT = 1.9 PPMW

NOx and VOC Calculations for Engines

Type of Operation: Turbines: Cogeneration
Fuel: Natural Gas (NG)

For VOC:

(Annual Fuel Usage) (MMCF / yr.)		X	(Emission Factor) (lbs. of pollutant / MMCF)	÷	2,000 (lbs. / ton)	=		Reference
PO# 40800	100	X	4.73	÷	2,000	=	0.2	note 1
PO# 40801	97	X	4.73	÷	2,000	=	0.2	note 1
PO# 40802	96	X	4.73	÷	2,000	=	[illegible]	note 1

REFERENCES:

note 1. The VOC emission factor is based on an engineering review of the manufacturer's specifications, and other documentation. This review was completed by APCD Engineering, Mechanical Section

VOC Reactive organic gases (non-methane hydrocarbons)

For NOx:

(Annual Fuel Usage) (MMCF / year)		X	(Emission Factor) (lbs. of pollutant / MMCF)	÷	2,000 (lbs. / ton)	=		Reference
PO# 40800	100	X	254.06	÷	2,000	=	12.7	note 2
PO# 40801	97	X	254.06	÷	2,000	=	12.3	note 2
PO# 40802	96	X	254.06	÷	2,000	=	12.2	note 2

REFERENCES:

note 2. The NOx emission factor is based on an engineering review of the Solar Turbines Inc. test data (4/7/93)

VOC Emissions Calculations for Sterilizers

Materials Used: Ethylene Oxide

(Annual Material Usage) (gallons / yr.)		X	(Density) (lbs / gallon)	÷	2,000 (lbs. / ton)	=		Reference
Ethylene Oxide	141	X	6.56	÷	2,000	=	[redacted]	note 1 and 2

REFERENCES:

note 1. It is assumed that uncontrolled emissions are equal to the tons used.
Both ethylene oxide and formaldehyde are considered to be100% VOC.
Annual Material Usage (gallons/year) = lbs. used (lbs./year) ÷ density (lbs./gallon)

note 2. Annual Emissions (tons/year) = (tons used) X (1.00 - control efficiency)
Type of Control Equipment at this facility: NONE

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

MISSION REQUIREMENTS

1. Mission Statement. State the mission of your medical facility in sufficient detail so that it can be distinguished from other medical facilities.

Naval Medical Center, San Diego provides a comprehensive range of emergency, outpatient, and inpatient health care services to activity duty Navy and Marine Corps personnel and active duty members of other Federal Uniformed Services; ensures that all assigned military personnel are both aware of and properly trained for the performance of their assigned contingency and wartime duties; ensures that the command is maintained in a proper state of material and personnel readiness to fulfill wartime and contingency mission plans; provides as directed, health care services in support of the operation of the Navy and Marine Corps shore activities and units of the Operating Forces; provides, subject to the availability of space and resources, the maximum range and amount of comprehensive health care services possible for other authorized persons as prescribed by Title 10, U.s. Code, and other applicable directives; conducts appropriate education programs for assigned military personnel to ensure that both military and health care standards of conduct and performance are achieved and maintained; conducts graduate and postgraduate education programs for medical students and Medical Department officers; participates as an integral element of the Navy and Tri-Service Regional Health Care System; cooperates with military and civilian authorities in matters pertaining to public health, local disasters, and other emergencies; maintains requisite quality health care standards so as to ensure successful accreditation and recognition by appropriate government and civilian agencies and commissions, to include the Joint Commission for Accreditation of Healthcare Organizations (JCAHO).

2. Customer Base. In the table below, identify your active duty customers. Include both Naval and non-Naval active duty components. Begin with the largest activity and work down to the smallest. Include the customer Unit Identification Code (UIC).

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	7,137	201,440	4.37	84.69
ACTIVE DUTY NON N/MC	399	11,266	4.94	4.74
TOTAL ACTIVE DUTY	7,536	212,706		89.43
FAMILY OF AD	13,246	504,934	2.89	107.07
RETIRED AND FAMILY MEMBERS UNDER 65 *	7,580	295,468	4.94	106.05
RETIRED AND FAMILY MEMBERS OVER 65	-	-	-	-
OTHER	238	4,934	3.98	2.26
TOTAL	28,600	1,018,042		304.81

What is your occupancy rate for FY 1994 to date? 78%

*DATA NOT AVAILABLE BY AGE; ALL AGES INCLUDED.

4. Projected Workload. Complete the following tables for your projected workload. Please show and develop any assumptions and calculations used to complete the table. Be sure to note any impact prior closure and realignment decisions have had on your facility. Please be sure to include any impact your participation in the managed care initiative (TRICARE), previous BRAC actions, and force structure reductions will have on your workload.

	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
OUTPAT VISITS	1,036,367	1,055,021	1,074,012	1,093,344	1,113,024	1,133,059	1,153,454
ADMISS	29,115	29,639	30,172	30,715	31,268	31,831	32,404

Please show all assumptions and calculations in the space below:

- **TOTAL PROJECTED POPULATION INCREASE OF 9% BETWEN FY94 AND FY99, FOR 1.8% INCREASE ANNUALLY.**

5. Medical Support. Indicate in the table below all the medical support you provide that is not direct patient care, and identify the time spent providing such support (i.e. food service inspections, medical standby for physical fitness tests, flight operations, field training, rifle range, MWR support for sporting events, etc.).

NON-PATIENT CARE SUPPORT	TIME SPENT/ QTR	STAFF NEEDED/ EVENT
SEE NOTE BELOW		

NOTE: All miscellaneous (other) medical support provided (not direct patient care) is performed by Branch Medical Clinic(s) personnel and, as such, was reported in Data Call #~~41~~ 27 for each respective Branch Medical Clinic.

BUMED-823
7 Jun 94

6. Graduate Medical Education. In the table provided, identify all the training programs (to include transitional internships and fellowships) at your facility and the numbers graduated per year. Also identify major non-physician training programs (such as OR nurse, nurse anesthetist, etc.). Be sure to take into account any planned program changes, and prior base closure and realignment decisions.

PROGRAM	NUMBER TRAINED BY FISCAL YEAR							
RESIDENCIES:	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001

6a. Graduate Medical Education. Complete the following table for each Graduate Medical Education program that requires accreditation by the Accreditation Council for Graduate Medical Education (ACGME):

BASED ON PAST 3 YEARS BOARDS' PERFORMANCE

PROGRAM	STATUS[1]	CERT.[2]	COMMENTS[3]
Anesthesiology	F	100%	
Dermatology	F	100%	
Emerg Medicine	F	100%	
Internal Med	F	95%	
OB/GYN	F	100%	
Ophthalmology	F	100%	
Orthopedics	F	100%	
Otolaryngology	F	100%	
Pathology	F	100%	
Pediatrics	F	100%	
Psychiatry	F	77%	Of 11 graduates, 8.5 passed written and oral exams, 1 failed, 1 was ineligible as a D.O., and 1 chose not to take the boards.
Diag Radiology	F	100%	
Gen Surgery	F	92%	
Urology	F	100%	
Oral Surgery	F	100%	
Cardiology	F	100%	
Critical Care	F	100%	
Gastroenterology	F	100%	
Hema/Oncology	F	100%	
Infect Disease	F	100%	
Nephrology	F	100%	COMBINED PROGRAM WITH UNIVERSITY OF CALIFORNIA, SAN DIEGO.
Pulmonary Dis	F	100%	

[1] Use F for fully accredited, P for probation, and N for not accredited.
[2] List the percentage of program graduates that achieve board certification.
[3] Complete this section for all programs that you entered a P or N i the Status column. Indicate why the program is not fully accredited and when it is likely to become fully accredited.

FACILITIES

7. Facilities Description. Complete the following table for all buildings for which you maintain an inventory record. Use only one row for each building. Provide the 5 digit category code number (CC where possible. Do not include any buildings that would receive the own data calls (such as a Branch Medical Clinic):

FACILITY TYPE (CCN)	BUILDING NAME/USE[1]	SQUARE FEET	AGE (IN YEARS)	CONDITION CODE[2]
55010	MAIN HOSPITAL COMPLEX	868,595	7	ADEQUATE
55010	SOUTH CLINIC	150,000	7	ADEQUATE
55010	NORTH CLINIC	150,000	7	ADEQUATE
73083	CHAPEL	13,917	6	ADEQUATE
73025	GATE/SENTRY HOUSE	38	7	ADEQUATE
44135	GENERAL STORAGE SHED	2,360	1	ADEQUATE
72111	EM BARRACKS	44,461	25	ADEQUATE
74020	FISHER HOUSE	5,120	2	ADEQUATE
73080	EMPLOYEE PARKING	352,500	9	ADEQUATE
61010	REGIONAL CMD HDQTRS	29,428	46	ADEQUATE
72114	CLASS A STUDENT BARRACKS	375,262	38	B41, B26 F50 SUBS
81159	STAND-BY GEN PLANT	840	38	ADEQUATE
74043	GYMNASIUM	17,669	1	ADEQUATE
17120	NSHS	96,800	7	ADEQUATE
73080	PARKING STRUCTURE	216,000	2	ADEQUATE

74076	LIBRARY EDUCATIONAL CENTER	37,719	6	ADEQUATE
73081	LIGHT CARE REHAB	118,949	6	ADEQUATE
53040	VIVARIUM	18,792	4	ADEQUATE
73010	FIRE STATION	3,922	7	ADEQUATE

[1] Use refers to patient care, administration, laboratory, warehouse, power plant, etc.

[2] This should be based on NAVFACINST 11011.44E Shore Facilities Planning Manual and the condition recorded should be recorded as Adequate, Substandard, or Inadequate. Chapter 5 of NAVFACINST 11011.44E provides guidance on this scoring system.

7a. In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information:

1. Facility Type/Code:
2. What makes it inadequate?
3. What use is being made of the facility?
4. What is the cost to upgrade the facility to substandard?
5. What other use could be made of the facility and at what cost?
6. Current improvement plans and programmed funding:
7. Has this facility condition resulted in "C3" or "C4" designation on your BASEREP?

7b. Capital Improvement Expenditures. List the project number, description, funding year, and value of the **capital improvements at your facility completed (beneficial occupancy) during 1988 to 1994.** Indicate if the capital improvement is a result of BRAC realignments or closures.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
P-606	CONSTRUCT PARKING STRUCTURE	1990	$5,841K
P-600H	CONSTRUCT RECREATIONAL FACILITY	1989	$3,323K
P-600G	CONVERSION OF B-26	1989	APPROX $9M

7c. Planned Capital Improvements. List the project number, funding year, and value of the **non-BRAC related capital improvements planned** for years 1995 through 1997.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
P-102	CHILD DEVELOPMENT CENTER	1994	$2,500K
P-600H	DEMOLITION OF BUILDING 24	1994	$556K

7d. Planned Capital Improvements. List the project number, description, funding year, and value of the **BRAC related capital improvements planned** for 1995 through 1999.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
P-175T	CONSTRUCT MEDICAL/DENTAL CLINIC MIRAMAR	1996	$44,020K
P-202T	CONSTRUCT PARKING STRUCTURE	1996	$11,060K
P-201T	CONSTRUCT BEQ	1996	$9,300K
P-204T	EXPAND MEDICAL CLINIC NORTH ISLAND	1996	$5,100K
P-205T	EXPAND MEDICAL CLINIC NAVAL STATION	1996	$8,440K
P-382T	CONSTRUCT MEDICAL/DENTAL CLINIC, SUBMARINE BASE	1996	$6,140K

7e. Please complete the following Facility Condition Assessment Document (FCAD) DD Form 2407: Instructions follow the form.

DOD MEDICAL/DENTAL FACILITIES CONDITION ASSESSMENT DOCUMENT (FCAD)			DD-H(A)1707	DMIS ID NO
1. FACILITY NAME NAVAL MEDICAL CENTER				
2. UIC 60259	3. CATEGORY CODE 51010	4. NO. OF BUILDINGS 20		
5. SIZE	A. GSF 2,208,541	B. NORMAL BEDS		C.DTRS 22
6. LOCATION	A. CITY		B.STATE	

7. FACILITY ASSESSMENT

FORM INSTRUCTIONS

1. This form is not intended to be used as detailed engineering evaluation of the condition of the facilities. It is primarily designed to assist in assessing the adequacy and condition of Medical/Dental Facilities. Complete only one form for a of your facilities.

2. The Functions/Systems should be evaluated on a consolidated basis for the enti facility.

3. Not more than 4 deficiencies should be identified in the Deficiency Codes colu for each item listed under the Function/System column.

4. Fill in N/A (not applicable) where certain Function/System is not present in t facility. For example, Inpatient Nursing Units and Labor-Delivery-Nursery are not applicable to Clinics.

5. Numbers under % Adequate, % Substandard, % Inadequate must total 100 for each function/System.

6. After completion, the form must be signed by the Commander/Commanding Officer/Officer-in-Charge of the facility.

7. Use DoD Standard Data Element Codes for State when entering codes in item 6.

DEFINITIONS

CATEGORY CODE - Facility Category Code is a numeric code used to identify a particular use of Military Department's real property for Hospital and other Medic Facilities usage (i.e., building, structure or utility). The first three digits o the code are a DoD standard (DoDI 4165.3); the fourth, fifth and sixth (if applicable) digits are added to provide more definitive categorization of the Military Department's facilities.

CONSTRUCTION TYPE - Type is either Permanent, Semi-permanent, or Temporary construction at the time building was built.

% ADEQUATE - Percent Adequate is the capacity of a facility or portion thereof, in percentage form, that is in adequate condition and associated with a designated function (USE). Adequate is defined as being capable of supporting the designated function without a need for capital improvements.

% SUBSTANDARD - Percent Substandard is the capacity of a facility or portion thereof, in percentage form, that is in substandard condition and associated with a designated function (USE). Substandard is defined as having deficiencies which prohibit of severely restrict, or will prohibit or severely restrict within the ne five years due to expected deterioration , the use of a facility for its designate function. Substandard is further defined as having deficiencies which can be economically corrected by capital improvements and/or repairs.

% INADEQUATE - Percent Inadequate is the capacity of a facility of portion thereo in percentage form, that is in inadequate condition and associated with a designat function (USE). Inadequate is defined as having deficiencies due to physical deterioration, functional inadequacy or hazardous location or situation which prohibit or severely restrict, or will prohibit or severely restrict within the ne five years, the use of a facility for its designated function. Inadequate is further defined as having deficiencies which cannot be economically corrected to meet the requirements of the designated function.

DEFICIENCY CODE - Code is a three character code indicating the type of deficiency existing in a facility or portion thereof that is in a substandard or inadequate condition and associated with a designated function (USE). The first character of the code indicates one of the six types of deficiencies. The next two characters specify the facility component(s) or related items which are deficient.

(1) Deficient Status of Condition Types - first character
- A - Physical Condition
- B - Functional or Space Criteria
- C - Design Criteria
- D - Location or Siting Criteria
- E - Nonexistence
- F - Total Obsolescence or Deterioration

(2) Facility Components or Related Items - last two characters
- 01 - Heating, Ventilating and Air Conditioning (HVAC)
- 02 - Plumbing Fixtures
- 03 - Fire Protection/Life Safety Code
- 04 - Medical Gases
- 05 - Lighting Fixtures
- 06 - Power Capacity
- 07 - Emergency Generators
- 08 - Communications
- 09 - Building or Structure (total)
- 10 - Seismic Design
- 11 - Roof/Ceiling
- 12 - Building Interior/Configuration
- 13 - Sound Proofing/Excessive Noise
- 14 - Compliance of Installation with Master Plan
- 15 - OSHA Deficiency
- 16 - JCAH Deficiency
- 17 - Functionality
- 18 - Site Location
- 19 - Mission of the Base
- 20 - None

7f. Please provide the date of your most recent Joint Commission on Accreditation of Healthcare Organizations (JCAHO) survey and indicat the status of your certification. Also record your Life Safety Management score from that survey.

DATE OF SURVEY: **7-27-92**
FULL ACCREDITATION: **YES**
LIFE SAFETY MANAGEMENT SCORE: **2** (Record as 1,2,3,4,or 5)

LOCATION:

8. Geographic Location. How does your geographic location affect your mission? Specifically, address the following:

a. What is the importance of your location relative to the clients supported?

Naval Medical Center is centrally located between <u>all</u> Navy activities supported and easily accessible via modern roadway systems.

b. What are the nearest air, rail, sea and ground transportati nodes?

A major North-South Interstate Highway (I-5 is adjacent to the base and a major East-West Interstate Highway (I-94) is les than 1 mile away and accessed by surface roads and an I-5 interchange. Helo flight approaches to the hospital are the be in the city. Both military and civilian sea port services are within 3 miles of the hospital. Both military and civilian airports are within 15 minutes.

c. Please provide the distance in miles that your facility is located from any military or civilian airfield that can accommodate a C-9 aircraft.

Distance (in miles): 3

d. What is the importance of your location given your mobilization requirements?

San Diego is immediately accessible to both military and civilian air terminals with flights to the entire Pacific theat and South/Central America. Additionally, Naval Medical Center is within 30 minutes of USMC Base Camp Pendleton, which is a major recipient of NavMed's mob medical forces.

e. On the average, how long does it take your current clients/customers to reach your facility?

15 to 30 minutes.

9. Manpower and recruiting issues. Are there unique aspects of you facility's location that help or hinder in the hiring of qualified civilian personnel?

The central location of NavMed within San Diego "helps" in the hiring of personnel from all surrounding communities.

FEATURES AND CAPABILITIES

10. Capabilities. What would be the impact on the Navy and Marine Corps if the capabilities of your facility were to be lost? Answer this question in terms of the unique capabilities of your staff, equipment and facility.

Extremely negative impact on USN/USMC personnel and all other beneficiaries. Closure of only Navy tertiary Medical Center west of Mississippi, wold drastically increase Government Direct Care costs for Alternative Health Care; eliminate main receiving hospital for western Hemisphere patient Medivacs; send CHAMPUS costs through the roof; reduce local economy by 20%; send unemployment rates sharply upword, and compromise the Navy and Marine Corps ability to meet mission requirements. As the only major Navy specialized treatment center in the western U.S., and one only three remaining major Navy teaching hospitals, (NH Oakland, BRAC 95), closure would reduce the Navy's medical teaching facilities by 33%. San Diego is the operational center for the largest Naval establishment in the countr The defense project its Global presence. Medical capability is essential to the success of navy's mission. Loss of NMCSD would eliminate the largest training program in the Navy which would directly impact on the present and future ability of the Navy's ability to remain the number one Navy in the world. NMCSD is a new facility (1987) constructed with state-of-the-art, high-tech medical equipment and virtually every sub-specialty service. Loss of the fines MTF in the Navy would be catastrophic to our Government, Beneficiaries, Civilian employees, and the local San Diego economy.

10a. If your facility were to close without any change in beneficia population would the remaining local health care infrastructure be able to absorb the additional workload? Please provide supporting information to your answer.

No. See 10 and 10c.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health car system be able to care for the residual eligible population? Please provide supporting information to your answer.

If <u>ALL</u> active duty personnel and their families left he San Die area, the remaining retired population could be easily absorbed into the private sector medical community. There are an estimated 50,000 Retirees/Dependents residing in San Diego County. Although, the CHAMPUS costs for treating their population would sharply rise, as most retirees and their families attempt to receive care through the Direct Care system to avoid CHAMPUS co-pays and deductibles, the overall CHAMPUS costs should decline due to the absence of Activity Duty dependents whose numbers are three times the number of retired population and historically had a higher CHAMPUS use.

10c. If your inpatient care capability were to close, would the loc community be able to absorb your current inpatient workload? Please develop all of your conclusions with supporting data and show it in the space below:

NMCSD had 48,000 inpatient admissions with an 81% occupancy ra during FY93. The total number of hospital beds overall in the priva sector in San Diego County is 5,842. During 1990, the twenty-one civilian hospitals located in San Diego county had 199,436 admission with 63% average occupancy rate. Therefore, the community appears able to absorb inpatient care for DOD beneficiaries in the San Diego area. If DOD beneficiaries were required to receive inpatient care at civilian facilities, the active duty population could possibly be negatively impacted in of meeting mission requirements LOS, Limited Duty, P.E. boards, etc. All of these factors are foreign to the private sector and would require extensive training of provider and a willingness on their part to accommodate the military. New contractual arrangements with civilian hospitals for specific milita requirements would become quite expensive and probably unworkable. Quality of care, in some specialties, could become a concern for DOD beneficiaries.

11. Mobilization. What are your facility's mobilization requirements?

a. If any of your staff is assigned to support a Hospital Ship Fleet Hospital, Marine Corps unit, ship, or other operational unit during mobilization complete the following table:

UNIT NAME	UNIT NUMBER (IF APPLICABLE)	NUMBER OF STAFF ASSIGNED
NEPMU-6, PEARL HARBOR, HI		6
USS GUAM	LPH-9	3
USS TRIPOLI	LPH-10	3
USS NEW ORLEANS	LPH-11	3
USS TARAWA	LHA-1	4
USS BELLEAU WOOD	LHA-3	1
USS ESSEX	LSD-2	3
3D MAW, CAMP PENDLETON		5
DET 3D MAW, YUMA, AZ		5
USNS MERCY	TAH-19	180
1ST MARINE AIR WING		1
3D MARINE AIR WING		4
NAVDENCEN PEARL HARBOR		1
HQ FMFPAC, CAMP SMITH, HI		1
3D MARINE DIVISION		1
3D FORCE SERVICE SUPPORT GROUP		19
1ST FORCE SERVICE SUPPORT GROUP		42
1ST MARINE DIVISION		1
NAVAL HOSPITAL GUAM		81
NAVMEDCLINIC PEARL HARBOR		35
NAVAL HOSPITAL YOKOSUKA		136
NAVAL HOSPITAL OKINAWA		106
NAVDENCEN YOKOSUKA		1

UNIT NAME	UNIT NUMBER (IF APPLICABLE)	NUMBER OF STAFF ASSIGNED
NAVDENCEN OKINAWA		1
FLTHOSP #1		325
FLTHOSP #2		72
FLTHOSP #6		246
8TH MEB (COMMAND ELEMENT)		1
1ST FSSG (ADV ELEMENT)		7
3D MARDIV (ADV ELEMENT)		1
3RD FSSG (ADV ELEMENT)		8

NOTE: DUPLICATE THIS TABLE AS NECESSARY TO RECORD ALL UNITS.

b. What additional workload could you perform if you did not have this requirement and its associated training? Please show all assumptions and calculations used in arriving at your conclusions.

c. Please provide the total number of your expanded beds[1] that are currently fully "stubbed" (i.e. the number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced o 6 foot centers and include embedded electrical and gas utility suppo for each bed. Beds must be set up and ready within 72 hours). Use of portable gas or electrical utilities is not considered in this definition.

Number of "stubbed" expanded beds[1]: **564**

[1] Use the bed definitions as they appear in BUMEDINST 6320.69 and 6321.3.

12. Non-availability Statements. Please complete the following tab for Non-availability statements (NAS):

NAS TYPE	FISCAL YEAR		
	1992	1993	1994*
INPATIENT	5,124	3,535	1,908
OUTPATIENT	2,234	1,578	514

*** THRU MARCH 1994**

13. Supplemental Care. Please complete the following table for supplemental care:

CATEGORY OF PATIENT	SUPPLEMENTAL CARE[2]					
	FY 1992		FY 1993		FY 1994*	
	NO.[1]	COST[2]	NO.	COST	NO.	COST
AD	2,691	$3,196	821	$2,049	846	$734
AD FAMILY	276	$1,020	308	$ 772	59	$ 73
OTHER	261	$ 220	117	$ 199	29	$ 75
TOTAL	3,228	$4,436	2,246	$3,021	934	$882

[1] The total number of consults, procedures and admissions covered with supplemental care dollars.

[2] The total cost in thousands of dollars.

***THRU 9 MAY 1994**

14. Costs. Complete the following table regarding your outpatient costs. Use the same definitions and assumptions that you use for reporting to Medical Expense and Performance Reporting System (MEPRS).

CATEGORY	FY 1992	FY 1993	FY 1994*
TOTAL COSTS	$77,423,328	$96,933,281	$121,359,559
TOTAL VISITS	1,054,298	715,793	1,018,044
TOTAL INPATIENT VISITS	401,396	47,906	51,480
TOTAL OUTPATIENT VISITS	652,902	667,887	966,564
AVERAGE COST PER VISIT	$73.44	$135.42	$119.21

14a. Costs. Complete the following tables regarding your inpatients costs. Use the same definitions and assumptions that you use for reporting Medical Expense and Performance Reporting System (MEPRS). Table A, B, C, and D are used to arrive at a cost per Relative Weighted Product (RWP). Table E develops costs for inflation and add-ons to produce the final FY 1994 cost per RWP. FY 1994 should be completed through the First Quarter FY 1994. Costs should be total costs for the category unless otherwise indicated.

Table A:

CATEGORY	FY 1992	FY 1993	FY 1994*
A. TOTAL MEPRS-A EXPENSE (ALL ACCOUNTS)	$119,427,651	$137,954,821	$23,570,817

Table B:

CATEGORY	FY 1992	FY 1993	FY 1994*
B. GRADUATE MEDICAL EDUCATION SUPPORT (EBE)	$432,574	$760,166	$118,152
C. EDUCATION AND TRAINING PROGRAM SUPPORT (EBF)	$2,530,464	$3,326,304	$627,734
D. TOTAL EXPENSES IN EBE AND EBF (B+C)	$2,963,038	$4,086,470	$745,886
E. TOTAL E EXPENSES (ALL ACCOUNTS)	$60,513,549	$85,101,749	$15,117,289
F. % SELECTED E EXPENSES (D÷E)[1]	4.896487%	4.801864%	4.933993%

[1] Record as a decimal to 6 digits.

Table C:

CATEGORY	FY 1992	FY 1993	FY 1994*

*FY 1994 data is first QTR total. Data not available was left blank.

(e) What do you consider to be the top five factors driving the demand for base housing? Does it vary by grade category? If so provide details.

N/A

	Top Five Factors Driving the Demand for Base Housing
1	
2	
3	
4	
5	

(f) What percent of your family housing units have all the amenities required by "The Facility Planning & Design Guide" (Military Handbook 1190 & Military Handbook 1035-Family Housing)?

N/A

(g) Provide the utilization rate for family housing for FY 1993.

Type of Quarters	Utilization Rate
Adequate	**N/A**
Substandard	
Inadequate	

(h) As of 31 March 1994, have you experienced much of a change since F 1993? If so, why? If occupancy is under 98% (or vacancy over 2%), is there a reason? **N/A**

(2) BEQ:

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	------
Substandard	95%
Inadequate	------

(b) As of 31 March 1994, have you experienced much of a change since FY 1993 If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

We have not experienced much of a change since FY 1993.

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows

21,535

AOB = (# Geographic Bachelors x average number of days in barracks)
59 X 365

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	30	51%	
Spouse Employment (non-military)	1	1%	
Other "C" SCHOOLERS	28	48%	
TOTAL	59	100	

(e) How many geographic bachelors do not live on base?

Unknown. We do not keep track of this.

(3) BOQ:

WE DO NOT HOUSE OFFICERS. THIS COMMAND DOES NOT HAVE A BOQ.

(a) Provide the utilization rate for BOQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	N/A
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993 If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows

$$\text{AOB} = \frac{\text{(\# Geographic Bachelors x average number of days in barracks)}}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	N/A		
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

N/A

b. For on-base MWR facilities[2] available, complete the following table for each separate location. For off-base government owned or leased recreation facilities indicate distance from base. If there are any facilities not listed, include them at the bottom of the table.

LOCATION NAVAL MEDICAL CENTER, SAN DIEGO, CA **DISTANCE ON BASE**

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Auto Hobby	Indoor Bays	0	N/A
	Outdoor Bays	0	N/A
Arts/Crafts	SF	0	N/A
Wood Hobby	SF	0	N/A
Bowling	Lanes	0	N/A
Enlisted Club	SF	0	N/A
Officer's Club	SF	0	N/A
Library	SF	0	N/A
Library	Books	0	N/A
Theater	Seats	0	N/A
ITT	SF	1	N
Museum/Memorial	SF	0	N/A
Pool (indoor)	Lanes	0	N/A
Pool (outdoor)	Lanes	1	N
Beach	LF	0	N/A
Swimming Ponds	Each	0	N/A
Tennis CT	Each	2	N

[2]Spaces designed for a particular use. A single building might contain several facilities, each of which should be listed separately.

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Volleyball CT (outdoor)	Each	1	Y
Basketball CT (outdoor)	Each	1	Y
Racquetball CT	Each	2	N
Golf Course	Holes	0	N/A
Driving Range	Tee Boxes	0	N/A
Gymnasium	SF	1	N
Fitness Center	SF	3	N
Marina	Berths	0	N/A
Stables	Stalls	0	N/A
Softball Fld	Each	1	Y
Football Fld	Each	1	Y
Soccer Fld	Each	1	Y
Youth Center(Childrens Waiting Room)	SF	1	N
Fisher House(Medical Hospitality	9 ROOMS	1	Y

c. Is your library part of a regional interlibrary loan program?

NO

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos	4		X		25 (38 ON EXPT BIRTH LIST)	
6-12 Mos	4		X		20	420
12-24 Mos	20		X		54	540
24-36 Mos	14		X		51	730
3-5 Yrs	29		X		4	50

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." Fo all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASERE

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the lis

N/A

(4). How many "certified home care providers" are registered at your base?

N/A

(5). Are there other military child care facilities within 30 minutes of th base? State owner and capacity (i.e., 60 children, 0-5 yrs).

NAVAL TRAINING CENTER
NAVAL AMPHIBIOUS BASE CORONADO
CDC NORTH ISLAND NAVAL AIR STATION
NAVAL SUBMARINE BASE
NAVAL STATION SAN DIEGO

(6). Complete the following table for services available on your base. If you have any services not listed, include them at the bottom.

Service	Unit of Measure	Qty
Exchange	SF	NEX
Gas Station	SF	0
Auto Repair	SF	0
Auto Parts Store	SF	0
Commissary	SF	0
Mini-Mart	SF	NEX
Package Store	SF	0
Fast Food Restaurants	Each	NEX
Bank/Credit Union	Each	0
Family Service Center	SF	0
Laundromat	SF	NEX
Dry Cleaners	Each	NEX
ARC	PN	CO
Chapel	PN	CO
FSC Classrm/Auditorium	PN	CO

e. Proximity of closest major metropolitan areas (provide at least three):

City	Distance (Miles)
San Diego	0
Escondido	26
Oceanside	33
Tijuana, Baja Norte, Mexico	20

Facilities offering services approaching similar amenities cannot compe with the no cost factor of a military base.

f. Standard Rate VHA Data for Cost of Living:

Paygrade	With Dependents	Without Dependents
E1	211.67	118.90
E2	223.20	140.53
E3	212.60	166.54
E4	234.17	163.53
E5	253.97	177.21
E6	293.80	199.84
E7	322.90	224.37
E8	330.04	249.72
E9	316.55	240.21
W1	420.12	319.31
W2	381.79	299.47
W3	408.84	332.20
W4	403.84	358.06
O1E	363.5	269.68
O2E	369.94	294.93
O3E	415.48	351.56
O1	331.25	144.19
O2	325.83	254.87
O3	360.92	303.89
O4	445.55	387.28
O5	493.65	408.36
O6	540.21	447.10
O7	519.85	422.57

g. Off-base housing rental and purchase

(1) Fill in the following table for average rental costs in the area for the period 1 April 1993 through 31 March 1994.

N/A

Type Rental	Average Monthly Rent		Average Monthly Utilities Cost
	Annual High	Annual Low	
Efficiency			
Apartment (1-2 Bedroom)			
Apartment (3+ Bedroom)			
Single Family Home (3 Bedroom)			
Single Family Home (4+ Bedroom)			
Town House (2 Bedroom)			
Town House (3+ Bedroom)			
Condominium (2 Bedroom)			
Condominium (3+ Bedroom)			

(2) What was the rental occupancy rate in the community as of 31 March 1994?

N/A

Type Rental	Percent Occupancy Rate
Efficiency	
Apartment (1-2 Bedroom)	
Apartment (3+ Bedroom)	
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(3) What are the median costs for homes in the area?

N/A

Type of Home	Median Cost
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(4) For calendar year 1993, from the local MLS listings provide the number o 2, 3, and 4 bedroom homes available for purchase. Use only homes for which monthl payments would be within 90 to 110 percent of the E5 BAQ and VHA for your area.

N/A

Month	Number of Bedrooms		
	2	3	4+
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			

(5) Describe the principle housing cost drivers in your local area.

N/A

h. For the top five sea intensive ratings in the principle warfare community your base supports, provide the following:

N/A

Rating	Number Sea Billets in the Local Area	Number of Shore billets in the Local Area

i. Complete the following table for the average one-way commute for the five largest concentrations of military and civilian personnel living off-base.

Location	% Employees	Distance (mi)	Time (min)
San Diego, CA	100%	21	33

j. Complete the tables below to indicate the civilian educational opportunities available to service members stationed at the air station (to include any outlying fields) and their dependents:

(1) List the local educational institutions which offer programs available t dependent children. Indicate the school type (e.g. DODDS, private, public, parochial, etc.), grade level (e.g. pre-school, primary, secondary, etc.), what students with special needs the institution is equipped to handle, cost of enrollment, and for high schools only, the average SAT score of the class that graduated in 1993, and the number of students in that class who enrolled in colleg in the fall of 1994.

Institution	Type	Grade Level(s)	Special Education Available	Annual enrollment Cost per Student	1993 Avg SAT/ ACT Score	% HS Grad to Higher Educ	Source of Info
N/A							

(2) List the educational institutions within 30 miles which offer programs off-base available to service members and their adult dependents. Indicate the extent of their programs by placing a "Yes" or "No" in all boxes as applies.

Institution	Type Classes	Program Type(s)				
		Adult High School	Vocational / Technical	Undergraduate		Graduate
				Courses only	Degree Program	
	Day					
	Night

	Night					
	Corres-pondence					

k. Spousal Employment Opportunities

Provide the following data on spousal employment opportunities.

N/A

Skill Level	Number of Military Spouses Serviced by Family Service Center Spouse Employment Assistance			Local Community Unemployment Rate
	1991	1992	1993	
Professional				
Manufacturing				
Clerical				
Service				
Other				

l. Do your active duty personnel have any difficulty with access to medical or dental care, in either the military or civilian health care system? Develop the w of your response.

NO.

m. Do your military dependents have any difficulty with access to medical or dent care, in either the military or civilian health care system? Develop the why of your response.

NO.

n. Complete the table below to indicate the crime rate for your air station for the last three fiscal years. The source for case catego definitions to be used in responding to this question are found in NCIS - Manual dated 23 February 1989, at Appendix A, entitled "Case Category Definitions." Note: the crimes reported in this table should include 1) all reported criminal activity which occurred on base regardless of whether the subject or the victim of that activit was assigned to or worked at the base; and 2) all reported criminal activity off base. **N/A - We are not an air station.**

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 66
INSTALLATION RESOURCES

Activity Information:

Activity Name:	Naval School of Health Sciences, San Diego, CA
UIC:	0621A
Host Activity Name (if response is for a tenant activity):	Naval Hospital, San Diego, CA
Host Activity UIC:	00259

General Instructions/Background. A separate response to this data call must be completed for each Department of the Navy (DON) host, independent and tenant activity which separately budgets BOS costs (regardless of appropriation), and, is located in the United States, its territories or possessions.

1. **Base Operating Support (BOS) Cost Data.** Data is required which captures the total annual cost of operating and maintaining Department of the Navy (DON) shore installations. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Two tables are provided. Table 1A identifies "Other than DBOF Overhead" BOS costs and Table 1B identifies "DBOF Overhead" BOS costs. These tables must be completed, as appropriate, for all DON host, independent or tenant activities which separately budget BOS costs (regardless of appropriation), and, are located in the United States, its territories or possessions. Responses for DBOF activities may need to include both Table 1A and 1B to ensure that all BOS costs, including those incurred by the activity in support of tenants, are identified. If both table 1 and 1B are submitted for a single DON activity, please ensure that no data is double counted (th is, included on both Table 1A and 1B). The following tables are designed to collect all BOS co currently budgeted, regardless of appropriation, e.g., Operations and Maintenance, Research a Development, Military Personnel, etc. Data must reflect FY 1996 and should be reported in thousands of dollars.

a. **Table 1A - Base Operating Support Costs (Other Than DBOF Overhead).** T Table should be completed to identify "Other Than DBOF Overhead" Costs. Display, in th format shown on the table, the O&M, R&D and MPN resources currently budgeted for B services. O&M cost data must be consistent with data provided on the BS-1 exhibit. Re direct funding for the activity. Host activities should not include reimbursable support pr to tenants, since tenants will be separately reporting these costs. Military personnel cost be included on the appropriate lines of the table. Please ensure that individual lines of th not include duplicate costs. Add additional lines to the table (following line 2j., as nece identify any additional cost elements not currently shown). **Leave shaded areas of ta**

DATA CALL 66
INSTALLATION RESOURCES

b. Funding Source. If data shown on Table 1A reflects more than one appropriation, then please provide a break out of the total shown for the "3. Grand-Total" line, by appropriation:

Appropriation	Amount ($000)
O&M,DHP	$ 662.0
MPN	1,829.0

c. Table 1B - Base Operating Support Costs (DBOF Overhead). This Table should be submitted for all current DBOF activities. Costs reported should reflect BOS costs supporting the DBOF activity itself (usually included in the G&A cost of the activity). For DBOF activities which are tenants on another installation, total cost of BOS incurred by the tenant activity for itself should be shown on this table. It is recognized that differences exist among DBOF activity groups regarding the costing of base operating support: some groups reflect all such costs only in general and administrative (G&A), while others spread them between G&A and production overhead. Regardless of the costing process, all such costs should be included on Table 1B. The Minor Construction portion of the FY 1996 capital budget should be included on the appropriate line. Military personnel costs (at civilian equivalency rates) should also be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Also ensure that there is no duplication between data provided on Table 1A and 1B. These two tables must be mutually exclusive, since in those cases where both tables are submitted for an activity, the two tables will be added together to estimate total BOS costs at the activity. Add additional lines to the table (following line 21., as necessary, to identify any additional cost elements not currently shown). **Leave shaded areas of table blank.**

Other Notes: All costs of operating the five Major Range Test Facility Bases at DBOF activities (even if direct RDT&E funded) should be included on Table 1B. Weapon Stations should include underutilized plant capacity costs as a DBOF overhead "BOS expense" on Table 1B..

2. **Services/Supplies Cost Data.** The purpose of Table 2 is to provide information about projected **FY 1996** costs for the purchase of services and supplies by the activity. **(Note: Unlike Question 1 and Tables 1A and 1B, above, this question is not limited to overhead costs.)** The source for this information, where possible, should be either the NAVCOMPT OP-32 Budget Exhibit for O&M activities or the NAVCOMPT UC/FUND-1/IF-4 exhibit for DBOF activities. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Break out cost data by the major sub-headings identified on the OP-32 or UC/FUND-1/IF-4 exhibit, disregarding the sub-headings on the exhibit which apply to civilian and military salary costs and depreciation. Please note that while the OP-32 exhibit aggregates information by budget activity, this data call requests OP-32 data for the activity responding to the data call. Refer to NAVCOMPTINST 7102.2B of 23 April 1990, Subj: Guidance for the Preparation, Submission and Review of the Department of the Navy (DON) Budget Estimates (DON Budget Guidance Manual) with Changes 1 and 2 for more information on categories of costs identified. Any rows that do not apply to your activity may be left blank. However, totals reported should reflect all costs, exclusive of salary and depreciation.

3. **Contractor Workyears.**

a. **On-Base Contract Workyear Table.** Provide a projected estimate of the number of contract workyears expected to be **performed "on base"** in support of the installation during FY 1996. Information should represent an annual estimate on a full-time equivalency basis. Several categories of contract support have been identified in the table below. While some of the categories are self-explanatory, please note that the category "mission support" entails management support, labor service and other mission support contracting efforts, e.g., aircraft maintenance, RDT&E support, technical services in support of aircraft and ships, etc.

Table 3 - Contract Workyears	
Activity Name: Naval School of Health Sciences, San Diego, CA	**UIC:** 0621A
Contract Type	**FY 1996 Estimated Number of Workyears On-Base**
Construction:	N/A
Facilities Support:	N/A
Mission Support:	N/A
Procurement:	N/A
Other:*	N/A
Total Workyears:	N/A

* **Note:** Provide a brief narrative description of the type(s) of contracts, if any, included under the "Other" category.

DATA CALL 66
INSTALLATION RESOURCES

b. Potential Disposition of On-Base Contract Workyears. If the mission/functions of your activity were relocated to another site, what would be the anticipated disposition of the **on-base contract workyears** identified in Table 3.?

1) Estimated number of contract workyears which would be transferred to the receiving site (This number should reflect the number of jobs which would in the future be contracted for at the receiving site, not an estimate of the number of people who would move or an indication that work would necessarily be done by the same contractor(s)):

N/A

2) Estimated number of workyears which would be eliminated:

N/A

3) Estimated number of contract workyears which would remain in place (i.e., contract would remain in place in current location even if activity were relocated outside of the local area):

N/A

DATA CALL 66
INSTALLATION RESOURCES

c. "Off-Base" Contract Workyear Data. Are there any contract workyears located in the local community, but not on-base, which would either be eliminated or relocated if your activity were to be closed or relocated? If so, then provide the following information **(ensure that numbers reported below do not double count numbers included in 3.a. and 3.b., above)**:

No. of Additional Contract Workyears Which Would Be Eliminated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)
N/A	N/A

No. of Additional Contract Workyears Which Would Be Relocated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 66
INSTALLATION RESOURCES

Activity Information:

Activity Name:	NAVY DRUG SCREENING LAB, SAN DIEGO
UIC:	68853
Host Activity Name (if response is for a tenant activity):	NAVAL MEDICAL CENTER SAN DIEGO, CA
Host Activity UIC:	00259

General Instructions/Background. A separate response to this data call must be completed for each Department of the Navy (DON) host, independent and tenant activity which separately budgets BOS costs (regardless of appropriation), and, is located in the United States, its territories or possessions.

1. **Base Operating Support (BOS) Cost Data.** Data is required which captures the total annual cost of operating and maintaining Department of the Navy (DON) shore installations. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Two tables are provided. Table 1A identifies "Other than DBOF Overhead" BOS costs and Table 1B identifies "DBOF Overhead" BOS costs. These tables must be completed, as appropriate, for all DON host, independent or tenant activities which separately budget BOS costs (regardless of appropriation), and, are located in the United States, its territories or possessions. Responses for DBOF activities may need to include both Table 1A and 1B to ensure that all BOS costs, including those incurred by the activity in support of tenants, are identified. If both table 1A and 1B are submitted for a single DON activity, please ensure that no data is double counted (that is, included on both Table 1A and 1B). The following tables are designed to collect all BOS costs currently budgeted, regardless of appropriation, e.g., Operations and Maintenance, Research and Development, Military Personnel, etc. Data must reflect FY 1996 and should be reported in thousands of dollars.

a. **Table 1A - Base Operating Support Costs (Other Than DBOF Overhead).** This Table should be completed to identify "Other Than DBOF Overhead" Costs. Display, in the format shown on the table, the O&M, R&D and MPN resources currently budgeted for BOS services. O&M cost data must be consistent with data provided on the BS-1 exhibit. Report only direct funding for the activity. Host activities should not include reimbursable support provided to tenants, since tenants will be separately reporting these costs. Military personnel costs should be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Add

4

Costs reported should reflect BOS costs supporting the DBOF activity itself (usually included in the G&A cost of the activity). For DBOF activities which are tenants on another installation, total cost of BOS incurred by the tenant activity for itself should be shown on this table. It is recognized that differences exist among DBOF activity groups regarding the costing of base operating support: some groups reflect all such costs only in general and administrative (G&A), while others spread them between G&A and production overhead. Regardless of the costing process, all such costs should be included on Table 1B. The Minor Construction portion of the FY 1996 capital budget should be included on the appropriate line. Military personnel costs (at civilian equivalency rates) should also be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Also ensure that there is no duplication between data provided on Table 1A. and 1B. These two tables must be mutually exclusive, since in those cases where both tables are submitted for an activity, the two tables will be added together to estimate total BOS costs at the activity. Add additional lines to the table (following line 21., as necessary, to identify any additional cost elements not currently shown). **Leave shaded areas of table blank.**

Other Notes: All costs of operating the five Major Range Test Facility Bases at DBOF activities (even if direct RDT&E funded) should be included on Table 1B. Weapon Stations should include underutilized plant capacity costs as a DBOF overhead "BOS expense" on Table 1B..

DATA CALL 66
INSTALLATION RESOURCES

2. Services/Supplies Cost Data. The purpose of Table 2 is to provide information about projected **FY 1996** costs for the purchase of services and supplies by the activity. **(Note: Unlike Question 1 and Tables 1A and 1B, above, this question is not limited to overhead costs.)** The source for this information, where possible, should be either the NAVCOMPT OP-32 Budget Exhibit for O&M activities or the NAVCOMPT UC/FUND-1/IF-4 exhibit for DBOF activities. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Break out cost data by the major sub-headings identified on the OP-32 or UC/FUND-1/IF-4 exhibit, disregarding the sub-headings on the exhibit which apply to civilian and military salary costs and depreciation. Please note that while the OP-32 exhibit aggregates information by budget activity, this data call requests OP-32 data for the activity responding to the data call. Refer to NAVCOMPTINST 7102.2B of 23 April 1990, Subj: Guidance for the Preparation, Submission and Review of the Department of the Navy (DON) Budget Estimates (DON Budget Guidance Manual) with Changes 1 and 2 for more information on categories of costs identified. Any rows that do not apply to your activity may be left blank. However, totals reported should reflect all costs, exclusive of salary and depreciation.

Table 2 - Services/Supplies Cost Data

Activity Name: Naval Medical Center, San Diego	**UIC:** 00259
Cost Category	**FY 1996 Projected Costs ($000)**
Travel:	1,413
Material and Supplies (including equipment):	18,161
Industrial Fund Purchases (other DBOF purchases):	14,559
Transportation:	11
Other Purchases (Contract support, etc.):	72,195
Total:	106,339

DATA CALL 66
INSTALLATION RESOURCES

3. Contractor Workyears.

a. **On-Base Contract Workyear Table.** Provide a projected estimate of the number of contract workyears expected to be performed "on base" in support of the installation during FY 1996. Information should represent an annual estimate on a full-time equivalency basis. Several categories of contract support have been identified in the table below. While some of the categories are self-explanatory, please note that the category "mission support" entails management support, labor service and other mission support contracting efforts, e.g., aircraft maintenance, RDT&E support, technical services in support of aircraft and ships, etc.

Table 3 - Contract Workyears	
Activity Name: Naval Medical Center, San Diego	**UIC:** 00259
Contract Type	**FY 1996 Estimated Number of Workyears On-Base**
Construction:	*
Facilities Support:	*
Mission Support:	171
Procurement:	0
Other:*	0
Total Workyears:	171

* **Note:** Provide a brief narrative description of the type(s) of contracts, if any, included under the "Other" category.

*** All On-Base work/services are being performed/contracted by the Navy Public Works Center and the Southwest Division, Naval Facilities Engineering Command.**

DATA CALL 66
INSTALLATION RESOURCES

b. Potential Disposition of On-Base Contract Workyears. If the mission/functions of your activity were relocated to another site, what would be the anticipated disposition of the **on-base contract workyears** identified in Table 3.?

1) Estimated number of contract workyears which would be transferred to the receiving site (This number should reflect the number of jobs which would in the future be contracted for at the receiving site, not an estimate of the number of people who would move or an indication that work would necessarily be done by the same contractor(s)):

2) Estimated number of workyears which would be eliminated:

3) Estimated number of contract workyears which would remain in place (i.e., contract would remain in place in current location even if activity were relocated outside of the local area):

171

DATA CALL 66
INSTALLATION RESOURCES

c. **"Off-Base" Contract Workyear Data.** Are there any contract workyears located in the local community, but not on-base, which would either be eliminated or relocated if your activity were to be closed or relocated? If so, then provide the following information **(ensure that numbers reported below do not double count numbers included in 3.a. and 3.b., above): None.**

No. of Additional Contract Workyears Which Would Be Eliminated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)

No. of Additional Contract Workyears Which Would Be Relocated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

ENVIRONMENTAL DATA CALL:
DATA CALL TO BE SUBMITTED TO
ALL NAVY/MARINE CORPS HOST ACTIVITIES

20 APRIL 1994

1c. If the area of the habitat and the associated species have not been identified on base maps provided in Data Call 1, submit this information on an updated version of Data Call 1 map.

N/A

1d.

Have any efforts been made to relocate any species and/or conduct any mitigation with regards to critical habitats or endangered/threatened species? Explain what has been done and why.	**NO**

1e.

Will any state or local laws and/or regulations applying to endangered/threatened species which have been enacted or promulgated but not yet effected, constrain base operations or development plans beyond those already identified? Explain.	**NO**

4c.

Does your base have any disposal, recycling, or incineration facilities for solid waste?					NO
Facility/Type of Operation	**Permitted Capacity**	**Ave Daily Throughput**	**Maximum Capacity**	**Permit Status**	**Comments**

List any permit violations and projects to correct deficiencies or improve the facility.

N/A

4d.

Does your base own/operate a Domestic Wastewater Treatment Plant (WWTP) ?					NO
ID/Location of WWTP	**Permitted Capacity**	**Ave Daily Discharge Rate**	**Maximum Capacity**	**Permit Status**	**Level of Treatment/Year Built**

List permit violations and discuss any projects to correct deficiencies.

N/A

4e. If you do not have a domestic WWTP, describe the average discharge rate of your base to the local sanitary sewer authority, discharge limits set by the sanitary sewer authority (flow and pollutants) and whether the base is in compliance with their permit. Discuss recurring discharge violations.

> **4e.1 The average daily discharge from the Naval Medical Center's (NMC) sanitary sewer to the City of San Diego Sewage Treatment Plant is approximately 267,706* gallons. There is no flow limitation.**

4e.2 The daily maximum discharge for pollutants are as follows:

Acids and Alkalines		**pH range 5-11**
Oil and Grease	**500**	**mg/1**
Dissolved Sulfides	**1.0**	**mg/1**
Cyanide	**0.19**	**mg/1**
Antimony	**0.2**	**mg/1**
Arsenic	**0.2**	**mg/1**
Beryllium	**0.2**	**mg/1**
Cadmium	**0.12**	**mg/1**
Chromium	**0.7**	**mg/1**
Copper	**0.45**	**mg/1**
Lead	**0.06**	**mg/1**
Mercury	**0.2**	**mg/1**
Nickel		**0.41 mg/1**
Selenium	**0.2**	**mg/1**
Silver	**0.2**	**mg/1**
Thallium	**0.2**	**mg/1**
Zinc	**0.42**	**mg/1**
Pesticides & PCBs	**0.004**	**mg/1**
Phenolic Compounds		**2.5 mg/1**

4e.3 NMC is currently in compliance with it's Industrial Waste Discharge Permit.

4f.

Does your base operate an Industrial Waste Treatment Plant (IWTP)?					**NO**
ID/Location of IWTP	**Type of Treatment**	**Permitted Capacity**	**Ave Daily Discharge Rate**	**Maximum Capacity**	**Permit Status**

List any permit violations and projects to correct deficiencies or improve the facility.

N/A

4g. Are there other waste treatment flows not accounted for in the previous tables? Estimate capacity and describe the system.

4g.1 NMC maintains and operates twenty nine (29)* conditionally authorized treatment units. These units are regulated under Permit by Rule (PBR) requirements by the State of California, Department of Toxic Substance Control, to treat waste water. The procedures covered under the permit include silver recovery, acid neutralization, oil/water separator, and formaldehyde treatment.

Twenty three (23) silver recovery units, located throughout NMC are used to extract silver from waste water generated by photographic and X-ray processing equipment. Approximately 2,380* gallons of waste water is processed through theses units per month.

Three (3)* acid neutralization units are used to treat waste water generated by laboratories. These unit adjust pH up to the 5-11 range prior to disposal. Approximately 3,100* gallons of waste water are treated per month.

One (1) oil/water separator. This unit separates the oil fraction from waste water generated during vehicle washing or maintenance operations. Approximately 2000 gallons of waste water, per month, is processed through the separator.

Two (2) aldehyde-X management systems, These systems convert formaldehyde solutions into a nontoxic, water soluble polymer. Approximately 200 gallons of formaldehyde are treated, per month, prior to disposal into the sanitary sewer.

4h.

Does your base operate drinking Water Treatment Plants (WTP)?					NO
ID/Location of WTP	Operating (GPD)		Method of Treatment	Maximum Capacity	Permit Status
	Permitted Capacity	Daily Rate			

List permit violations and projects/actions to correct deficiencies or improve the facility.

N/A

4i. If you do not operate a WTP, what is the source of the base potable water supply. State terms and limits on capacity in the agreement/contract, if applicable.

4i.1 Water is supply to NMC by the City of San Diego via the Navy Public Works Center, San Diego, Utilities Department. Agreements and/or contracts are not applicable.

4j.

Does the presence of contaminants or lack of supply of water constrain base operations. Explain.	NO

5. AIR POLLUTION

5a.

What is the name of the Air Quality Control Areas (AQCAs) in which the base is located? **San Diego County Air Pollution Control District (APCD)**
Is the installation or any of its OLFs or non-contiguous base properties located in different AQCAs? NO . List site, location and name of AQCA.

5b. For each parcel in a separate AQCA fill in the following table. Identify with and "X" whether the status of each regulated pollutant is: attainment/nonattainment/maintenance. For those areas which are in non-attainment, state whether they are: Marginal, Moderate, Serious, Severe, or Extreme. State target attainment year. **N/A***

Site: _____ AQCA: _____

Pollutant	Attainment	Non-Attainment	Maintenance	Target Attainment Year[1]	Comments[2]
CO					
Ozone					
PM-10					
SO_2					
NO_2					
Pb					

[1] Based on national standard for Non-Attainment areas or SIP for Maintenance areas.
[2] Indicate if attainment is dependent upon BRACON, MILCON or Special Projects. Also indicate if the project is currently programmed within the Presidents FY1997 budget.

6. ENVIRONMENTAL COMPLIANCE

6a. Identify compliance costs, currently known or estimated that are required for permits or other actions required to bring existing practices into compliance with appropriate regulations. Do not include Installation Restoration costs that are covered in Section 7. For the last two columns provide the combined total for those two FY's.

Program	Survey Com-pleted?	Costs in $K to correct deficiencies					
		FY94	FY95	FY96	FY97	FY98-99	FY00-01
Air		0*	2.1*	0*	0*	0*	0*
Hazardous Waste		0*	0*	0*	0*	0*	0*
Safe Drinking Water Act		0	0	0	0	0	0
PCBs		0	0	0	0	0	0
Other (non-PCB) Toxic Substance Control Act		0	0	0	0	0	0
Lead Based Paint		0	0	0	0	0	0
Radon		0	0	0	0	0	0
Clean Water Act		0*	0*	0*	0*	0*	0*
Solid Waste		0	78*	0	0	0	0
Oil Pollution Act		0	0	0	0	0	0
USTs		0	100*	0	0	0	0
Other		0*	0	0	0	0	0
Total		0*	180.1*	0*	0*	0*	0*

Provide a separate list of compliance projects in progress or required, with associated cost and estimated start/completion date.

Survey completed.*

6b.
Does your base have structures containing asbestos? YES What % of your base has been surveyed for asbestos? 100% Are additional surveys planned? NO What is the estimated cost to remediate asbestos ($K) 1,158 . Are asbestos survey costs based on encapsulation, removal or a combination of both?

REMOVAL

6c. Provide detailed cost of operational (environmental) compliance costs, with funding source.

Funding Source	FY92	FY93	FY94	FY95	FY96	FY97	FY98-99	FY00-01
O&MN	204	256	280	294	308	324	697*	769*
HA	0	0	0	0	0	0	0	0
PA	398*	65*	33*	0	0	0	0	0
Other (specify)								
TOTAL	602*	321*	313*	294	308	324	697*	769*

6d. Are there any compliance issues/requirements that have impacted operations and/or development plans at your base.

1990 Admenments to the Clean Air Act, Title V and Executive Order 12856 dealing with Emergency Planning and Community Right to Know Act (EPCRA) will have a major impact.*

7. INSTALLATION RESTORATION

7a.

Does your base have any sites that are contaminated with hazardous substances or petroleum products?	YES*
Is your base an NPL site or proposed NPL site?	NO

7b. Provide the following information about your Installation Restoration (IR) program. Project list may be provided in separate table format. Note: List only projects eligible for funding under the Defense Environmental Restoration Account (DERA). Do not include UST compliance projects properly listed in section VI.

Site # or name	Type site [1]	Groundwater Contaminated?	Extends off base?	Drinking Water Source?	Cost to Complete ($M)/Est. Compl. Date	Status[2]/Comments

[1] Type site: CERCLA, 'RCRA corrective action (CA), UST or other (explain)

[2] Status = PA, SI, RI, RD, RA, long term monitoring, etc.

7c. Have any contamination sites been identified for which there is no recognized/accepted remediation process available? List.

NO*

7d.

Is there a groundwater treatment system in place?	**NO**
Is there a groundwater treatment system planned?	**NO**

State scope and expected length of pump and treat operation.

N/A

7e.

Has a RCRA Facilities Assessment been performed for your base?	**NO**

7f. Does your base operate any "Conforming Storage" facilities for handling **hazardous materials**? If YES, describe facility, capacity, restrictions, and permit conditions.

NO

7g. Does your base operate any "Conforming Storage" facilities for handling **hazardous waste**? If YES, describe facility, capacity, restrictions, and permit conditions.

NO

7h. Is your base responsible for any non-appropriated fund facilities (exchange, gas station) that require cleanup? If so, describe facility/location and cleanup required/status.

NO*

7i.

Do the results of any radiological surveys conducted indicate limitations on future land use? Explain below.	**N/A**

7j. Have any base operations or development plans been restricted due to Installation Restoration considerations? **N/A.**

7k. List any other hazardous waste treatment or disposal facilities not included in question 7b. above. Include capacity, restrictions and permit conditions. **N/A.**

8g. Summarize planned projects through FY 1997 requiring **new channel or berthing area** dredged depths, include location, volume and depth.

N/A

8h.

Are there available **designated dredge disposal areas** for maintenance dredging material? List location, remaining capacity, and future limitations.	**N/A**
Are there available **designated dredge disposal areas** for new dredge material? List location, remaining capacity, and future limitations.	**N/A**
Are the dredged materials considered contaminated? List known contaminants.	**N/A**

8.i. List any requirements or constraints resulting from consistency with **State Coastal Zone Management Plans.**

N/A

8j. Describe any **non-point source pollution problems affecting water quality** ,e.g.: coastal erosion.

N/A

8k.

If the base has a cooperative agreement with the US Fish and Wildlife Service and/or the State Fish and Game Department for conducting a hunting and fishing program, does the agreement or these resources constrain either current or future operations or activities? Explain the nature and extent of restrictions.	**N/A***

8l. List any other areas on your base which are indicated as protected or preserved habitat other than threatened/endangered species that have been listed in Section 1. List the species, whether or not treated, and the acres protected/preserved.

N/A

MISSION REQUIREMENTS

1. Mission Statement. State the mission of your medical facility in sufficient detail so that it can be distinguished from other medical facilities.

Branch Medical Clinic, NAS North Island is primarily an active duty clinic whose mission is deirect medical support to the operating forces. Additionally, support to active duty Navy and Marine Corps units assigned or homeported to NAS North Island. Limited medical support is also available to dependents residing on base and at the Navy Lodge. The medical support is provided by Flight Surgeons, General Medicine Officers, Physician Assistant, Physical Therapy Officer, Staff Oprometrist, Nurse Practitioner, Independent Duty and general duty corpsmen. The scope of care provided includes routine laboratory testing, X-ray procedures, immunizations. optometry services, OB/GYN, aviation and regular physical exams, audiograms, routine military sickcall, acute/urgent care response via ambulance service, mental health, orthopedic casting, wellness information classes such as smoking cessation and cholesterol control program. Specialty referrals are made through consultation to Naval Medical Center San Diego.

2. Customer Base. In the table below, identify your active duty customers. Include both Naval and non-Naval active duty components. Include the client/customer Unit Identification Code (UIC).

CDCU BUMED-823
7 Jun 94

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	**0**	**54,368**	**0**	**0**
ACTIVE DUTY NON N/MC	**0**	**270**	**0**	**0**
TOTAL ACTIVE DUTY	**0**	**54,638**		**0**
FAMILY OF AD	**0**	**144**	**0**	**0**
RETIRED AND FAMILY MEMBERS UNDER 65 *	**0**	**98**	**0**	**0**
RETIRED AND FAMILY MEMBERS OVER 65	**0**	**0**	**0**	**0**
OTHER	**0**	**8,382**	**0**	**0**
TOTAL	**0**	**63,262**		**0**

* **Data not available by age; all ages included.**

What is your occupancy rate for FY 1994 to date? N/A

4. Projected Workload. Complete the following tables for your projected workload. Please show and develop any assumptions and calculations used to complete the table. Be sure to note any impact prior closure and realignment decisions have had on your facility.
Please be sure to include any impact your participation in the managed care initiative (TRICARE), previous BRAC actions, and force structure reductions will have on your workload.

	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
OUTPAT. VISITS	**64,401**	**65,560**	**66,740**	**67,941**	**69,164**	**70,409**	**71,677**
ADMISS.	**0**	**0**	**0**	**0**	**0**	**0**	

Please show all assumptions and calculations in the space below:
- **Total projected population increase of 9% between FY94 and FY99, for 1.8% increase annually.**

5. Medical Support. Indicate in the table below all the medical support you provide that is not direct patient care, and identify the time spent providing such support (i.e. food service inspections, medical standby for physical fitness tests, flight operations, field training,rifle range, MWR support for sporting events, etc.).

NON-PATIENT CARE SUPPORT	TIME SPENT %	STAFF NEEDED/ EVENT
EDUCATION AND TRAINING	**5**	**3**
TRAINING DRILLS AND EXERCISES	**3**	**7**
OVERSEAS SCREENING	**1**	**3**
CEREMONIES (RETIREMENT/CHANGE OF COMMAND)	**1**	**5**
ATHLETIC EVENTS	**1**	**8**
FLEET HOSPITAL TRAINING-CAMP PENDLETON	**0.5**	**2**
PRESIDENTIAL/VIP VISITS	**0.5**	**2**
HEALTH FAIR'S	**0.5**	**2**

6. Graduate Medical Education. In the table provided, identify all the training programs (to include transitional internships and fellowships) at your facility and the numbers graduated per year. Also identify major non-physician training programs (such as OR nurse, nurse anesthetist, etc.). Be sure to take into account any planned program changes, and prior base closure and realignment decisions.

PROGRAM	NUMBER TRAINED BY FISCAL YEAR							
	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
N/A								

6a. Graduate Medical Education. Complete the following table for each Graduate Medical Education program that requires accreditation by the Accreditation Council for Graduate Medical Education (ACGME):

PROGRAM	STATUS[1]	CERT.[2]	COMMENTS[3]
N/A			

[1] Use F for fully accredited, P for probation, and N for not accredited.
[2] List the percentage of program graduates that achieve board certification.
[3] Complete this section for all programs that you entered a P or N in the Status column. Indicate why the program is not fully accredited and when it is likely to become fully accredited.

FACILITIES

7. Facilities Description. Complete the following table for all buildings for which you maintain an inventory record. Use only one row for each building. Provide the 5 digit category code number (CCN) where possible. Do not include any buildings that would receive their own data calls (such as a Branch Medical Clinic): **N/A. The clinic is a tenant of Naval Air Station North Island CA (UIC: 00246)**

FACILITY TYPE (CCN)	BUILDING NAME/USE[1]	SQUARE FEET	AGE (IN YEARS)	CONDITION CODE[2]

[1] Use refers to patient care, administration, laboratory, warehouse, power plant, etc.

[2] This should be based on NAVFACINST 11011.44E Shore Facilities Planning Manual and the condition recorded should be recorded as Adequate, Substandard, or Inadequate. Chapter 5 of NAVFACINST 11011.44E provides guidance on this scoring system.

7a. In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information: **N/A.**

1. Facility Type/Code:
2. What makes it inadequate?
3. What use is being made of the facility?
4. What is the cost to upgrade the facility to substandard?
5. What other use could be made of the facility and at what cost?
6. Current improvement plans and programmed funding:
7. Has this facility condition resulted in "C3" or "C4" designation on your BASEREP?

7b. Capital Improvement Expenditures. List the project number, description, funding year, and value of the **capital improvements at your facility completed (beneficial occupancy) during 1988 to 1994**. Indicate if the capital improvement is a result fo BRAC realignments or closures.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
N/A			

7c. Planned Capital Improvements. List the project number, funding year, and value of the **non-BRAC related capital improvements planned** for years 1995 through 1997.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
N/A			

7d. Planned Capital Improvements. List the project number, description, funding year, and value of the **BRAC related capital improvements planned** for 1995 through 1999.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
N/A			

7e. Please complete the following Facility Condition Assessment Document (FCAD) DD Form 2407: Instructions follow the form.

N/A

FORM INSTRUCTIONS

1. This form is not intended to be used as detailed engineering evaluation of the condition of the facilities. It is primarily designed to assist in assessing the adequacy and condition of Medical/Dental Facilities. Complete only one form for all of your facilities.

2. The Functions/Systems should be evaluated on a consolidated basis for the entire facility.

3. Not more than 4 deficiencies should be identified in the Deficiency Codes column for each item listed under the Function/System column.

4. Fill in N/A (not applicable) where certain Function/System is not present in the facility. For example, Inpatient Nursing Units and Labor-Delivery-Nursery are not applicable to Clinics.

5. Numbers under % Adequate, % Substandard, % Inadequate must total 100 for each function/System.

6. After completion, the form must be signed by the Commander/Commanding Officer/Officer-in-Charge of the facility.

7. Use DoD Standard Data Element Codes for State when entering codes in item 6.

DEFINITIONS

CATEGORY CODE - Facility Category Code is a numeric code used to identify a particular use of Military Department's real property for Hospital and other Medical Facilities usage (i.e., building, structure or utility). The first three digits of the code are a DoD standard (DoDI 4165.3); the fourth, fifth and sixth (if applicable) digits are added to provide more definitive categorization of the Military Department's facilities.

CONSTRUCTION TYPE - Type is either Permanent, Semi-permanent, or Temporary construction at the time building was built.

% ADEQUATE - Percent Adequate is the capacity of a facility or portion thereof, in percentage form, that is in adequate condition and associated with a designated function (USE). Adequate is defined as being capable of supporting the designated function without a need for capital improvements.

% SUBSTANDARD - Percent Substandard is the capacity of a facility or portion thereof, in percentage form, that is in substandard condition and associated with a designated function (USE). Substandard is defined as having deficiencies which prohibit of severely restrict, or will prohibit or severely restrict within the next five years due to expected deterioration , the use of a facility for its designated function. Substandard is further defined as having deficiencies which can be economically corrected by capital improvements and/or repairs.

% INADEQUATE - Percent Inadequate is the capacity of a facility of portion thereof, in percentage form, that is in inadequate condition and associated with a designated function (USE). Inadequate is defined as having deficiencies due to physical deterioration, functional inadequacy or hazardous

location or situation which prohibit or severely restrict, or will prohibit or severely restrict within the next five years, the use of a facility for its designated function. Inadequate is further defined as having deficiencies which cannot be economically corrected to meet the requirements of the designated function.

DEFICIENCY CODE - Code is a three character code indicating the type of deficiency existing in a facility or portion thereof that is in a substandard or inadequate condition and associated with a designated function (USE). The first character of the code indicates one of the six types of deficiencies. The next two characters specify the facility component(s) or related items which are deficient.

(1) Deficient Status of Condition Types - first character
- A - Physical Condition
- B - Functional or Space Criteria
- C - Design Criteria
- D - Location or Siting Criteria
- E - Nonexistence
- F - Total Obsolescence or Deterioration

(2) Facility Components or Related Items - last two characters
- 01 - Heating, Ventilating and Air Conditioning (HVAC)
- 02 - Plumbing Fixtures
- 03 - Fire Protection/Life Safety Code
- 04 - Medical Gases
- 05 - Lighting Fixtures
- 06 - Power Capacity
- 07 - Emergency Generators
- 08 - Communications
- 09 - Building or Structure (total)
- 10 - Seismic Design
- 11 - Roof/Ceiling
- 12 - Building Interior/Configuration
- 13 - Sound Proofing/Excessive Noise
- 14 - Compliance of Installation with Master Plan
- 15 - OSHA Deficiency
- 16 - JCAH Deficiency
- 17 - Functionality
- 18 - Site Location
- 19 - Mission of the Base
- 20 - None

7f. Please provide the date of your most recent Joint Commission on Accreditation of Healthcare Organizations (JCAHO) survey and indicate the status of your certification. Also record your Life Safety Management score from that survey.

DATE OF SURVEY: **N/A**

FULL ACCREDITATION: Yes/No

LIFE SAFETY MANAGEMENT SCORE: ____ (Record as 1,2,3,4,or 5)

LOCATION:

8. Geographic Location. How does your geographic location affect your mission? Specifically, address the following:

a. What is the importance of your location relative to the clients supported?

Exists on base within 3 minutes of needed medical support.

b. What are the nearest air, rail, sea and ground transportation nodes?

Airport: within 3 minutes inside NAS North Isalnd, within 30 minutes of San Diego Airport.

Rail: within 30 minutes of train station.

Sea: within 3 minutes of NAS North Island pier, within 15 minutes of commercial sea.

c. Please provide the distance in miles that your facility is located from any military or civilian airfield that can accommodate a C-9 aircraft.

Distance (in miles): __3__

d. What is the importance of your location given your mobilization requirements?

15 minutes from Naval Medical Center, San Diego
3 minutes from NASNI pier, 15 minutews from commercial sea
3 minutes from NASNI airfield, 30 minutes from San Diego Airport.

e. On the average, how long does it take your current clients/customers to reach your facility?

The Branch Medical Clinic, NASNI is within 2-5 minutes of all activities located on NAS North Island.

9. Manpower and recruiting issues. Are there unique aspects of your facility's location that help or hinder in the hiring of qualified civilian personnel?

N/A.

FEATURES AND CAPABILITIES

10. Capabilities. What would be the impact on the Navy and Marine Corps if the capabilities of your facility were to be lost? Answer this question in terms of the unique capabilities of your staff, equipment and facility.

Loss of Military Sickcall, Acute/Urgent Care Area, Optometry, Aviation Medicine Audiology, Occupational Health, Mental Health, Laboratory, X-Ray, Physical Therapy in which case will result in increase patient load to Naval Medical Center, San Diego

The Marines would have no clinic except Camp Pendleton (two hours away); Naval Medical Center, San Diego is only 15 minutes away.

Loss of EMS/patient transport (emergency) to NMCSD.

Loss of Naval Air Reserve Center.

10a. If your facility were to close without any change in beneficiary population would the remaining local health care infrastructure be able to absorb the additional workload? Please provide supporting information to your answer.

See Item 10.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health care system be able to care for the residual eligible population? Please provide supporting information to your answer.

See Item 10.

10c. If your inpatient care capability were to close, would the local community be able to absorb your current inpatient workload? Please develop all of your conclusions with supporting data and show it in the space below:

See Item 10.

11. Mobilization. What are your facility's mobilization requirements?

a. If any of your staff is assigned to support a Hospital Ship, Fleet Hospital, Marine Corps unit, ship, or other operational unit during mobilization complete the following table:

N/A Copy BUMED-823 7 Jun 94

UNIT NAME	UNIT NUMBER (IF APPLICABLE)	NUMBER OF STAFF ASSIGNED

NOTE: DUPLICATE THIS TABLE AS NECESSARY TO RECORD ALL UNITS.

b. What additional workload could you perform if you did not have this requirement and its associated training? Please show all assumptions and calculations used in arriving at your conclusions.

c. Please provide the total number of your expanded beds[1] that are currently fully "stubbed" (i.e. the number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours). Use of portable gas or electrical utilities is not considered in this definition.

Number of "stubbed" expanded beds[1]: N/A

[1] Use the bed definitions as they appear in BUMEDINST 6320.69 and 6321.3.

12. Non-availability Statements. Please complete the following table for Non-availability statements (NAS): **N/A.**

NAS TYPE	FISCAL YEAR		
	1992	1993	1994
INPATIENT			
OUTPATIENT			

13. Supplemental Care. Please complete the following table for supplemental care: **N/A.**

CATEGORY OF PATIENT	SUPPLEMENTAL CARE[2]					
	FY 1992		FY 1993		FY 1994	
	NO.[1]	COST[2]	NO.	COST	NO.	COST
AD						
AD FAMILY						
OTHER						
TOTAL						

[1] The total number of consults, procedures and admissions covered with supplemental care dollars.

[2] The total cost in thousands of dollars.

14. Costs. Complete the following table regarding your outpatient costs. Use the same definitions and assumptions that you use for reporting to Medical Expense and Performance Reporting System (MEPRS).

CATEGORY	FY 1992	FY 1993	FY 1994
TOTAL COSTS	**$2,785,199**	**$3,655,655**	**$4,798,154**
TOTAL OUTPATIENT VISITS	**$68,351**	**$62,807**	**$57,713**
AVERAGE COST PER VISIT	**$40.75**	**$58.20**	**$83.14**

*** FY 94 data is based on the percent of increase from FY 92 to FY 93.**

CPW BUMED -623
7 Jun 94

14a. Costs. Complete the following tables regarding your inpatients costs. Use the same definitions and assumptions that you use for reporting Medical Expense and Performance Reporting System (MEPRS). Table A, B, C, and D are used to arrive at a cost per Relative Weighted Product (RWP). FY 1994 should be completed through the First Quarter FY 1994.

Table A: **N/A.**

CATEGORY	FY 1992	FY 1993	FY 1994
A. TOTAL MEPRS-A EXPENSE			

Table B: **N/A.**

CATEGORY	FY 1992	FY 1993	FY 1994
B. SUPPLEMENTAL CARE COSTS IN MEPRS-A[1]			
C. SAME DAY SURGERY EXPENSES IN MEPRS-A (DGA)[1]			
D. OCCUPATIONAL/PHYSICAL THERAPY EXPENSES IN MEPRS-A (DHB/DHD)[1]			
E. HYPERBARIC MEDICINE EXPENSES IN MEPRS-A (DGC)[1]			
F. TOTAL (B+C+D+E)			

[1] These costs are actual or estimated. If other than actual please provide assumptions and calculations.

Table C: **N/A.**

15. Quality of Life. **N/A. The clinic is a tenant of Naval Air Station, North Island CA (UIC: 00246)**

a. Military Housing

(1) Family Housing:

(a) Do you have mandatory assignment to on-base housing? (circle) yes no

(b) For military family housing in your locale provide the following information:

Type of Quarters	Number of Bedrooms	Total number of units	Number Adequate	Number Substandard	Number Inadequate
Officer	4+				
Officer	3				
Officer	1 or 2				
Enlisted	4+				
Enlisted	3				
Enlisted	1 or 2				
Mobile Homes					
Mobile Home lots					

(c) In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means". For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(d) Complete the following table for the military housing waiting list.

Pay Grade	Number of Bedrooms	Number on List[7]	Average Wait
O-6/7/8/9	1		
	2		
	3		
	4+		
O-4/5	1		
	2		
	3		
	4+		
O-1/2/3/CWO	1		
	2		
	3		
	4+		
E7-E9	1		
	2		
	3		
	4+		
E1-E6	1		
	2		
	3		
	4+		

[7]As of 31 March 1994.

(e) What do you consider to be the top five factors driving the demand for base housing? Does it vary by grade category? If so provide details.

	Top Five Factors Driving the Demand for Base Housing
1	
2	
3	
4	
5	

(f) What percent of your family housing units have all the amenities required by "The Facility Planning & Design Guide" (Military Handbook 1190 & Military Handbook 1035-Family Housing)?

(g) Provide the utilization rate for family housing for FY 1993.

Type of Quarters	Utilization Rate
Adequate	
Substandard	
Inadequate	

(h) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 98% (or vacancy over 2%), is there a reason?

(2) BEQ:

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

$$\textbf{AOB} = \frac{\textbf{(\# Geographic Bachelors x average number of days in barracks)}}{\textbf{365}}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)			
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

(3) BOQ:

(a) Provide the utilization rate for BOQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

$$\textbf{AOB} = \frac{\textbf{(\# Geographic Bachelors x average number of days in barracks)}}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)			
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

b. For on-base MWR facilities[8] available, complete the following table for each separate location. For off-base government owned or leased recreation facilities indicate distance from base. If there are any facilities not listed, include them at the bottom of the table.

LOCATION_____ **DISTANCE**_____

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Auto Hobby	Indoor Bays		
	Outdoor Bays		
Arts/Crafts	SF		
Wood Hobby	SF		
Bowling	Lanes		
Enlisted Club	SF		
Officer's Club	SF		
Library	SF		
Library	Books		
Theater	Seats		
ITT	SF		
Museum/Memorial	SF		
Pool (indoor)	Lanes		
Pool (outdoor)	Lanes		
Beach	LF		
Swimming Ponds	Each		
Tennis CT	Each		

[8]Spaces designed for a particular use. A single building might contain several facilities, each of which should be listed separately.

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Volleyball CT (outdoor)	Each		
Basketball CT (outdoor)	Each		
Racquetball CT	Each		
Golf Course	Holes		
Driving Range	Tee Boxes		
Gymnasium	SF		
Fitness Center	SF		
Marina	Berths		
Stables	Stalls		
Softball Fld	Each		
Football Fld	Each		
Soccer Fld	Each		
Youth Center	SF		

c. Is your library part of a regional interlibrary loan program?

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos						
6-12 Mos						
12-24 Mos						
24-36 Mos						
3-5 Yrs						

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." Fo all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASERE

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the lis

(4). How many "certified home care providers" are registered at your base?

(5). Are there other military child care facilities within 30 minutes of th base? State owner and capacity (i.e., 60 children, 0-5 yrs).

(6). Complete the following table for services available on your base. If you have any services not listed, include them at the bottom.

Service	Unit of Measure	Qty
Exchange	SF	
Gas Station	SF	
Auto Repair	SF	
Auto Parts Store	SF	
Commissary	SF	
Mini-Mart	SF	
Package Store	SF	
Fast Food Restaurants	Each	
Bank/Credit Union	Each	
Family Service Center	SF	
Laundromat	SF	
Dry Cleaners	Each	
ARC	PN	
Chapel	PN	
FSC Classrm/Auditorium	PN	

e. Proximity of closest major metropolitan areas (provide at least three):

g. Off-base housing rental and purchase

(1) Fill in the following table for average rental costs in the area for the period 1 April 1993 through 31 March 1994.

Type Rental	Average Monthly Rent		Average Monthly Utilities Cost
	Annual High	Annual Low	
Efficiency			
Apartment (1-2 Bedroom)			
Apartment (3+ Bedroom)			
Single Family Home (3 Bedroom)			
Single Family Home (4+ Bedroom)			
Town House (2 Bedroom)			
Town House (3+ Bedroom)			
Condominium (2 Bedroom)			
Condominium (3+ Bedroom)			

(2) What was the rental occupancy rate in the community as of 31 March 1994?

Type Rental	Percent Occupancy Rate
Efficiency	
Apartment (1-2 Bedroom)	
Apartment (3+ Bedroom)	
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(3) What are the median costs for homes in the area?

Type of Home	Median Cost
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(4) For calendar year 1993, from the local MLS listings provide the number o 2, 3, and 4 bedroom homes available for purchase. Use only homes for which monthl payments would be within 90 to 110 percent of the E5 BAQ and VHA for your area.

Month	Number of Bedrooms		
	2	3	4+
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			

(5) Describe the principle housing cost drivers in your local area.

h. For the top five sea intensive ratings in the principle warfare community your base supports, provide the following:

Rating	Number Sea Billets in the Local Area	Number of Shore billets in the Local Area

i. Complete the following table for the average one-way commute for the five largest concentrations of military and civilian personnel living off-base.

Location	% Employees	Distance (mi)	Time (min)

j. Complete the tables below to indicate the civilian educational opportunities available to service members stationed at the air station (to include any outlying fields) and their dependents:

(1) List the local educational institutions which offer programs available t dependent children. Indicate the school type (e.g. DODDS, private, public, parochial, etc.), grade level (e.g. pre-school, primary, secondary, etc.), what students with special needs the institution is equipped to handle, cost of enrollment, and for high schools only, the average SAT score of the class that graduated in 1993, and the number of students in that class who enrolled in colleg in the fall of 1994.

Institution	Type	Grade Level(s)	Special Education Available	Annual Enrollment Cost per Student	1993 Avg SAT/ ACT Score	% HS Grad to Higher Educ	Source of Info

(2) List the educational institutions within 30 miles which offer programs off-base available to service members and their adult dependents. Indicate the extent of their programs by placing a "Yes" or "No" in all boxes as applies.

Institution	Type Classes	Program Type(s)				
		Adult High School	Vocational / Technical	Undergraduate		Graduate
				Courses only	Degree Program	
	Day

BRAC-95 CERTIFICATION

UIC-32546 BRAC-27

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

LOCATION

5. Community Providers. Complete the following table for the civilian providers within your 40 mile catchment area. The catchment area is defined as sets of zip codes emanating from the center of the ZIP code in which the MTF is located with a radius of 40 miles. If you are required to use another boundary please define the geographical region and the reason for its use.

PROVIDER TYPE	CURRENT
PRIMARY CARE[1]	2,797
SPECIALTY CARE[2]	4,262
PHYSICIAN EXTENDER[3]	1,577
TOTAL	8,636

[1] This includes General Practioners, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.

[2] This is all other physician providers not included in the primary care category.

[3] This includes Physician Assistants and Nurse Practitioners.

6. Regional Population. Please provide the U. S. Census population for your 40 mile catchment area. If you are required to use another boundary please define the geographical region and the reason for its use. Also list the source of this information. This value should include your beneficiary population.

Region Population: 2,674,000 (BUREAU OF CENSUS)

c. Training Facilities:

(1) By facility Category Code Number (CCN), provide the usage requirements for each course of instruction required for all formal schools on your installation. A formal school is a programmed course of instruction for military and/or civilian personnel that has been formally approved by an authorized authority (ie: Service Schools Command, Weapons Training Battalion, Human Resources Office). Do not include requirements for maintaining unit readiness, GMT, sexual harassment, etc. Include all applicable 171-*xx*, 179-*xx* CCN's.

Type of Training Facility/CCN	School	Type of Training	FY 1993 Requirements			FY 2001 Requirements		
			A	B	C	A	B	C
See attachment 2								

A = STUDENTS PER YEAR
B = NUMBER OF HOURS EACH STUDENT SPENDS IN THIS TRAINING FACILITY FOR THE TYPE OF TRAINING RECEIVED
C = A x B

NSHS/171-20 *	Respiratory Therapy	PHASE II	26	640	16,640	20	640	12,800
NSHS/171-20	SFIDC Refresher		4	240	960	Unable to project.		
NSHS/171-20	Surface Warfare Medical Officer Indoctrination		24	156	3,744	Unable to project.		

* These Phase II schools are assigned to the Naval School of Health Sciences, San Diego, CA however, these are clinical courses conducted at the Naval Medical Command, San Diego, CA.

A = STUDENTS PER YEAR
B = NUMBER OF HOURS EACH STUDENT SPENDS IN THIS TRAINING FACILITY FOR THE TYPE OF TRAINING RECEIVED.
C = A x B

Attachment 2

(2) By Category Code Number (CCN), complete the following table for all training facilities aboard the installation. Include all 171-*xx* and 179-*xx* CCN's.

For example: in the category 171-10, a type of training facility is academic instruction classroom. If you have 10 classrooms with a capacity of 25 students per room, the design capacity would be 250. If these classrooms are available 8 hours a day for 300 days a year, the capacity in student hours per year would be 600,000.

Type Training Facility/CCN	Total Number	Design Capacity (PN)[1]	Capacity (Student HRS/YR)
Applied Instruction/171-20	24	1002	3,287,061 *
	16	402	1,318,761 **

* **Didactic classrooms**
** **Practice laboratories**

(3) Describe how the Student HRS/YR value in the preceding table was derived.

Number of days/year	**365**
- Christmas break	**- 10**
- 52 weekends	**-104**
- 8 Federal Holidays	**-8**
= number of days available	**243**
x hours available/day	**x13.4**
x design capacity	**x(PN)**

[1] Design Capacity (PN) is the total number of seats available for students in spaces used for academic instruction; applied instruction; and seats or positions for operational trainer spaces and training facilities other than buildings, i.e., ranges. Design Capacity (PN) must reflect current use of the facilities.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

MISSION REQUIREMENTS

1. Mission Statement. State the mission of your medical facility in sufficient detail so that it can be distinguished from other medical facilities.

Naval Medical Center, San Diego provides a comprehensive range of emergency, outpatient, and inpatient health care services to activity duty Navy and Marine Corps personnel and active duty members of other Federal Uniformed Services; ensures that all assigned military personnel are both aware of and properly trained for the performance of their assigned contingency and wartime duties; ensures that the command is maintained in a proper state of material and personnel readiness to fulfill wartime and contingency mission plans; provides as directed, health care services in support of the operation of the Navy and Marine Corps shore activities and units of the Operating Forces; provides, subject to the availability of space and resources, the maximum range and amount of comprehensive health care services possible for other authorized persons as prescribed by Title 10, U.s. Code, and other applicable directives; conducts appropriate education programs for assigned military personnel to ensure that both military and health care standards of conduct and performance are achieved and maintained; conducts graduate and postgraduate education programs for medical students and Medical Department officers; participates as an integral element of the Navy and Tri-Service Regional Health Care System; cooperates with military and civilian authorities in matters pertaining to public health, local disasters, and other emergencies; maintains requisite quality health care standards so as to ensure successful accreditation and recognition by appropriate government and civilian agencies and commissions, to include the Joint Commission for Accreditation of Healthcare Organizations (JCAHO).

2. Customer Base. In the table below, identify your active duty customers. Include both Naval and non-Naval active duty components. Begin with the largest activity and work down to the smallest. Include the customer Unit Identification Code (UIC).

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	7,137	201,440	4.37	84.69
ACTIVE DUTY NON N/MC	399	11,266	4.94	4.74
TOTAL ACTIVE DUTY	7,536	212,706		89.43
FAMILY OF AD	13,246	504,934	2.89	107.07
RETIRED AND FAMILY MEMBERS UNDER 65 *	**5,458	**212,737	***6.56	**76.36
RETIRED AND FAMILY MEMBERS OVER 65	**2,122	**82,731	***4.47	**29.69
OTHER	238	4,934	3.98	2.26
TOTAL	28,600	1,018,042		304.81

What is your occupancy rate for FY 1994 to date? 78%

*DATA NOT AVAILABLE BY AGE; ALL AGES INCLUDED.
** Percentage computed from RAPS Data:
Retired and family Under 65 - 72%
Retired and family 65 and over - 28%
Same percentage used for Admissions, outpatient visits and ADPL
*** CHCS actual data from Oct 93 through March 1994

Revised pg

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	7,137	201,440	4.37	84.69
ACTIVE DUTY NON N/MC	399	11,266	4.94	4.74
TOTAL ACTIVE DUTY	7,536	212,706		89.43
FAMILY OF AD	13,246	504,934	2.89	107.07
RETIRED AND FAMILY MEMBERS UNDER 65 *	7,580	295,468	4.94	106.05
RETIRED AND FAMILY MEMBERS OVER 65	-	-	-	-
OTHER	238	4,934	3.98	2.26
TOTAL	28,600	1,018,042		304.81

What is your occupancy rate for FY 1994 to date? 78%

*DATA NOT AVAILABLE BY AGE; ALL AGES INCLUDED.

4. Projected Workload. Complete the following tables for your projected workload. Please show and develop any assumptions and calculations used to complete the table. Be sure to note any impact prior closure and realignment decisions have had on your facility. Please be sure to include any impact your participation in the managed care initiative (TRICARE), previous BRAC actions, and force structure reductions will have on your workload.

	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
OUTPAT VISITS	1,036,367	1,055,021	1,074,012	1,093,344	1,113,024	1,133,059	1,153,454
ADMISS	29,115	29,639	30,172	30,715	31,268	31,831	32,404

Please show all assumptions and calculations in the space below:

- **TOTAL PROJECTED POPULATION INCREASE OF 9% BETWEN FY94 AND FY99, FOR 1.8% INCREASE ANNUALLY.**

5. Medical Support. Indicate in the table below all the medical support you provide that is not direct patient care, and identify the time spent providing such support (i.e. food service inspections, medical standby for physical fitness tests, flight operations, field training, rifle range, MWR support for sporting events, etc.).

NON-PATIENT CARE SUPPORT	TIME SPENT/ QTR	STAFF NEEDED/ EVENT
SEE NOTE BELOW		

NOTE: All miscellaneous (other) medical support provided (not direct patient care) is performed by Branch Medical Clinic(s) personnel and, as such, was reported in Data Call ~~#41~~ for each respective Branch Medical Clinic.

#27 BUMED-822
MM, 27 Jun 94

6. Graduate Medical Education. In the table provided, identify all the training programs (to include transitional internships and fellowships) at your facility and the numbers graduated per year. Also identify major non-physician training programs (such as OR nurse, nurse anesthetist, etc.). Be sure to take into account any planned program changes, and prior base closure and realignment decisions.

7a. In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information: **None.**

1. Facility Type/Code:
2. What makes it inadequate?
3. What use is being made of the facility?
4. What is the cost to upgrade the facility to substandard?
5. What other use could be made of the facility and at what cost?
6. Current improvement plans and programmed funding:
7. Has this facility condition resulted in "C3" or "C4" designation on your BASEREP?

FORM INSTRUCTIONS

1. This form is not intended to be used as detailed engineering evaluation of the condition of the facilities. It is primarily designed to assist in assessing the adequacy and condition of Medical/Dental Facilities. Complete only one form for all of your facilities.

2. The Functions/Systems should be evaluated on a consolidated basis for the entire facility.

3. Not more than 4 deficiencies should be identified in the Deficiency Codes column for each item listed under the Function/System column.

4. Fill in N/A (not applicable) where certain Function/System is not present in the facility. For example, Inpatient Nursing Units and Labor-Delivery-Nursery are not applicable to Clinics.

5. Numbers under % Adequate, % Substandard, % Inadequate must total 100 for each function/System.

6. After completion, the form must be signed by the Commander/Commanding Officer/Officer-in-Charge of the facility.

7. Use DoD Standard Data Element Codes for State when entering codes in item 6.

DEFINITIONS

CATEGORY CODE - Facility Category Code is a numeric code used to identify a particular use of Military Department's real property for Hospital and other Medical Facilities usage (i.e., building, structure or utility). The first three digits of the code are a DoD standard (DoDI 4165.3); the fourth, fifth and sixth (if applicable) digits are added to provide more definitive categorization of the Military Department's facilities.

CONSTRUCTION TYPE - Type is either Permanent, Semi-permanent, or Temporary construction at the time building was built.

% ADEQUATE - Percent Adequate is the capacity of a facility or portion thereof, in percentage form, that is in adequate condition and associated with a designated function (USE). Adequate is defined as being capable of supporting the designated function without a need for capital improvements.

% SUBSTANDARD - Percent Substandard is the capacity of a facility or portion thereof, in percentage form, that is in substandard condition and associated with a designated function (USE). Substandard is defined as having deficiencies which prohibit of severely restrict, or will prohibit or severely restrict within the next five years due to expected deterioration , the use of a facility for its designated function. Substandard is further defined as having deficiencies which can be economically corrected by capital improvements and/or repairs.

2. The Functions/Systems should be evaluated on a consolidated basis for the enti facility.

3. Not more than 4 deficiencies should be identified in the Deficiency Codes colu for each item listed under the Function/System column.

4. Fill in N/A (not applicable) where certain Function/System is not present in t facility. For example, Inpatient Nursing Units and Labor-Delivery-Nursery are not applicable to Clinics.

5. Numbers under % Adequate, % Substandard, % Inadequate must total 100 for each function/System.

6. After completion, the form must be signed by the Commander/Commanding Officer/Officer-in-Charge of the facility.

7. Use DoD Standard Data Element Codes for State when entering codes in item 6.

DEFINITIONS

CATEGORY CODE - Facility Category Code is a numeric code used to identify a particular use of Military Department's real property for Hospital and other Medic Facilities usage (i.e., building, structure or utility). The first three digits o the code are a DoD standard (DoDI 4165.3); the fourth, fifth and sixth (if applicable) digits are added to provide more definitive categorization of the Military Department's facilities.

CONSTRUCTION TYPE - Type is either Permanent, Semi-permanent, or Temporary construction at the time building was built.

% ADEQUATE - Percent Adequate is the capacity of a facility or portion thereof, in percentage form, that is in adequate condition and associated with a designated function (USE). Adequate is defined as being capable of supporting the designated function without a need for capital improvements.

% SUBSTANDARD - Percent Substandard is the capacity of a facility or portion thereof, in percentage form, that is in substandard condition and associated with a designated function (USE). Substandard is defined as having deficiencies which prohibit of severely restrict, or will prohibit or severely restrict within the ne five years due to expected deterioration , the use of a facility for its designate function. Substandard is further defined as having deficiencies which can be economically corrected by capital improvements and/or repairs.

% INADEQUATE - Percent Inadequate is the capacity of a facility of portion thereo in percentage form, that is in inadequate condition and associated with a designat function (USE). Inadequate is defined as having deficiencies due to physical deterioration, functional inadequacy or hazardous location or situation which prohibit or severely restrict, or will prohibit or severely restrict within the ne five years, the use of a facility for its designated function. Inadequate is further defined as having deficiencies which cannot be economically corrected to meet the requirements of the designated function.

DEFICIENCY CODE - Code is a three character code indicating the type of deficiency existing in a facility or portion thereof that is in a substandard or inadequate condition and associated with a designated function (USE). The first character of the code indicates one of the six types of deficiencies. The next two characters specify the facility component(s) or related items which are deficient.

(1) Deficient Status of Condition Types - first character
- A - Physical Condition
- B - Functional or Space Criteria
- C - Design Criteria
- D - Location or Siting Criteria
- E - Nonexistence
- F - Total Obsolescence or Deterioration

(2) Facility Components or Related Items - last two characters
- 01 - Heating, Ventilating and Air Conditioning (HVAC)
- 02 - Plumbing Fixtures
- 03 - Fire Protection/Life Safety Code
- 04 - Medical Gases
- 05 - Lighting Fixtures
- 06 - Power Capacity
- 07 - Emergency Generators
- 08 - Communications
- 09 - Building or Structure (total)
- 10 - Seismic Design
- 11 - Roof/Ceiling
- 12 - Building Interior/Configuration
- 13 - Sound Proofing/Excessive Noise
- 14 - Compliance of Installation with Master Plan
- 15 - OSHA Deficiency
- 16 - JCAH Deficiency
- 17 - Functionality
- 18 - Site Location
- 19 - Mission of the Base
- 20 - None

7f. Please provide the date of your most recent Joint Commission on Accreditation of Healthcare Organizations (JCAHO) survey and indicat the status of your certification. Also record your Life Safety Management score from that survey.

DATE OF SURVEY: **7-27-92**

FULL ACCREDITATION: **YES**

LIFE SAFETY MANAGEMENT SCORE: **2** (Record as 1,2,3,4,or 5)

LOCATION:

8. Geographic Location. How does your geographic location affect your mission? Specifically, address the following:

a. What is the importance of your location relative to the clients supported?

Naval Medical Center is centrally located between all Navy activities supported and easily accessible via modern roadway systems.

b. What are the nearest air, rail, sea and ground transportati nodes?

A major North-South Interstate Highway (I-5 is adjacent to the base and a major East-West Interstate Highway (I-94) is les than 1 mile away and accessed by surface roads and an I-5 interchange. Helo flight approaches to the hospital are the be in the city. Both military and civilian sea port services are within 3 miles of the hospital. Both military and civilian airports are within 15 minutes.

c. Please provide the distance in miles that your facility is located from any military or civilian airfield that can accommodate a C-9 aircraft.

Distance (in miles): 3

d. What is the importance of your location given your mobilization requirements?

San Diego is immediately accessible to both military and civilian air terminals with flights to the entire Pacific theat and South/Central America. Additionally, Naval Medical Center is within 30 minutes of USMC Base Camp Pendleton, which is a major recipient of NavMed's mob medical forces.

e. On the average, how long does it take your current clients/customers to reach your facility?

15 to 30 minutes.

9. Manpower and recruiting issues. Are there unique aspects of you facility's location that help or hinder in the hiring of qualified civilian personnel?

The central location of NavMed within San Diego "helps" in the hiring of personnel from all surrounding communities.

Revised pg

UIC: 00259

FEATURES AND CAPABILITIES

10. Capabilities. What would be the impact on the Navy and Marine Corps if the capabilities of your facility were to be lost? Answer this question in terms of the unique capabilities of your staff, equipment and facility.

Extremely negative impact on USN/USMC personnel and all other beneficiaries. Closure of only Navy tertiary Medical Center west of Mississippi, wold drastically increase Government Direct Care costs for Alternative Health Care; eliminate main receiving hospital for western Hemisphere patient Medivacs; send CHAMPUS costs through the roof; reduce local economy by 20%; send unemployment rates sharply upword, and compromise the Navy and Marine Corps ability to meet mission requirements. As the only major Navy specialized treatment center in the western U.S., and one only three remaining major Navy teaching hospitals, (NH Oakland, BRAC 95), closure would reduce the Navy's medical teaching facilities by 33%. San Diego is the operational center for the largest Naval establishment in the country. The defense project its Global presence. Medical capability is essential to the success of navy's mission. Loss of NMCSD would eliminate the largest training program in the Navy which would directly impact on the present and future ability of the Navy's ability to remain the number one Navy in the world. NMCSD is a new facility (1987) constructed with state-of-the-art, high-tech medical equipment and virtually every sub-specialty service. Loss of the fines MTF in the Navy would be catastrophic to our Government, Beneficiaries, Civilian employees, and the local San Diego economy.

10a. If your facility were to close without any change in beneficiary population would the remaining local health care infrastructure be able to absorb the additional workload? Please provide supporting information to your answer.

No. See 10 and 10c.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health care system be able to care for the residual eligible population? Please provide supporting information to your answer.

If <u>ALL</u> active duty personnel and their families left he San Diego area, the remaining retired population could be easily absorbed into the private sector medical community. There are an estimated (*) 94,571 Retirees/Dependents residing in San Diego County. Although, the CHAMPUS costs for treating their population would sharply rise, as most retirees and their families attempt to receive care through the Direct Care system to avoid CHAMPUS co-pays and deductibles, the overall CHAMPUS costs should decline due to the absence of Activity Duty dependents whose numbers are three times the number of retired population and historically had a higher CHAMPUS use.

No. See 10 and 10c.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health car system be able to care for the residual eligible population? Please provide supporting information to your answer.

If <u>ALL</u> active duty personnel and their families left he San Die area, the remaining retired population could be easily absorbed into the private sector medical community. There are an estimated 50,000 Retirees/Dependents residing in San Diego County. Although, the CHAMPUS costs for treating their population would sharply rise, as most retirees and their families attempt to receive care through the Direct Care system to avoid CHAMPUS co-pays and deductibles, the overall CHAMPUS costs should decline due to the absence of Activity Duty dependents whose numbers are three times the number of retired population and historically had a higher CHAMPUS use.

R

Revision of Data Call #27
UIC: 00259 10/11/94

10c. If your inpatient care capability were to close, would the local community be able to absorb your current inpatient workload? Please develop all of your conclusions with supporting data and show it in the space below:

NMCSD had (*) 28,000 inpatient admissions with an 81% occupancy rate during FY93. The total number of hospital beds overall in the private sector in San Diego County is (*) 6,414. During 1990, the thirty-two civilian hospitals located in San Diego county had (*) (R) 210,998 admissions, with (*) 62% average occupancy rate. Therefore, the community appears able to absorb inpatient care for DOD beneficiaries in the San Diego area. If DOD beneficiaries were required to receive inpatient care at civilian facilities, the active duty population could possibly be negatively impacted in of meeting mission requirements LOS, Limited Duty, P.E. boards, etc. All of these factors are foreign to the private sector and would require extensive training of provider and a willingness on their part to accommodate the military. New contractual arrangements with civilian hospitals for specific military requirements would become quite expensive and probably unworkable. Quality of care, in some specialties, could become a concern for DOD beneficiaries.

13. Supplemental Care. Please complete the following table for supplemental care:

CATEGORY OF PATIENT	SUPPLEMENTAL CARE[2]					
	FY 1992		FY 1993		FY 1994*	
	NO.[1]	COST[2]	NO.	COST	NO.	COST
AD	2,691	$3,196	821	$2,049	846	$734
AD FAMILY	276	$1,020	308	$ 772	59	$ 73
OTHER	261	$ 220	117	$ 199	29	$ 75
TOTAL	3,228	$4,436	2,246	$3,021	934	$882

[1] The total number of consults, procedures and admissions covered with supplemental care dollars.

[2] The total cost in thousands of dollars.

***THRU 9 MAY 1994**

14. Costs. Complete the following table regarding your outpatient costs. Use the same definitions and assumptions that you use for reporting to Medical Expense and Performance Reporting System (MEPRS

CATEGORY	FY 1992	FY 1993	FY 1994*
TOTAL COSTS	$77,423,328	$96,933,281	$121,359,559
TOTAL VISITS	1,054,298	715,793	1,018,044
TOTAL INPATIENT VISITS	401,396	47,906	51,480
TOTAL OUTPATIENT VISITS	652,902	667,887	966,564
AVERAGE COST PER VISIT	$73.44	$135.42	$119.21

14a. Costs. Complete the following tables regarding your inpatients costs. Use the same definitions and assumptions that you use for reporting Medical Expense and Performance Reporting System (MEPRS). Table A, B, C, and D are used to arrive at a cost per Relative Weighted Product (RWP). Table E develops costs for inflation and add-ons to produce the final FY 1994 cost per RWP. FY 1994 should be completed through the First Quarter FY 1994. Costs should be total costs for the category unless otherwise indicated.

Table A:

CATEGORY	FY 1992	FY 1993	FY 1994*
A. TOTAL MEPRS-A EXPENSE (ALL ACCOUNTS)	$119,427,651	$137,954,821	$23,570,817

Table B:

CATEGORY	FY 1992	FY 1993	FY 1994*
B. GRADUATE MEDICAL EDUCATION SUPPORT (EBE)	$432,574	$760,166	$118,152
C. EDUCATION AND TRAINING PROGRAM SUPPORT (EBF)	$2,530,464	$3,326,304	$627,734
D. TOTAL EXPENSES IN EBE AND EBF (B+C)	$2,963,038	$4,086,470	$745,886
E. TOTAL E EXPENSES (ALL ACCOUNTS)	$60,513,549	$85,101,749	$15,117,289
F. % SELECTED E EXPENSES (D÷E)[1]	4.896487%	4.801864%	4.933993%

[1] Record as a decimal to 6 digits.

Table C:

CATEGORY	FY 1992	FY 1993	FY 1994*
G. TOTAL E EXPENSES INCLUDED IN MEPRS A	$10,177,004	$27,788,106	
H. E EXPENSES TO REMOVE FROM MEPRS A (F×G)	$498,316	$1,334,347

*FY 1994 data is first QTR total. Data not available was left blank.

Revised QOL.
pg 30-59

15. Quality of Life.

a. Military Housing

(1) Family Housing:

(a) Do you have mandatory assignment to on-base housing? (circle) **NO**

(b) For military family housing in your locale provide the following information:

Type of Quarters	Number of Bedrooms	Total number of units	Number Adequate	Number Substandard	Number Inadequate
Officer	4+	194	194		
Officer	3	341	341		
Officer	1 or 2	24	24		
Enlisted	4+	1605	1605		
Enlisted	3	2853	2853		
Enlisted	1 or 2	2648	2648		
Mobile Homes		0	0		
Mobile Home lots		108	108		

(c) In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means". For all the categories above where inadequate facilities are identified provide the following information: **None.**

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(d) Complete the following table for the military housing waiting list.

Pay Grade	Number of Bedrooms	Number on List[1]	Average Wait
O-6/7/8/9	1	0	N/A
	2	0	N/A
	3	0	N/A
	4+	28	18-19 MONTHS
O-4/5	1	0	N/A
	2	16	11-12 MONTHS
	3	92	18-19 MONTHS
	4+	38	19-20 MONTHS
O-1/2/3/CWO	1	0	N/A
	2	141	30-41 MONTHS
	3	67	13-14 MONTHS
	4+	38	23-24 MONTHS
E7-E9	1	0	N/A
	2	72	22-23 MONTHS
	3	185	23-24 MONTHS
	4+	127	36-37 MONTHS
E1-E6	1	50	8-9 MONTHS
	2	1684	16-17 MONTHS
	3	1575	27-28 MONTHS
	4+	722	23-24 MONTHS
	MOBILE HOME LOTS	45	12-13MONTHS

[1]As of 31 March 1994.

(e) What do you consider to be the top five factors driving the demand for base housing? Does it vary by grade category? If so provide details.

	Top Five Factors Driving the Demand for Base Housing
1	Cost-San diego is one of the most expensive areas within the United States in which to live, Average monthly rental rates exceed maximum allowable housing cost (MAHC) for most military pay grades. Generally, E1-E6 personnel can only afford to rent homes in high crime neighborhoods. E1-E3 personnel can afford only one bedroom homes. E4-E6 personnel can afford two bedroom homes. Four bedroom homes are out of reach for all but 04 and above personnel. A December 1992 market analysis indicates this problem will worsen within the next five years. The average price of a single family home is 1993 was $219,609 - well beyond the means of most military families
2	Security - Due to high cost of housing in San Diego, many families are forced to live high crime areas. Gang activity and other types of crime common to major metropolitan areas are prevalent with the region. Security is a primary concern of service members whose families must fend for themselves during deployment.
3	Proximity to Work/Location - Military family housing sites are located within minutes of all eleven major military installations in the San Diego area. Many service members prefer to reside close to work to limit commute time, save money, and facilitate rapid recall. Most housing sites are located close to support facilities such as family service centers, commissary and exchange facilities. Some sites are particularly desirable due to their location. The housing sites on Coronado, for example have the longest waiting lists due to the quiet atmosphere and outstanding schools located there.
4	Community Support - Many service members and their dependents cite the strong bond and support they receive from military neighbors as a primary reason for applying for family housing. This is especially important to families with sponsors attached to afloat commands
5	Quality of Facilities - San Diego offers many different types of homes. Age, style, amenities, location varies from one site to another. Single family, duplex, townhomes and apartment style homes are available. Many new sites have been acquired through the "Direct Purchase Program". The program enables the government to purchase entire communities from developers. These military housing communities blend in with other civilian homes as they were constructed to be rental or sales properties.

Note Q15e(5)-1: While the top five factors apply to all grade categories, they do vary in order of importance depending upon the grade. Senior officers are more likely to choose family housing due to proximity to work/location or community support. Cost and security are the primary concerns of enlisted personnel.

(f) What percent of your family housing units have all the amenities required by "The Facility Planning & Design Guide" (Military Handbook 1190 & Military Handbook 1035-Family Housing)? **79%**

(g) Provide the utilization rate for family housing for FY 1993.

Type of Quarters	Utilization Rate
Adequate	**98.39%**
Substandard	
Inadequate	

(h) As of 31 March 1994, have you experienced much of a change since FY 1993? **We have not experienced much of a change since FY 1993**
If so, why? If occupancy is under 98% (or vacancy over 2%), is there a reason?

Revised pg

UIC:00259

(2) BEQ:

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	------
Substandard	(*) 92%
Inadequate	------

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

We have not experienced much of a change since FY 1993.

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

(*) 85

AOB = (# Geographic Bachelors x average number of days in barracks)
59 X 365

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	30	51%	
Spouse Employment (non-military)	1	1%	
Other "C" SCHOOLERS	28	48%	
TOTAL	59	100	

(e) How many geographic bachelors do not live on base?

Unknown. We do not keep track of this.

(2) BEQ:

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	------
Substandard	(*) 92%
Inadequate	------

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

We have not experienced much of a change since FY 1993.

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

(*) 85

AOB = (# Geographic Bachelors x average number of days in barracks)
59 x 365

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	30	51%	
Spouse Employment (non-military)	1	1%	
Other "C" SCHOOLERS	28	48%	
TOTAL	59	100	

(e) How many geographic bachelors do not live on base?

Unkown. We do not keep track of this.

(3) BOQ:

WE DO NOT HOUSE OFFICERS. THIS COMMAND DOES NOT HAVE A BOQ.

(a) Provide the utilization rate for BOQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	N/A
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

$$\text{AOB} = \frac{(\text{\# Geographic Bachelors x average number of days in barracks})}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	N/A		
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

N/A

b. For on-base MWR facilities[2] available, complete the following table for each separate location. For off-base government owned or leased recreation facilities indicate distance from base. If there are any facilities not listed, include them at the bottom of the table.

LOCATION NAVAL MEDICAL CENTER, SAN DIEGO, CA **DISTANCE ON BASE**

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Auto Hobby	Indoor Bays	0	N/A
	Outdoor Bays	0	N/A
Arts/Crafts	SF	0	N/A
Wood Hobby	SF	0	N/A

c. Is your library part of a regional interlibrary loan program?

yes

Revised pg

UIC: 00259

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos	4		X		25 (38 ON EXPT BIRTH LIST)	
6-12 Mos	4		X		20	420
12-24 Mos	20		X		54	540
24-36 Mos	14		X		51	730
3-5 Yrs	29		X		4	50

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information: **(*) N/A.**

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the list.

N/A

(4). How many "certified home care providers" are registered at your base?

N/A

(5). Are there other military child care facilities within 30 minutes of the base? State owner and capacity (i.e., 60 children, 0-5 yrs).

NAVAL TRAINING CENTER
NAVAL AMPHIBIOUS BASE CORONADO
CDC NORTH ISLAND NAVAL AIR STATION
NAVAL SUBMARINE BASE
NAVAL STATION SAN DIEGO

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos	4		(1) 468		25 (38 ON EXPT BIRTH LIST)	
6-12 Mos	4		(2) 624		20	420
12-24 Mos	20		(3) 480		54	540
24-36 Mos	14		(4) 730		51	730
3-5 Yrs	29		1740		4	50

Age Category for Note (1): is 6 wks-12 mos, (2) is 12 mos-18 mos, (3) is 18 mos-24 mos and (4) is 2 year olds

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information: **(*) None.**

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the list.

N/A

(4). How many "certified home care providers" are registered at your base?

N/A

(5). Are there other military child care facilities within 30 minutes of the base? State owner and capacity (i.e., 60 children, 0-5 yrs).

NAVAL TRAINING CENTER
NAVAL AMPHIBIOUS BASE CORONADO
CDC NORTH ISLAND NAVAL AIR STATION
NAVAL SUBMARINE BASE
NAVAL STATION SAN DIEGO

(6). Complete the following table for services available on your base. If you have any services not listed, include them at the bottom.

Service	Unit of Measure	Qty
Exchange	SF	NEX
Gas Station	SF	0
Auto Repair	SF	0
Auto Parts Store	SF	0
Commissary	SF	0
Mini-Mart	SF	NEX
Package Store	SF	0
Fast Food Restaurants	Each	NEX
Bank/Credit Union	Each	0
Family Service Center	SF	0
Laundromat	SF	NEX
Dry Cleaners	Each	NEX
ARC	PN	CO
Chapel	PN	CO
FSC Classrm/Auditorium	PN	CO

e. Proximity of closest major metropolitan areas (provide at least three):

City	Distance (Miles)
San Diego	0
Escondido	26
Oceanside	33
Tijuana, Baja Norte, Mexico	20

Facilities offering services approaching similar amenities cannot compete with the no cost factor of a military base.

Town House (3+ Bedroom)	$823	$821	$62
Condominium (2 Bedroom)	$700	$698	$34
Condominium (3+ Bedroom)	$823	$821	$62

Note Q15g-(1): Average monthly rental rates from market profiles, Inc. rental trends reports date September 1993, and March 1994. Average monthly utilities provided by SDG&E.

(2) What was the rental occupancy rate in the community as of 31 March 1994?

Type Rental	Percent Occupancy Rate
Efficiency	95.04
Apartment (1-2 Bedroom)	94.63
Apartment (3+ Bedroom)	93.07
Single Family Home (3 Bedroom)	93.96
Single Family Home (4+ Bedroom)	93.89
Town House (2 Bedroom)	93.07
Town House (3+ Bedroom)	93.89
Condominium (2 Bedroom)	93.07
Condominium (3+ Bedroom)	

Note Q15g-(2): Occupancy rates from Market Profiles, Inc. rental trends report dated March 1994

(3) What are the median costs for homes in the area?

Type of Home	Median Cost
Single Family Home (3 Bedroom)	$175,000
Single Family Home (4+ Bedroom)	$175,000
Town House (2 Bedroom)	$128,000
Town House (3+ Bedroom)	$128,000
Condominium (2 Bedroom)	$128,000
Condominium (3+ Bedroom)	$128,000

Note Q15g-(3): Median costs provided by data quick information systems. Cost broken down by bedroom were not available. (PWC HOUSING)

(4) For calendar year 1993, from the local MLS listings provide the number of 2, 3, and 4 bedroom homes available for purchase. Use only homes for which monthly payments would be within 90 to 110 percent of the E5 BAQ and VHA for your area.

Month	Number of Bedrooms		
	2	3	4+
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			
April	223	24	4

Note Q15g-(4): Historical data not available. Numbers provided above reflect current availabilities. Information provided by Remax Metro.

(5) Describe the principle housing cost drivers in your local area.

Housing cost is closely correlated with location, amount of land and number of bedrooms. Southern California coastal regions are among the most costly in CONUS. Temperatures in both the summer and winter are moderated by nearby waters of the Pacific ocean. Average daily maximum temperatures are approximately 65 degrees fahrenheit during the winter and 75 degrees fahrenheit during the summer. Temperatures below freezing rarely occur. Annual rainfall averages approximately 9 inches. Although most households are likely to prefer housing close to amenities associated with coastal communities, the cost of housing in these communities are generally higher than locations further inland.

A well-developed regional road transportation system of interstate, state and country highways serves the area, as does a system of causeway linking the mainland with Coronado and North Island. Air service is available at San Diego International Airport (Lindbergh Field), Montgomery Field, and Ramona airport. Passenger and freight rail service are provided by Amtrak and the Santa Fe railroad, respectively. Bus and trolley services are available within the area for local transportation.

San Diego has a diversified economic base characterized by several key elements:

a. A wide range of manufacturing and service activities

b. A large military presence

c. An active tourism sector

d. An educational complex consisting of campuses of both the University of California and California State University systems as well as 5 other private universities and colleges.

e. A growing research and development sector specializing in health care services.

Local forecasts of population growth indicate expected increases through 1996 averaging 2.1 percent annually. Both the job and population projections reflect a reduction in expected growth compared to the rapid rates of the past two decades.

The major industry sections in the county are the services sector, the wholesale and retail trade sectors and the civilian government. A mild recovery is projected for

the county with employment increasing slowly.

Note Q15-(5): Cost drivers were identified in a December 1992 market anaylysis prepared by Robert D. Neihaus, Inc.

h. For the top five sea intensive ratings in the principal warfare community your base supports, provide the following:

Rating	Number Sea Billets in the Local Area	Number of Shore billets in the Local Area
HM	0	1260
DT	0	34
SK	0	2
YN	0	1
TOTAL	0	1297

i. Complete the following table for the average one-way commute for the five largest concentrations of military and civilian personnel living off-base. San Diego region only, ROICC locations not included.

Location	% Employees	Distance (mi)	Time(min)
City of San Diego	100%	21	33

j. Complete the tables below to indicate the civilian educational opportunities available to service members stationed at the air station (to include any outlying fields) and their dependents: **San Diego region only, ROICC locations not included.**

(1). List the local educational institutions which offer programs available to dependent children. Indicate the school type (e.g. DODDS, private, public, parochial, etc.), grade level (e.g. pre-school, primary, secondary, etc.), what students with special needs the institution is equipped to handle, cost of enrollment, and for high schools only, the average SAT score of the class that graduated in 1993, and the number of students in that class who enrolled in college in the fall of 1994.

Institution	Type	Grade Level(s)	Special Education Available	Annual enrollment Cost per Student	1993 Avg SAT/ ACT Score	% HS Grad to Higher Educ	Source of Info
San Diego Unified School Dist.	Public	K-12	Yes	$3800 Enrollmentof military dependents is 15291 students.			SD Unified School Dist.

K. Spousal Employment Opportunities

Provide the following data on spousal employment opportunities. San Diego region only, ROICC locations not included.

Skill Level	Number of Military Spouses Serviced by Family Service Center Spouse Employment Assistance			Local Community Unemployment Rate
	1991	1992	1993	
Professional	0	0	0	**Note Q15(k)**
Manufacturing	0	0	0	**Note Q15(k)**
Clerical	0	0	0	**Note Q15(k)**
Service	0	0	0	**Note Q15(k)**
Other	0	0	0	**Note Q15(k)**

Note Q15(K): UNEMPLOYMENT RATE BROKEN DOWN BY SKILL LEVEL IS NOT AVAILABLE

OVERALL LOCAL UNEMPLOYMENT RATE:
1991 - 6.1% 1992 - 7.4% 1993 - 7.8%

1.. Do your active duty personnel have any difficulty with access to medical or dental care, ineither the military or civilian health care system? Develop the why of your response. **San Diego region only, ROICC locations not included.**

NAVAL MEDICAL CENTER, SAN DIEGO

Active duty personnel do have difficulty obtaining Primary Care due to facility limitations and staffing. Active duty personnel do not have direct access to the civilian health care system and must seek care within the MHSS. Although access varies from setting to setting, there are constraints on access to various levels of care with long waiting times for specialty appointments (e.g., orthopedics) and limited availability of some very specialized services/treatments (e.g., mental health).

Active duty personnel are required to use the MHSS, which is limited in its ability to serve the patients in a timely fashion. This medical center is a tertiary referral center and operates GME programs which, in order to remain viable (in terms of accreditation), must treat a wide range of disorders (and age groups) not available in the younger and physically healthier active duty population. The case selection necessary to achieve the proper case-mix often leads to situations in which non-active-duty patients must be accepted preferentially, resulting in limitations of the availability of specialty care appointments for active duty members. Non-active-duty beneficiaries may access local civilian care under CHAMPUS (TRICARE); however, active duty members must often travel considerable distances to the nearest tertiary center and wait for an appointment availability.

The NMCSD was originally designed in the 1970's for inpatient stays. Medical Officer examination rooms were not configured for outpatient care. Outpatient services were to be performed in branch medical centers which have limited space and personnel. Ideally, the Medical Officer should have two treatment rooms and one medical office to maximize efficiency of patient care delivery.

NAVAL DENTAL CENTER, SAN DIEGO

A survey was conducted April 1994; 103 surveys were collected and the results were as follows:

a. 84% of 103 respondents surveyed said "it was easy to get an appointment at the clinic."

b. 83% of 103 respondents stated that they were able to schedule a required follow-up appointment.

Based on above statistics as well as input from Fleet and Shore Liaison Officers, there is no difficulty in access to dental care aboard NDC San Diego.

DENTAL CLINIC WITHIN NAVAL MEDICAL CENTER, SAN DIEGO

Active duty personnel do not have difficulty with access to dental care. Active duty personnel seeking dental care at the Naval Medical Center, San Diego are evaluated and treated within the time periods for specific entities as follows:

a. Annual dental exam: within 24 hours
b. Emergency exam: within 24 hours
c. Emergency treatment: within 24 hours
d. Admission for emergency: within 24 hours
e. TMJ exam: within 2 weeks
f. Major surgery evaluation: within 2 weeks
g. Major surgery treatment: within 1 month

m.. Do your military dependents have any difficulty with access to medical or dental care, in either the military or civilian health care system? Develop the why of your response. San Diego region only, ROICC locations not included.

NAVAL MEDICAL CENTER, SAN DIEGO

Military dependents have difficulty accessing the MHSS (especially to the severely limited dental care and primary care) because the MHSS is inadequately sized to support the numbers of beneficiaries requiring health care services. However, dependents may access the civilian health care system under CHAMPUS (TRICARE) with relative ease, though the co-pay has in the past been a deterrent to some beneficiaries.

NAVAL DENTAL CENTER, SAN DIEGO

Approximately 97% of patients accessing dental clinic are active duty members.

a. Family members are utilizing "Dependent Dental Care Plan" (DDP) without difficulty in majority of cases.

b. Family members not using DDP are able to access military dental care on a humanitarian basis for relief of pain.

DENTAL CLINIC WITHIN NAVAL MEDICAL CENTER, SAN DIEGO

Military dependents do not have difficulty with access to dental care. Military dependents seeking dental care at the Naval Medical Center, San Diego are evaluated and treated within the time periods for the specific entities as follows:

a. Annual dental exam: Delta Dental Plan
b. Emergency exam: within 24 hours
c. Emergency treatment: within 24 hours
d. Admission for emergency: within 24 hours
e. TMJ exam: within 3 weeks or CHAMPUS referred
f. Major surgery evaluation: within 2 weeks or CHAMPUS referred
g. Major surgery treatment: within 1 month

n. Complete the table below to indicate the crime rate for your air station for the last three fiscal years. The source for case category definitions to be used in responding to this question are found in NCIS - Manual dated 23 February 1989, at Appendix A, entitled "Case Category Definitions." Note: the crimes reported in this table should include 1) all reported criminal activity which occurred on base regardless of whether the subject or the victim of that activity was assigned to or worked at the base; and 2) all reported criminal activity off base.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

15. Quality of Life.

a. Military Housing

(1) Family Housing:

(a) Do you have mandatory assignment to on-base housing? (circle)

NO

(b) For military family housing in your locale provide the following information:

N/A

Type of Quarters	Number of Bedrooms	Total number of units	Number Adequate	Number Substandard	Number Inadequate
Officer	4+				
Officer	3				
Officer	1 or 2				
Enlisted	4+				
Enlisted	3				
Enlisted	1 or 2				
Mobile Homes					
Mobile Home lots					

(c) In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means". For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(d) Complete the following table for the military housing waiting list

N/A

Pay Grade	Number of Bedrooms	Number on List[1]	Average Wait
O-6/7/8/9	1		
	2		
	3		
	4+		
O-4/5	1		
	2		
	3		
	4+		
O-1/2/3/CWO	1		
	2		
	3		
	4+		
E7-E9	1		
	2		
	3		
	4+		
E1-E6	1		
	2		
	3		
	4+		

[1]As of 31 March 1994.

(e) What do you consider to be the top five factors driving the demand for base housing? Does it vary by grade category? If so provide details.

N/A

	Top Five Factors Driving the Demand for Base Housing
1	
2	
3	
4	
5	

(f) What percent of your family housing units have all the amenities required by "The Facility Planning & Design Guide" (Military Handbook 1190 & Military Handbook 1035-Family Housing)?

N/A

(g) Provide the utilization rate for family housing for FY 1993.

Type of Quarters	Utilization Rate
Adequate	**N/A**
Substandard	
Inadequate	

(h) As of 31 March 1994, have you experienced much of a change since F 1993? If so, why? If occupancy is under 98% (or vacancy over 2%), is there a reason? **N/A**

(2) BEQ:

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	------
Substandard	95%
Inadequate	------

(b) As of 31 March 1994, have you experienced much of a change since FY 1993 If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

We have not experienced much of a change since FY 1993.

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows

21,535

AOB = (# Geographic Bachelors x average number of days in barracks)
59 X 365

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	30	51%	
Spouse Employment (non-military)	1	1%	
Other "C" SCHOOLERS	28	48%	
TOTAL	59	100	

(e) How many geographic bachelors do not live on base?

Unknown. We do not keep track of this.

(3) BOQ:

WE DO NOT HOUSE OFFICERS. THIS COMMAND DOES NOT HAVE A BOQ.

(a) Provide the utilization rate for BOQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	N/A
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993 If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows

$$\text{AOB} = \frac{\text{(\# Geographic Bachelors x average number of days in barracks)}}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	N/A		
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

N/A

b. For on-base MWR facilities[2] available, complete the following table for each separate location. For off-base government owned or leased recreation facilities indicate distance from base. If there are any facilities not listed, include them at the bottom of the table.

LOCATION NAVAL MEDICAL CENTER, SAN DIEGO, CA **DISTANCE ON BASE**

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Auto Hobby	Indoor Bays	0	N/A
	Outdoor Bays	0	N/A
Arts/Crafts	SF	0	N/A
Wood Hobby	SF	0	N/A

Football Fld	Each	1	Y
Soccer Fld	Each	1	Y
Youth Center(Childrens Waiting Room)	SF	1	N
Fisher House(Medical Hospitality	9 ROOMS	1	Y

c. Is your library part of a regional interlibrary loan program?

NO

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos	4		X		25 (38 ON EXPT BIRTH LIST)	
6-12 Mos	4		X		20	420
12-24 Mos	20		X		54	540
24-36 Mos	14		X		51	730
3-5 Yrs	29		X		4	50

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." Fo all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASERE

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the lis

N/A

(4). How many "certified home care providers" are registered at your base?

N/A

(5). Are there other military child care facilities within 30 minutes of th base? State owner and capacity (i.e., 60 children, 0-5 yrs).

NAVAL TRAINING CENTER
NAVAL AMPHIBIOUS BASE CORONADO
CDC NORTH ISLAND NAVAL AIR STATION
NAVAL SUBMARINE BASE
NAVAL STATION SAN DIEGO

(6). Complete the following table for services available on your base. If you have any services not listed, include them at the bottom.

Service	Unit of Measure	Qty
Exchange	SF	NEX
Gas Station	SF	0
Auto Repair	SF	0
Auto Parts Store	SF	0
Commissary	SF	0
Mini-Mart	SF	NEX
Package Store	SF	0
Fast Food Restaurants	Each	NEX
Bank/Credit Union	Each	0
Family Service Center	SF	0
Laundromat	SF	NEX
Dry Cleaners	Each	NEX
ARC	PN	CO
Chapel	PN	CO
FSC Classrm/Auditorium	PN	CO

e. Proximity of closest major metropolitan areas (provide at least three):

City	Distance (Miles)
San Diego	0
Escondido	26
Oceanside	33
Tijuana, Baja Norte, Mexico	20

Facilities offering services approaching similar amenities cannot compe with the no cost factor of a military base.

f. Standard Rate VHA Data for Cost of Living:

Paygrade	With Dependents	Without Dependents
E1	211.67	118.90
E2	223.20	140.53
E3	212.60	166.54
E4	234.17	163.53
E5	253.97	177.21
E6	293.80	199.84
E7	322.90	224.37
E8	330.04	249.72
E9	316.55	240.21
W1	420.12	319.31
W2	381.79	299.47
W3	408.84	332.20
W4	403.84	358.06
O1E	363.5	269.68
O2E	369.94	294.93
O3E	415.48	351.56
O1	331.25	144.19
O2	325.83	254.87
O3	360.92	303.89
O4	445.55	387.28
O5	493.65	408.36
O6	540.21	447.10
O7	519.85	422.57

g. Off-base housing rental and purchase

(1) Fill in the following table for average rental costs in the area for the period 1 April 1993 through 31 March 1994.

N/A

Type Rental	Average Monthly Rent		Average Monthly Utilities Cost
	Annual High	Annual Low	
Efficiency			
Apartment (1-2 Bedroom)			
Apartment (3+ Bedroom)			
Single Family Home (3 Bedroom)			
Single Family Home (4+ Bedroom)			
Town House (2 Bedroom)			
Town House (3+ Bedroom)			
Condominium (2 Bedroom)			
Condominium (3+ Bedroom)			

(2) What was the rental occupancy rate in the community as of 31 March 1994?

N/A

Type Rental	Percent Occupancy Rate
Efficiency	
Apartment (1-2 Bedroom)	
Apartment (3+ Bedroom)	
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(3) What are the median costs for homes in the area?

N/A

Type of Home	Median Cost
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(4) For calendar year 1993, from the local MLS listings provide the number o 2, 3, and 4 bedroom homes available for purchase. Use only homes for which monthl payments would be within 90 to 110 percent of the E5 BAQ and VHA for your area.

N/A

Month	Number of Bedrooms		
	2	3	4+
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			

(5) Describe the principle housing cost drivers in your local area.

N/A

h. For the top five sea intensive ratings in the principle warfare community your base supports, provide the following:

N/A

Rating	Number Sea Billets in the Local Area	Number of Shore billets in the Local Area

i. Complete the following table for the average one-way commute for the five largest concentrations of military and civilian personnel living off-base.

Location	% Employees	Distance (mi)	Time (min)
San Diego, CA	100%	21	33

j. Complete the tables below to indicate the civilian educational opportunities available to service members stationed at the air station (to include any outlying fields) and their dependents:

(1) List the local educational institutions which offer programs available t dependent children. Indicate the school type (e.g. DODDS, private, public, parochial, etc.), grade level (e.g. pre-school, primary, secondary, etc.), what students with special needs the institution is equipped to handle, cost of enrollment, and for high schools only, the average SAT score of the class that graduated in 1993, and the number of students in that class who enrolled in colleg in the fall of 1994.

Institution	Type	Grade Level(s)	Special Education Available	Annual enrollment Cost per Student	1993 Avg SAT/ ACT Score	% HS Grad to Higher Educ	Source of Info
N/A							

(2) List the educational institutions within 30 miles which offer programs off-base available to service members and their adult dependents. Indicate the extent of their programs by placing a "Yes" or "No" in all boxes as applies.

Institution	Type Classes	Program Type(s)				
		Adult High School	Vocational / Technical	Undergraduate		Graduate
				Courses only	Degree Program	
	Day					
	Night					
	Day					
	Night					
	Day					
	Night					
	Day					
	Night					

(3) List the educational institutions which offer programs on-base available to service members and their adult dependents. Indicate the extent of their programs by placing a "Yes" or "No" in all boxes as applies.

Institution	Type Classes	Program Type(s)				
		Adult High School	Vocational/ Technical	Undergraduate		Graduate
				Courses only	Degree Program

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

3. ACTIVITY TYPE: Choose most appropriate type that describes your activity and completely answer all questions.

• HOST COMMAND: A host command is an activity that provides facilities for its own functions and the functions of other (tenant) activities. A host has accountability for Class 1 (land), and/or Class 2 (buildings, structures, and utilities) property, regardless of occupancy. It can also be a tenant at other host activities.

• Yes __X__ No ____ (check one)

• TENANT COMMAND: A tenant command is an activity or unit that occupies facilities for which another activity (i.e., the host) has accountability. A tenant may have several hosts, although one is usually designated its primary host. If answer is "Yes," provide best known information for your primary host only.

• Yes ____ No __X__ (check one)

• Primary Host (current) UIC: __N/A__

• Primary Host (as of 01 Oct 1995) UIC: __N/A__

• Primary Host (as of 01 Oct 2001) UIC: __N/A__

• INDEPENDENT ACTIVITY: For the purposes of this Data Call, this is the "catch-all" designator, and is defined as any activity not previously identified as a host or a tenant. The activity may occupy owned or leased space. Government Owned/Contractor Operated facilities should be included in this designation if not covered elsewhere.

• Yes ____ No __X__ (check one)

4. SPECIAL AREAS: List all Special Areas. Special Areas are defined as Class 1/Class 2 property for which your command has responsibility that is not located on or contiguous to main complex.

N O N E	N/A	N/A	N/A	N/A

6. BRAC IMPACT: Were you affected by previous Base Closure and Realignment decisions (BRAC-88, -91, and/or -93)? If so, please provide a brief narrative.

The Base Closure and Realignment decisions (BRAC-88, -91, and -93) have had an appreciable effect on Naval Medical Center, San Diego (NMCSD). During FY 90, 91, and 92, more than (*) **1,346** beneficiaries were referred to NMCSD for admission and inpatient care from Naval Hospital, Long Beach (NHLB). During this time period, Naval Hospital, Camp Pendleton (NHCP) referred more than 5,000 patients to NMCSD for admission, and March AFB (MAFB) referred over 318 patients for admission in FY 92 (figures for FY 90 and 91 not available). Although no accurate data exists, at this time, which captures the total number outpatients referred from these facilities, it is estimated that the numbers of outpatients from these facilities exceeds the inpatient referrals by a factor of 10. As Specialized Treatment Services (STS) Center for MTF's in the Southern California, NMCSD is the hub of specialty care.

The closure of Naval Hospital, Long Beach has a domino effect on NMCSD. Although beneficiary population in the NHLB catchment areas will drop by 20% during FY 94, more than 116,886 beneficiaries will remain in the Long Beach area, of these, 7,169 will reside within a 40 mile radius of Naval Hospital, Camp Pendleton (NHCP), and approximately 30,987 beneficiaries reside within a 40 mile radius of the 22nd Strategic Hospital at March AFB (MAFB), and will be the responsibility of that facility. A remaining 78,730 beneficiaries will remain outside any catchment area. These beneficiaries will be forced to rely on alternative healthcare programs, i.e., CHAMPUS, Managed Care Support Services (MCSS), etc. Demands for medical services on NHCP by beneficiaries in NHLB and MAFB catchment areas is expected to significantly increase during the transition period (FY 94/95). As NHCP and March AFB reach the saturation point, additional referrals to NMCSD for both inpatient and outpatient care is anticipated, particularly in the active duty beneficiary population.

5. DETACHMENTS: If your activity has detachments at other locations, please list them in the table below.

Name	UIC	Location	Host name	Host UIC
N O N E	N/A	N/A	N/A	N/A

6. BRAC IMPACT: Were you affected by previous Base Closure and Realignment decisions (BRAC-88, -91, and/or -93)? If so, please provide a brief narrative.

The Base Closure and Realignment decisions (BRAC-88, -91, and -93) have had an appreciable effect on Naval Medical Center, San Diego (NMCSD). During FY 90, 91, and 92, more than 1,725 beneficiaries were referred to NMCSD for admission and inpatient care from Naval Hospital, Long Beach (NHLB). During this time period, Naval Hospital, Camp Pendleton (NHCP) referred more than 5,000 patients to NMCSD for admission, and March AFB (MAFB) referred over 318 patients for admission in FY 92 (figures for FY 90 and 91 not available). Although no accurate data exists, at this time, which captures the total number outpatients referred from these facilities, it is estimated that the numbers of outpatients from these facilities exceeds the inpatient referrals by a factor of 10. As Specialized Treatment Services (STS) Center for MTF's in the Southern California, NMCSD is the hub of specialty care.

The closure of Naval Hospital, Long Beach has a domino effect on NMCSD. Although beneficiary population in the NHLB catchment areas will drop by 20% during FY 94, more than 116,886 beneficiaries will remain in the Long Beach area, of these, 7,169 will reside within a 40 mile radius of Naval Hospital, Camp Pendleton (NHCP), and approximately 30,987 beneficiaries reside within a 40 mile radius of the 22nd Strategic Hospital at March AFB (MAFB), and will be the responsibility of that facility. A remaining 78,730 beneficiaries will remain outside any catchment area. These beneficiaries will be forced to rely on alternative healthcare programs, i.e., CHAMPUS, Managed Care Support Services (MCSS), etc. Demands for medical services on NHCP by beneficiaries in NHLB and MAFB catchment areas is expected to significantly increase during the transition period (FY 94/95). As NHCP and March AFB reach the saturation point, additional referrals to NMCSD for both inpatient and outpatient care is anticipated, particularly in the active duty beneficiary population.

Received P3

UIC: 00259

Under the Lead Agent concept recently promulgated by the Office of Health Affairs, the Commander, NMCSD is designated Lead Agent for Region Nine TRICARE. As Lead Agent, he is responsible and accountable for managing O&MN, Direct Care, and CHAMPUS dollars under capitation budgeting in his region, which includes the Long Beach, Camp Pendleton, and March AFB areas. The MCSS, a replacement to the CHAMPUS Reform Initiative (CRI), is an effort to reduce costs, increase access, and improve quality of care for CHAMPUS eligible beneficiaries. This program is functioning well for CHAMPUS beneficiaries to the extent it has been implemented thus far. However, the remaining active duty populations in the former NHLB and in the MAFB catchment areas must rely on NMCSD for significant specialized care which is not provided by host MTF's, or receive needed care through supplemental or Non-Federal Health Care procedures. The distance to NMCSD from the Long Beach, and March AFB areas is approximately 120 miles and 80 miles, respectively. An argument can be made, in terms of access to care, that the active duty population remaining in the above catchment areas, due to their distant proximity to an MTF, are receiving a lesser quality of care, compared to CHAMPUS beneficiaries who have access to more local alternative sources of care, i.e., TRICARE Prime, PPO, and Standard.

After all Navy active duty personnel, attached to BRAC commands, are removed from the Long Beach area, the projected BRAC I and II Navy population will fall to 78,730. March AFB is expected to close in FY 95. During the past FY, NMCSD has operated at a (*) **81.2%** occupancy rate. This trend, as well as an expected increase in demand for medical services under the Lead Agent concept is anticipated, regardless of the BRAC decisions.

The planned closure of the Recruit Training Center, San Diego and the U.S. Marine Corps Air Station, El Toro, CA (BRAC 93), will have a significant impact on NMCSD. The displacement of Navy personnel (10,000+) and their dependents (8,000+) by U.S. Marine Corps personnel (9,000+) and their dependents (22,000+) over the next several years at NAS Miramar, will place additional demands on NMCSD for medical services and require a change in provider mix at Miramar. A new Medical Clinic is drastically needed as the existing facility is inadequate for even the present base population let alone the additional influx of Marines. This facility must be replaced prior to the arrival of the new USMC squadrons which will begin gradually replacing Navy squadrons in FY 94. With the change in ownership of NAS Miramar, the medical provider staff will increase three-fold. At the completion of the transition from Navy to Marine Corps, NMCSD will inherit a net gain of more than 13,000 additional beneficiaries at Miramar.

The closure of the Recruit Training Command (RTC), (BRAC 93) has reduced overall demand at NTC for outpatient medical services. The Navy population presently attached to the Naval Training Center (NTC) and Service Schools Commands, adjacent to the former RTC, have enjoyed increased access to care, due to the absence of the recruits. Utilization rates have slightly increased among the remaining population. There has been negligible impact on inpatient care as a result of the closure of RTC.

Under the Lead Agent concept recently promulgated by the Office of Health Affairs, the Commander, NMCSD is designated Lead Agent for Region Nine TRICARE. As Lead Agent, he is responsible and accountable for managing O&MN, Direct Care, and CHAMPUS dollars under capitation budgeting in his region, which includes the Long Beach, Camp Pendleton, and March AFB areas. The MCSS, a replacement to the CHAMPUS Reform Initiative (CRI), is an effort to reduce costs, increase access, and improve quality of care for CHAMPUS eligible beneficiaries. This program is functioning well for CHAMPUS beneficiaries to the extent it has been implemented thus far. However, the remaining active duty populations in the former NHLB and in the MAFB catchment areas must rely on NMCSD for significant specialized care which is not provided by host MTF's, or receive needed care through supplemental or Non-Federal Health Care procedures. The distance to NMCSD from the Long Beach, and March AFB areas is approximately 120 miles and 80 miles, respectively. An argument can be made, in terms of access to care, that the active duty population remaining in the above catchment areas, due to their distant proximity to an MTF, are receiving a lesser quality of care, compared to CHAMPUS beneficiaries who have access to more local alternative sources of care, i.e., TRICARE Prime, PPO, and Standard.

After all Navy active duty personnel, attached to BRAC commands, are removed from the Long Beach area, the projected BRAC I and II Navy population will fall to 78,730. March AFB is expected to close in FY 95. During the past FY, NMCSD has operated at a 93% occupancy rate. This trend, as well as an expected increase in demand for medical services under the Lead Agent concept is anticipated, regardless of the BRAC decisions.

The planned closure of the Recruit Training Center, San Diego and the U.S. Marine Corps Air Station, El Toro, CA (BRAC 93), will have a significant impact on NMCSD. The displacement of Navy personnel (10,000+) and their dependents (8,000+) by U.S. Marine Corps personnel (9,000+) and their dependents (22,000+) over the next several years at NAS Miramar, will place additional demands on NMCSD for medical services and require a change in provider mix at Miramar. A new Medical Clinic is drastically needed as the existing facility is inadequate for even the present base population let alone the additional influx of Marines. This facility must be replaced prior to the arrival of the new USMC squadrons which will begin gradually replacing Navy squadrons in FY 94. With the change in ownership of NAS Miramar, the medical provider staff will increase three-fold. At the completion of the transition from Navy to Marine Corps, NMCSD will inherit a net gain of more than 13,000 additional beneficiaries at Miramar.

The closure of the Recruit Training Command (RTC), (BRAC 93) has reduced overall demand at NTC for outpatient medical services. The Navy population presently attached to the Naval Training Center (NTC) and Service Schools Commands, adjacent to the former RTC, have enjoyed increased access to care, due to the absence of the recruits. Utilization rates have slightly increased among the remaining population. There has been negligible impact on inpatient care as a result of the closure of RTC.

7. MISSION: Do not simply report the standard mission statement. Instead, describe important functions in a bulletized format. Include anticipated mission changes and brief narrative explanation of change; also indicate if any current/projected mission changes are a result of previous BRAC-88, -91,-93 action(s).

Current Missions

- To provide to entitled beneficiaries a comprehensive range of emergency, outpatient, and inpatient health care services including: all Internal Medicine subspecialties (Respiratory Therapy, Cardiology, Allergy, Endocrinology, Gastroenterology, Hematology/Oncology, Nephrology, Pulmonary, Rheumatology, and Infectious Diseases); Dermatology; Critical Care; Emergency Medicine; Primary Care; Pediatrics; Exceptional Family Member programs; Psychiatry; Psychology; Alcohol Rehabilitation; Social Work Services; all Surgery subspecialties (General, Vascular, Pediatrics, Plastic, and Cardio-Thoracic); Anesthesiology; Neurosciences; Urology; Dental; Obstetrics & Gynecology; Ophthalmology, Orthopedics; Otorhinolaryngology; Physical/Occupational Therapy; Optometry; Pharmacy; Laboratory (Clinical and Anatomic Pathology); Radiology (General Diagnostic, Radiation Therapy, Nuclear Medicine, Radiation Safety, Diagnostic Imaging, and Special Neuroradiologic Procedures); Intensive Care Unit; Cardiac Care Unit; Neonatology Care Unit; Pediatric Intensive Care Unit, Same Day Surgery; Occupational Medicine; Industrial Hygiene; Occupational Health; Occupational Audiology; Preventive Health; Aviation Physiology Training; Health & Wellness Promotion.

- To provide, as directed, health care services in support of the operation of the Navy and Marine Corps shore activities and units of the Operating Forces; including special medical augmentation teams, deployable platforms such as the Fleet Hospital and Hospital Ship and Joint Service medical care in support of United Nations operations.

- Conduct Residency graduate medical education programs for over 350 Naval Officers in: Anesthesiology; Dental (General Practice & Oral Surgery); Dermatology; Emergency Medicine; Internal Medicine; Obstetrics & Gynecology; Ophthalmology; Orthopedic Surgery; Otolaryngology; Pathology; Pediatrics; Psychiatry; Radiology; General Surgery; and Urology. Conduct medical Fellowship post-graduate programs in: Adolescent Medicine; Cardiology; Critical Care; Dermatopathology; Gastroenterology; Hematology/Oncology; Infectious Disease; Nephrology; Pulmonary Disease; Hand Surgery; and Radiographic Imaging. Additionally, provide medical Internship programs in: Basic Surgery; Basic Medicine; Obstetrics/Gynecology; Pediatrics; and Psychiatry.

- Participate as an integral element of the Navy and Tri-Service Regional Health Care System.

- As one of the few tertiary care facilities, cooperate with military and civilian authorities in matters pertaining to public health, local disasters, and other emergencies.

Projected Missions for FY 2001

- All of the Current Missions, plus

- As the only DoD tertiary care medical facility on the western coast of the United States, NAVMEDCEN will be "the" referral center for all of DoD's Pacific area.

- A DoD Specialized Treatment Services (STS) Center for a dozen or more medical specialties, responsible for the management of all beneficiaries within the western U.S. requiring these services.

8. UNIQUE MISSIONS: Describe any missions which are unique or relatively unique to the activity. Include information on projected changes. Indicate if your command has any National Command Authority or classified mission responsibilities.

Current Unique Missions

- Providing medical support to the annual 2-day NAS Miramar "Air Show", which attracts some 300,000 local and tourist spectators.

- Serves as the only tertiary care referral center in the Southwest (DoD Region Nine TRICARE).

- Provides medical support to the U.S. Marine Corps Recruit Depot.

Projected Unique Missions for FY 2001

- All of the Current Unique Missions

9. IMMEDIATE SUPERIOR IN COMMAND (ISIC): Identify your ISIC. If your ISIC is not your funding source, please identify that source in addition to the operational ISIC.

COMMANDER NAVAL BASE SAN DIEGO 00242

• Operational name	UIC
~~BUREAU OF MEDICINE & SURGERY~~	~~00018~~

• Funding Source	UIC
BUREAU OF MEDICINE & SURGERY	00018

10. PERSONNEL NUMBERS: Host activities are responsible for totalling the personnel numbers for all of their tenant commands, even if the tenant command has been asked to separately report the data. The tenant totals here should match the total tally for the tenant listing provided subsequently in this Data Call (see Tenant Activity list). (Civilian count shall include Appropriated Fund personnel only.)

On Board Count as of 01 January 1994

	UIC	Officers	Enlisted	Civilian (Appro)	Contracted
●Reporting Command NMC San Diego	00259	717	1,564	1,223	203

11. KEY POINTS OF CONTACT (POC): Provide the work, FAX, and home telephone numbers for the Commanding Officer or OIC, and the Duty Officer. Include area code(s). You may provide other key POCs if so desired in addition to those above.

Title/Name	Office	Fax	Home
• Director of Resources			
C. J. ROSCIAM CAPT, MSC, USN	(619) 532-6626	(619) 532-6561	(619) 482-6913
• Duty Officer	(619) 532-6400		[N/A]

12. TENANT ACTIVITY LIST: This list must be all-inclusive. Tenant activities are to ensure that their host is aware of their existence and any "subleasing" of space. This list should include the name and UIC(s) of all organizations, shore commands and homeported units, active or reserve, DOD or non-DOD (include commercial entities). The tenant listing should be reported in the format provide below, listed in numerical order by UIC, separated into the categories listed below. Host activities are responsible for including authorized personnel numbers, end Strength as of **30 September 1994**, for all tenants, even if those tenants have also been asked to provide this information on a separate Data Call. (Civilian count shall include Appropriated Fund personnel only.)

- Tenants residing on main complex (shore commands)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
NAVAL SCHOOL OF HEALTH SCIENCES	0621A	41	152	13

14. FACILITY MAPS: This is a primary responsibility of the plant account holders/host commands. Tenant activities are not required to comply with submission if it is known that your host activity has complied with the request. Maps and photos should not be dated earlier than 01 January 1991, unless annotated that no changes have taken place. Any recent changes should be annotated on the appropriate map or photo. Date and label all copies.

- Local Area Map. This map should encompass, at a minimum, a 50 mile radius of your activity. Indicate the name and location of all DoD activities within this area, whether or not you support that activity. Map should also provide the geographical relationship to the major civilian communities within this radius. **(12 COPIES PROVIDED)**

- Installation Map / Activity Map / Base Map / General Development Map / Site Map. Provide the most current map of your activity, clearly showing all the land under ownership/control of your activity, whether owned or leased. Include all outlying areas, special areas, and housing. Indicate date of last update. Map should show all structures (numbered with a legend, if available) and all significant restrictive use areas/zones that encumber further development such as HERO, HERP, HERF, ESQD arcs, agricultural/forestry programs, environmental restrictions (e.g., endangered species). (Provide in two sizes: 36"x 42" (2 copies, if available); and 11"x 17" **(12 COPIES PROVIDED)**.)

- Aerial photo(s). Aerial shots should show all base use areas (both land and water) as well as any local encroachment sites/issues. You should ensure that these photos provide a good look at the areas identified on your Base Map as areas of concern/interest - remember, a picture tells a thousand words. Again, date and label all copies. **(12 COPIES PROVIDED**, 8½"x 11".)

- Air Installations Compatible Use Zones (AICUZ) Map. **(NOT APPLICABLE)**

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 1: GENERAL INSTALLATION INFORMATION

1. ACTIVITY: Follow example as provided in the table below (*delete the examples when providing your input*). If any of the questions have multiple responses, please provide all. If any of the information requested is subject to change between now and the end of Fiscal Year (FY) 1995 due to known redesignations, realignments/closures or other action, provide current and projected data and so annotate.

- Name

Official name	*Branch Medical Clinic, Naval Station, San Diego, CA*
Acronym(s) used in correspondence	*BMC NAVSTA SD*
Commonly accepted short title(s)	*BRMEDCL NAVSTA SDIEGO CA*

- Complete Mailing Address

  Branch Medical Clinic
  Naval Station San Diego
  P.O. Box 368153
  2450 Craven Street
  San Diego, CA 92136

- PLAD BRMEDCLINIC NAVSTA SAN DIEGO CA

- PRIMARY UIC: 45020 (Plant Account UIC for Plant Account Holders)

  Enter this number as the Activity identifier at the top of each Data Call response page.

- ALL OTHER UIC(s): NONE PURPOSE: N/A

2. PLANT ACCOUNT HOLDER:

- Yes ____ No XX (check one)

3. ACTIVITY TYPE: Choose most appropriate type that describes your activity and completely answer all questions.

• HOST COMMAND: A host command is an activity that provides facilities for its own functions and the functions of other (tenant) activities. A host has accountability for Class 1 (land), and/or Class 2 (buildings, structures, and utilities) property, regardless of occupancy. It can also be a tenant at other host activities.

- Yes ____ No __XX__ (check one)

• TENANT COMMAND: A tenant command is an activity or unit that occupies facilities for which another activity (i.e., the host) has accountability. A tenant may have several hosts, although one is usually designated its primary host. If answer is "Yes," provide best known information for your primary host only.

- Yes __XX__ No ____ (check one)
- Primary Host (current) UIC: __00245__
- Primary Host (as of 01 Oct 1995) UIC: __00245__
- Primary Host (as of 01 Oct 2001) UIC: __00245__

• INDEPENDENT ACTIVITY: For the purposes of this Data Call, this is the "catch-all" designator, and is defined as any activity not previously identified as a host or a tenant. The activity may occupy owned or leased space. Government Owned/Contractor Operated facilities should be included in this designation if not covered elsewhere.

- Yes ____ No __XX__ (check one)

4. SPECIAL AREAS: List all Special Areas. Special Areas are defined as Class 1/Class 2 property for which your command has responsibility that is not located on or contiguous to main complex.

Name	Location	UIC
NONE		

5. DETACHMENTS: If your activity has detachments at other locations, please list them in the table below.

Name	UIC	Location	Host name	Host UIC
NONE				

6. BRAC IMPACT: Were you affected by previous Base Closure and Realignment decisions (BRAC-88, -91, and/or -93)? If so, please provide a brief narrative.

NONE

7. MISSION: Do not simply report the standard mission statement. Instead, describe important functions in a bulletized format. Include anticipated mission changes and brief narrative explanation of change; also indicate if any current/projected mission changes are a result of previous BRAC-88, -91,-93 action(s).

Current Missions

- Provides medical support to all Naval Station active duty personnel including ships and tenant commands.
- Provides emergency ambulance response 24 hours per day to Naval Station.
- Provides emergency medical services for contingencies including natural and manmade disasters and mass casualty situations.
- Provides auxiliary medical support for fleet operational commitments.
- Provides auxiliary medical support for all ceremonial functions held on the Naval Station involving large gatherings.
- Provides humanitarian medical support to civilians who need emergency response while on board the Naval Station.

Projected Missions for FY 2001

- Do not anticipate any significant change in our mission in the future.

8. UNIQUE MISSIONS: Describe any missions which are unique or relatively unique to the activity. Include information on projected changes. Indicate if your command has any National Command Authority or classified mission responsibilities.

Current Unique Missions

- Currently BREMEDCLINIC NAVSTA is the site of a civilian study on the efficacy of a new herpes vaccine which is scheduled to run for the next 2-3 years.

Projected Unique Missions for FY 2001

- N/A

9. IMMEDIATE SUPERIOR IN COMMAND (ISIC): Identify your ISIC. If your ISIC is not your funding source, please identify that source in addition to the operational ISIC.

Operational name	UIC
Naval Medical Center San Diego	00259

Funding Source	UIC
Naval Medical Center San Diego	00259

10. PERSONNEL NUMBERS: Host activities are responsible for totalling the personnel numbers for all of their tenant commands, even if the tenant command has been asked to separately report the data. The tenant totals here should match the total tally for the tenant listing provided subsequently in this Data Call (see Tenant Activity list). (Civilian count shall include Appropriated Fund personnel only.)

On Board Count as of 01 January 1994

	Officers	Enlisted	Civilian (Appropriated)
• Reporting Command			
00259/45020	717/20	1564/91	1223/10
Tenants (total)	N/A	N/A	N/A

Authorized Positions as of 30 September 1994

	Officers	Enlisted	Civilian (Appropriated)
• Reporting Command			
00259/45020	[illegible]/24	[illegible] 539	[illegible] 5 94
• Tenants (total)	N/A	N/A	N/A

11. KEY POINTS OF CONTACT (POC): Provide the work, FAX, and home telephone numbers for the Commanding Officer or OIC, and the Duty Officer. Include area code(s). You may provide other key POCs if so desired in addition to those above.

Title/Name	Office	Fax	Home
• CO/OIC			
T.S. BREIER, LCDR, MSC, USN	(619) 556-8082	(619) 556-9419	(619) 576-1238
• Duty Officer	N/A		

12. TENANT ACTIVITY LIST: This list must be all-inclusive. Tenant activities are to ensure that their host is aware of their existence and any "subleasing" of space. This list should include the name and UIC(s) of all organizations, shore commands and home ported units, active or reserve, DOD or non-DOD (include commercial entities). The tenant listing should be reported in the format provide below, listed in numerical order by UIC, separated into the categories listed below. Host activities are responsible for including authorized personnel numbers, on board as of **30 September 1994**, for all tenants, even if those tenants have also been asked to provide this information on a separate Data Call. (Civilian count shall include Appropriated Fund personnel only.)

- Tenants residing on main complex (shore commands)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
N/A				

- Tenants residing on main complex (home ported units.)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
N/A				

- Tenants residing in Special Areas (Special Areas are defined as real estate owned by host command not contiguous with main complex; e.g. outlying fields).

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian
N/A					

- Tenants (Other than those identified previously)

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian
N/A					

13. REGIONAL SUPPORT: Identify your relationship with other activities, not reported as a host/tenant, for which you provide support. Again, this list should be all-inclusive. The intent of this question is capture the full breadth of the mission of your command and your customer/supplier relationships. Include in your answer any Government Owned/Contractor Operated facilities for which you provide administrative oversight and control.

Activity name	Location	Support function (include mechanism such as ISSA, MOU, etc.)
NONE		

14. FACILITY MAPS: This is a primary responsibility of the plant account holders/host commands. Tenant activities are not required to comply with submission if it is known that your host activity has complied with the request. Maps and photos should not be dated earlier than 01 January 1991, unless annotated that no changes have taken place. Any recent changes should be annotated on the appropriate map or photo. Date and label all copies.

- Local Area Map. This map should encompass, at a minimum, a 50 mile radius of your activity. Indicate the name and location of all DoD activities within this area, whether or not you support that activity. Map should also provide the geographical relationship to the major civilian communities within this radius. (Provide 12 copies.)

- Installation Map / Activity Map / Base Map / General Development Map / Site Map. Provide the most current map of your activity, clearly showing all the land under ownership/control of your activity, whether owned or leased. Include all outlying areas, special areas, and housing. Indicate date of last update. Map should show all structures (numbered with a legend, if available) and all significant restrictive use areas/zones that encumber further development such as HERO, HERP, HERF, ESQD arcs, agricultural/forestry programs, environmental restrictions (e.g., endangered species). (Provide in two sizes: 36"x 42" (2 copies, if available); and 11"x 17" (12 copies).)

- Aerial photo(s). Aerial shots should show all base use areas (both land and water) as well as any local encroachment sites/issues. You should ensure that these photos provide a good look at the areas identified on your Base Map as areas of concern/interest - remember, a picture tells a thousand words. Again, date and label all copies. (Provide 12 copies of each, 8½"x 11".)

- Air Installations Compatible Use Zones (AICUZ) Map. (Provide 12 copies.)

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 1: GENERAL INSTALLATION INFORMATION

1. ACTIVITY: Follow example as provided in the table below (*delete the examples when providing your input*). If any of the questions have multiple responses, please provide all. If any of the information requested is subject to change between now and the end of Fiscal Year (FY) 1995 due to known redesignations, realignments/closures or other action, provide current and projected data and so annotate.

- Name

Official name	*Branch Medical Clinic, Naval Air Station, North Island, San Diego, CA*
Acronym(s) used in correspondence	*BMC NI SD*
Commonly accepted short title(s)	*BRMEDCL NAS NORTH ISLAND SDIEGO CA*

- Complete Mailing Address

  Branch Medical Clinic
  Naval Air Station North Island
  Box 357046
  San Diego, Ca 92135-7046

- PLAD BRMEDCLINIC NAS NORTH ISLAND CA

- PRIMARY UIC: 32546 (Plant Account UIC for Plant Account Holders)

  Enter this number as the Activity identifier at the top of each Data Call response page.

- ALL OTHER UIC(s): NONE PURPOSE: N/A

2. PLANT ACCOUNT HOLDER:

- Yes ____ No XX (check one)

3. ACTIVITY TYPE: Choose most appropriate type that describes your activity and completely answer all questions.

- HOST COMMAND: A host command is an activity that provides facilities for its own functions and the functions of other (tenant) activities. A host has accountability for Class 1 (land), and/or Class 2 (buildings, structures, and utilities) property, regardless of occupancy. It can also be a tenant at other host activities.

  - Yes ____ No __XX__ (check one)

- TENANT COMMAND: A tenant command is an activity or unit that occupies facilities for which another activity (i.e., the host) has accountability. A tenant may have several hosts, although one is usually designated its primary host. If answer is "Yes," provide best known information for your primary host only.

  - Yes __XX__ No ____ (check one)
  - Primary Host (current) UIC: __00246__
  - Primary Host (as of 01 Oct 1995) UIC: __00246__
  - Primary Host (as of 01 Oct 2001) UIC: __00246__

- INDEPENDENT ACTIVITY: For the purposes of this Data Call, this is the "catch-all" designator, and is defined as any activity not previously identified as a host or a tenant. The activity may occupy owned or leased space. Government Owned/Contractor Operated facilities should be included in this designation if not covered elsewhere.

  - Yes ____ No __XX__ (check one)

4. SPECIAL AREAS: List all Special Areas. Special Areas are defined as Class 1/Class 2 property for which your command has responsibility that is not located on or contiguous to main complex.

Name	Location	UIC
NONE		

5. DETACHMENTS: If your activity has detachments at other locations, please list them in the table below.

Name	UIC	Location	Host name	Host UIC
NONE				

6. BRAC IMPACT: Were you affected by previous Base Closure and Realignment decisions (BRAC-88, -91, and/or -93)? If so, please provide a brief narrative.

* BRAC - 88 and BRAC - 91: N/A

* BRAC - 93: Informed that the active duty population aboard NAS NORTH ISLAND could increase by 4,000 by the Fiscal Year 1995. If this is the case, and no medical personnel (Physicians and Hospital Corpsmen) are among the increase, our ability to provide quality and timely care with existing personnel resources would be severely degraded.

7. MISSION: Do not simply report the standard mission statement. Instead, describe important functions in a bulletized format. Include anticipated mission changes and brief narrative explanation of change; also indicate if any current/projected mission changes are a result of previous BRAC-88, -91,-93 action(s).

Current Missions

- Provides primary care medical services for active duty personnel aboard NAS NORTH ISLAND to include Sick Call, Acute Care, Physical Exams, Immunizations, Mental Health, Physical Therapy, Optometry and Ancillary.
- Provides Emergency Ambulance services for all personnel (Military and Civilian) aboard NASNI, and flight line response..
- Provides Occupational Health services for on-base civilian employees.
- Provides personnel and equipment in support of base contingency programs, e.g. Disaster Preparedness.

Projected Missions for FY 2001

- Missions for FY-2001 are anticipated to be the same as current only on a larger scale because of projected increase in base population. No new missions are projected.

8. UNIQUE MISSIONS: Describe any missions which are unique or relatively unique to the activity. Include information on projected changes. Indicate if your command has any National Command Authority or classified mission responsibilities.

Current Unique Missions

- Provides Flight Physicals and Aviation Peculiar medical services for the aviation community aboard NASNI.

- Provides ambulance and personnel in response to Flight Line alerts.

Projected Unique Missions for FY 2001

- Unique missions for FY-2001 are anticipated to be the same as current only on a larger scale because of projected on base population. No new unique missions are projected.

9. IMMEDIATE SUPERIOR IN COMMAND (ISIC): Identify your ISIC. If your ISIC is not your funding source, please identify that source in addition to the operational ISIC.

- Operational name UIC

  Naval Medical Center San Diego 00259

- Funding Source UIC

  Naval Medical Center San Diego 00259

10. PERSONNEL NUMBERS: Host activities are responsible for totalling the personnel numbers for all of their tenant commands, even if the tenant command has been asked to separately report the data. The tenant totals here should match the total tally for the tenant listing provided subsequently in this Data Call (see Tenant Activity list). (Civilian count shall include Appropriated Fund personnel only.)

On Board Count as of 01 January 1994

	Officers	Enlisted	Civilian (Appropriated)
• Reporting Command			
00259/32546	717/9	1564/50	1223/4
Tenants (total)	N/A	N/A	N/A

Authorized Positions as of 30 September 1994

	Officers	Enlisted	Civilian (Appropriated)
• Reporting Command			
[redacted]/32546	[redacted]10	[redacted]37[redacted]	[redacted]0[redacted]
• Tenants (total)	N/A	N/A	N/A

11. KEY POINTS OF CONTACT (POC): Provide the work, FAX, and home telephone numbers for the Commanding Officer or OIC, and the Duty Officer. Include area code(s). You may provide other key POCs if so desired in addition to those above.

Title/Name	Office	Fax	Home
• CO/OIC			
F. C. CLINE, CDR, MSC, USN	(619) 545-4264	(619) 545-0761	(619) 656-0529
• Duty Officer	(619) 545-4306	(619) 545-0761	N/A
• A.D.O.			
M.A. SCHRINER, LT,MSC, USN	(619) 545-4268	(619) 545-0761	(619) 295-5641 (U)
• ADMIN CHIEF			
HMC (SW) D.L. KING	(619) 545-4292	(619) 545-0761	(619) 475-9128

12. TENANT ACTIVITY LIST: This list must be all-inclusive. Tenant activities are to ensure that their host is aware of their existence and any "subleasing" of space. This list should include the name and UIC(s) of all organizations, shore commands and home ported units, active or reserve, DOD or non-DOD (include commercial entities). The tenant listing should be reported in the format provide below, listed in numerical order by UIC, separated into the categories listed below. Host activities are responsible for including authorized personnel numbers, on board as of **30 September 1994**, for all tenants, even if those tenants have also been asked to provide this information on a separate Data Call. (Civilian count shall include Appropriated Fund personnel only.)

- Tenants residing on main complex (shore commands)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
N/A				

- Tenants residing on main complex (home ported units.)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
N/A				

- Tenants residing in Special Areas (Special Areas are defined as real estate owned by host command not contiguous with main complex; e.g. outlying fields).

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian
N/A					

- Tenants (Other than those identified previously)

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian
N/A					

13. REGIONAL SUPPORT: Identify your relationship with other activities, not reported as a host/tenant, for which you provide support. Again, this list should be all-inclusive. The intent of this question is capture the full breadth of the mission of your command and your customer/supplier relationships. Include in your answer any Government Owned/Contractor Operated facilities for which you provide administrative oversight and control.

Activity name	Location	Support function (include mechanism such as ISSA, MOU, etc.)
Outlying Landing	*Imperial Beach, Ca*	*Provide ambulance and hospital corpsman during flight operations*

14. FACILITY MAPS: This is a primary responsibility of the plant account holders/host commands. Tenant activities are not required to comply with submission if it is known that your host activity has complied with the request. Maps and photos should not be dated earlier than 01 January 1991, unless annotated that no changes have taken place. Any recent changes should be annotated on the appropriate map or photo. Date and label all copies.

- Local Area Map. This map should encompass, at a minimum, a 50 mile radius of your activity. Indicate the name and location of all DoD activities within this area, whether or not you support that activity. Map should also provide the geographical relationship to the major civilian communities within this radius. (Provide 12 copies.)

- Installation Map / Activity Map / Base Map / General Development Map / Site Map. Provide the most current map of your activity, clearly showing all the land under ownership/control of your activity, whether owned or leased. Include all outlying areas, special areas, and housing. Indicate date of last update. Map should show all structures (numbered with a legend, if available) and all significant restrictive use areas/zones that encumber further development such as HERO, HERP, HERF, ESQD arcs, agricultural/forestry programs, environmental restrictions (e.g., endangered species). (Provide in two sizes: 36"x 42" (2 copies, if available); and 11"x 17" (12 copies).)

- Aerial photo(s). Aerial shots should show all base use areas (both land and water) as well as any local encroachment sites/issues. You should ensure that these photos provide a good look at the areas identified on your Base Map as areas of concern/interest - remember, a picture tells a thousand words. Again, date and label all copies. (Provide 12 copies of each, 8½"x 11".)

- Air Installations Compatible Use Zones (AICUZ) Map. (Provide 12 copies.)

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 63
FAMILY HOUSING DATA 391

Information on Family Housing is required for use in BRAC-95 return on investment calculations.

Installation Name:	NAVMEDCEN SAN DIEGO
Unit Identification Code (UIC):	N00259
Major Claimant:	BUMED

Percentage of Military Families Living On-Base:	19 19.1% CW
Number of Vacant Officer Housing Units:	0
Number of Vacant Enlisted Housing Units:	0
FY 1996 Family Housing Budget ($000):	~~1,630.2~~ 1685.7 CW
Total Number of Officer Housing Units:	~~49.7~~ 50 CW
Total Number of Enlisted Housing Units:	~~143.8~~ 144 CW

Line 4, Percentage of Military Families Living on Base, is taken from DD Form 1377.
Lines 7-9, represents the activitys' "fair share" of the complex total of the family housing budget and inventory of officer and enlisted units. This data was provided by COMNAVFACENGCOM.
This UIC contains 1155 personnel entitled to BAQ W/Dependents out of a complex total of 44294 personnel entitled to BAQ W/Dependents.

There are 660 activities identified within this complex.

Note: All data should reflect figures as of the beginning of FY 1996. If major DON installations share a family housing complex, figures should reflect an estimate of the installation's prorated share of the family housing complex.

BRAC DATA CALL NUMBER 64
CONSTRUCTION COST AVOIDANCE

Information on cost avoidance which could be realized as the result of cancellation of on-going or programmed construction projects is provided in Tables 1 (MILCON) and 2 (FAMILY HOUSING). These tables list MILCON/FAMILY HOUSING projects which fall within the following categories:

1. all programmed construction projects included in the FY1996 - 2001 MILCON/FAMILY HOUSING Project List,

2. all programmed projects from FY1995 or earlier for which cost avoidance could still be obtained if the project were to be canceled by 1 OCT 1995, and,

3. all programmed BRAC MILCON/FAMILY HOUSING projects for which cost avoidance could still be obtained if the project were to be canceled by 1 OCT 1995.

Projects listed in Tables 1 and 2 with potential cost avoidance were determined as meeting any one of the following criteria:

Projects with projected Work in Place (WIP) less than 75% of the Current Working Estimate (CWE) as of 1 OCT 1995 .

Projects with projected completion dates or Beneficial Occupancy Dates subsequent to 31 March 1996.

Projects with projected CWE amount greater than $15M.

The estimated cost avoidance for projects terminated after construction award would be approximately one-half of the CWE for the remaining work. Close-out, claims and other termination costs can consume the other half.

391

DATA CALL 66
INSTALLATION RESOURCES

Activity Information:

Activity Name:	HEALTHCARE SUPPORT OFFICE, SAN DIEGO
UIC:	68906
Host Activity Name (if response is for a tenant activity):	N/A
Host Activity UIC:	N/A

General Instructions/Background. A separate response to this data call must be completed for each Department of the Navy (DON) host, independent and tenant activity which separately budgets BOS costs (regardless of appropriation), and, is located in the United States, its territories or possessions.

1. **Base Operating Support (BOS) Cost Data.** Data is required which captures the total annual cost of operating and maintaining Department of the Navy (DON) shore installations. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Two tables are provided. Table 1A identifies "Other than DBOF Overhead" BOS costs and Table 1B identifies "DBOF Overhead" BOS costs. These tables must be completed, as appropriate, for all DON host, independent or tenant activities which separately budget BOS costs (regardless of appropriation), and, are located in the United States, its territories or possessions. Responses for DBOF activities may need to include both Table 1A and 1B to ensure that all BOS costs, including those incurred by the activity in support of tenants, are identified. If both table 1A and 1B are submitted for a single DON activity, please ensure that no data is double counted (that is, included on both Table 1A and 1B). The following tables are designed to collect all BOS costs currently budgeted, regardless of appropriation, e.g., Operations and Maintenance, Research and Development, Military Personnel, etc. Data must reflect FY 1996 and should be reported in thousands of dollars.

a. **Table 1A - Base Operating Support Costs (Other Than DBOF Overhead).** This Table should be completed to identify "Other Than DBOF Overhead" Costs. Display, in the format shown on the table, the O&M, R&D and MPN resources currently budgeted for BOS services. O&M cost data must be consistent with data provided on the BS-1 exhibit. Report only direct funding for the activity. Host activities should not include reimbursable support provided to tenants, since tenants will be separately reporting these costs. Military personnel costs should be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Add additional

lines to the table (following line 2j., as necessary, to identify any additional cost elements not currently shown). **Leave shaded areas of table blank.**

Table 1A - Base Operating Support Costs (Other Than DBOF Overhead)			
Activity Name: HEALTHCARE SUPPORT OFFICE - SD		UIC: 68906	
Category	FY 1996 BOS Costs ($000)		
	Non-Labor	Labor	Total
1. Real Property Maintenance Costs:			
1a. Maintenance and Repair	0	0	0
1b. Minor Construction	0	0	0
1c. Sub-total 1a. and 1b.	0	0	0
2. Other Base Operating Support Costs:			
2a. Utilities	0	0	0
2b. Transportation	14	0	14
2c. Environmental	0	0	0
2d. Facility Leases	N/A	N/A	N/A
2e. Morale, Welfare & Recreation	N/A	N/A	N/A

2g. Child Care Centers	N/A	N/A	N/A
2h. Family Service Centers	N/A	N/A	N/A
2i. Administration	121		121
2j. Other (Specify)*	0	0	0
2k. Sub-total 2a. through 2j:	135	0	135
3. Grand Total (sum of 1c. and 2k.):	135	0	135

DATA CALL 66
INSTALLATION RESOURCES

b. Funding Source. If data shown on Table 1A reflects more than one appropriation, then please provide a break out of the total shown for the "3. Grand-Total" line, by appropriation:

Appropriation	Amount ($000)
N/A	

c. Table 1B - Base Operating Support Costs (DBOF Overhead). This Table should be submitted for all current DBOF activities. Costs reported should reflect BOS costs supporting the DBOF activity itself (usually included in the G&A cost of the activity). For DBOF activities which are tenants on another installation, total cost of BOS incurred by the tenant activity for itself should be shown on this table. It is recognized that differences exist among DBOF activity groups regarding the costing of base operating support: some groups reflect all such costs only in general and administrative (G&A), while others spread them between G&A and production overhead. Regardless of the costing process, all such costs should be included on Table 1B. The Minor Construction portion of the FY 1996 capital budget should be included on the appropriate line. Military personnel costs (at civilian equivalency rates) should also be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Also ensure that there is no duplication between data provided on Table 1A. and 1B. These two tables must be mutually exclusive, since in those cases where both tables are submitted for an activity, the two tables will be added together to estimate total BOS costs at the activity. Add additional lines to the table (following line 21., as necessary, to identify any additional cost elements not currently shown). **Leave shaded areas of table blank.**

Other Notes: All costs of operating the five Major Range Test Facility Bases at DBOF activities (even if direct RDT&E funded) should be included on Table 1B. Weapon Stations should include underutilized plant capacity costs as a DBOF overhead "BOS expense" on Table 1B..

DATA CALL 66
INSTALLATION RESOURCES

2. Services/Supplies Cost Data. The purpose of Table 2 is to provide information about projected **FY 1996** costs for the purchase of services and supplies by the activity. **(Note: Unlike Question 1 and Tables 1A and 1B, above, this question is not limited to overhead costs.)** The source for this information, where possible, should be either the NAVCOMPT OP-32 Budget Exhibit for O&M activities or the NAVCOMPT UC/FUND-1/IF-4 exhibit for DBOF activities. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Break out cost data by the major sub-headings identified on the OP-32 or UC/FUND-1/IF-4 exhibit, disregarding the sub-headings on the exhibit which apply to civilian and military salary costs and depreciation. Please note that while the OP-32 exhibit aggregates information by budget activity, this data call requests OP-32 data for the activity responding to the data call. Refer to NAVCOMPTINST 7102.2B of 23 April 1990, Subj: Guidance for the Preparation, Submission and Review of the Department of the Navy (DON) Budget Estimates (DON Budget Guidance Manual) with Changes 1 and 2 for more information on categories of costs identified. Any rows that do not apply to your activity may be left blank. However, totals reported should reflect all costs, exclusive of salary and depreciation.

Table 2 - Services/Supplies Cost Data	
Activity Name: HEALTHCARE SUPPORT OFFICE	**UIC:** 68906
Cost Category	**FY 1996 Projected Costs ($000)**
Travel:	223
Material and Supplies (including equipment):	2208
Industrial Fund Purchases (other DBOF purchases):	N/A
Transportation:	14
Other Purchases (Contract support, etc.):	
Total:	2445

DATA CALL 66
INSTALLATION RESOURCES

3. Contractor Workyears.

a. **On-Base Contract Workyear Table.** Provide a projected estimate of the number of contract workyears expected to be **performed "on base"** in support of the installation during FY 1996. Information should represent an annual estimate on a full-time equivalency basis. Several categories of contract support have been identified in the table below. While some of the categories are self-explanatory, please note that the category "mission support" entails management support, labor service and other mission support contracting efforts, e.g., aircraft maintenance, RDT&E support, technical services in support of aircraft and ships, etc.

Table 3 - Contract Workyears	
Activity Name: HEALTHCARE SUPPORT OFFICE - SD	**UIC:** 68906
Contract Type	**FY 1996 Estimated Number of Workyears On-Base**
Construction:	N/A
Facilities Support:	N/A
Mission Support:	N/A
Procurement:	N/A
Other:*	N/A
Total Workyears:	N/A

* **Note:** Provide a brief narrative description of the type(s) of contracts, if any, included under the "Other" category.

DATA CALL 66
INSTALLATION RESOURCES

b. Potential Disposition of On-Base Contract Workyears. If the mission/functions of your activity were relocated to another site, what would be the anticipated disposition of the **on-base contract workyears** identified in Table 3.?

1) Estimated number of contract workyears which would be transferred to the receiving site (This number should reflect the number of jobs which would in the future be contracted for at the receiving site, not an estimate of the number of people who would move or an indication that work would necessarily be done by the same contractor(s)):

N/A

2) Estimated number of workyears which would be eliminated:

N/A

3) Estimated number of contract workyears which would remain in place (i.e., contract would remain in place in current location even if activity were relocated outside of the local area):

N/A

DATA CALL 66
INSTALLATION RESOURCES

c. **"Off-Base" Contract Workyear Data.** Are there any contract workyears located in the local community, but not on-base, which would either be eliminated or relocated if your activity were to be closed or relocated? If so, then provide the following information **(ensure that numbers reported below do not double count numbers included in 3.a. and 3.b., above)**:

No. of Additional Contract Workyears Which Would Be Eliminated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)
	N/A

No. of Additional Contract Workyears Which Would Be Relocated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)
	N/A

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

MISSION REQUIREMENTS

1. Mission Statement. State the mission of your medical facility in sufficient detail so that it can be distinguished from other medical facilities.

To provide a comprehensive range of quality outpatient health care services to active duty Navy and Marine Corps personnel, and other active duty members of the Uniformed Services in support of the operation of Naval Station, San Diego, and all tenant commands and fleet activities.

To ensure that the clinic is maintained in a proper state of readiness to fulfill wartime and contingency mission plans. Ensure that all assigned military personnel are aware of and properly trained for the performance of their assigned contingency and wartime duties.

To conduct appropriate training programs for assigned military and civilian personnel to ensure that both military and health care standards of conduct and performance are achieved and maintained.

To cooperate with military and civilian authorities in matters pertaining to public health, local disasters, and other emergencies.

To maintain requisite quality health care standards so as to ensure successful accreditation and recognition by appropriate government and civilian agencies and commissions, to include the Joint Commission for Accreditation of Healthcare Organizations (JCAHO).

2. Customer Base. In the table below, identify your active duty customers. Include both Naval and non-Naval active duty components. Begin with the largest activity and work down to the smallest. Include the customer Unit Identification Code (UIC).

UNIT NAME	UIC	UNIT LOCATION	UNIT SIZE (NUMBER OF PERSONNEL)

UNIT NAME	UIC	UNIT LOCATION	UNIT SIZE (NUMBER OF PERSONNEL)

UNIT NAME	UIC	UNIT LOCATION	UNIT SIZE (NUMBER OF PERSONNEL)

UNIT NAME	UIC	UNIT LOCATION	UNIT SIZE (NUMBER OF PERSONNEL)

NOTE: DUPLICATE THIS TABLE AS NECESSARY TO RECORD ALL UNITS SUPPORTED. ONLY USE THIS FORMAT.

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	0	66,132	0	0
ACTIVE DUTY NON N/MC	0	628	0	0
TOTAL ACTIVE DUTY	0	66,760		0
FAMILY OF AD	0	40	0	0
RETIRED AND FAMILY MEMBERS UNDER 65*	0	64	0	0
RETIRED AND FAMILY MEMBERS OVER 65	0	0	0	0
OTHER	0	5,040	0	0
TOTAL	0	71,904		0

What is your occupancy rate for FY 1994 to date? N/A

*** Data not available by age; all ages included.**

4. Projected Workload. Complete the following tables for your projected workload. Please show and develop any assumptions and calculations used to complete the table. Be sure to note any impact prior closure and realignment decisions have had on your facility.
Please be sure to include any impact your participation in the managed care initiative (TRICARE), previous BRAC actions, and force structure reductions will have on your workload.

	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
OUTPAT. VISITS	**73,198**	**74,516**	**75,857**	**77,223**	**78,613**	**80,028**	**81,468**
ADMISS.	**0**	**0**	**0**	**0**	**0**	**0**	**0**

Please show all assumptions and calculations in the space below:

*** Total projected population is based on increase of 9% between FY 94 and FY 99 (1.8% Increase Annually).**

5. Medical Support. Indicate in the table below all the medical support you provide that is not direct patient care, and identify the time spent providing such support (i.e. food service inspections, medical standby for physical fitness tests, flight operations, field training,rifle range, MWR support for sporting events, etc.).

NON-PATIENT CARE SUPPORT	TIME SPENT %	STAFF NEEDED/ EVENT
Rifle Range Support	**2**	**1**

6. Graduate Medical Education. In the table provided, identify all the training programs (to include transitional internships and fellowships) at your facility and the numbers graduated per year. Also identify major non-physician training programs (such as OR nurse, nurse anesthetist, etc.). Be sure to take into account any planned program changes, and prior base closure and realignment decisions.

PROGRAM	NUMBER TRAINED BY FISCAL YEAR							
	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
N/A								

6a. Graduate Medical Education. Complete the following table for each Graduate Medical Education program that requires accreditation by the Accreditation Council for Graduate Medical Education (ACGME):

PROGRAM	STATUS[1]	CERT.[2]	COMMENTS[3]
N/A			

[1] Use F for fully accredited, P for probation, and N for not accredited.
[2] List the percentage of program graduates that achieve board certification.
[3] Complete this section for all programs that you entered a P or N in the Status column. Indicate why the program is not fully accredited and when it is likely to become fully accredited.

FACILITIES

7. Facilities Description. Complete the following table for all buildings for which you maintain an inventory record. Use only one row for each building. Provide the 5 digit category code number (CCN) where possible. Do not include any buildings that would receive their own data calls (such as a Branch Medical Clinic): **N/A. The clinic is a tenant of Naval Station, San Diego (UIC: 00245).**

FACILITY TYPE (CCN)	BUILDING NAME/USE[1]	SQUARE FEET	AGE (IN YEARS)	CONDITION CODE[2]

[1] Use refers to patient care, administration, laboratory, warehouse, power plant, etc.

[2] This should be based on NAVFACINST 11011.44E Shore Facilities Planning Manual and the condition recorded should be recorded as Adequate, Substandard, or Inadequate. Chapter 5 of NAVFACINST 11011.44E provides guidance on this scoring system.

7a. In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information: **N/A.**

1. Facility Type/Code:
2. What makes it inadequate?
3. What use is being made of the facility?
4. What is the cost to upgrade the facility to substandard?
5. What other use could be made of the facility and at what cost?
6. Current improvement plans and programmed funding:
7. Has this facility condition resulted in "C3" or "C4" designation on your BASEREP?

7b. Capital Improvement Expenditures. List the project number, description, funding year, and value of the **capital improvements at your facility completed (beneficial occupancy) during 1988 to 1994.** Indicate if the capital improvement is a result of BRAC realignments or closures.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
N/A			

7c. Planned Capital Improvements. List the project number, funding year, and value of the **non-BRAC related capital improvements planned** for years 1995 through 1997.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
N/A			

7d. Planned Capital Improvements. List the project number, description, funding year, and value of the **BRAC related capital improvements planned** for 1995 through 1999.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
N/A			

7e. Please complete the following Facility Condition Assessment Document (FCAD) DD Form 2407: Instructions follow the form.

N/A

FORM INSTRUCTIONS

1. This form is not intended to be used as detailed engineering evaluation of the condition of the facilities. It is primarily designed to assist in assessing the adequacy and condition of Medical/Dental Facilities. Complete only one form for all of your facilities.

2. The Functions/Systems should be evaluated on a consolidated basis for the entire facility.

3. Not more than 4 deficiencies should be identified in the Deficiency Codes column for each item listed under the Function/System column.

4. Fill in N/A (not applicable) where certain Function/System is not present in the facility. For example, Inpatient Nursing Units and Labor-Delivery-Nursery are not applicable to Clinics.

5. Numbers under % Adequate, % Substandard, % Inadequate must total 100 for each function/System.

6. After completion, the form must be signed by the Commander/Commanding Officer/Officer-in-Charge of the facility.

7. Use DoD Standard Data Element Codes for State when entering codes in item 6.

DEFINITIONS

CATEGORY CODE - Facility Category Code is a numeric code used to identify a particular use of Military Department's real property for Hospital and other Medical Facilities usage (i.e., building, structure or utility). The first three digits of the code are a DoD standard (DoDI 4165.3); the fourth, fifth and sixth (if applicable) digits are added to provide more definitive categorization of the Military Department's facilities.

CONSTRUCTION TYPE - Type is either Permanent, Semi-permanent, or Temporary construction at the time building was built.

% ADEQUATE - Percent Adequate is the capacity of a facility or portion thereof, in percentage form, that is in adequate condition and associated with a designated function (USE). Adequate is defined as being capable of supporting the designated function without a need for capital improvements.

% SUBSTANDARD - Percent Substandard is the capacity of a facility or portion thereof, in percentage form, that is in substandard condition and associated with a designated function (USE). Substandard is defined as having deficiencies which prohibit of severely restrict, or will prohibit or severely restrict within the next five years due to expected deterioration , the use of a facility for its designated function. Substandard is further defined as having deficiencies which can be economically corrected by capital improvements and/or repairs.

% INADEQUATE - Percent Inadequate is the capacity of a facility of portion thereof, in percentage form, that is in inadequate condition and associated with a designated function (USE). Inadequate is defined as having deficiencies due to physical deterioration, functional inadequacy or hazardous

location or situation which prohibit or severely restrict, or will prohibit or severely restrict within the next five years, the use of a facility for its designated function. Inadequate is further defined as having deficiencies which cannot be economically corrected to meet the requirements of the designated function.

DEFICIENCY CODE - Code is a three character code indicating the type of deficiency existing in a facility or portion thereof that is in a substandard or inadequate condition and associated with a designated function (USE). The first character of the code indicates one of the six types of deficiencies. The next two characters specify the facility component(s) or related items which are deficient.

(1) Deficient Status of Condition Types - first character
- A - Physical Condition
- B - Functional or Space Criteria
- C - Design Criteria
- D - Location or Siting Criteria
- E - Nonexistence
- F - Total Obsolescence or Deterioration

(2) Facility Components or Related Items - last two characters
- 01 - Heating, Ventilating and Air Conditioning (HVAC)
- 02 - Plumbing Fixtures
- 03 - Fire Protection/Life Safety Code
- 04 - Medical Gases
- 05 - Lighting Fixtures
- 06 - Power Capacity
- 07 - Emergency Generators
- 08 - Communications
- 09 - Building or Structure (total)
- 10 - Seismic Design
- 11 - Roof/Ceiling
- 12 - Building Interior/Configuration
- 13 - Sound Proofing/Excessive Noise
- 14 - Compliance of Installation with Master Plan
- 15 - OSHA Deficiency
- 16 - JCAH Deficiency
- 17 - Functionality
- 18 - Site Location
- 19 - Mission of the Base
- 20 - None

7f. Please provide the date of your most recent Joint Commission on Accreditation of Healthcare Organizations (JCAHO) survey and indicate the status of your certification. Also record your Life Safety Management score from that survey.

DATE OF SURVEY: __**N/A**__

FULL ACCREDITATION: Yes/No

LIFE SAFETY MANAGEMENT SCORE: ____ (Record as 1,2,3,4,or 5)

LOCATION:

8. Geographic Location. How does your geographic location affect your mission? Specifically, address the following:

a. What is the importance of your location relative to the clients supported?

Significantly important, due to easy access.

b. What are the nearest air, rail, sea and ground transportation nodes?

NAS North Island, NAS Miramar, San Diego Airport, Greyhound

c. Please provide the distance in miles that your facility is located from any military or civilian airfield that can accommodate a C-9 aircraft.

Distance (in miles): __5__

d. What is the importance of your location given your mobilization requirements?

Significant due to the presence of 7th Fleet ships/commands which play an important role in rapid mobilization.

e. On the average, how long does it take your current clients/customers to reach your facility?

15 minutes.

9. Manpower and recruiting issues. Are there unique aspects of your facility's location that help or hinder in the hiring of qualified civilian personnel?

N/A.

FEATURES AND CAPABILITIES

10. Capabilities. What would be the impact on the Navy and Marine Corps if the capabilities of your facility were to be lost? Answer this question in terms of the unique capabilities of your staff, equipment and facility.

Significant. The facility provides primary health care to approximately 60 ships, 68 tenant commands and other foreign ships in close proximity to the waterfront. Alternate sources of care would increase time away from ships by 1-2 hours per visit.

10a. If your facility were to close without any change in beneficiary population would the remaining local health care infrastructure be able to absorb the additional workload? Please provide supporting information to your answer.

See Item 10.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health care system be able to care for the residual eligible population? Please provide supporting information to your answer.

See Item 10.

10c. If your inpatient care capability were to close, would the local community be able to absorb your current inpatient workload? Please develop all of your conclusions with supporting data and show it in the space below:

See Item 10.

11. Mobilization. What are your facility's mobilization requirements?

a. If any of your staff is assigned to support a Hospital Ship, Fleet Hospital, Marine Corps unit, ship, or other operational unit during mobilization complete the following table:

UNIT NAME	UNIT NUMBER (IF APPLICABLE)	NUMBER OF STAFF ASSIGNED
N/A		

NOTE: DUPLICATE THIS TABLE AS NECESSARY TO RECORD ALL UNITS.

b. What additional workload could you perform if you did not have this requirement and its associated training? Please show all assumptions and calculations used in arriving at your conclusions.

c. Please provide the total number of your expanded beds[1] that are currently fully "stubbed" (i.e. the number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours). Use of portable gas or electrical utilities is not considered in this definition.

Number of "stubbed" expanded beds[1]: _____

[1] Use the bed definitions as they appear in BUMEDINST 6320.69 and 6321.3.

12. Non-availability Statements. Please complete the following table for Non-availability statements (NAS): **N/A.**

NAS TYPE	FISCAL YEAR		
	1992	1993	1994
INPATIENT			
OUTPATIENT			

13. Supplemental Care. Please complete the following table for supplemental care: **N/A.**

CATEGORY OF PATIENT	SUPPLEMENTAL CARE[2]					
	FY 1992		FY 1993		FY 1994	
	NO.[1]	COST[2]	NO.	COST	NO.	COST
AD						
AD FAMILY						
OTHER						
TOTAL						

[1] The total number of consults, procedures and admissions covered with supplemental care dollars.

[2] The total cost in thousands of dollars.

14. Costs. Complete the following table regarding your outpatient costs. Use the same definitions and assumptions that you use for reporting to Medical Expense and Performance Reporting System (MEPRS).

CATEGORY	FY 1992	FY 1993	FY 1994
TOTAL COSTS	**$5,948,109.00**	**$5,498,266.00**	**$5,082,444.00**
TOTAL OUTPATIENT VISITS	**$99,314.00**	**$78,612.00**	**$62,225.00**
AVERAGE COST PER VISIT	**$59.89**	**$69.94**	**$81.68**

14a. Costs. Complete the following tables regarding your inpatients costs. Use the same definitions and assumptions that you use for reporting Medical Expense and Performance Reporting System (MEPRS). Table A, B, C, and D are used to arrive at a cost per Relative Weighted Product (RWP). FY 1994 should be completed through the First Quarter FY 1994.

Table A: **N/A.**

CATEGORY	FY 1992	FY 1993	FY 1994
A. TOTAL MEPRS-A EXPENSE			

Table B: **N/A.**

CATEGORY	FY 1992	FY 1993	FY 1994
B. SUPPLEMENTAL CARE COSTS IN MEPRS-A[1]			
C. SAME DAY SURGERY EXPENSES IN MEPRS-A (DGA)[1]			
D. OCCUPATIONAL/PHYSICAL THERAPY EXPENSES IN MEPRS-A (DHB/DHD)[1]			
E. HYPERBARIC MEDICINE EXPENSES IN MEPRS-A (DGC)[1]			
F. TOTAL (B+C+D+E)			

[1] These costs are actual or estimated. If other than actual please provide assumptions and calculations.

Table C: **N/A.**

CATEGORY (SPECIAL PROGRAM EXPENSES)	FY 1992	FY 1993	FY 1994
G. AREA REFERENCE LABORATORY (FAA)			
H. CLINIC INVESTIGATION PROGRAM (FAH)			
I. CONTINUING HEALTH PROGRAM (FAL)			
J. DECEDENT AFFAIRS (FDD)			
K. INITIAL OUTFITTING (FDE)

O. TOTAL CATEGORY III RWPS			
P. UNIT COST (N÷O)			

15. Quality of Life. **N/A. The clinic is a tenant of Naval Station, San Diego (UIC: 00245).**

a. Military Housing

(1) Family Housing:

(a) Do you have mandatory assignment to on-base housing? (circle)
yes no

(b) For military family housing in your locale provide the following information:

Type of Quarters	Number of Bedrooms	Total number of units	Number Adequate	Number Substandard	Number Inadequate
Officer	4+				
Officer	3				
Officer	1 or 2				
Enlisted	4+				
Enlisted	3				
Enlisted	1 or 2				
Mobile Homes					
Mobile Home lots					

(c) In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means". For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(d) Complete the following table for the military housing waiting list.

Pay Grade	Number of Bedrooms	Number on List[1]	Average Wait
O-6/7/8/9	1		
	2		
	3		
	4+		
O-4/5	1		
	2		
	3		
	4+		
O-1/2/3/CWO	1		
	2		
	3		
	4+		
E7-E9	1		
	2		
	3		
	4+		
E1-E6	1		
	2		
	3		
	4+		

[1]As of 31 March 1994.

(e) What do you consider to be the top five factors driving the demand for base housing? Does it vary by grade category? If so provide details.

	Top Five Factors Driving the Demand for Base Housing
1	
2	
3	
4	
5	

(f) What percent of your family housing units have all the amenities required by "The Facility Planning & Design Guide" (Military Handbook 1190 & Military Handbook 1035-Family Housing)?

(g) Provide the utilization rate for family housing for FY 1993.

Type of Quarters	Utilization Rate
Adequate	
Substandard	
Inadequate	

(h) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 98% (or vacancy over 2%), is there a reason?

(2) BEQ:

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

$$\textbf{AOB} = \frac{\textbf{(\# Geographic Bachelors x average number of days in barracks)}}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)			
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

(3) BOQ:

(a) Provide the utilization rate for BOQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	
Substandard	
Inadequate	

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

$$\textbf{AOB} = \frac{\textbf{(\# Geographic Bachelors x average number of days in barracks)}}{\textbf{365}}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)			
Spouse Employment (non-military)			
Other			
TOTAL		100	

(e) How many geographic bachelors do not live on base?

b. For on-base MWR facilities[2] available, complete the following table for each separate location. For off-base government owned or leased recreation facilities indicate distance from base. If there are any facilities not listed, include them at the bottom of the table.

LOCATION_____ **DISTANCE**_____

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Auto Hobby	Indoor Bays		
	Outdoor Bays		
Arts/Crafts	SF		
Wood Hobby	SF		
Bowling	Lanes		
Enlisted Club	SF		
Officer's Club	SF		
Library	SF		
Library	Books		
Theater	Seats		
ITT	SF		
Museum/Memorial	SF		
Pool (indoor)	Lanes		
Pool (outdoor)	Lanes		
Beach	LF		
Swimming Ponds	Each		
Tennis CT	Each		

[2]Spaces designed for a particular use. A single building might contain several facilities, each of which should be listed separately.

Facility	Unit of Measure	Total	Profitable (Y,N,N/A)
Volleyball CT (outdoor)	Each		
Basketball CT (outdoor)	Each		
Racquetball CT	Each		
Golf Course	Holes		
Driving Range	Tee Boxes		
Gymnasium	SF		
Fitness Center	SF		
Marina	Berths		
Stables	Stalls		
Softball Fld	Each		
Football Fld	Each		
Soccer Fld	Each		
Youth Center	SF		

c. Is your library part of a regional interlibrary loan program?

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos						
6-12 Mos						
12-24 Mos						
24-36 Mos						
3-5 Yrs						

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the list.

(4). How many "certified home care providers" are registered at your base?

(5). Are there other military child care facilities within 30 minutes of the base? State owner and capacity (i.e., 60 children, 0-5 yrs).

(6). Complete the following table for services available on your base. If you have any services not listed, include them at the bottom.

Service	Unit of Measure	Qty
Exchange	SF	
Gas Station	SF	
Auto Repair	SF	
Auto Parts Store	SF	
Commissary	SF	
Mini-Mart	SF	
Package Store	SF	
Fast Food Restaurants	Each	
Bank/Credit Union	Each	
Family Service Center	SF	
Laundromat	SF	
Dry Cleaners	Each	
ARC	PN	
Chapel	PN	
FSC Classrm/Auditorium	PN	

e. Proximity of closest major metropolitan areas (provide at least three):

City	Distance (Miles)

g. Off-base housing rental and purchase

(1) Fill in the following table for average rental costs in the area for the period 1 April 1993 through 31 March 1994.

Type Rental	Average Monthly Rent		Average Monthly Utilities Cost
	Annual High	Annual Low	
Efficiency			
Apartment (1-2 Bedroom)			
Apartment (3+ Bedroom)			
Single Family Home (3 Bedroom)			
Single Family Home (4+ Bedroom)			
Town House (2 Bedroom)			
Town House (3+ Bedroom)			
Condominium (2 Bedroom)			
Condominium (3+ Bedroom)			

(2) What was the rental occupancy rate in the community as of 31 March 1994?

Type Rental	Percent Occupancy Rate
Efficiency	
Apartment (1-2 Bedroom)	
Apartment (3+ Bedroom)	
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(3) What are the median costs for homes in the area?

Type of Home	Median Cost
Single Family Home (3 Bedroom)	
Single Family Home (4+ Bedroom)	
Town House (2 Bedroom)	
Town House (3+ Bedroom)	
Condominium (2 Bedroom)	
Condominium (3+ Bedroom)	

(4) For calendar year 1993, from the local MLS listings provide the number of 2, 3, and 4 bedroom homes available for purchase. Use only homes for which monthly payments would be within 90 to 110 percent of the E5 BAQ and VHA for your area.

Month	Number of Bedrooms		
	2	3	4+
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			

(5) Describe the principle housing cost drivers in your local area.

h. For the top five sea intensive ratings in the principle warfare community your base supports, provide the following:

Rating	Number Sea Billets in the Local Area	Number of Shore billets in the Local Area

i. Complete the following table for the average one-way commute for the five largest concentrations of military and civilian personnel living off-base.

Location	% Employees	Distance (mi)	Time(min)

j. Complete the tables below to indicate the civilian educational opportunities available to service members stationed at the air station (to include any outlying fields) and their dependents:

(1) List the local educational institutions which offer programs available to dependent children. Indicate the school type (e.g. DODDS, private, public, parochial, etc.), grade level (e.g. pre-school, primary, secondary, etc.), what students with special needs the institution is equipped to handle, cost of enrollment, and for high schools only, the average SAT score of the class that graduated in 1993, and the number of students in that class who enrolled in college in the fall of 1994.

Institution	Type	Grade Level(s)	Special Education Available	Annual Enrollment Cost per Student	1993 Avg SAT/ ACT Score	% HS Grad to Higher Educ	Source of Info

(2) List the educational institutions within 30 miles which offer programs off-base available to service members and their adult dependents. Indicate the extent of their programs by placing a "Yes" or "No" in all boxes as applies.

Institution	Type Classes	Program Type(s)				
		Adult High School	Vocational / Technical	Undergraduate		Graduate
				Courses only	Degree Program	
	Day					
	Night					
	Day

k. Spousal Employment Opportunities

Provide the following data on spousal employment opportunities.

Skill Level	Number of Military Spouses Serviced by Family Service Center Spouse Employment Assistance			Local Community Unemployment Rate
	1991	1992	1993	
Professional				
Manufacturing				
Clerical				
Service				
Other				

l. Do your active duty personnel have any difficulty with access to medical or dental care, in either the military or civilian health care system? Develop the why of your response.

m. Do your military dependents have any difficulty with access to medical or dental care, in either the military or civilian health care system? Develop the why of your response.

n. Complete the table below to indicate the crime rate for your air station for the last three fiscal years. The source for case category definitions to be used in responding to this question are found in NCIS - Manual dated 23 February 1989, at Appendix A, entitled "Case Category Definitions." Note: the crimes reported in this table should include 1) all reported criminal activity which occurred on base regardless of whether the subject or the victim of that activity was assigned to or worked at the base; and 2) all reported criminal activity off base.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

CAPACITY ANALYSIS:
DATA CALL WORK SHEET FOR
MEDICAL FACILITY: BRMEDCL NAS NORTH ISLAND SDIEGO CA
32546

Category.....Personnel Support
Sub-category....Medical
Types.....Clinics

*******If any responses are classified, attach separate classified annex*******

TABLE OF CONTENTS

MISSION REQUIREMENTS

1. Population 3
2. Bed Capacity 4
3. Workload 5,6,7
4. Staffing 8

LOCATION

5. Community Providers.....9
6. Regional Population.....10
7. Regional Community Hospitals 11,12

MISSION REQUIREMENTS

1. Population. Please identify your beneficiary population using the same definitions as used by RAPS. Use the following table to record your results.

TYPE	ACTUAL FY 1993			PROJECTED FY 2001		
	CATCHMENT[1]	ASSIGNED[2]	REGION[3]	CATCHMENT[1]	ASSIGNED[2]	REGION[3]
AD	N/A	15,766	N/A	N/A	18,603	N/A
FAMILY OF AD	N/A	N/A	N/A	N/A	3,198	N/A
SUBTOTAL	N/A	15,766	N/A	N/A	21,801	N/A
RETIRED AND FAMILY MEMBERS UNDER 65	N/A	N/A	N/A	N/A	2,001	N/A
RETIRED AND FAMILY MEMBERS OVER 65[4]	N/A	N/A	N/A	N/A	1,444	N/A
OTHER	N/A	N/A	N/A	N/A	1,400	N/A
TOTAL	N/A	15,766	N/A	N/A	26,646	N/A

NOTE: THE FOLLOWING APPLIES TO ALL FACILITIES.

[1] THE BASIS FOR YOUR REPORTED POPULATION IS THE CATCHMENT AREA DEFINED AS SETS OF ZIP CODES EMANATING FROM THE CENTER OF THE ZIP CODE IN WHICH THE MTF IS LOCATED WITH A RADIUS OF 40 MILES.

[2] THIS IS THE POPULATION SPECIFICALLY ASSIGNED TO YOUR FACILITY IN CONTRAST TO THE POPULATION IN THE CATCHMENT AREA. THIS IS IMPORTANT IN FACILITIES WITH OVERLAPPING CATCHMENT AREAS.

[3] IF YOU ARE A DESIGNATED NAVAL MEDICAL CENTER, PLEASE REPORT YOUR LEAD AGENT POPULATION (SEE TRICARE POLICY GUIDELINES).

[4] THIS SECTION MUST BE COMPLETED.

2. Bed Capacity. Please complete the following table related to your inpatient beds. If you have no inpatient beds please so indicate.

Operating Beds[1]:	**N/A**
Set Up Beds[1]:	**N/A**
Expanded Bed Capacity[2]:	**N/A**

[1] Use the definitions in BUMEDINST 6320.69 and 6321.3.
[2] The number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours. Use of portable gas or electrical utilities is not considered in this definition.

The following questions are designed to determine the level of services provided at your facility during FY 1993, your current maximum capability (i.e. your maximum capacity given the same set of parameters that you are currently functioning within), and the requirements of the community you support.

3. Workload. Complete the following table for FY 1993:

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS	**52,772**	**127**	**114**	**9,794**	**62,807**
ADMISSIONS	**0**	**0**	**0**	**0**	**0**
LABORATORY TESTS (WEIGHTED)[1] *	**452,326**	**1,089**	**977**	**83,948**	**538,339**
RADIOLOGY PROCEDURES (WEIGHTED)[1] *	**10,230**	**25**	**22**	**1,889**	**12,175**
PHARMACY UNITS (WEIGHTED)[1] *	**28,715**	**68**	**61**	**5,229**	**33,533**
OTHER (SPECIFY)	**0**	**0**	**0**	**0**	**0**

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

* **Ancillary workload not collected by PatCat; used Pat Cat % for visits.**

3a. Workload. Complete the following table for your maximum capacity. Assume the same facility, staff, equipment, and supplies you currently have. Do not change your scope of practice. **Show all calculations and assumptions in the space below.**

N/A. The clinic is performing at maximum capacity based on existing resources.

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	TOTAL OF EACH ROW
OUTPATIENT VISITS				
ADMISSIONS				
LABORATORY TESTS (WEIGHTED)[1]				
RADIOLOGY PROCEDURES (WEIGHTED)[1]				
PHARMACY UNITS (WEIGHTED)[1]				
OTHER (SPECIFY)				

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

3b. Workload. Complete the following table for the current workload demand of your supported population. Assume you are to provide all the care in your facility for your catchment area. **Show all calculations and assumptions in the space below.**

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS *	**68,604**	**165**	**148**	**12,732**	**81,649**
ADMISSIONS *	**0**	**0**	**0**	**0**	**0**
LABORATORY TESTS (WEIGHTED)[1] *,**	**588,024**	**1,415**	**1,270**	**109,132**	**699,841**
RADIOLOGY PROCEDURES (WEIGHTED)[1] *,**	**13,299**	**32**	**29**	**2,468**	**15,828**
PHARMACY UNITS (WEIGHTED)[1] *,**	**36,628**	**88**	**79**	**6,798**	**43,593**
OTHER (SPECIFY)	**0**	**0**	**0**	**0**	**0**

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

* **Actual plus 30% (provided by Champus).**
** **Ancillary workload not collected by PatCat; used PatCat % for visits.**

4. Staffing. Please complete the following table related to your provider staffing (only include those providers whose primary responsibility is patient care). Please include military, civilian, and contract providers. Do not include partnerships.

PROVIDER TYPE	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
PRIMARY CARE[1]	4	8	8	8	8	8	8	8
SPECIALTY CARE[2]	0	8	8	8	8	8	8	8
PHYSICIAN EXTENDERS[3]	3	0	0	0	0	0	0	0
INDEPENDENT DUTY CORPSMEN	3	4	4	4	4	4	4	4
TOTAL	10	20	20	20	20	20	20	20

[1] This includes General Medical Officers, Flight Surgeons, Diving Medical Officers, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.
[2] This is all other physician providers not included in the primary care category.
[3] This includes Physician Assistants and Nurse Practitioners.

LOCATION

5. Community Providers. Complete the following table for the civilian providers within your 40 mile catchment area. The catchment area is defined as sets of zip codes emanating from the center of the ZIP code in which the MTF is located with a radius of 40 miles. If you are required to use another boundary please define the geographical region and the reason for its use.

(See Core Hospital N00259)

PROVIDER TYPE	CURRENT
PRIMARY CARE[1]	
SPECIALTY CARE[2]	
PHYSICIAN EXTENDER[3]	
TOTAL	

[1] This includes General Practioners, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.

[2] This is all other physician providers not included in the primary care category.

[3] This includes Physician Assistants and Nurse Practitioners.

6. Regional Population. Please provide the U. S. Census population for your 40 mile catchment area. If you are required to use another boundary please define the geographical region and the reason for its use. Also list the source of this information. This value should include your beneficiary population.

(See Core Hospital N00259)

Region Population: _____

7. Regional Community Hospitals. Please list in the table below all the community hospitals (as defined in the American Hospital Association publication Hospital Statistics) in your region (include military, civilian, and any federal facilities including Veterans Affairs):

(See Core Hospital N00259)

FACILITY NAME	OWNER	DISTANCE[1]	DRIVING TIME	RELATIONSHIP[2]

[1] Distance in driving miles from your facility
[2] List any partnerships, MOUs, contracts, etc with this facility

7a. Regional Community Hospitals. For each facility listed in the preceding table complete the following table:

(See Core Hospital N00259)

FACILITY	BEDS[1]	JCAHO APPROVED	OCCUPANCY[1]	UNIQUE FEATURES[2]

[1] Use definitions as noted in the American Hospital Association publication Hospital Statistics.

[2] Such as regional trauma center, burn center, Graduate Medical Education Center, etc.

c. Training Facilities:

(1) By facility Category Code Number (CCN), provide the usage requirements for each course of instruction required for all formal schools on your installation. A formal school is a programmed course of instruction for military and/or civilian personnel that has been formally approved by an authorized authority (ie: Service Schools Command, Weapons Training Battalion, Human Resources Office). Do not include requirements for maintaining unit readiness, GMT, sexual harassment, etc. Include all applicable 171-*xx*, 179-*xx* CCN's.

Type of Training Facility/CCN	School	Type of Training	FY 1993 Requirements			FY 2001 Requirements		
			A	B	C	A	B	C
N/A								

A = STUDENTS PER YEAR
B = NUMBER OF HOURS EACH STUDENT SPENDS IN THIS TRAINING FACILITY FOR THE TYPE OF TRAINING RECEIVED
C = A x B

(2) By Category Code Number (CCN), complete the following table for all training facilities aboard the installation. Include all 171-*xx* and 179-*xx* CCN's.

For example: in the category 171-10, a type of training facility is academic instruction classroom. If you have 10 classrooms with a capacity of 25 students per room, the design capacity would be 250. If these classrooms are available 8 hours a day for 300 days a year, the capacity in student hours per year would be 600,000.

Type Training Facility/CCN	Total Number	Design Capacity (PN)[1]	Capacity (Student HRS/YR)
N/A			

(3) Describe how the Student HRS/YR value in the preceding table was derived.

[1] Design Capacity (PN) is the total number of seats available for students in spaces used for academic instruction; applied instruction; and seats or positions for operational trainer spaces and training facilities other than buildings, i.e., ranges. Design Capacity (PN) must reflect current use of the facilities.

BRAC-95 CERTIFICATION

UIC-32546 BRAC-26

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

Activity Identification: Please complete the following table, identifying the activity for which this response is being submitted.

Activity Name:	NAVAL MEDICAL CENTER SAN DIEGO
UIC:	00259
Major Claimant:	BUMED/00018

General Instructions/Background:

Information requested in this data call is required for use by the Base Structure Evaluation Committee (BSEC), in concert with information from other data calls, to analyze both the impact that potential closure or realignment actions would have on a local community and the impact that relocations of personnel would have on communities surrounding receiving activities. In addition to Cost of Base Realignment Actions (COBRA) analyses which incorporate standard Department of the Navy (DON) average cost factors, the BSEC will also be conducting more sophisticated economic and community infrastructure analyses requiring more precise, activity-specific data. For example, activity-specific salary rates are required to reflect differences in salary costs for activities with large concentrations of scientists and engineers and to address geographic differences in wage grade salary rates.
Questions relating to "Community Infrastructure" are required to assist the BSEC in evaluating the ability of a community to absorb additional employees and functions as the result of relocation from a closing or realigning DON activity.

Due to the varied nature of potential sources which could be used to respond to the questions contained in this data call, a block appears after each question, requesting the identification of the source of data used to respond to the question. To complete this block, identify the source of the data provided, including the appropriate references for source documents, names and organizational titles of individuals providing information, etc. Completion of this "Source of Data" block is critical since some of the information requested may be available from a non-DoD source such as a published document from the local chamber of commerce, school board, etc. Certification of data obtained from a non-DoD source is then limited to certifying that the information contained in the data call response is an accurate and complete representation of the information obtained from the source. Records must be retained by the certifying official to clearly document the source of any non-DoD information submitted for this data call.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

General Instructions/Background (Continued):

The following notes are provided to further define terms and methodologies used in this data call. Please ensure that responses consistently follow this guidance:

Note 1: Throughout this data call, the term "**activity**" is used to refer to the DON installation that is the addressee for the data call.

Note 2: Periodically throughout this data call, questions will include the statement that the response should refer to the "**area defined in response to question 1.b., (page 3)**". Recognizing that in some large metropolitan areas employee residences may be scattered among many counties or states, **the scope of the "area defined" may be limited to the sum of:**

- **those counties that contain government (DoD) housing units (as identified in 1.b.2)), and,**
- **those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.**

Note 3: Responses to questions referring to "**civilians**" in this data call should reflect **federal civil service appropriated fund employees.**

1. Workforce Data

a. Average Federal Civilian Salary Rate. Provide the projected FY 1996 average gross annual appropriated fund civil service salary rate for the activity identified as the addressee in this data call. This rate should include all cash payments to employees, and exclude non-cash personnel benefits such as employer retirement contributions, payments to former employees, etc.

Average Appropriated Fund Civilian Salary Rate:	$27,955.75

Source of Data (1.a. Salary Rate): NCPDS

R

UIC: 00259

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

b. Location of Residence. Complete the following table to identify where employees live. Data should reflect current workforce.

1) Residency Table. Identify residency data, by county, for both military and civilian (civil service) employees working at the installation (including, for example, operational units that are homeported or stationed at the installation). For each county listed, also provide the estimated average distance from the activity, in miles, of employee residences and the estimated average length of time to commute one-way to work. For the purposes of displaying data in the table, any county(s) in which 1% or fewer of the activity's employees reside may be consolidated as a single line entry in the table, titled "Other".

County of Residence	State	No. of Employees Residing in County		Percentage of Total Employees	Average Distance From Base (Miles)	Average Duration of Commute (Minutes)
		Military	Civilian			
San Diego	CA	* 3,250	1,306	100%	21	33

= 100%

As discussed in Note 2 on Page 2, subsequent questions in the data call refer to the "area defined in response to question 1.b., (page 3)". In responding to these questions, the scope of the "area defined" may be limited to the sum of: a) those counties that contain government (DoD) housing units (as identified below), and, b) those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.

2) Location of Government (DoD) Housing. If some employees of the base live in government housing, identify the county(s) where government housing is located:

R ***San Diego, County**

Source of Data (1.b. 1) & 2) Residence Data): NCPDS & Military ManPower Department

391 Revised P8

UIC: 00259

DATA CALL 65

		Military	Civilian			
San Diego	CA	3,254	1,306	100%	21	33

= 100%

As discussed in Note 2 on Page 2, subsequent questions in the data call refer to the "area defined in response to question 1.b., (page 3)". In responding to these questions, the scope of the "area defined" may be limited to the sum of: a) those counties that contain government (DoD) housing units (as identified below), and, b) those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.

2) Location of Government (DoD) Housing. If some employees of the base live in government housing, identify the county(s) where government housing is located:

Source of Data (1.b. 1) & 2) Residence Data): NCPDS & Military ManPower Department

c. Nearest Metropolitan Area(s). Identify all major metropolitan area(s) (i.e., population concentrations of 100,000 or more people) which are within 50 miles of the installation. If no major metropolitan area is within 50 miles of the base, then identify the nearest major metropolitan area(s) (100,000 or more people) and its distance(s) from the base.

City	County	Distance from base (miles)
San Diego	San Diego	0
Chula Vista	San Diego	17
Escondido	San Diego	26
Oceanside	San Diego	33
Tijuana	Baja Norte, Mexico	20

d. Age of Civilian Workforce. Complete the following table, identifying the age of the activity's civil service workforce.

Age Category	Number of Employees	Percentage of Employees
16 - 19 Years	* 7	.54%
20 - 24 Years	47	3.60%
25 - 34 Years	202	15.47%
35 - 44 Years	342	26.19%
45 - 54 Years	412	31.55%
55 - 64 Years	269	20.60%
65 or Older	27	2.07%
TOTAL	1306	100 %

Source of Data (1.d.) Age Data): NCPDS

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

d. Age of Civilian Workforce. Complete the following table, identifying the age of the activity's civil service workforce.

Age Category	Number of Employees	Percentage of Employees
16 - 19 Years	5	.54%
20 - 24 Years	47	3.60%
25 - 34 Years	202	15.47%
35 - 44 Years	342	26.19%
45 - 54 Years	412	31.55%
55 - 64 Years	269	20.60%
65 or Older	27	2.07%
TOTAL	1306	100 %

Source of Data (1.d.) Age Data): NCPDS

e. **Education Level of Civilian Workforce**

1) Education Level Table. Complete the following table, identifying the education level of the activity's civil service workforce.

Last School Year Completed	Number of Employees	Percentage of Employees
8th Grade or less	4	0.30%
9th through 11th Grade	33	2.52%
12th Grade or High School Equivalency	555	42.49%
1-3 Years of College	376	28.79%
4 Years of College (Bachelors Degree)	188	14.40%
5 or More Years of College (Graduate Work)	150	11.49%
TOTAL	1,306	100.00 %

2) Degrees Achieved. Complete the following table for the activity's civil service workforce. Identify the number of employees with each of the following degrees, etc. To avoid double counting, only identify the highest degree obtained by a worker (e.g., if an employee has both a Master's Degree and a Doctorate, only include the employee under the category "Doctorate").

Degree	Number of Civilian Employees
Terminal Occupation Program - Certificate of Completion, Diploma or Equivalent (for areas such as technicians, craftsmen, artisans, skilled operators, etc.)	72
Associate Degree	102
Bachelor Degree	203
Masters Degree	62
Doctorate	18

Source of Data (1.e.1) and 2) Education Level Data): NCPDS

Revised pg

UIC: 00259

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

f. Civilian Employment By Industry. Complete the following table to identify by "industry" the type of work performed by civil service employees at the activity. The intent of this table is to attempt to stratify the activity civilian workforce using the same categories of industries used to identify private sector employment. Employees should be categorized based on their primary duties. Additional information on categorization of private sector employment by industry can be found in the Office of Management and Budget Standard Industrial Classification (SIC) Manual. However, you do not need to obtain a copy of this publication to provide the data requested in this table.

Note the following specific guidance regarding the "Industry Type" codes in the first column of the table: Even though categories listed may not perfectly match the type of work performed by civilian employees, please attempt to assign each civilian employee to one of the "Industry Types" identified in the table. However, only use the Category 6, "Public Administration" sub-categories when none of the other categories apply. Retain supporting data used to construct this table at the activity-level, in case questions arise or additional information is required at some future time. **Leave shaded areas blank.**

Industry	SIC Codes	No. of Civilians	% of Civilians
1. Agriculture, Forestry & Fishing	01-09	0	0
2. Construction (includes facility maintenance and repair)	15-17	0	0
3. Manufacturing (includes Intermediate and Depot level maintenance)	20-39	0	0
3a. Fabricated Metal Products (include ordnance, ammo, etc.)	34	0	0
3b. Aircraft (includes engines and missiles)	3721 et al	0	0
3c. Ships	3731	0	0
3d. Other Transportation (includes ground vehicles)	various	0	0
3e. Other Manufacturing not included in 3a.through 3d.	various	0	0
Sub-Total 3a. through 3e.	20-39	0	0
4. Transportation/Communications/Utilities	40-49		

DATA CALL 65

Source of Data (1.g.) Classification By Occupation Data): NCPDS

Description of Occupational Categories used in Table 1.g. The following list identifies public and private sector occupations included in each of the major occupational categories used in the table. Refer to these examples as a guide in determining where to allocate appropriated fund civil service jobs at the activity.

1. **Executive, Administrative and Management.** Accountants and auditors; administrative services managers; budget analysts; construction and building inspectors; construction contractors and managers; cost estimators; education administrators; employment interviewers; engineering, science and data processing managers; financial managers; general managers and top executives; chief executives and legislators; health services managers; hotel managers and assistants; industrial production managers; inspectors and compliance officers, except construction; management analysts and consultants; marketing, advertising and public relations managers; personnel, training and labor relations specialists and managers; property and real estate managers; purchasing agents and managers; restaurant and food service managers; underwriters; wholesale and retail buyers and merchandise managers.
2. **Professional Specialty.** Use sub-headings provided.
3. **Technicians and Related Support.** Health Technologists and Technicians sub-category - self-explanatory. Other Technologists sub-category includes aircraft pilots; air traffic controllers; broadcast technicians; computer programmers; drafters; engineering technicians; library technicians; paralegals; science technicians; numerical control tool programmers.
4. **Administrative Support & Clerical.** Adjusters, investigators and collectors; bank tellers; clerical supervisors and managers; computer and peripheral equipment operators; credit clerks and authorizers; general office clerks; information clerks; mail clerks and messengers; material recording, scheduling, dispatching and distributing; postal clerks and mail carriers; records clerks; secretaries; stenographers and court reporters; teacher aides; telephone, telegraph and teletype operators; typists, word processors and data entry keyers.
5. **Services.** Use sub-headings provided.
6. **Agricultural, Forestry & Fishing.** Self explanatory.
7. **Mechanics, Installers and Repairers.** Aircraft mechanics and engine specialists; automotive body repairers; automotive mechanics; diesel mechanics; electronic equipment repairers; elevator installers and repairers; farm equipment mechanics; general maintenance mechanics; heating, air conditioning and refrigeration technicians; home appliance and power tool repairers, industrial machinery repairers; line installers and cable splicers; millwrights; mobile heavy equipment mechanics; motorcycle, boat and small engine mechanics; musical instrument repairers and tuners; vending machine servicers and repairers.
8. **Construction Trades.** Bricklayers and stonemasons; carpenters; carpet installers; concrete masons and terrazzo workers; drywall workers and lathers; electricians; glaziers; highway maintenance; insulation workers; painters and paperhangers; plasterers; plumbers and pipefitters; roofers; sheet metal workers; structural and reinforcing ironworkers; tilesetters.
9. **Production Occupations.** Assemblers; food processing occupations; inspectors, testers and graders; metalworking and plastics-working occupations; plant and systems operators, printing occupations; textile, apparel and furnishings occupations; woodworking occupations; miscellaneous production operations.
10. **Transportation & Material Moving.** Busdrivers; material moving equipment operators; rail transportation occupations; truckdrivers; water transportation occupations.
11. **Handlers, Equipment Cleaners, Helpers and Laborers** (not included elsewhere). Entry level jobs not requiring significant training.

h. Employment of Military Spouses. Complete the following table to provide estimated information concerning **military spouses** who are also employed in the area defined in response to question 1.b., above. **Do not fill in shaded area.**

1. Percentage of Military Employees Who Are Married:	28.64%
2. Percentage of Military Spouses Who Work Outside of the Home:	51.90%
3. Break out of Spouses' Location of Employment (Total of rows 3a. through 3d. should equal 100% and reflect the number of spouses used in the calculation of the "Percentage of Spouses Who Work Outside of the Home".	
3a. Employed "On-Base" - Appropriated Fund:	14.65%
3b. Employed "On-Base" - Non-Appropriated Fund:	1.85%
3c. Employed "Off-Base" - Federal Employment:	13.18%
3d. Employed "Off-Base" - Other Than Federal Employment	50.18%

Note: 3e. Military spouse of Military Member **20.14%**

Source of Data (1.h.) Spouse Employment Data): NMCSD Military ManPower Department & Survey

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

2. Infrastructure Data. For each element of community infrastructure identified in the two tables below, rate the community's ability to accommodate the relocation of additional functions and personnel to your activity. Please complete each of the three columns listed in the table, reflecting the impact of various levels of increase (20%, 50% and 100%) in the number of personnel working at the activity (and their associated families). In ranking each category, use one of the following three ratings:

A - Growth can be accommodated with little or no adverse impact to existing community infrastructure and at little or no additional expense.

B - Growth can be accommodated, but will require some investment to improve and/or expand existing community infrastructure.

C - Growth either cannot be accommodated due to physical/environmental limitations or would require substantial investment in community infrastructure improvements.

Table 2.a., "Local Communities": This first table refers to the local community (i.e., the community in which the base is located) and its ability to meet the increased requirements of the installation.

Table 2.b., "Economic Region": This second table asks for an assessment of the infrastructure of the economic region (those counties identified in response to question 1.b., (page 3) - taken in the aggregate) and its ability to meet the needs of additional employees and their families moving into the area.

For both tables, annotate with an asterisk (*) any categories which are wholly supported on-base, i.e., are not provided by the local community. These categories should also receive an A-B-C rating. Answers for these "wholly supported on-base" categories should refer to base infrastructure rather than community infrastructure.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

a. Table A: Ability of the local community to meet the expanded needs of the base.

1) Using the **A - B - C** rating system described above, complete the table below.

Category	20% Increase	50% Increase	100% Increase
Off-Base Housing	A	A	A
Schools - Public	A	A	A
Schools - Private	A	A	A
Public Transportation - Roadways	A	A	A

Energy Distribution	A	B	C
Wastewater Collection	C	C	C
Wastewater Treatment	C	C	C
Storm Water Collection	C	C	C
Solid Waste Collection and Disposal	C	C	C
Hazardous/Toxic Waste Disposal	C	C	C
Recreation Facilities	B	B	B

Remember to mark with an asterisk any categories which are wholly supported on-base.

2) For each rating of "C" identified in the table on the preceding page, attach a brief narrative explanation of the types and magnitude of improvements required and/or the nature of any barriers that preclude expansion.

General notes: Based on the current military and DOD civilian population of 158,000, a 20% increase is 31,600 people; a 50% increase is 79,000 people; and 100% increase is 158,000 people.

The table ratings are based on a six year absorption period. (5,666/year for a 20% increase; 13.166/year for a 50% increase; and 26,333/year for a 100% increase)

The ratings reflect maintaining the current Quality of Life that the San Diego region provides.

The ratings assume the military growth as being above the regions growth estimates of 50,000/year over the next 20 years.

A basic economic development question facing the State of California and its local governments is the replacement of aging infrastructure to meet the new economic challenges. Recent state-wide referendums that would have increase infrastructure funding for recreation activities, earthquake retrofitting of highway bridges and education facilities were defeated. The State of California estimates that the State's annual deficit is $2 to $3 billion; the accumulated state deficit is estimated to be $9 billion.

At the local level, all local budgets have been reduced and restricted by State requirements or local policies. Essential government services are being hard hit by the recession and budgetary constraints. State and local resources do not exist to support the anticipated population growth of the County of 1 million people in the next 20 years (50,000/year). In 1993, there was a net gain of 41,050 people in San Diego County.

Based on these elements the table is biased toward the C rating regardless of an increased military presence.

Specific Comments on C Ratings:

Off Base Housing - Large tracts of land are being held from development (much in planned development areas) due to endangered species concerns. An effort is underway to identify critical habitat throughout the County which when completed will open current restricted lands to development. The continued poor economy is slowing the construction of new homes.

Schools - Public As mentioned above, essential government services are being hard hit by the recession and budgetary constraints. As can be seen from Questions 3.b.1, most school districts are at capacity and have been using trailers to accommodate student growth. New school

recession and budgetary constraints. As can be seen from Questions 3.b.1, most school districts are at capacity and have been using trailers to accommodate student growth. New school infrastructure, teachers, etc. are needed.

Public Transportation - Roadways - Traffic throughout San Diego County is at Level of Service (LOS) **C** and **D**. Increases in population deteriorate the LOS. New highways are planned and construction is going, but the new construction can not keep pace with the population growth.

Fire Protection - As mentioned above, essential government services are being hard hit by the recession and budgetary constraints. Additional funding is required for more firefighters, equipment and stations.

Police - As mentioned above, essential government services are being hard hit by the recession and budgetary constraints. Additional funding is required for more police.

Health Care Facilities - As mentioned above, essential government services are being hard hit by the recession and budgetary constraints. Again, the rating is based on the **civilian community** providing this service. More facilities are needed.

Water Supply - California is dependent of water from snowmelt and the Colorado River. The overall population growth in California and in the other areas that depend on theses sources of water are overtapping these limited water sources. Several years of the drought have resulted in water restrictions. Development of alternate water sources is needed.

Energy Supply - No new energy producing plants are being built in California. Development of new energy production sources, cooperative agreements with other utilities systems and infrastructure investment are needed.

Energy Distribution - Continued development is impacting the existing distribution network, environmental concerns over high voltage transmission lines is limiting new construction. Infrastructure investment is needed.

Wasterwater Collection - An extensive program for collection and treatment is underway in most of San Diego County. This is a multi-billion dollar investment being born by the ratepayer and is due to non-compliance with the Clear Water Act. The system once completed will be sized for the anticipated population. Much of the existing collection system is old and needing repair/replacement.

Wastewater Treatment - An extensive program for collection an treatment is underway in most of San Diego County. This is a multi-billion dollar investment being born by the ratepayer and is due to non-compliance with the Clear Water Act. The system once

completed with be sized for the anticipated population.

Storm Water Collection - During the spring rains, many areas flood due to undersized and inadequate storm water drains. Extensive development has "paved" over areas that used to absorb storm runoffs.

Solid Waste Collection and Disposal - The existing landfills have finite lives and approvals for new landfills are years away. Extensive recycling programs and State mandated recycling goals will help reduce solid waste volume.

Hazardous/Toxic Waste Disposal - No State facility exists for disposal of low level radioactive waste, landfills capable of accepting hazardous/toxic waste have finite lives. Hazardous/toxic waste minimization/elimination programs are necessary.

Source of Data (2.b. 1) & 2) - Regional Table): RLC-Naval Commander Base San Diego & San Diego Association of Governments

3. **Public Facilities Data:**

a. **Off-Base Housing Availability.** For the counties identified in the response to question 1.b. (page 3), in the aggregate, estimate the current average vacancy rate for community housing. Use current data or information identified on the latest family housing market analysis. For each of the categories listed (rental units and units for sale), combine single family homes, condominiums, townhouses, mobile homes, etc., into a single rate:

Rental Units: Vacancy rate 6.0% in San Diego County

Units for Sale: 1.5% units for sale

Source of Data (3.a. Off-Base Housing): Family Housing Market Analysis of 12/92 by Robert D. Niehaus, Inc.

Sawyer College Of Business:

Computerized Accounting, Legal Secretary, Electronics Technician, Word Processor, Computer Operator, and Receptionist

North Park College:

Word Processor, Administrative Assistant, Micro Computer Repair Technician, Paralegal Assistant

Source of Data (3.b.4) Vo-tech Training): San Diego County Department of Education/Yellow Pages

c. **Transportation.**

1) Is the activity served by public transportation?

	Yes	No
Bus:	X	
Rail:		X
Subway:		X
Ferry:		X

Source of Data (3.c.1) Transportation): NMCSD Facilities Management Department

2) Identify the location of the nearest passenger railroad station (long distance rail service, not commuter service within a city) and the distance from the activity to the station.

Amtrack Station, Broadway in San Diego. Distance from base is 2 miles

Source of Data (3.c.2) Transportation): Yellow Pages

3) Identify the name and location of the nearest commercial airport (with public carriers, e.g., USAIR, United, etc.) and the distance from the activity to the airport.

Montgomery Field - Distance from NMCSD is 10 Miles.
Lindbergh Field (San Diego International Airport)- Distance from NMCSD is 3 Miles

Source of Data (3.c.3) Transportation): Yellow Pages

4) How many carriers are available at this airport?

Montgomery - None
Lindbergh Field - 12 Major airlines and 4 Commuter Airlines

Source of Data (3.c.4) Transportation): Yellow Pages

5) What is the Interstate route number and distance, in miles, from the activity to the nearest Interstate highway?

Interstate 5: 0.5 Miles

Source of Data (3.c.5) Transportation): Automobile Club of Southern CA map

6) Access to Base:

a) Describe the quality and capacity of the road systems providing access to the base, specifically during peak periods. (Include both information on the area surrounding the base and information on access to the base, e.g., numbers of gates, congestion problems, etc.)

Access is good. Florida St. can accommodate additional traffic without alteration.

b) Do access roads transit residential neighborhoods?

Yes. Florida St. comes from a residential area to the north but provides direct access to interstate 5 from the south.

c) Are there any easements that preclude expansion of the access road system?

Florida St. is located at the bottom of Florida canyon. Expansion would require massive cutting and fill operations and additional land from the City of San Diego.

d) Are there any man-made barriers that inhibit traffic flow (e.g., draw bridges, etc.)?

No.

Source of Data (3.c.6) Transportation): NMCSD Facilities Management Department

d. **Fire Protection/Hazardous Materials Incidents.** Does the activity have an agreement with the local community for fire protection or hazardous materials incidents? Explain the nature of the agreement and identify the provider of the service.

The Federal Fire Department provides fire protection services. Mutual aid agreements have been established with the City of San Diego that provide fire protection assistance to the community as well as providing assistance to the Navy.

Hazardous material responses are currently provided by Navy Public Works Center, San Diego and the Coronado City Department when requested.

Source of Data (3.d. Fire/Hazmat): BRAC - 93 Data Call 38

e. **Police Protection.**

1) What is the level of legislative jurisdiction held by the installation?

Proprietorial and exclusive jurisdictions.

2) If there is more than one level of legislative jurisdiction for installation property, provide a brief narrative description of the areas covered by each level of legislative jurisdiction and whether there are separate agreements for local law enforcement protection.

A large portion of the base is proprietorial except 1575.71 of real estate is exclusive.

3) Does the activity have a specific written agreement with local law enforcement concerning the provision of local police protection?

No formal written agreement is in place, however, the local police department is very supportive in dispatching armed police officer.

4) If agreements exist with more than one local law enforcement entity, provide a brief narrative description of whom the agreement is with and what services are covered.

N/A.

5) If military law enforcement officials are routinely augmented by officials of other federal agencies (BLM, Forest Service, etc.), identify any written agreements covering such services and briefly describe the level of support received.

None.

Source of Data (3.e. 1) -5) - Police): NMCSD Security Department

f. **Utilities.**

1) Does the activity have an agreement with the local community for water, refuse disposal, power or any other utility requirements? Explain the nature of the agreement and identify the provider of the service.

Water, electrical Power, sewage and Natural Gas are all provided by the Public Works Center (PWC), San Diego. PWC has utility contracts with San Diego Gas and Electric and the City of San Diego to supply these utilities.

2) Has the activity been subject to water rationing or interruption of delivery during the last five years? If so, identify time period during which rationing existed and the restrictions imposed. Were activity operations affected by these situations? If so, explain extent of impact.

No.

3) Has the activity been subject to any other significant disruptions in utility service, e.g., electrical "brown outs", "rolling black outs", etc., during the last five years? If so, identify time period(s) covered and extent/nature of restrictions/disruption. Were activity operations affected by these situations? If so, explain extent of impact.

No.

Source of Data (3.f. 1) - 3) Utilities): NMCSD Facilities Management Department

4. **Business Profile.** List the top ten employers in the geographic area defined by your response to question 1.b. (page 3), taken in the aggregate, (include your activity, if appropriate):

Employer	Product/Service	No. of Employees
1. Military (Geographical Area not Catchment Area)	Active Duty - Department of Navy	122,000
2. Department of Navy Full-time Civilians	Department of Navy	36,000
3. University of California San Diego	Education	17,000
4. San Diego County	Public Service	13,000
5. San Diego Unified School District	Public Service	10,000
6. Sharp Healthcare	Medical	9,000
7. Martin Marietta	Manufacturing	9,000 (Note 1)
8. Scripps Memorial Hospitals	Medical	8,000
9. State of California	Public Service	7,000
10.United States Postal Service	Mail	6,000

Note 1: Martin Marietta purchased the assets of the General Dynamics Corporation in San Diego and has announced the movement of most all jobs from the San Diego area.

Source of Data (4. Business Profile): San Diego and Chula Vista Chamber of Commerce, Department of Navy (COMNAVBASE SDIEGO), San Diego Association of Governments

5. **Other Socio-Economic Impacts.** For each of the following areas, describe other recent (past 5 years), on-going or projected economic impacts (both positive and negative) on the geographic region defined by your response to question 1.b. (page 3), in the aggregate:

a. Loss of Major Employers:

General Dynamics sold most of its interests in San Diego and its successor Martin Marietta has announced that they will ceased move most all operations from San Diego. The remaining General Dynamics asset (Convair Division) announced 1 July that they will cease operation in 1996, the loss of 2,100 jobs. All aerospace industries is San Diego (General Dynamics, Martin Marietta and Rohr) have suffered dramatically from cutbacks in defense industries and aerospace.

b. Introduction of New Businesses/Technologies:

New business growths are expected to be in biotechnology, healthcare, computers and electronic, and telecommunications.

c. Natural Disasters:

No major disasters affecting San Diego County have occurred over past 5 years. As was shown recently in Los Angeles, there is always a potential for earthquakes.

d. Overall Economic Trends:

The economy is slow in returning from the recession that is affecting California. The area continues to have a net increase of people, however the high paying jobs are being terminated or moved out of the area. Planners at the San Diego Association of Governments predict an increase of 29,000 jobs per year until the 2015.

Source of Data (5. Other Socio/Econ): San Diego Association of Governments

6. Other. Identify any contributions of your activity to the local community not discussed elsewhere in this response.

None.

Source of Data (6. Other):

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

ALL NAVY/MARINE CORPS HOST ACTIVITIES

20 APRIL 1994

ENCLOSURE (1)

BRAC 1995 ENVIRONMENTAL DATA CALL:
All Navy/Marine Corps Host Ativities

INDEX

Section	Page
GENERAL INSTRUCTIONS	2
ENDANGERED/THREATENED SPECIES AND BIOLOGICAL HABITAT	3
WETLANDS	5
CULTURAL RESOURCES	5
ENVIRONMENTAL FACILITIES	6
AIR POLLUTION	10
ENVIRONMENTAL COMPLIANCE	13
INSTALLATION RESTORATION	14
LAND/AIR/WATER USE	16
WRAP-UP	20

ENVIRONMENTAL DATA CALL

Responses to the following questions provide data that will allow an assessment of the potential environmental impact associated with the closure or realignment of a Navy shore activity. This criterion consists of:

- Endangered/Threatened Species and Biological Habitat
- Wetlands
- Cultural Resources
- Environmental Facilities
- Air Pollution
- Environmental Compliance
- Installation Restoration
- Land/Air/Water Use

As part of the answers to these questions, a *source citation* (e.g., 1993 base loading, 1993 base-wide Endangered Species Survey, 1993 letter from USFWS, 1993 Base Master Plan, 1993 Permit Application, 1993 PA/SI, etc.) must be included. It is probable that, at some point in the future, you will be asked to provide additional information detailing specifics of individual characteristics. In anticipation of this request, supporting documentation (e.g., maps, reports, letters, etc.) regarding answers to these questions should be retained. Information needed to answer these questions is available from the cognizant EFD Planning and Real Estate Divisions, and Environment, Safety, and Health Divisions; and from the activity Public Works Department, and activity Health Monitoring and Safety Offices.

For purposes of the questions associated with land use at your base is *defined* as *land* (acreage owned, withdrawn, leased, and controlled through easements); *air* (space controlled through agreements with the FAA, e.g., MOAs); *and water* (navigation channels and waters along a base shoreline) *under the control of the Navy*.

Provide a list of tenant activities with UICs that are covered in this response.

N/A

1. ENDANGERED/THREATENED SPECIES AND BIOLOGICAL HABITAT

1a. For federal or state listed endangered, threatened, or category 1 plant and/or animal species on your base, complete the following table. Critical/sensitive habitats for these species are designated by the U. S. Fish and Wildlife Service (USFWS). A species is present on your base if some part of its life-cycle occurs on Navy controlled property (e.g., nesting, feeding, loafing). Important Habitat refers to that number of acres of habitat that is important to some life cycle stage of the threatened/endangered species that is not formally designated.

S P E C I E S (plant or animal)	Designation (Threatened / Endangered)	Federal/ State	Critical / Designated Habitat (Acres)	Important Habitat (acres)
example: Haliaeetus leucocephalus - bald eagle	*threatened*	*Federal*	*25*	*0*
N/A				

Source Citation:

1b.

Have your base operations or development plans been constrained due to: - USFWS or National Marine Fisheries Service (NMFS)? - State required modifications or constraints? If so, identify below the impact of the constraints including any restrictions on land use.	YES/NO **N/A**
Are there any requirements resulting from species not residing on base, but which migrate or are present nearby? If so, summarize the impact of such constraints.	YES/NO **N/A**

1c. If the area of the habitat and the associated species have not been identified on base maps provided in Data Call 1, submit this information on an updated version of Data Call 1 map.

N/A

1d.

Have any efforts been made to relocate any species and/or conduct any mitigation with regards to critical habitats or endangered/threatened species? Explain what has been done and why.	YES/NO **N/A**

1e.

Will any state or local laws and/or regulations applying to endangered/threatened species which have been enacted or promulgated but not yet effected, constrain base operations or development plans beyond those already identified? Explain.	YES/NO **N/A**

2. WETLANDS

Note: Jurisdictional wetlands are those areas that meet the wetland definitional criteria detailed in the Corps of Engineers (COE) Wetland Delineation Manual, 1987, Technical Report Y-87-1, U.S. Army Engineer Waterway Experiment Station, Vicksburg, MS or officially adapted state definitions.

2a.

Does your base possess federal jurisdictional wetlands?	YES/NO **N/A**
Has a wetlands survey in accordance with established standards been conducted for your base?	YES/NO **N/A**
When was the survey conducted or when will it be conducted? ____/____/____	**N/A**
What percent of the base has been surveyed?	**N/A**
What is the total acreage of jurisdictional wetlands present on your base?	**N/A**

Source Citation:

2b. If the area of the wetlands has not been identified on base maps provided in Data Call 1, submit this on an updated version of Data Call 1 map.

N/A

2c. Has the EPA, COE or a state wetland regulatory agency required you to modify or constrain base operations or development plans in any way in order to accommodate a jurisdictional wetland? **N/A** If YES, summarize the results of such modifications or constraints.

3. CULTURAL RESOURCES

3a.

Has a survey been conducted to determine historic sites, structures, districts or archaeological resources which are listed, or determined eligible for listing, on the National Register of Historic Places? If so, list the sites below.	YES/NO

See enclosure (1)

3b.

Has the President's Advisory Council on Historic Preservation or the cognizant State Historic Preservation Officer required you to mitigate or constrain base operations or development plans in any way in order to accommodate a National Register cultural resource? If YES, list the results of such modifications or constraints below.	YES/NO

3c.

Are there any on base areas identified as sacred areas or burial sites by Native Americans or others? List below.	YES/NO

4. ENVIRONMENTAL FACILITIES

Notes: If your facility is permitted for less than maximum capacity, state the maximum capacity and explain below the associated table why it is not permitted for maximum capacity. Under "Permit Status" state when the permit expires, and whether the facility is operating under a waiver. For permit violations, limit the list to the last 5 years.

4a.

Does your base have an operating landfill?					**YES / NO**
ID/Location of Landfill	**Permitted Capacity (CYD)**		**Maximum Capacity (CYD)**	**Contents[1]**	**Permit Status**
	TOTAL	**Remaining**			

[1] Contents (e.g. building demolition, asbestos, sanitary debris, etc)

Are there any current or programmed projects to correct deficiencies or improve the facility. **N/A**

4b. If there are any non-Navy users of the landfill, describe the user and conditions/agreements. **N/A**

4c.

Does your base have any disposal, recycling, or incineration facilities for solid waste?	**YES / NO**

Facility/Type of Operation	**Permitted Capacity**	**Ave Daily Throughput**	**Maximum Capacity**	**Permit Status**	**Comments**

List any permit violations and projects to correct deficiencies or improve the facility.

4d.

Does your base own/operate a Domestic Wastewater Treatment Plant (WWTP) ?					**YES/NO**
ID/Location of WWTP	**Permitted Capacity**	**Ave Daily Discharge Rate**	**Maximum Capacity**	**Permit Status**	**Level of Treatment/Year Built**
NAVSTA, Annapolis	**1MGD**	**.5MGD**	**1MGD**	**Interim-operating on 1992 permit until new one**	**Tertiary/1955**

List permit violations and discuss any projects to correct deficiencies.
N/A

4e. If you do not have a domestic WWTP, describe the average discharge rate of your base to the local sanitary sewer authority, discharge limits set by the sanitary sewer authority (flow and pollutants) and whether the base is in compliance with their permit. Discuss recurring discharge violations.

N/A

Replace with SR
BUMED822
MDS, 7 Jun 94

4b. If there are any non-Navy users of the landfill, describe the user and conditions/agreements. N/A

4c. N/A

Does your base have any disposal, recycling, or incineration facilities for solid waste?	YES / NO

Facility/Type of Operation	Permitted Capacity	Ave Daily Throughput	Maximum Capacity	Permit Status	Comments

List any permit violations and projects to correct deficiencies or improve the facility.

4d. N/A

Does your base own/operate a Domestic Wastewater Treatment Plant (WWTP) ?	YES/NO

ID/Location of WWTP	Permitted Capacity	Ave Daily Discharge Rate	Maximum Capacity	Permit Status	Level of Treatment/Year Built

List permit violations and discuss any projects to correct deficiencies.
N/A

4e. If you do not have a domestic WWTP, describe the average discharge rate of your base to the local sanitary sewer authority, discharge limits set by the sanitary sewer authority (flow and pollutants) and whether the base is in compliance with their permit. Discuss recurring discharge violations.

N/A

8 R

BUMED-822
MSL, 7 Jun 94

4f.

Does your base operate an Industrial Waste Treatment Plant (IWTP)?					YES /NO
ID/Location of IWTP	Type of Treatment	Permitted Capacity	Ave Daily Discharge Rate	Maximum Capacity	Permit Status

List any permit violations and projects to correct deficiencies or improve the facility.

4g. Are there other waste treatment flows not accounted for in the previous tables? Estimate capacity and describe the system.

N/A

4h.

Does your base operate drinking Water Treatment Plants (WTP)?					YES / NO
ID/Location of WTP	Operating (GPD)		Method of Treatment	Maximum Capacity	Permit Status
	Permitted Capacity	Daily Rate			

List permit violations and projects/actions to correct deficiencies or improve the facility.

4i. If you do not operate a WTP, what is the source of the base potable water supply. State terms and limits on capacity in the agreement/contract, if applicable.

N/A

4j.

Does the presence of contaminants or lack of supply of water constrain base operations. Explain.	YES/NO

4k.

Other than those described above does your base hold any NPDES or stormwater permits? If YES, describe permit conditions.	YES/NO
If NO, why not and provide explanation of plan to achieve permitted status.	

The Clinic falls under USNA. See enclosure (2)

4l.

Does your base have bilge water discharge problem?	No
Do you have a bilge water treatment facility?	No

Explain:

4m.

Will any state or local laws and/or regulations applying to Environmental Facilities, which have been enacted or promulgated but not yet effected, constrain base operations or development plans beyond those already identified? Explain.	YES/NO N/A

4n. What expansion capacity is possible with these Environmental Facilities? Will any expansions/upgrades as a result of BRACON or projects programmed through the Presidents budget through FY1997 result in additional capacity? Explain.

N/A

4o. Do capacity limitations on any of the facilities discussed in question 4 pose a present or future limitation on base operations? Explain.

N/A

5. AIR POLLUTION

5a.

What is the name of the Air Quality Control Areas (AQCAs) in which the base is located? Baltimore Intrastate Air Quality Control Region
Is the installation or any of its OLFs or non-contiguous base properties located in different AQCAs? **N/A** List site, location and name of AQCA.

5b. For each parcel in a separate AQCA fill in the following table. Identify with and "X" whether the status of each regulated pollutant is: attainment/nonattainment/maintenance. For those areas which are in non-attainment, state whether they are: Marginal, Moderate, Serious, Severe, or Extreme. State target attainment year.

Site: USNA Complex AQCA: Baltimore Intrastate

Pollutant	Attainment	Non-Attainment	Maintenance	Target Attainment Year[1]	Comments[2]
CO		Moderate		1995	
Ozone		Severe		2000	
PM-10	x			2000	
SO_2	x			2000	
NO_2	x			2000	
Pb	x			2000	

1 Based on national standard for Non-Attainment areas or SIP for Maintenance areas.

2 Indicate if attainment is dependent upon BRACON, MILCON or Special Projects. Also indicate if the project is currently programmed within the Presidents FY1997 budget.

5c. For your base, identify the baseline level of emissions, established in accordance with the Clean Air Act. Baseline information is assumed to be 1990 data or other year as specified. Determine the total level of emissions (tons/yr) for CO, NOx, VOC, PM10 for the general sources listed. For all data provide a list of the sources and show your calculations. Use known emissions data, or emissions derived from use of state methodologies, or identify other sources used. "Other Mobile" sources include such items as ground support equipment.

	Emission Sources (Tons/Year)				
Pollutant	Permitted Stationary	Personal Automobiles	Aircraft Emissions	Other Mobile	Total
CO	2.62	Unknown	N/A	150.00	153.52
NOx	18.30	" "	"	22.37	40.67
VOC	0.06	" "	"	0.06	0.06
PM10	22.78	" "	"	0.02	22.80

Source Document: Cost & Compliance Study fro 1990 CAAAs and MD Air Regulations, Final Report, 19 Feb 93 (Based on 1992 Data)

5d. For your base, determine the total FY1993 level of emissions (tons/yr) for CO, NOx, VOC, PM10 for the general sources listed. For all data provide a list of the sources and show your calculations. Use known emissions data, or emissions derived from use of state methodologies, or identify other sources used. "Other Mobile" sources include such items as ground support equipment.

	Emissions Sources (Tons/Year)				
Pollutant	Permitted Stationary	Personal Automobiles	Aircraft Emissions	Other Mobile	Total
CO	1.74	Unknown	N/A	Unknown	1.75
NOx	5.21	" "	"	" "	5.21
VOC	2.43	" "	"	" "	2.43
PM10	0.39	" "	"	" "	0,39

Source Document: USNA Emissions Certification Report 1993, see enclosure (3)

5e. Provide estimated increases/decreases in air emissions (Tons/Year of CO, NOx, VOC, PM10) expected within the next six years (1995-2001). Either from previous BRAC realignments and/or previously planned downsizing shown in the Presidents FY1997 budget. Explain.

N/A

5f. Are there any critical air quality regions (i.e. non-attainment areas, national parks, etc.) within 100 miles of the base?

No

5g. Have any base operations/mission/functions (i.e.: training, R&D, ship movement, aircraft movement, military operations, support functions, vehicle trips per day, etc.) been restricted or delayed due to air quality considerations. Explain the reason for the restriction and the "fix" implemented or planned to correct.

No

5h. Does your base have Emission Reduction Credits (ERCs) or is it subject to any emission offset requirements? If yes, provide details of the sources affected and conditions of the ERCs and offsets. Is there any potential for getting ERCs?

No

6. ENVIRONMENTAL COMPLIANCE

6a. Identify compliance costs, currently known or estimated that are required for permits or other actions required to bring existing practices into compliance with appropriate regulations. Do not include Installation Restoration costs that are covered in Section 7 or recurring costs included in question 6c. For the last two columns provide the combined total for those two FY's.

N/A

Program	Survey Completed ?	Costs in $K to correct deficiencies					
		FY94	FY95	FY96	FY97	FY98-99	FY00-01
Air	N/A	0	0	0	0	0	0
Hazardous Waste	Yes	0	0	0	0	0	0
Safe Drinking Water Act	N/A	0	0	0	0	0	0
PCBs	N/A	0	0	0	0	0	0
Other (non-PCB) Toxic Substance Control Act	No	0	0	0	0	0	0
Lead Based Paint	No	228	0	0	0	0	0
Radon	No	0	0	0	0	0	0
Clean Water Act	N/A	0	0	0	0	0	0
Solid Waste	No	0	0	0	0	0	0
Oil Pollution Act	No	0	0	0	0	0	0
USTs	No	0	0	0	0	0	0
Other	No	0	0	0	0	0	0
Total		228	0	0	0	0	0

Provide a separate list of compliance projects in progress or required, with associated cost and estimated start/completion date.

N/A

6b.

Does your base have structures containing asbestos? **Yes** What % of your base has been surveyed for asbestos? **75** Are additional surveys planned? **Yes** What is the estimated cost to remediate asbestos ($K) **100,000.** Are asbestos survey costs based on encapsulation, removal or a combination of both? Both

Other (specify)								
TOTAL								

6d. Are there any compliance issues/requirements that have impacted operations and/or development plans at your base.

No

7. INSTALLATION RESTORATION

7a.

Does your base have any sites that are contaminated with hazardous substances or petroleum products?	YES/NO N/A
Is your base an NPL site or proposed NPL site?	N/A

7b. Provide the following information about your Installation Restoration (IR) program. Project list may be provided in separate table format. Note: List only projects eligible for funding under the Defense Environmental Restoration Account (DERA). Do not include UST compliance projects properly listed in section VI.

N/A

Site # or name	Type site [1]	Groundwater Contaminated?	Extends off base?	Drinking Water Source?	Cost to Complete ($M)/Est. Compl. Date	Status[2]/Comments

[1] Type site: CERCLA, 'RCRA corrective action (CA), UST or other (explain)

[2] Status = PA, SI, RI, RD, RA, long term monitoring, etc.

7c. Have any contamination sites been identified for which there is no recognized/accepted remediation process available? List.

N/A

7d.

Is there a groundwater treatment system in place?	YES/NO
Is there a groundwater treatment system planned?	YES/NO

State scope and expected length of pump and treat operation.

N/A

7e.

Has a RCRA Facilities Assessment been performed f or your base?	YES/NO

7f. Does your base operate any conforming storage facilities for handling **hazardous materials**? **NO** If YES, describe facility, capacity, restrictions, and permit conditions.

7g. Does your base operate any conforming storage facilities for handling **hazardous waste**? **NO** If YES, describe facility, capacity, restrictions, and permit conditions.

7h. Is your base responsible for any non-appropriated fund facilities (exchange, gas station) that require cleanup? If so, describe facility/location and cleanup required/status.

N/A

7i.

Do the results of any radiological surveys conducted indicate limitations on future land use? Explain below.	**N/A**

7j. Have any base operations or development plans been restricted due to Installation Restoration considerations?

N/A

7k. List any other hazardous waste treatemnt or disposal facilities not included in question 7b. above. Include capacity, restrictions and permit conditions.

N/A

8. LAND / AIR / WATER USE

8a. List the acreage of each real estate component controlled or managed by your base (e.g., Main Base - 1,200 acres, Outlying Field - 200 acres, Remote Range - 1,000 acres, remote antenna site - 5 acres, Off-Base Housing Area - 25 acres).

Parcel Descriptor	Acres	Location
NMCL SITE	16	Annapolis, MD

8b. Provide the acreage of the land use categories listed in the table below:

LAND USE CATEGORY		ACRES
Total Developed: (administration, operational, housing, recreational, training, etc.)		16
Total Undeveloped (areas that are left in their natural state but are under specific environmental development constraints, i.e.: wetlands, endangered species, etc.)		Wetlands: N/A
		All Others: N/A
Total Undeveloped land considered to be without development constraints, but which may have operational/man caused constraints (i.e.: HERO, HERF, HERP, ESQD, AICUZ, etc.) TOTAL		N/A
Total Undeveloped land considered to be without development constraints		N/A
Total Off-base lands held for easements/lease for specific purposes		N/A
Breakout of undeveloped, restricted areas. Some restricted areas may overlap: N/A	ESQD	N/A
	HERF	N/A
	HERP	N/A
	HERO	N/A
	AICUZ	N/A
	Airfield Safety Criteria	N/A
	Other	N/A

8c. How many acres on your base (includes off base sites) are dedicated for training purposes (e.g., vehicular, earth moving, mobilization)? This does not include buildings or interior small arms ranges used for training purposes. 0

8d. What is the date of your last AICUZ update? **N/A**
_____/_____/_____ Are any waivers of airfield safety criteria in effect on your base? Y/N Summarize the conditions of the waivers below.

N/A

8e. List the off-base land use *types* (e.g, residential, industrial, agricultural) and *acreage* within Noise Zones 2 & 3 generated by your flight operations and whether it is compatible/incompatible with AICUZ guidelines on land use.

N/A

Acreage/Location/ID	**Zones 2 or 3**	**Land Use**	**Compatible / Incompatible**

8f. List the navigational channels and berthing areas controlled by your base which require maintenance dredging? Include the frequency, volume, current project depth, and costs of the maintenance requirement.

N/A

Navigational Channels/ Berthing Areas	**Location / Description**	**Maintenance Dredging Requirement**			
		Frequency	Volume (MCY)	Current Project Depth (FT)	Cost ($M)

8g. Summarize planned projects through FY 1997 requiring **new channel or berthing area** dredged depths, include location, volume and depth.

N/A

8h.

Are there available **designated dredge disposal areas** for maintenance dredging material? List location, remaining capacity, and future limitations.	**N/A**
Are there available **designated dredge disposal** areas for new dredge material? List location, remaining capacity, and future limitations.	**N/A**
Are the dredged materials considered contaminated? List known contaminants.	**N/A**

8.i. List any requirements or constraints resulting from consistency with **State Coastal Zone Management Plans.**

1.
N/A

8j. Describe any **non-point source pollution problems affecting water quality** ,e.g.: coastal erosion.

Stormwater runoff may negatively impact nearby waterways. A storm-water pollution prevention plan is currently being developed to address this issue.

8k.

If the base has a cooperative agreement with the US Fish and Wildlife Service and/or the State Fish and Game Department for conducting a hunting and fishing program, does the agreement or these resources constrain either current or future operations or activities? Explain the nature and extent of restrictions.	YES/<u>NO</u>

8l. List any other areas on your base which are indicated as protected or preserved habitat other than threatened/endangered species that have been listed in Section 1. List the species, whether or not treated, and the acres protected/preserved. **N/A**

9. WRAPUP

9a. Are there **existing or potential environmental showstoppers** that have affected or will affect the accomplishment of the installation mission that have not been covered in the previous 8 questions?

No.

9b. Are there any **other environmental permits** required for base operations, include any relating to industrial operations.

No.

9c. Describe any **other environmental or encroachment restrictions** on base property not covered in the previous 8 sections.

No.

9d. List **any future/proposed laws/regulations or any proposed laws/regulations** which will constrain base operations or development plans in any way. Explain.

N/A

REPRODUCED AT GOVERNMENT EXPENSE

A. EFFLUENT LIMITATIONS AND MONITORING REQUIREMENTS

During the period beginning the effective date and lasting through expiration date the permittee is authorized to discharge from outfall(s) serial numbers(s) 001

Such discharges shall be limited and monitored by the permittee as specified below:

Effluent Characteristic	Discharge Limitations				Monitoring Requirements	
	kg/day(lb/day)		Other Units (Specify)			
	Avg Monthly	Max Daily	Avg Monthly	Max Daily	Measurement Frequency	Sample Type
Flow-m^3/day (mgd)*	N/A	N/A	**N/L	**N/L	continuous	measured
BOD_5	76 (167)	114 (250)	20 mg/l	30 mg/l	twice per week	8 hr. composite
Total Suspended Solids	38 (83)	57 (125)	10 mg/l	15 mg/l	twice per week	8 hr. composite
Fecal Coliform	N/A	N/A	N/A	14 MPH/100 ml.	weekly	grab
Dissolved Oxygen	N/A	N/A	5.0 mg/l	min. at any time	twice per day	grab
Total Residual Chlorine	N/A	N/A	N/A	***	twice per day	grab
Total Phosphorus	N/A	N/A	**N/L	**N/L	monthly	grab

The pH shall not be less than 6.5 standard units nor greater than 8.5 standard units and shall be monitored twice per day by a grab sample.

There shall be no discharge of floating solids or visible foam in other than trace amounts.

Samples taken in compliance with the monitoring requirements specified above shall be taken at the following locations(s): at outfall 001.

* Flow of 1.0 MGD used in computing wasteload allocations.
** N/L - No limit, only monitoring is required
*** Dechlorination is required to reduce the total residual chlorine to the nondetectable level (See Standard Condition, Part II, Section C, 12 m.)

ENCLOSURE (2)

BRAC-95 CERTIFICATION

Data being certified 33

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

DATA CALL 1: GENERAL INSTALLATION INFORMATION

1. ACTIVITY: Follow example as provided in the table below (*delete the examples when providing your input*). If any of the questions have multiple responses, please provide all. If any of the information requested is subject to change between now and the end of Fiscal Year (FY) 1995 due to known redesignations, realignments/closures or other action, provide current and projected data and so annotate.

- Name

Official name	~~*e.g. Naval Station Puget Sound, Seattle, WA*~~ *Naval Medical Clinic, Annapolis, MD*
Acronym(s) used in correspondence	~~*e.g. NSPS Seattle, NAVSTA Puget Sound*~~ NMCL, Annapolis
Commonly accepted short title(s)	~~*e.g. Sand Point*~~ NAVMEDCLINIC, Annapolis

- Complete Mailing Address

  250 Wood Road
  Annapolis, Maryland 21402-5050

- PLAD

  NAVMEDCLINIC ANNAPOLIS MD

- PRIMARY UIC: 00162 (Plant Account UIC for Plant Account Holders)

Enter this number as the Activity identifier at the top of each Data Call response page.

- ALL OTHER UIC(s): _ PURPOSE: _

2. PLANT ACCOUNT HOLDER:

- Yes x No _ (check one)

3. ACTIVITY TYPE: Choose most appropriate type that describes your activity and completely answer all questions.

- **HOST COMMAND: A host command is an activity that provides facilities for its own functions and the functions of other (tenant) activities. A host has accountability for Class 1 (land), and/or Class 2 (buildings, structures, and utilities) property, regardless of occupancy. It can also be a tenant at other host activities.**

  - Yes __x__ No _ (check one)

- TENANT COMMAND: A tenant command is an activity or unit that occupies facilities for which another activity (i.e., the host) has accountability. A tenant may have several hosts, although one is usually designated its primary host. If answer is "Yes," provide best known information for your primary host only.

  - Yes __x__ No _ (check one)
  - Primary Host (current) UIC: 00161
  - Primary Host (as of 01 Oct 1995) UIC: 00161
  - Primary Host (as of 01 Oct 2001) UIC: 00161

- **INDEPENDENT ACTIVITY: For the purposes of this Data Call, this is the "catch-all" designator, and is defined as any activity not previously identified as a host or a tenant. The activity may occupy owned or leased space. Government Owned/Contractor Operated facilities should be included in this designation if not covered elsewhere.**

  - **Yes _____ No __x__ (check one)**

4. SPECIAL AREAS: List all Special Areas. Special Areas are defined as Class 1/Class 2 property for which your command has responsibility that is not located on or contiguous to main complex.

N/A

00162

Name	Location	UIC

5. **DETACHMENTS:** If your activity has detachments at other locations, please list them in the table below.

Name	UIC	Location	Host name	Host UIC
Naval Branch Medical Clinic	48167	Wallops Island, VA	Aegis Combat System Center	45534

6. **BRAC IMPACT:** Were you affected by previous Base Closure and Realignment decisions (BRAC-88, -91, and/or -93)? If so, please provide a brief narrative.

N/A

7. MISSION: Do not simply report the standard mission statement. Instead, describe important functions in a bulletized format. Include anticipated mission changes and brief narrative explanation of change; also indicate if any current/projected mission changes are a result of previous BRAC-88, -91,-93 action(s).

Current Missions

- Provide comprehensive ambulatory care services for active duty Navy and Marine Corps personnel and active duty members of other Federal Uniformed Services.

- Provide ambulatory care services for other authorized persons as prescribed by Title 10, U.S. Code and other current directives.

-
-
-
-

Projected Missions for FY 2001

-
-
-
-
-

8. UNIQUE MISSIONS: Describe any missions which are unique or relatively unique to the activity. Include information on projected changes. Indicate if your command has any National Command Authority or classified mission responsibilities.

Current Unique Missions

- Ensure health & physical welfare of the Brigade of Midshipmen.
- Operate a full range sports medicine service.
- Conduct exhaustive qualifying physical exams upon commissioning candidates.

Projected Unique Missions for FY 2001

-
-
-

9. IMMEDIATE SUPERIOR IN COMMAND (ISIC): Identify your ISIC. If your ISIC is not your funding source, please identify that source in addition to the operational ISIC.

Operational name	UIC
Superintendent, U.S. Naval Academy	00161

Funding Source	UIC
Chief, Bureau of Medicine and Surgery	00018

10. PERSONNEL NUMBERS: Host activities are responsible for totalling the personnel numbers for all of their tenant commands, even if the tenant command has been asked to separately report the data. The tenant totals here should match the total tally for the tenant listing provided subsequently in this Data Call (see Tenant Activity list). (Civilian count shall include Appropriated Fund personnel only.)

On Board Count as of 01 January 1994

	Officers	Enlisted	Civilian (Appropriated)
• Reporting Command	23	38	32
Contracted			21*
• Tenants (total)	N/A		

* The Primary Care Clinic is a contracted clinic.

Authorized Positions as of 30 September 1994

	Officers	Enlisted	Civilian (Appropriated)
• Reporting Command	34	72	38
• Tenants (total)	N/A		

11. KEY POINTS OF CONTACT (POC): Provide the work, FAX, and home telephone numbers for the Commanding Officer or OIC, and the Duty Officer. Include area code(s). You may provide other key POCs if so desired in addition to those above.

Title/Name	Office	Fax	Home
•CO			
ALAN W. FROST CAPT, MSC, USN	(410) 293-2501	(410) 293-3546	(410) 280-6722
Duty Desk	(410) 293-4851	N/A	N/A

12. TENANT ACTIVITY LIST: This list must be all-inclusive. Tenant activities are to ensure that their host is aware of their existence and any "subleasing" of space. This list should include the name and UIC(s) of all organizations, shore commands and homeported units, active or reserve, DOD or non-DOD (include commercial entities). The tenant listing should be reported in the format provide below, listed in numerical order by UIC, separated into the catogories listed below. Host activities are responsible for including authorized personnel numbers, (end strength) as of 30 September 1994, for all tenants, even if those tenants have also been asked to provide this information on a separate Data Call. (Civilian count shall include Appropriated Fund personnel only.)

N/A

- Tenants residing on main complex (shore commands)

Tenant Command Name	UIC	Officer	Enlisted	Civilian

- **Tenants residing on main complex (homeported units.)**

Tenant Command Name	**UIC**	**Officer**	**Enlisted**	**Civilian**

- **Tenants residing in Special Areas (Special Areas are defined as real estate owned by host command not contiguous with main complex; e.g. outlying fields).**

Tenant Command Name	**UIC**	**Location**	**Officer**	**Enlisted**	**Civilian**

- **Tenants (Other than those identified previously)**

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian

13. REGIONAL SUPPORT: Identify your relationship with other activities, not reported as a host/tenant, for which you provide support. Again, this list should be all-inclusive. The intent of this question is capture the full breadth of the mission of your command and your customer/supplier relationships. Include in your answer any Government Owned/Contractor Operated facilities for which you provide administrative oversight and control.

Activity name	Location	Support function (include mechanism such as ISSA, MOU, etc.)
e.g. DLA (DoD Agency Name)	*Somewhere, CA*	*Purchasing/contract administration and public works support - ISSA.*
USAF (Other Military Dept)	*Anywhere AFB*	*warehouse space - MOU.*

Provide medical support to the following commands located in Annapolis. MD:

Branch Dental Clinic
Defense Commissary Agency
Electromagnetic Compatibility Analysis Center
Marine Barracks
Navy Band
Naval Radio Transmitting Facility, Annapolis
Naval Station, Annapolis
Naval Surface Warfare Center-DET Annapolis, Annapolis
Personnel Support Activity Detachment, Annapolis
Public Affairs
U.S. Naval Academy

14. FACILITY MAPS: This is a primary responsibility of the plant account holders/host commands. Tenant activities are not required to comply with submission if it is known that your host activity has complied with the request. Maps and photos should not be dated earlier than 01 January 1991, unless annotated that no changes have taken place. Any recent changes should be annotated on the appropriate map or photo. Date and label all copies.

Unites States Naval Academy will provide this information.

- Local Area Map. This map should encompass, at a minimum, a 50 mile radius of your activity. Indicate the name and location of all DoD activities within this area, whether or not you support that activity. Map should also provide the geographical relationship to the if apmajor civilian communities within this radius. (Provide 12 copies.)

- Installation Map / Activity Map / Base Map / General Development Map / Site Map. Provide the most current map of your activity, clearly showing all the land under ownership/control of your activity, whether owned or leased. Include all outlying areas, special areas, and housing. Indicate date of last update. Map should show all structures (numbered with a legend, if available) and all significant restrictive use areas/zones that encumber further development such as HERO, HERP, HERF, ESQD arcs, agricultural/forestry programs, environmental restrictions (e.g., endangered species). (Provide in two sizes: 36"x 42" (2 copies, if available); and 11"x 17" (12 copies).)

- Aerial photo(s). Aerial shots should show all base use areas (both land and water) as well as any local encroachment sites/issues. You should ensure that these photos provide a good look at the areas identified on your Base Map as areas of concern/interest - remember, a picture tells a thousand words. Again, date and label all copies. (Provide 12 copies of each, 8½"x 11".)

- Air Installations Compatible Use Zones (AICUZ) Map. (Provide 12 copies.)

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

MISSION REQUIREMENTS

1. Mission Statement. State the mission of your medical facility in sufficient detail so that it can be distinguished from other medical facilities.

Naval Medical Clinic, Annapolis - provides comprehensive ambulatory medical care services primarily for the Brigade of Midshipmen, active duty Navy and Marine Corps personnel and active duty members of other Federal Uniformed Services. Subject to the availability of space, facilities, and other resources capabilities, provides ambulatory care services for other authorized persons as described by Title 10, U. S. Code and other current directives. The main clinic provides primary care for non-active duty personnel and specialty care for all eligible beneficiaries. They provide screening, examination, diagnosis, primary care treatment, and referral of eligible beneficiaries for a wide range of general medical conditions on an outpatient basis. This department also administers immunization services and allergy immunotherapy for all categories of beneficiaries. The clinic also provides the following services: internal medicine, mental health, optometry, orthopaedics, podiatry, pediatrics, physical therapy, industrial hygiene, occupational health and preventive medicine. Additionally, ancillary services including pharmacy, radiology, and laboratory are offered. The Bancroft Hall Branch Clinic provides primary care for the Brigade of Midshipmen and other active duty personnel assigned to the Annapolis Area Complex. Emergency inpatient and outpatient referrals are made in the civilian community to Anne Arundel Medical Center, Annapolis, Maryland. A Memorandum of Understanding is also in effect with this proximate civilian health care facility which permits our Navy orthopaedic surgeons to perform surgery at their institution on members of the Brigade of Midshipmen. This program was implemented to minimize the academic and training time lost by the midshipmen. Other than emergencies, inpatient and outpatient referrals, as well as complex specialty testing requirements, are sent to the National Naval Medical Center, Bethesda.

2. Customer Base. In the table below, identify your active duty customers. Include both Naval and non-Naval active duty components. Begin with the largest activity and work down to the smallest. Include the customer Unit Identification Code (UIC).

UNIT NAME	UIC	UNIT LOCATION	UNIT SIZE (NUMBER OF PERSONNEL)
U. S. Naval Academy	N00161	Annapolis, MD	2017

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	N/A	4837	N/A	N/A
ACTIVE DUTY NON N/MC	N/A	351	N/A	N/A
TOTAL ACTIVE DUTY	N/A	5188		N/A
FAMILY OF AD	N/A	22347	N/A	N/A
RETIRED AND FAMILY MEMBERS UNDER 65	N/A	*22469	N/A	N/A
RETIRED AND FAMILY MEMBERS OVER 65	N/A	* 0	N/A	N/A
OTHER	N/A	3756	N/A	N/A
TOTAL	N/A	53760		N/A

What is your occupancy rate for FY 1994 to date? N/A
* Data processing not tracked in above format.

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used to generate the SEARS Report.

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY PATIENT LOAD
ACTIVE DUTY N/MC	N/A	4837	N/A	N/A
ACTIVE DUTY NON N/MC	N/A	351	N/A	N/A
TOTAL ACTIVE DUTY	N/A	5188		N/A
FAMILY OF AD	N/A	17151	N/A	N/A
RETIRED AND FAMILY MEMBERS UNDER 65	N/A	* 22469	N/A	N/A
RETIRED AND FAMILY MEMBERS OVER 65	N/A	* 0	N/A	N/A
OTHER	N/A	3756	N/A	N/A
TOTAL	N/A	53760		N/A

What is your occupancy rate for FY 1994 to date? NA

* DATA PROCESSING NOT TRACKED IN ABOVE FORMAT

4. Projected Workload. Complete the following tables for your projected workload. Please show and develop any assumptions and calculations used to complete the table. Be sure to note any impact prior closure and realignment decisions have had on your facility. Please be sure to include any impact your participation in the managed care initiative (TRICARE), previous BRAC actions, and force structure reductions will have on your workload.

	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
* OUTPAT. VISITS	157200	157200	157200	157200	157200	157200	157200
ADMISS.	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Please show all assumptions and calculations in the space below:

UIC 00162 * 32637 will consolidate in FY 95

5. Medical Support. Indicate in the table below all the medical support you provide that is not direct patient care, and identify the time spent providing such support (i.e. food service inspections, medical standby for physical fitness tests, flight operations, field training,rifle range, MWR support for sporting events, etc.).

NON-PATIENT CARE SUPPORT	TIME SPENT/ QTR	STAFF NEEDED/ EVENT
USNA Event Coverages	125	2

6. Graduate Medical Education. In the table provided, identify all the training programs (to include transitional internships and fellowships) at your facility and the numbers graduated per year. Also identify major non-physician training programs (such as OR nurse, nurse anesthetist, etc.). Be sure to take into account any planned program changes, and prior base closure and realignment decisions.
N/A

PROGRAM	NUMBER TRAINED BY FISCAL YEAR							
	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001

6a. Graduate Medical Education. Complete the following table

6a. Graduate Medical Education. Complete the following table for each Graduate Medical Education program that requires accreditation by the Accreditation Council for Graduate Medical Education (ACGME):

N/A

PROGRAM	STATUS[1]	CERT.[2]	COMMENTS[3]

[1] Use F for fully accredited, P for probation, and N for not accredited.
[2] List the percentage of program graduates that achieve board certification.
[3] Complete this section for all programs that you entered a P or N in the Status column. Indicate why the program is not fully accredited and when it is likely to become fully accredited.

FACILITIES

7. Facilities Description. Complete the following table for all buildings for which you maintain an inventory record. Use only one row for each building. Provide the 5 digit category code number (CCN) where possible. Do not include any buildings that would receive their own data calls (such as a Branch Medical Clinic):

FACILITY TYPE (CCN)	BUILDING NAME/USE[1]	SQUARE FEET	AGE (IN YEARS)	CONDITION CODE[2]
550-10	#274, PATIENT CARE/LAB/PHARM/X-RAY	22,919	55	ADEQUATE
550-10	#275, PATIENT CARE/ADMINISTRATION	17,776	55	SUBSTAND
721-11	#276, ENLISTED QTRS	27,876	55	ADEQUATE
550-10	#250, PATIENT CARE/ADMINISTRATION	40,312	87	ADEQUATE
550-10	#252, WAREHOUSE/ ADMINISTRATION	6,837	54	ADEQUATE
890-09	#253, UTILITY PLANT	7,991	87	SUBSTAND
143-10	#258, VEHICLE GARAGE	5,555	87	ADEQUATE

[1] Use refers to patient care, administration, laboratory, warehouse, power plant, etc.

[2] This should be based on NAVFACINST 11011.44E Shore Facilities Planning Manual and the condition recorded should be recorded as Adequate, Substandard, or Inadequate. Chapter 5 of NAVFACINST 11011.44E provides guidance on this scoring system.

7a. In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information: N/A

1. Facility Type/Code:
2. What makes it inadequate?
3. What use is being made of the facility?
4. What is the cost to upgrade the facility to substandard?
5. What other use could be made of the facility and at what cost?
6. Current improvement plans and programmed funding:
7. Has this facility condition resulted in "C3" or "C4" designation on your BASEREP?

Revised pg

7b. Capital Improvement Expenditures. List the project number, description, funding year, and value of the **capital improvements at your facility completed (beneficial occupancy) during 1988 to 1994.** Indicate if the capital improvement is a result fo BRAC realignments or closures.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
RMCE 2-86	BLDG. 274, RENOVATION	89	765K
RCME 3-86	BLDG 250, RENOVATION	89	1700k

7f. Please provide the date of your most recent Joint Commission on Accreditation of Healthcare Organizations (JCAHO) survey and indicate the status of your certification. Also record your Life Safety Management score from that survey.

DATE OF SURVEY: 8-10 March 1993
FULL ACCREDITATION: Yes
LIFE SAFETY MANAGEMENT SCORE: 1 (Record as 1,2,3,4,or 5)

LOCATION:

8. Geographic Location. How does your geographic location affect your mission? Specifically, address the following:

a. What is the importance of your location relative to the clients supported?

Naval Medical Clinic, Annapolis provides comprehensive medical support to the Brigade of Midshipmen. As such, proximal location to the Brigade ensures that medical requirements can be met with a minimum loss of training time.

b. What are the nearest air, rail, sea and ground transportation nodes?

Air: Baltimore Washington International Airport
Rail: New Carolton Amtrak Station
Sea: Baltimore Harbor
Ground: Annapolis, MD

c. Please provide the distance in miles that your facility is located from any military or civilian airfield that can accommodate a C-9 aircraft.

Distance (in miles): 25

d. What is the importance of your location given your mobilization requirements?

Our mobilization requirements include platforms worldwide. Therefore, specific location of the command does not impact our mobilization requirements, however our primary mobilization platform is the USNS Comfort located in Baltimore, Maryland.

e. On the average, how long does it take your current clients/customers to reach your facility?

15 minutes.

9. Manpower and recruiting issues. Are there unique aspects of your facility's location that help or hinder in the hiring of qualified civilian personnel?

The facility is located in a high cost of living area that makes it difficult to recruit and retain qualified personnel when compensation is limited to the civil service pay scale.

FEATURES AND CAPABILITIES

10. Capabilities. What would be the impact on the Navy and Marine Corps if the capabilities of your facility were to be lost? Answer this question in terms of the unique capabilities of your staff, equipment and facility.

200,000 training hours for midshipmen would be lost annually. This facility is designed specifically to meet the needs of the Brigade of Midshipmen with particular emphasis in Orthopedics and Sports Medicine. Without facility 2.5m/y equivalent required to transport patients to NNMC, Bethesda.

10a. If your facility were to close without any change in beneficiary population would the remaining local health care infrastructure be able to absorb the additional workload? Please provide supporting information to your answer.

Yes, based on the number of primary care providers within a 20 mile radius. Also, there is a community military treatment facility 20 miles away and National Naval Medical Center, Bethesda is 42 miles away.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health care system be able to care for the residual eligible population? Please provide supporting information to your answer.

Yes, based on the number of primary care providers within a 20 mile radius. Also, there is a community military treatment facility 20 miles away and the National Naval Medical Center , Bethesda is 42 miles away.

10c. If your inpatient care capability were to close, would the local community be able to absorb your current inpatient workload? Please develop all of your conclusions with supporting data and show it in the space below:

N/A

Revised pg

11. Mobilization. What are your facility's mobilization requirements?

a. If any of your staff is assigned to support a Hospital Ship, Fleet Hospital, Marine Corps unit, ship, or other operational unit during mobilization complete the following table:

	UNIT NUMBER (IF APPLICABLE)	NUMBER OF STAFF ASSIGNED
USS GUADALCANAL	07352	4
2ND MARINE DIV, CAMP LEJUENE	08321	12
USS BELLEAU WOOD (LHA-3)	20633	3
DET A, 1ST MARINE AIR WING	41975	1
USNS COMFORT (T-AH 20)	46246	1

FLTHOSP #3 (500 CBTZ)	68683	21
2NG FSSG (ADV ELEMENT)	MPS2F	2

NOTE: DUPLICATE THIS TABLE AS NECESSARY TO RECORD ALL UNITS.

*There are 20 authorized DEPMED billets assigned here. UIC 47137 Personnel support USNS Comfort.

b. What additional workload could you perform if you did not have this requirement and its associated training? Please show all assumptions and calculations used in arriving at your conclusions.

N/A

c. Please provide the total number of your expanded beds[1] that are currently fully "stubbed" (i.e. the number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours). Use of portable gas or electrical utilities is not considered in this definition.

N/A

Number of "stubbed" expanded beds[1]: _____

[1] Use the bed definitions as they appear in BUMEDINST 6320.69 and 6321.3.

12. Non-availability Statements. Please complete the following table for Non-availability statements (NAS):

N/A

NAS TYPE	FISCAL YEAR		
	1992	1993	1994
INPATIENT			
OUTPATIENT			

13. Supplemental Care. Please complete the following table for supplemental care:

CATEGORY OF PATIENT	SUPPLEMENTAL CARE[2]					
	FY 1992		FY 1993		FY 1994	
	NO.[1]	COST[2]	NO.	COST	NO.	COST
AD	141	423	172	518	175	525
AD FAMILY	5876	382	4447	289	4307	280
OTHER						
TOTAL	6017	805	4619	807	4482	805

[1] The total number of consults, procedures and admissions covered with supplemental care dollars.

[2] The total cost in thousands of dollars.

data source: NAVCOMP 2171 FY-92,93,94 Budget and financial plan
Procedures derived from cost averaging of ascribed costs based on historical billing and referral patterns

UIC 00162

14. Costs. Complete the following table regarding your outpatient costs. Use the same definitions and assumptions that you use for reporting to Medical Expense and Performance Reporting System (MEPRS).

CATEGORY	FY 1992	FY 1993	FY 1994
TOTAL COSTS	*10,481,718	4,669,732	4,669,732
TOTAL OUTPATIENT VISITS	128,064 (B) 32,436 (D)	53,867	53,867
AVERAGE COST PER VISIT	81.85	86.69	86.69

* FY92 MEPRS TRACKED TO THIRD LEVEL MEPR ALL UICS ARE COMBINED IN THESE FIGURES ALSO PHYSICAL THERAPY VISITS WERE COUNTED AS ANCILLARY VISITS (D) CODES IN FY92 IN FY93 THESE VISITS ARE REFLECTED UNDER (B) CODES. THE COST FOR FY92 DID NOT INCLUDE THESE VISITS IN THE COMPUTATION OF COST PER VISIT THE UIC NUMBERS FOR FY92 00162 32637 48167

14a. Costs. Complete the following tables regarding your inpatients costs. Use the same definitions and assumptions that you use for reporting Medical Expense and Performance Reporting System (MEPRS). Table A, B, C, and D are used to arrive at a cost per Relative Weighted Product (RWP). Table E develops costs for inflation and add-ons to produce the final FY 1994 cost per RWP. FY 1994 should be completed through the First Quarter FY 1994. Costs should be total costs for the category unless otherwise indicated.

Table A: N/A

CATEGORY	FY 1992	FY 1993	FY 1994

15. Quality of Life.

Host command is providing this information in BRAC-95 Data Calls 22/23.

Host Command: United States Naval Academy
Host UIC: N00161

a. Military Housing

(1) Family Housing:

(a) Do you have mandatory assignment to on-base housing? (circle)
yes no

(b) For military family housing in your locale provide the following information:

Type of Quarters	Number of Bedrooms	Total number of units	Number Adequate	Number Substandard	Number Inadequate
Officer	4+				
Officer	3				
Officer	1 or 2				
Enlisted	4+				
Enlisted	3				
Enlisted	1 or 2				
Mobile Homes					
Mobile Home lots					

(c) In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means". For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate?
What use is being made of the facility?
What is the cost to upgrade the facility to substandard?
What other use could be made of the facility and at what cost?
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

BRAC-95 CERTIFICATION

Data being certified 27

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

TABLE OF CONTENTS

MISSION REQUIREMENTS

1. Population 3
2. Bed Capacity 4
3. Workload 5,6,7
4. Staffing 8

LOCATION

5. Community Providers.....9
6. Regional Population.....10
7. Regional Community Hospitals 11,12

MISSION REQUIREMENTS

1. Population. Please identify your beneficiary population using the same definitions as used by RAPS. Use the following table to record your results.

TYPE	ACTUAL FY 1994[5]			PROJECTED FY 1999[5]		
	CATCHMENT[1]	ASSIGNED[2]	REGION[3]	CATCHMENT[1]	ASSIGNED[2]	REGION[3]
AD	13413	5683	NA	12810	5583	NA
FAMILY OF AD	15845	2880	NA	14971	2808	NA
SUBTOTAL	29258	8563		27781	8361	
RETIRED AND FAMILY MEMBERS UNDER 65	16177	4813	NA	15954	4748	NA
RETIRED AND FAMILY MEMBERS OVER 65[4]	4679	2265	NA	5613	2709	NA
OTHER(NG/RES,DEPS NG/RES, SURVIVOR)	4466	1142	NA	4786	1309	NA
TOTAL	54580	16783		54134	17127	

NOTE: THE FOLLOWING APPLIES TO ALL FACILITIES.

[1] THE BASIS FOR YOUR REPORTED POPULATION IS THE CATCHMENT AREA DEFINED AS SETS OF ZIP CODES EMANATING FROM THE CENTER OF THE ZIP CODE IN WHICH THE MTF IS LOCATED WITH A RADIUS OF 40 MILES. DATA REPRESENT 20 MILE CIRCLE FOR THIS CLINIC.

[2] THIS IS THE POPULATION SPECIFICALLY ASSIGNED TO YOUR FACILITY IN CONTRAST TO THE POPULATION IN THE CATCHMENT AREA. THIS IS IMPORTANT IN FACILITIES WITH OVERLAPPING CATCHMENT AREAS. DATA REPRESENT PRISM CONCEPT FOR THIS CLINIC.

[3] IF YOU ARE A DESIGNATED NAVAL MEDICAL CENTER, PLEASE REPORT YOUR LEAD AGENT POPULATION (SEE TRICARE POLICY GUIDELINES).

[4] THIS SECTION MUST BE COMPLETED.

[5] ACTUAL FY94 & PROJECTED FY99 RAPS DATA UTILIZED VICE ORIGINAL REQUEST FOR ACTUAL FY93 & PROJECTED FY2001. RAPS DATA ONLY INCLUDE FY94 AND WON'T PROJECT PAST FY99.

The following questions are designed to determine the level of services provided at your facility during FY 1993, your current maximum capability (i.e. your maximum capacity given the same set of parameters that you are currently functioning within), and the requirements of the community you support.

3. Workload. Complete the following table for FY 1993: UIC 00162

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	TOTAL OF EACH ROW
* OUTPATIENT VISITS	5,188	22,347	22,469	50,004
ADMISSIONS	NA	NA	NA	NA
LABORATORY TESTS (WEIGHTED)	see remarks			399,391
RADIOLOGY PROCEDURES (WEIGHTED)				15,432
PHARMACY UNITS (WEIGHTED)				110,652
OTHER (SPECIFY)	**see below			

* Primary Care Contracted	548	10,573	16,947	26,772
Mental Health Partnership	8	1,487	295	1,790
Outpatient visits included in totals above				

Visits For UIC 00162 Total was 53,760 3,756 Other Category

** EKG's 3669
Audiograms 917
Immunizations7183
Allergy/TB Screenings 3091
Limited Services 2902

Data processing for Ancillary workload is not consistent with the above format. Only Weighted Totals Available.

3a. Workload. Complete the following table for your maximum capacity. Assume the same facility, staff, equipment, and supplies you currently have. Do not change your scope of practice. **Show all calculations and assumptions in the space below.**

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	TOTAL OF EACH ROW
OUTPATIENT VISITS	5,188	22,347	22,469	50,004
ADMISSIONS	NA	NA	NA	NA
LABORATORY TESTS (WEIGHTED)	see remarks			399,391
RADIOLOGY PROCEDURES (WEIGHTED)				15,432
PHARMACY UNITS (WEIGHTED)				110,652
OTHER (SPECIFY)	**see below			

*Primary Care Contracted
Mental Health Partnership
Outpatient visits included
in totals above

Visits for UIC 00162 Total was 53,760 3,756 Other category

** EKG's 3669
Audiograms 917
Immunizations 7183
Allergy/TB Screenings 3091
Limited Services 2902

Data processing for Ancillary workload is not consistent with the above format. Only weighted totals available.

REPRODUCED AT GOVERNMENT EXPENSE

3b. Workload. Complete the following table for the current workload demand of your supported population. Assume you are to provide all the care in your facility for your catchment area. Show all calculations and assumptions in the space below.

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	TOTAL OF EACH ROW
OUTPATIENT VISITS	5200	22400	22500	50100
ADMISSIONS				NA
LABORATORY TESTS (WEIGHTED)				399400
RADIOLOGY PROCEDURES (WEIGHTED)				15500
PHARMACY UNITS (WEIGHTED)				110700
OTHER (SPECIFY)				** see below

*Contracted Primary Care total	550	10550	16900	28,000
Partnership Mental Health		1500	300	1,800

EKG's 3700
Audiograms 1000
Immunizations 7200
Allergy/TB Screenings 3200
Limited Services 3000

4. Staffing. Please complete the following table related to your provider staffing (only include those providers whose primary responsibility is patient care). Please include military, civilian, and contract providers. Do not include partnerships.

UIC: 00162

PROVIDER TYPE	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
PRIMARY CARE[1]	11	11	11	11	11	11	11	11
SPECIALTY CARE[2]	2	2	2	2	2	2	2	2
PHYSICIAN EXTENDERS[3]	5	5	5	5	5	5	5	5
INDEPENDENT DUTY CORPSMEN	3	3	3	3	3	3	3	3
TOTAL	21	21	21	21	21	21	21	21

[1] This includes General Medical Officers, Flight Surgeons, Diving Medical Officers, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.
[2] This is all other physician providers not included in the primary care category.
[3] This includes Physician Assistants and Nurse Practitioners.

1

LOCATION

5. Community Providers. Complete the following table for the civilian providers within your 40 mile catchment area. The catchment area is defined as sets of zip codes emanating from the center of the ZIP code in which the MTF is located with a radius of 40 miles. If you are required to use another boundary please define the geographical region and the reason for its use.

PROVIDER TYPE	CURRENT
PRIMARY CARE[1]	489 (Note 1)
SPECIALTY CARE[2]	455 (Note 1)
PHYSICIAN EXTENDER[3] Physician Assistants Nurse Practitioner	(Note 2) (684) (600)
TOTAL	944 (1284)

[1] This includes General Practioners, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.

[2] This is all other physician providers not included in the primary care category.

[3] This includes Physician Assistants and Nurse Practitioners.

Note 1 - MTF has no catchment area. Utilized 20 miles radius as boundary.
Note 2 - No exact data for the 20 miles radius. Estimated total for each category licensed to practice in State of Maryland.

Revised pg

6. Regional Population. Please provide the U. S. Census population for your 40 mile catchment area. If you are required to use another boundary please define the geographical region and the reason for its use. Also list the source of this information. This value should include your beneficiary population.

Region Population: 3,981,002 including 54,580 (FY94 RAPS beneficiaries within the 20 mile radius)

Information obtained from the U. S. Census Bureau and RAPS.

6. Regional Population. Please provide the U. S. Census population for your 40 mile catchment area. If you are required to use another boundary please define the geographical region and the reason for its use. Also list the source of this information. This value should include your beneficiary population.

Region Population: 3,516,335 including 54,580 (FY94 RAPS beneficiaries within the 20 mile radius)

Information obtained from U. S. Census Bureau and RAPS.

7. Regional Community Hospitals within 20 miles radius. Please list in the table below all the community hospitals (as defined in the American Hospital Association publication Hospital Statistics)in your region (include military, civilian, and any federal facilities including Veterans Affairs):

FACILITY NAME	OWNER	DISTANCE[1]	DRIVING TIME	RELATIONSHIP[2]
Anne Arundel Medical Center	Non-Gov. Not for Profiit	4 Miles	10 Minutes	Memorandum of Understanding
Nortrh Arundel Hospital	Non-Gov. Not for Profit	19 Miles	25 Minutes	None
Kimbrough Army Community Hospital	Federal Gov. - Army	20 Miles	25 Minutes	Tri-Care
Harbor Hospital	Non-Gov. Not for Profit	25 Miles	40 Minutes	None

[1] Distance in driving miles from your facility
[2] List any partnerships, MOUs, contracts, etc with this facility

7a. Regional Community Hospitals within 20 miles radius. For each facility listed in the preceding table complete the following table:

FACILITY	BEDS[1]	JCAHO APPROVED	OCCUPANCY[1]	UNIQUE FEATURES[2]
Anne Arundel Medical Center	303	Yes	67 %	Trauma center
North Arundel Hospital	329	Yes	77.2%	Hemodialysis
Kimbrough Army Community Hospital	27	Yes	38.4	Trauma center
Harbor Hospital	287	Yes	74.2%	GME, Hemodialysis

[1] Use definitions as noted in the American Hospital Association publication Hospital Statistics.

[2] Such as regional trauma center, burn center, Graduate Medical Education Center, etc.

c. Training Facilities:

(1) By facility Category Code Number (CCN), provide the usage requirements for each course of instruction required for all formal schools on your installation. A formal school is a programmed course of instruction for military and/or civilian personnel that has been formally approved by an authorized authority (ie: Service Schools Command, Weapons Training Battalion, Human Resources Office). Do not include requirements for maintaining unit readiness, GMT, sexual harassment, etc. Include all applicable 171-*xx*, 179-*xx* CCN's. N/A

Type of Training Facility/CCN	School	Type of Training	FY 1993 Requirements			FY 2001 Requirements		
			A	B	C	A	B	C

A = STUDENTS PER YEAR
B = NUMBER OF HOURS EACH STUDENT SPENDS IN THIS TRAINING FACILITY FOR THE TYPE OF TRAINING RECEIVED
C = A x B

(2) By Category Code Number (CCN), complete the following table for all training facilities aboard the installation. Include all 171-*xx* and 179-*xx* CCN's. N/A

For example: in the category 171-10, a type of training facility is academic instruction classroom. If you have 10 classrooms with a capacity of 25 students per room, the design capacity would be 250. If these classrooms are available 8 hours a day for 300 days a year, the capacity in student hours per year would be 600,000.

Type Training Facility/CCN	Total Number	Design Capacity (PN)[1]	Capacity (Student HRS/YR)

(3) Describe how the Student HRS/YR value in the preceding table was derived.

N/A

[1] Design Capacity (PN) is the total number of seats available for students in spaces used for academic instruction; applied instruction; and seats or positions for operational trainer spaces and training facilities other than buildings, i.e., ranges. Design Capacity (PN) must reflect current use of the facilities.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

Activity Identification: Please complete the following table, identifying the activity for which this response is being submitted.

Activity Name:	Naval Medical Clinic, Annapolis
UIC:	00162
Major Claimant:	Bureau of Medicine and Surgery

General Instructions/Background:

Information requested in this data call is required for use by the Base Structure Evaluation Committee (BSEC), in concert with information from other data calls, to analyze both the impact that potential closure or realignment actions would have on a local community and the impact that relocations of personnel would have on communities surrounding receiving activities. In addition to Cost of Base Realignment Actions (COBRA) analyses which incorporate standard Department of the Navy (DON) average cost factors, the BSEC will also be conducting more sophisticated economic and community infrastructure analyses requiring more precise, activity-specific data. For example, activity-specific salary rates are required to reflect differences in salary costs for activities with large concentrations of scientists and engineers and to address geographic differences in wage grade salary rates.
Questions relating to "Community Infrastructure" are required to assist the BSEC in evaluating the ability of a community to absorb additional employees and functions as the result of relocation from a closing or realigning DON activity.

Due to the varied nature of potential sources which could be used to respond to the questions contained in this data call, a block appears after each question, requesting the identification of the source of data used to respond to the question. To complete this block, identify the source of the data provided, including the appropriate references for source documents, names and organizational titles of individuals providing information, etc. Completion of this "Source of Data" block is critical since some of the information requested may be available from a non-DoD source such as a published document from the local chamber of commerce, school board, etc. Certification of data obtained from a non-DoD source is then limited to certifying that the information contained in the data call response is an accurate and complete representation of the information obtained

from the source. Records must be retained by the certifying official to clearly document the source of any non-DoD information submitted for this data call.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

General Instructions/Background (Continued):

The following notes are provided to further define terms and methodologies used in this data call. Please ensure that responses consistently follow this guidance:

Note 1: Throughout this data call, the term **"activity"** is used to refer to the DON installation that is the addressee for the data call.

Note 2: Periodically throughout this data call, questions will include the statement that the response should refer to the **"area defined in response to question 1.b., (page 3)"**. Recognizing that in some large metropolitan areas employee residences may be scattered among many counties or states, **the scope of the "area defined" may be limited to the sum of:**

- **those counties that contain government (DoD) housing units (as identified in 1.b.2)), and,**
- **those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.**

Note 3: Responses to questions referring to **"civilians"** in this data call should reflect **federal civil service appropriated fund employees.**

1. Workforce Data

a. Average Federal Civilian Salary Rate. Provide the projected FY 1996 average gross annual appropriated fund civil service salary rate for the activity identified as the addressee in this data call. This rate should include all cash payments to employees, and exclude non-cash personnel benefits such as employer retirement contributions, payments to former employees, etc.

Average Appropriated Fund Civilian Salary Rate:	1.2M

Source of Data (1.a. Salary Rate): Claimancy 18

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

b. Location of Residence. Complete the following table to identify where employees live. Data should reflect current workforce.

1) **Residency Table.** Identify residency data, by county, for both military and civilian (civil service) employees working at the installation (including, for example, operational units that are homeported or stationed at the installation). For each county listed, also provide the estimated average distance from the activity, in miles, of employee residences and the estimated average length of time to commute one-way to work. For the purposes of displaying data in the table, any county(s) in which 1% or fewer of the activity's employees reside may be consolidated as a single line entry in the table, titled "Other".

County of Residence	State	No. of Employees Residing in County		Percentage of Total Employees	Average Distance From Base (Miles)	Average Duration of Commute (Minutes)
		Military	Civilian			
Anne Arundel	MD	117	28	88	10	15
Baltimore	MD	2	2	2.5	30	40
Calvert	MD	1	3	2.5	35	45
Montgomery	MD	0	4	2.5	42	60
Prince George's	MD	2	1	2	25	30
Other	MD	3	1	2.5	30	40
Wallops Isl.(Note-1)	VA	2	0			

Note-1: No data provided. This is a branch facility. Military members reside in the area.

164 = 100%

As discussed in Note 2 on Page 2, subsequent questions in the data call refer to the "area defined in response to question 1.b., (page 3)". In responding to these questions, the scope of

counties that contain government (DoD) housing units (as identified below), and, b) those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.

2) Location of Government (DoD) Housing. If some employees of the base live in government housing, identify the county(s) where government housing is located:

Anne Arundel County

Source of Data (1.b. 1) & 2) Residence Data): Standard Personnel Management System

c. Nearest Metropolitan Area(s). Identify all major metropolitan area(s) (i.e., population concentrations of 100,000 or more people) which are within 50 miles of the installation. If no major metropolitan area is within 50 miles of the base, then identify the nearest major metropolitan area(s) (100,000 or more people) and its distance(s) from the base.

City	County	Distance from base (miles)
Washington/ Baltimore	N/A	45

Source of Data (1.c. Metro Areas): Personal knowledge

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

d. **Age of Civilian Workforce.** Complete the following table, identifying the age of the activity's **civil service** workforce.

Age Category	Number of Employees	Percentage of Employees
16 - 19 Years	0	0%
20 - 24 Years	0	0%
25 - 34 Years	4	11%
35 - 44 Years	8	23%
45 - 54 Years	12	34%
55 - 64 Years	9	26%
65 or Older	2	06%
TOTAL	35	100 %

Source of Data (1.d.) Age Data): Standard Personnel Management System - Civilian Staffing Roster

e. Education Level of Civilian Workforce

1) Education Level Table. Complete the following table, identifying the education level of the activity's **civil service** workforce.

Last School Year Completed	Number of Employees	Percentage of Employees
8th Grade or less		
9th through 11th Grade	1	3%
12th Grade or High School Equivalency	10	28%
1-3 Years of College	14	40%
4 Years of College (Bachelors Degree)	9	26%
5 or More Years of College (Graduate Work)	1	3%
TOTAL	35	100 %

2) Degrees Achieved. Complete the following table for the activity's **civil service** workforce. Identify the number of employees with each of the following degrees, etc. To avoid double counting, only identify the highest degree obtained by a worker (e.g., if an employee has both a Master's Degree and a Doctorate, only include the employee under the category "Doctorate").

Degree	Number of Civilian Employees
Terminal Occupation Program - Certificate of Completion, Diploma or Equivalent (for areas such as technicians, craftsmen, artisans, skilled operators, etc.)	
Associate Degree	2
Bachelor Degree	9
Masters Degree	0

Doctorate	1

Source of Data (1.e.1) and 2) Education Level Data):
Interviews with the civilians/Survey

f. Civilian Employment By Industry. Complete the following table to identify by "industry" the type of work performed by **civil service** employees at the activity. The intent of this table is to attempt to stratify the activity civilian workforce using the same categories of industries used to identify private sector employment. Employees should be categorized based on their primary duties. Additional information on categorization of private sector employment by industry can be found in the Office of Management and Budget Standard Industrial Classification (SIC) Manual. However, you do not need to obtain a copy of this publication to provide the data requested in this table.

Note the following specific guidance regarding the "Industry Type" codes in the first column of the table: Even though categories listed may not perfectly match the type of work performed by civilian employees, please attempt to assign each civilian employee to one of the "Industry Types" identified in the table. However, only use the Category 6, "Public Administration" sub-categories when none of the other categories apply. Retain supporting data used to construct this table at the activity-level, in case questions arise or additional information is required at some future time. **Leave shaded areas blank.**

Industry	SIC Codes	No. of Civilians	% of Civilians

g. Civilian Employment by Occupation. Complete the following table to identify the types of "occupations" performed by **civil service** employees at the activity. Employees should be categorized based on their primary duties. Additional information on categorization of employment by occupation can be found in the Department of Labor Occupational Outlook Handbook. However, you do not need to obtain a copy of this publication to provide the data requested in this table.

Note the following specific guidance regarding the "Occupation Type" codes in the first column of the table: Even though categories listed may not perfectly match the type of work performed by civilian employees, please attempt to assign each civilian employee to one of the "Occupation Types" identified in the table. Refer to the descriptions immediately following this table for more information on the various occupational categories. Retain supporting data used to construct this table at the activity-level, in case questions arise or additional information is required at some future time. **Leave shaded areas blank.**

Source of Data (1.g.) Classification By Occupation Data) :Standard Personnel Management System

Description of Occupational Categories used in Table 1.g. The following list identifies public and private sector occupations included in each of the major occupational categories used in the table. Refer to these examples as a guide in determining where to allocate **appropriated fund civil service jobs** at the activity.

1. **Executive, Administrative and Management.** Accountants and auditors; administrative services managers; budget analysts; construction and building inspectors; construction contractors and managers; cost estimators; education administrators; employment interviewers; engineering, science and data processing managers; financial managers; general managers and top executives; chief executives and legislators; health services managers; hotel managers and assistants; industrial production managers; inspectors and compliance officers, except construction; management analysts and consultants; marketing, advertising and public relations managers; personnel, training and labor relations specialists and managers; property and real estate managers; purchasing agents and managers; restaurant and food service managers; underwriters; wholesale and retail buyers and merchandise managers.
2. **Professional Specialty.** Use sub-headings provided.
3. **Technicians and Related Support.** Health Technologists and Technicians sub-category - self-explanatory. Other

Technologists sub-category includes aircraft pilots; air traffic controllers; broadcast technicians; computer programmers; drafters; engineering technicians; library technicians; paralegals; science technicians; numerical control tool programmers.

4. **Administrative Support & Clerical.** Adjusters, investigators and collectors; bank tellers; clerical supervisors and managers; computer and peripheral equipment operators; credit clerks and authorizers; general office clerks; information clerks; mail clerks and messengers; material recording, scheduling, dispatching and distributing; postal clerks and mail carriers; records clerks; secretaries; stenographers and court reporters; teacher aides; telephone, telegraph and teletype operators; typists, word processors and data entry keyers.
5. **Services.** Use sub-headings provided.
6. **Agricultural, Forestry & Fishing.** Self explanatory.
7. **Mechanics, Installers and Repairers.**Aircraft mechanics and engine specialists; automotive body repairers; automotive mechanics; diesel mechanics; electronic equipment repairers; elevator installers and repairers; farm equipment mechanics; general maintenance mechanics; heating, air conditioning and refrigeration technicians; home appliance and power tool repairers, industrial machinery repairers; line installers and cable splicers; millwrights; mobile heavy equipment mechanics; motorcycle, boat and small engine mechanics; musical instrument repairers and tuners; vending machine servicers and repairers.
8. **Construction Trades.** Bricklayers and stonemasons; carpenters; carpet installers; concrete masons and terrazzo workers; drywall workers and lathers; electricians; glaziers; highway maintenance; insulation workers; painters and paperhangers; plasterers; plumbers and pipefitters; roofers; sheet metal workers; structural and reinforcing ironworkers; tilesetters.
9. **Production Occupations.** Assemblers; food processing occupations; inspectors, testers and graders; metalworking and plastics-working occupations; plant and systems operators, printing occupations; textile, apparel and furnishings occupations; woodworking occupations; miscellaneous production operations.
10. **Transportation & Material Moving.** Busdrivers; material moving equipment operators; rail transportation occupations; truckdrivers; water transportation occupations.
11. **Handlers, Equipment Cleaners, Helpers and Laborers** (not included elsewhere). Entry level jobs not requiring significant training.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

h. Employment of Military Spouses. Complete the following table to provide estimated information concerning **military spouses** who are also employed in the area defined in response to question 1.b., above. **Do not fill in shaded area.**

1. Percentage of Military Employees Who Are Married:	58% (77/132)
2. Percentage of Military Spouses Who Work Outside of the Home:	56% (43/77)
3. Break out of Spouses' Location of Employment (Total of rows 3a. through 3d. should equal 100% and reflect the number of spouses used in the calculation of the "Percentage of Spouses Who Work Outside of the Home".	
3a. Employed "On-Base" - Appropriated Fund:	3% (2/77)
3b. Employed "On-Base" - Non-Appropriated Fund:	9% (7/77)
3c. Employed "Off-Base" - Federal Employment:	12% (9/77)
3d. Employed "Off-Base" - Other Than Federal Employment	33% (25/77)

Source of Data (1.h.) Spouse Employment Data): Standard Personnel Management System and data collected from individuals.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

2. Infrastructure Data. For each element of community infrastructure identified in the two tables below, rate the community's ability to accommodate the relocation of additional functions and personnel to your activity. Please complete each of the three columns listed in the table, reflecting the impact of various levels of increase (20%, 50% and 100%) in the number of personnel working at the activity (and their associated families). In ranking each category, use one of the following three ratings:

A - Growth can be accommodated with little or no adverse impact to existing community infrastructure and at little or no additional expense.

B - Growth can be accommodated, but will require some investment to improve and/or expand existing community infrastructure.

C - Growth either cannot be accommodated due to physical/environmental limitations or would require substantial investment in community infrastructure improvements.

Table 2.a., "Local Communities": This first table refers to the local community (i.e., the community in which the base is located) and its ability to meet the increased requirements of the installation.

Table 2.b., "Economic Region": This second table asks for an assessment of the infrastructure of the economic region (those counties identified in response to question 1.b., (page 3) - taken in the aggregate) and its ability to meet the needs of additional employees and their families moving into the area.

For both tables, annotate with an asterisk (*) any categories which are wholly supported on-base, i.e., are not provided by the local community. These categories should also receive an A-B-C rating. Answers for these "wholly supported on-base" categories should refer to base infrastructure rather than community infrastructure.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

a. Table A: Ability of the local community to meet the expanded needs of the base.

1) Using the **A - B - C** rating system described above, complete the table below.

Category	20% Increase	50% Increase	100% Increase
Off-Base Housing	N/A	N/A	N/A
Schools - Public	N/A	N/A	N/A

N/A

Source of Data (2.b. 1) & 2) - Regional Table):

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

3. **Public Facilities Data:**

a. **Off-Base Housing Availability.** For the counties identified in the response to question 1.b. (page 3), in the aggregate, estimate the current average vacancy rate for community housing. Use current data or information identified on the latest family housing market analysis. For each of the categories listed (rental units and units for sale), combine single family homes, condominiums, townhouses, mobile homes, etc., into a single rate:

Rental Units: 550 (Note 1)

Units for Sale: 7500 (Note 1)

Source of Data (3.a. Off-Base Housing): USNA - Housing Referral Office

Note 1 - The housing Referral Office does not have access to the MLS, so a local realtor was contatced. The above refects the June 1994 vacancy rate for Anne Arundel County. No data are available for other counties. Personnel prefer to live in the local commuting area.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

b. **Education.**

1) Information is required on the current capacity and enrollment levels of school systems serving employees of the activity. Information should be keyed to the counties identified in the response to question 1.b. (page 3).

School District	County	Number of Schools			Enrollment		Pupil-to-Teacher Ratio		Does School District Serve Gov't Housing Units? *
		Elementary	Middle	High	Current	Max. Capacity	Current	Max. Ratio (Note 2)	
Anne Arundel	AA Cty.	76	14	16	69,020	Note 1	16.5	Note 2	Yes
Baltimore	Balt Cty	96	25	23	96,402	"	16.1	"	No
Calvert	Calvert	10	04	02	12,295	"	17.9	"	No
Montgomery	Mont. Cty	123	19	28	113,429	"	15.7	"	No
Pr.Georges	PG Cty	118	8	40	115,918	"	17.3	"	Yes
Other	Other Cty	29	11	08	31,158	"	16.4	"	No

Note-1: There is no maximum capacity for school district.
Note-2: Pupil-to-teacher ratio are based on the # students to the # of teachers. There is no maximum ratio.

* Answer "Yes" in this column if the school district in question enrolls students who reside in government housing.

4) For the counties identified in the response to question 1.b. (page 3), in the aggregate, list the names and major curriculums of vocational/technical training schools:

Anne Arundel:	Maryland Barber School -	Barber
	Maryland Bartending Academy -	Bartending
	Fleet Business School -	Business/Secretarial
	Annapolis Beauty School -	Cosmetology
	International Beauty School -	Cosmetology
	MD Inst. of Criminal justice -	Polygraph
	Investigative Training Inst.-	Private Investigator
	H&R Bloack Eastern Tax Svcs. -	Tax
Baltimore:	GBMC School of Radiology -	Allied Health
	Medix School -	Allied Health
	Amer. Eagle Flight Training Acad. -	Aviation
	Maryland Beauty Academy -	Cosmetology
	Robert's Inst. of Hair Design -	Cosmetology
	Von Lee Intnl. Sch. of Esthetics -	Cosmetology
	John Casablance Career Ctr. -	Modeling
	MD Ctr for Montessori Studies -	Mont Teacher
	Maryland School of Travel	Travel
Montrgomery:	Acupuncture School of MD Inc.	Allied Health
	Ultrasound Diagnostic School	Allied Health
	Wash. Adv Hosp. Sch of Radiology -	Allied Health
	American Institute of Banking -	Banking
	Acad of Prof. Barber Stylists -	Barber
	General Communications Inc. -	Business
	Computer Institute	Computer
	L'Academie De Cuisine	Cooking
	Aesthetic Inst. of Cosmetology -	Cosmetology
	Aspen Beauty School	Cosmetology
	Fame School of Nail Design	Cosmetology
	Montgomery Beauty School	Cosmetology
	Rockville Beauty School	Cosmetology
	Maryland School of Dog Grooming -	Dog Grooming
	Barbizon School of WashDC	Modeling
	MD Inst. of Electrology	Electrology
	Washington School of Photography-	Applied Arts
	Inst. of Adv. Montessori Studies -	Mont.Teacher
	Carlson Travel Academy	Travel
	Travel Learning Center	Travel

Other: NONE

Source of Data (3.b.4) Vo-tech Training): Maryland Higher Education Commission

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

c. Transportation.

1) Is the activity served by public transportation?

	Yes	No
Bus:	x	_
Rail:	x	_
Subway:	_	x
Ferry:	_	x

Source of Data (3.c.1) Transportation):Personal knowledge

2) Identify the location of the nearest passenger railroad station (long distance rail service, not commuter service within a city) and the distance from the activity to the station.

New Carolton Amtrak Station Distance: 25 miles

Source of Data (3.c.2) Transportation): Personal knowledge

3) Identify the name and location of the nearest commercial airport (with public carriers, e.g., USAIR, United, etc.) and the distance from the activity to the airport.

Baltimore Washington International Airport
Distance: 25 miles

Source of Data (3.c.3) Transportation):Personal knowledge

4) How many carriers are available at this airport?

19

Source of Data (3.c.4) Transportation): BWI Airport

5) What is the Interstate route number and distance, in miles, from the activity to the nearest Interstate highway?

Interstate 97, Distance: 3-5miles

Source of Data (3.c.5) Transportation):	State Highway Administration

6) Access to Base:

a) Describe the quality and capacity of the road systems providing access to the base, specifically during peak periods. (Include both information on the area surrounding the base and information on access to the base, e.g., numbers of gates, congestion problems, etc.)
Quality of roads: Good; Capacity: Adequate;
Gates: 3

b) Do access roads transit residential neighborhoods?

Yes

c) Are there any easements that preclude expansion of the access road system?

No

d) Are there any man-made barriers that inhibit traffic flow (e.g., draw bridges, etc.)?

No

Source of Data (3.c.6) Transportation): Energy & Environmental Division, Public Works Department, United States Naval Academy

d. **Fire Protection/Hazardous Materials Incidents.** Does the activity have an agreement with the local community for fire protection or hazardous materials incidents? Explain the nature of the agreement and identify the provider of the service.

N/A, we are a tenant of the United States Naval Academy (USNA) and this falls under their purview.

Source of Data (3.d. Fire/Hazmat):

e. **Police Protection.**

1) What is the level of legislative jurisdiction held by the installation?

N/A, we are a tenant of the USNA and this falls under their purview.

2) If there is more than one level of legislative jurisdiction for installation property, provide a brief narrative description of the areas covered by each level of legislative jurisdiction and whether there are separate agreements for local law enforcement protection.

3) Does the activity have a specific written agreement with local law enforcement concerning the provision of local police protection?

4) If agreements exist with more than one local law enforcement entity, provide a brief narrative description of whom the agreement is with and what services are covered.

5) If military law enforcement officials are routinely augmented by officials of other federal agencies (BLM, Forest Service, etc.), identify any written agreements covering such services and briefly describe the level of support received.

Source of Data (3.e. 1) - 5) - Police):

f. **Utilities.**

1) Does the activity have an agreement with the local community for water, refuse disposal, power or any other utility requirements? Explain the nature of the agreement and identify the provider of the service.

N/A, we are a tenant of the USNA and this falls under thier purview.

2) Has the activity been subject to water rationing or interruption of delivery during the last five years? If so, identify time period during which rationing existed and the restrictions imposed. Were activity operations affected by these situations? If so, explain extent of impact.

3) Has the activity been subject to any other significant disruptions in utility service, e.g., electrical "brown outs", "rolling black outs", etc., during the last five years? If so, identify time period(s) covered and extent/nature of restrictions/disruption. Were activity operations affected by these situations? If so, explain extent of impact.

Source of Data (3.f. 1) - 3) Utilities):

NO MAJOR INCREASE OF NEW AND EXPANDING COMPANIES RECORDED FOR CALVERT, CAROLINE, CHARLES, AND QUEEN ANNE'S COUNTIES.

c. Natural Disasters: None

d. Overall Economic Trends: The November 1993 unemployment rate of 4.6% is the lowest in two years. Twelve companies established headquarters in Anne Arundel County in 1993. This continues a trend noted in 1992, when eight firms set up regional, national or international operations in the county. Commercial activity centered around Baltimore/Washington International Airport, where almost 50 percent of all activities in the county were recorded. There were seventy new and relocating business transactions recorded in 1993 compared to fifty-four in 1992.

JOBS-BY-PLACE OF WORK PROJECTIONS

County	1980	1990	1995	2000

BRAC-95 CERTIFICATION

Data call being certified 65

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

Activity Information:

Activity Name: NMCL
KEY WEST

UIC: 00267

Host Activity Name (if response is for a tenant activity): NAS Key West

BUMED-822
MJL, 19 Jul 96

Host Activity UIC: 00213

General Instructions/Background. A separate response to this data call must be completed for each Department of the Navy (DON) host, independent and tenant activity which separately budgets BOS costs (regardless of appropriation), and, is located in the United States, its territories or possessions.

1. **Base Operating Support (BOS) Cost Data.** Data is required which captures the total annual cost of operating and maintaining Department of the Navy (DON) shore installations. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Two tables are provided. Table 1A identifies "Other than DBOF Overhead" BOS costs and Table 1B identifies "DBOF Overhead" BOS costs. These tables must be completed, as appropriate, for all DON host, independent or tenant activities which separately budget BOS costs (regardless of appropriation), and, are located in the United States, its territories or possessions. Responses for DBOF activities may need to include both Table 1A and 1B to ensure that all BOS costs, including those incurred by the activity in support of tenants, are identified. If both table 1A and 1B are submitted for a single DON activity, please ensure that no data is double counted (that is, included on both Table 1A and 1B). The following tables are designed to collect all BOS costs currently budgeted, regardless of appropriation, e.g., Operations and Maintenance, Research and Development, Military Personnel, etc. Data must reflect FY 1996 and should be reported in thousands of dollars.

a. **Table 1A - Base Operating Support Costs (Other Than DBOF Overhead).** This Table should be completed to identify "Other Than DBOF Overhead" Costs. Display, in the format shown on the table, the O&M, R&D and MPN resources currently budgeted for BOS services. O&M cost data must be consistent with data provided on the BS-1 exhibit. Report only direct funding for the activity. Host activities should not include reimbursable support provided to tenants, since tenants will be separately reporting these costs. Military personnel costs should be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Add additional lines to the table (following line 2j., as necessary, to identify any additional cost elements not currently shown). **Leave shaded areas of table blank.**

Table 1A - Base Operating Support Costs (Other Than DBOF Overhead)

DATA CALL 66
INSTALLATION RESOURCES

Materials Management	18	189	207
2k. Sub-total 2a. through 2j:	316	1000	1316
3. Grand Total (sum of 1c. and 2k.):	396	1000	1396

DATA CALL 66
INSTALLATION RESOURCES

b. **Funding Source.** If data shown on Table 1A reflects more than one appropriation, then please provide a break out of the total shown for the "3. Grand-Total" line, by appropriation:

Appropriation	Amount ($000)
O&M	796
MPN	600

c. Table 1B - **Base Operating Support Costs (DBOF Overhead).** This Table should be submitted for all current DBOF activities. Costs reported should reflect BOS costs supporting the DBOF activity itself (usually included in the G&A cost of the activity). For DBOF activities which are tenants on another installation, total cost of BOS incurred by the tenant activity for itself should be shown on this table. It is recognized that differences exist among DBOF activity groups regarding the costing of base operating support: some groups reflect all such costs only in general and administrative (G&A), while others spread them between G&A and production overhead. Regardless of the costing process, all such costs should be included on Table 1B. The Minor Construction portion of the FY 1996 capital budget should be included on the appropriate line. Military personnel costs (at civilian equivalency rates) should also be included on the appropriate lines of the table. Please ensure that individual lines of the table do not include duplicate costs. Also ensure that there is no duplication between data provided on Table 1A. and 1B. These two tables must be mutually exclusive, since in those cases where both tables are submitted for an activity, the two tables will be added together to estimate total BOS costs at the activity. Add additional lines to the table (following line 21., as necessary, to identify any additional cost elements not currently shown). **Leave shaded areas of table blank.**

Other Notes: **All costs of operating the five Major Range Test Facility Bases at DBOF activities (even if direct RDT&E funded) should be included on Table 1B. Weapon Stations should include underutilized plant capacity costs as a DBOF overhead "BOS expense" on Table 1B..**

2j. Supply and Storage Operations			

2k. Major Range Test Facility Base Costs

2l. Other (Specify)

2m. Sub-total 2a. through 2l:

3. Depreciation

4. Grand Total (sum of 1c., 2m., and 3.)
:

2. Services/Supplies Cost Data. The purpose of Table 2 is to provide information about projected **FY 1996** costs for the purchase of services and supplies by the activity. **(Note: Unlike Question 1 and Tables 1A and 1B, above, this question is not limited to overhead costs.)** The source for this information, where possible, should be either the NAVCOMPT OP-32 Budget Exhibit for O&M activities or the NAVCOMPT UC/FUND-1/IF-4 exhibit for DBOF activities. Information must reflect FY 1996 budget data supporting the FY 1996 NAVCOMPT Budget Submit. Break out cost data by the major sub-headings identified on the OP-32 or UC/FUND-1/IF-4 exhibit, disregarding the sub-headings on the exhibit which apply to civilian and military salary costs and depreciation. Please note that while the OP-32 exhibit aggregates information by budget activity, this data call requests OP-32 data for the activity responding to the data call. Refer to NAVCOMPTINST 7102.2B of 23 April 1990, Subj: Guidance for the Preparation, Submission and Review of the Department of the Navy (DON) Budget Estimates (DON Budget Guidance Manual) with Changes 1 and 2 for more information on categories of costs identified. Any rows that do not apply to your activity may be left blank. However, totals reported should reflect all costs, exclusive of salary and depreciation.

Table 2 - **Services/Supplies Cost Data**
Activity Name: **UIC:**

Cost Category	FY 1996 Projected Costs ($000)
Travel:	107
Material and Supplies (including equipment):	688
Industrial Fund Purchases (other DBOF purchases):	0
Transportation:	18
Other Purchases (Contract support, etc.):	1199
Total:	2012

DATA CALL 66
INSTALLATION RESOURCES

3. **Contractor Workyears.**

a. On-Base Contract Workyear Table. Provide a projected estimate of the number of contract workyears expected to be **performed "on base"** in support of the installation during FY 1996. Information should represent an annual estimate on a full-time equivalency basis. Several categories of contract support have been identified in the table below. While some of the categories are self-explanatory, please note that the category "mission support" entails management support, labor service and other mission support contracting efforts, e.g., aircraft maintenance, RDT&E support, technical services in support of aircraft and ships, etc.

Table 3 - Contract Workyears

Activity Name: NMCL, KEY WEST **UIC:** 00267

Contract Type	**FY 1996 Estimated Number of Workyears On-Base**
Construction:	THERE ARE NO ON-BASE WORKYEARS IN FY 1996
Facilities Support:	
Mission Support:	
Procurement:	
Other:*	
Total Workyears:	

*** Note:** Provide a brief narrative description of the type(s) of contracts, if any, included under the "Other" category.

DATA CALL 66
INSTALLATION RESOURCES

b. Potential Disposition of On-Base Contract Workyears. If the mission/functions of your activity were relocated to another site, what would be the anticipated disposition of the **on-base contract workyears** identified in Table 3.?

1) Estimated number of contract workyears which would be transferred to the receiving site (This number should reflect the number of jobs which would in the future be contracted for at the receiving site, not an estimate of the number of people who would move or an indication that work would necessarily be done by the same contractor(s)):

NOT APPLICABLE

2) Estimated number of workyears which would be eliminated:

NOT APPLICABLE

3) Estimated number of contract workyears which would remain in place (i.e., contract would remain in place in current location even if activity were relocated outside of the local area):

NOT APPLICABLE

DATA CALL 66
INSTALLATION RESOURCES

c. **"Off-Base" Contract Workyear Data.** Are there any contract workyears located in the local community, but not on-base, which would either be eliminated or relocated if your activity were to be closed or relocated? If so, then provide the following information **(ensure that numbers reported below do not double count numbers included in 3.a. and 3.b., above):**

No. of Additional Contract Workyears Which Would Be Eliminated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)
	NOT APPLICABLE-ALL OFF-BASE CONTRACTS WOULD NOT ELIMINATE OR RELOCATE IF NMCL, KEY WEST WERE TO RELOCATE. THERE ARE TWO SERVICE CONTRACTS FOR RADIOLOGY AND LABORATORY. NEITHER CONTRACT HAS FTE'S DEPICTED.

No. of Additional Contract Workyears Which Would Be Relocated	General Type of Work Performed on Contract (e.g., engineering support, technical services, etc.)

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

MISSION REQUIREMENTS

1. Mission Statement. State the mission of your medical facility in sufficient detail so that it can be distinguished from other medical facilities.

The Mission of Naval Medical Clinic is to provide health care services to Navy and Marine Corps personnel and active duty members of Other Federal Uniformed Services. Subject to the availability of space, facilities and other resources capabilities, provide ambulatory care services for other authorized persons as prescribed by Title 10, U. S. Code and other current directives. Provide coordinated health care services for all military facilities and activities assigned and exercise local coordination of other functions as directed. Ensure that all assigned military personnel are properly trained and aware of their assigned contingency and wartime duties. Ensure that the Clinic is maintained in a proper state of material and personnel readiness to fulfill wartime and contingency mission plans. Ensure that the requirements for the requisite quality of health care standards are maintained. Provide, as directed, health care services in support of the operation of the Navy and Marine Corps shore activities and units to the operating forces to ensure the highest possible degree of operational and Navy Occupational Safety and Health readiness of these forces and activities. Conduct patient education and public relations programs to promote consumer satisfaction and awareness. Participate as an integral element in the Lead Agent regional health care coordinating initiatives. Integrate Naval Reserve personnel into command initiatives. Provide training opportunities for Reserve personnel in support of their assigned mission.

2. Customer Base. In the table below, identify your active duty customers. Include both Naval and non-Naval active duty components. Begin with the largest activity and work down to the smallest. Include the customer Unit Identification Code (UIC).

UNIT NAME	UIC	UNIT LOCATION	UNIT SIZE (NUMBER OF PERSONNEL)
NAVSECGRUACT	N41904	TRUMAN ANNEX KEY WEST FL	254

3. Workload. Identify your FY 1994 workload (this should include both completed and projected workload through the end of the Fiscal Year) as indicated in the table below by beneficiary type. Use the same categorization and definitions as that used in the MEPRS Manual (DoD 6010.13-M).

BENEFICIARY TYPE	ADMISSIONS	OUTPATIENT VISITS	AVERAGE LENGTH OF STAY	AVERAGE DAILY OUTPATIENT LOAD
ACTIVE DUTY N/MC	N/A	17,082	N/A	71
ACTIVE DUTY NON N/MC	N/A	3,368	N/A	14
TOTAL ACTIVE DUTY	N/A	20,450		85
FAMILY OF AD	N/A	13,760	N/A	57
RETIRED *	N/A	2,218	N/A	9
RETIRED FAMILY MEMBERS *	N/A	2,975	N/A	12
OTHER	N/A	1,790	N/A	7
TOTAL	N/A	41,193		170

What is your occupancy rate for FY 1994 to date? N/A

* Separation for over/under age 65 cannot be determined.

#'s include BMC NAS Key West
STU BQMSD-823
6 Jun 94

4. Projected Workload. Complete the following tables for your projected workload. Please show and develop any assumptions and calculations used to complete the table. Be sure to note any impact prior closure and realignment decisions have had on your facility. Please be sure to include any impact your participation in the managed care initiative (TRICARE), previous BRAC actions, and force structure reductions will have on your workload.

	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
OUTPAT. VISITS	41,965	42,804	43,232	43,664	44,101	46,769	48,621
ADMISS.	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Please show all assumptions and calculations in the space below:

FY-94: OCT93-APR94 = 21,711 = an increase of 5% plus a projection for MAY94-SEP94 of 1%
FY-95 and FY-96: @ 2% anticipate arrival of new USCG ships and aviation squadron (limited floor space considered).
FY-97 through FY-99: anticipate 1% each year due to loss of space during MILCON project for new Joint Medical/Dental/VA Clinic.
FY-2000: Plus 5% increase due to MILCON completion.
FY-2001: Plus 5% based upon steady growth of patient population.

#'s include BMC NAS Key West
STCU BUMED-823
6 Jun 94

5. Medical Support. Indicate in the table below all the medical support you provide that is not direct patient care, and identify the time spent providing such support (i.e. food service inspections, medical standby for physical fitness tests, flight operations, field training,rifle range, MWR support for sporting events, etc.).

NON-PATIENT CARE SUPPORT	TIME SPENT/ QTR	STAFF NEEDED/ EVENT
Environmental Health Inspections	45%	2
Training	5%	1
Vector Surveillance	5%	2
Potable/Sewage Water Testing	3%	1
Communicable Disease Control	25%	2
Consultation on Technical Problems	15%	2
Reporting/Administration	2%	2

NON-PATIENT CARE SUPPORT	TIME SPENT/ QTR	STAFF NEEDED/ EVENT
Flight Ops coverage 1993 "Documented 300" responses		2
Flight Ops Coverage 1994 60 estimated 1994		2
Field Training 1993 2 months		2
Fitness Tests 1993 - 06		2
Fitness Tests 1994 - 03		2

6. Graduate Medical Education. In the table provided, identify all the training programs (to include transitional internships and fellowships) at your facility and the numbers graduated per year. Also identify major non-physician training programs (such as OR nurse, nurse anesthetist, etc.). Be sure to take into account any planned program changes, and prior base closure and realignment decisions.

PROGRAM	NUMBER TRAINED BY FISCAL YEAR							
	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
Not Applicable								

6a. Graduate Medical Education. Complete the following table for each Graduate Medical Education program that requires accreditation by the Accreditation Council for Graduate Medical Education (ACGME):

PROGRAM	STATUS[1]	CERT.[2]	COMMENTS[3]
Not Applicable			

[1] Use F for fully accredited, P for probation, and N for not accredited.
[2] List the percentage of program graduates that achieve board certification.
[3] Complete this section for all programs that you entered a P or N in the Status column. Indicate why the program is not fully accredited and when it is likely to become fully accredited.

FACILITIES

7. Facilities Description. Complete the following table for all buildings for which you maintain an inventory record. Use only one row for each building. Provide the 5 digit category code number (CCN) where possible. Do not include any buildings that would receive their own data calls (such as a Branch Medical Clinic):

FACILITY TYPE (CCN)	BUILDING NAME/USE[1]	SQUARE FEET	AGE (IN YEARS)	CONDITION CODE[2]
55010	L-1, Medical Clinic	84,438	52	Inadequate
73040	L-3, Laundry/Dry Clean	3,865	52	Inadequate
74054	L-8, Office/Gym	2,056	61	Substandard
93310	L-12, Ward H	4,114	51	Inadequate
93310	L-13, Ward G	3,050	51	Inadequate
93310	L-14, Ward F	3,780	51	Inadequate
55010	L-15, Ward E	5,712	51	Substandard
55010	L-16, Patient Admin/ Optometry	8,642	50	Substandard
93310	L-18, Storehouse	360	45	Inadequate
74087	L-21, Boat House	96	47	Substandard
72112	L-47, BEQ	3,528	23	Inadequate

[1] Use refers to patient care, administration, laboratory, warehouse, power plant, etc.

[2] This should be based on NAVFACINST 11011.44E Shore Facilities Planning Manual and the condition recorded should be recorded as Adequate, Substandard, or Inadequate. Chapter 5 of NAVFACINST 11011.44E provides guidance on this scoring system.

7a. In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information:

1. Facility Type/Code:
2. What makes it inadequate?
3. What use is being made of the facility?
4. What is the cost to upgrade the facility to substandard?
5. What other use could be made of the facility and at what cost?
6. Current improvement plans and programmed funding:
7. Has this facility condition resulted in "C3" or "C4" designation on your BASEREP?

(1) Building L-1 and L-1 South

(a) Facility Type/Code: 93310 and 55010, respectively

(b) What makes it inadequate? Major structural damage, spalling concrete, elevator inoperative to upper levels due to structural damage in the elevator shaft, obsolete/ deteriorating mechanical equipment, outdated and faulty electrical and plumbing systems.

(c) What is the cost to upgrade the facility to substandard? One upgrade was completed on the B Wing South section in December, 1992 with a five-year life expectancy limitation. Wing is beyond further repair.

(d) What other use could be made of the facility and at what cost? None. Gauge wire was installed in the ceiling to catch spalling concrete. The building continues to erode beneath the cosmetic cover.

(e) Current improvement plans and programmed funding: P-630 FY-97 MILCON Project is currently in the planning stage. Office of the Assistant Secretary of Defense for Health Affairs has recently completed an Economic Analysis Management System (EAMS) proposal for the MILCON project.

(f) Has this facility condition resulted in "C3 or "C4" designation on your BASEREP? Yes

(2) Building L-3 and L-3 West

(a) Facility Type/Code: 93310 and 21920, respectively

(b) What makes it inadequate? Major structural damage, roof caving in, spalling concrete, obsolete/deteriorating mechanical equipment, outdated and faulty electrical and plumbing systems.

(c) What is the cost to upgrade the facility to substandard? Building is beyond repair and must be demolished.

(d) What other use could be made of the facility and at what cost? None, building is beyond repair.

(e) Current improvement plans and programmed funding: None

(f) Has this facility condition resulted in "C3 or "C4" designation on your BASEREP? Yes

(3) Building L-12

(a) Facility Type/Code: 93310

(b) What makes it inadequate? Roof and structural damage, outdated and faulty electrical and plumbing systems.

(c) What is the cost to upgrade the facility to substandard? Building is beyond repair and should be demolished.

(d) What other use could be made of the facility and at what cost? None, building is beyond repair.

(e) Current improvement plans and programmed funding: None

(f) Has this facility condition resulted in "C3 or "C4" designation on your BASEREP? Yes

(4) Building L-13

(a) Facility Type/Code: 93310

(b) What makes it inadequate? Roof and structural damage, outdated and faulty electrical and plumbing systems.

(c) What is the cost to upgrade the facility to substandard? Building is beyond repair and should be demolished.

(d) What other use could be made of the facility and at what cost? None, building is beyond repair.

(e) Current improvement plans and programmed funding: None

(f) Has this facility condition resulted in "C3 or "C4" designation on your BASEREP? Yes

(5) Building L-14

(a) Facility Type/Code: 93310

(b) What makes it inadequate? Roof and structural damage, outdated and faulty electrical and plumbing systems.

(c) What is the cost to upgrade the facility to substandard? Building is beyond repair and should be demolished.

(d) What other use could be made of the facility and at what cost? None, building is beyond repair.

(e) Current improvement plans and programmed funding: None

(f) Has this facility condition resulted in "C3 or "C4" designation on your BASEREP? Yes

(6) Building L-21

(a) Facility Type/Code: 74087

(b) What makes it inadequate?

(c) What is the cost to upgrade the facility to substandard? Building is beyond repair and should be demolished.

(d) What other use could be made of the facility and at what cost? None, building is beyond repair.

(e) Current improvement plans and programmed funding: None

(f) Has this facility condition resulted in "C3 or "C4" designation on your BASEREP? Yes

7b. Capital Improvement Expenditures. List the project number, description, funding year, and value of the **capital improvements at your facility completed (beneficial occupancy) during 1988 to 1994.** Indicate if the capital improvement is a result of BRAC realignments or closures.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
	R2M2 L-16 Renovation & Minor Construction	FY-93/ FY-94	$143K
ERCA1-89	Building L-1 Repair/Alteration	FY-90	$2.3M
	Hematology Analyzer (SIN 615-19)	FY-93	$246K

PROJECT	DESCRIPTION	FUND YEAR	VALUE
	Cell Counter	FY-93	$ 49K
	Analyzer CHEM Auto Discrete	FY-91	$ 78K
	X-ray Machine (Main Clinic)	FY-90	$138K

7c. Planned Capital Improvements. List the project number, funding year, and value of the **non-BRAC related capital improvements planned** for years 1995 through 1997.

PROJECT	DESCRIPTION	FUND YR	VALUE
P-630	MILCON	FY-97	$10.8M
	X-ray Machine (Branch Clinic)	FY-95	$138K

7d. Planned Capital Improvements. List the project number, description, funding year, and value of the **BRAC related capital improvements planned** for 1995 through 1999.

PROJECT	DESCRIPTION	FUND YEAR	VALUE
	Not Applicable

(F) EMERGENCY POWER	70	20	10	A07	

FORM INSTRUCTIONS

1. This form is not intended to be used as detailed engineering evaluation of the condition of the facilities. It is primarily designed to assist in assessing the adequacy and condition of Medical/Dental Facilities. Complete only one form for all of your facilities.

2. The Functions/Systems should be evaluated on a consolidated basis for the entire facility.

3. Not more than 4 deficiencies should be identified in the Deficiency Codes column for each item listed under the Function/System column.

4. Fill in N/A (not applicable) where certain Function/System is not present in the facility. For example, Inpatient Nursing Units and Labor-Delivery-Nursery are not applicable to Clinics.

5. Numbers under % Adequate, % Substandard, % Inadequate must total 100 for each function/System.

6. After completion, the form must be signed by the Commander/Commanding Officer/Officer-in-Charge of the facility.

7. Use DoD Standard Data Element Codes for State when entering codes in item 6.

DEFINITIONS

CATEGORY CODE - Facility Category Code is a numeric code used to identify a particular use of Military Department's real property for Hospital and other Medical Facilities usage (i.e., building, structure or utility). The first three digits of the code are a DoD standard (DoDI 4165.3); the fourth, fifth and sixth (if applicable) digits are added to provide more definitive categorization of the Military Department's facilities.

CONSTRUCTION TYPE - Type is either Permanent, Semi-permanent, or Temporary construction at the time building was built.

% ADEQUATE - Percent Adequate is the capacity of a facility or portion thereof, in percentage form, that is in adequate condition and associated with a designated function (USE). Adequate is defined as being capable of supporting the designated function without a need for capital improvements.

% SUBSTANDARD - Percent Substandard is the capacity of a facility or portion thereof, in percentage form, that is in substandard condition and associated with a designated function (USE). Substandard is defined as having deficiencies which prohibit of severely restrict, or will prohibit or severely restrict within the next five years due to expected deterioration , the use of a facility for its designated function. Substandard is further defined as having deficiencies which can be economically corrected by capital improvements and/or repairs.

% INADEQUATE - Percent Inadequate is the capacity of a facility of portion thereof, in percentage form, that is in inadequate condition and associated with a designated function (USE). Inadequate is defined as having deficiencies due to physical deterioration, functional inadequacy or hazardous location or situation which prohibit or severely restrict, or will prohibit or severely restrict within the next five years, the use of a facility for its designated function. Inadequate is further defined as having deficiencies which cannot be economically corrected to meet the requirements of the designated function.

DEFICIENCY CODE - Code is a three character code indicating the type of deficiency existing in a facility or portion thereof that is in a substandard or inadequate condition and associated with a designated function (USE). The first character of the code indicates one of the six types of deficiencies. The next two characters specify the facility component(s) or related items which are deficient.

(1) Deficient Status of Condition Types - first character

- A - Physical Condition
- B - Functional or Space Criteria
- C - Design Criteria
- D - Location or Siting Criteria
- E - Nonexistence
- F - Total Obsolescence or Deterioration

(2) Facility Components or Related Items - last two characters

- 01 - Heating, Ventilating and Air Conditioning (HVAC)
- 02 - Plumbing Fixtures
- 03 - Fire Protection/Life Safety Code
- 04 - Medical Gases
- 05 - Lighting Fixtures
- 06 - Power Capacity
- 07 - Emergency Generators
- 08 - Communications
- 09 - Building or Structure (total)
- 10 - Seismic Design
- 11 - Roof/Ceiling
- 12 - Building Interior/Configuration
- 13 - Sound Proofing/Excessive Noise
- 14 - Compliance of Installation with Master Plan
- 15 - OSHA Deficiency
- 16 - JCAH Deficiency
- 17 - Functionality
- 18 - Site Location
- 19 - Mission of the Base
- 20 - None

ASSIGNED BUILDINGS

CATEGORY CODE	BUILDING	BUILDING STATUS
93310	L-1	Inadequate
55010	L-1 B Wing	Inadequate
93310	L-3	Inadequate
21920	L-3 West	Inadequate
74054	L-8	Adequate/Substandard
93310	L-12	Inadequate
93310	L-13	Inadequate
93310	L-14	Inadequate
55010	L-15	Substandard
55010	L-16	Substandard
93310	L-18	Inadequate
72111	L-47	Substandard
74087	L-21	Substandard

7f. Please provide the date of your most recent Joint Commission on Accreditation of Healthcare Organizations (JCAHO) survey and indicate the status of your certification. Also record your Life Safety Management score from that survey.

DATE OF SURVEY: N/A (Not required, less than 100,000 annual visits

FULL ACCREDITATION: Yes/No

LIFE SAFETY MANAGEMENT SCORE: ____ (Record as 1,2,3,4,or 5)

* Last JCAHO Certification covered the period 1988 - 1991.

LOCATION:

8. Geographic Location. How does your geographic location affect your mission? Specifically, address the following:

a. What is the importance of your location relative to the clients supported?

(1) NMCL Key West is the only servicing medical facility throughout the Florida Keys and southern Florida for delivery of health care to all beneficiary categories. The closest major medical facility is Naval Hospital, Orlando, Florida (awaiting BRAC closure), a distance of 386 miles. Upon Naval Hospital, Orlando's closure, Naval Hospital, Jacksonville, Florida (489 miles) will then become the closest major military medical facility.

(2) The Family Clinic is centrally located between the main three military installations and the four family housing complexes located in Key West. The Branch Medical Clinic is located at the Naval Air Station, Boca Chica Key to provide flight line support and care for the active duty personnel.

b. What are the nearest air, rail, sea and ground transportation nodes?

Air: Civilian - Key West International Airport 1.3 miles

Rail: Miami, Florida (150 miles)

Sea: Miami, Florida

Ground: Greyhound Bus Station is located in downtown Key West. There are a number of commercial rental car agencies throughout the Key West area (mainly at the Key West International Airport.)

c. Please provide the distance in miles that your facility is located from any military or civilian airfield that can accommodate a C-9 aircraft.

Military: Naval Air Station, Key West, Florida - 4 miles

Civilian: Miami International Airport, Miami, Florida - 150 miles

d. What is the importance of your location given your mobilization requirements?

Given current mobilization requirements, the location of this facility does not have an importance in the mobilization of personnel to their respective sites.

e. On the average, how long does it take your current clients/customers to reach your facility?

Five to Ten minutes.

9. Manpower and recruiting issues. Are there unique aspects of your facility's location that help or hinder in the hiring of qualified civilian personnel?

Key West is an extremely isolated, high cost, resort area. Hiring efforts are hindered by the geographical location and DoD hiring freeze which is in effect.

FEATURES AND CAPABILITIES

10. Capabilities. What would be the impact on the Navy and Marine Corps if the capabilities of your facility were to be lost? Answer this question in terms of the unique capabilities of your staff, equipment and facility.

NMCL, Key West is the only servicing military medical facility in the Florida Keys and southern Florida for <u>all</u> beneficiary categories.

Impact on the Navy without NMCL Key West:

a. Will affect <u>all</u> branches of service and all categories of patients.

b. Anticipate Supplemental Care costs to sky rocket

c. Beneficiaries can expect to experience up-front, out-of-pocket medical expenses

d. Expect lengthy delays for medical appointments

e. Loss of continuity of care

f. Customer commands will experience lost manhours and associated travel requirements for active duty personnel to acquire specialty care not available in the local area.

10a. If your facility were to close without any change in beneficiary population would the remaining local health care infrastructure be able to absorb the additional workload? Please provide supporting information to your answer.

a. Competition in Key West, Florida is less than optimal as the number of providers available in various medical specialties are extremely limited and would further exacerbate an already tenuous situation, from the seasonal influx of retiree population and aircraft additional training detachments during the winter months.

b. Availability of timely appointments would be further degraded.

c. Specialty Care is limited in Key West, Florida.

d. If the MEDEVAC System is not available, beneficiaries will be required to drive at a minimum of 150 miles (approximately 3 hours) to Miami, Florida for non-military specialty care.

e. There is one, sole-source, DRG exempt hospital in Key West, Florida.

10b. If your facility were to close and the active duty and their families were to leave the area would the local community health care system be able to care for the residual eligible population? Please provide supporting information to your answer.

The local civilian community should be able to support the residual (retired) eligible population, however, not all specialty care is available in Key West. Beneficiaries will have to commute a minimum of 150 miles for specialty care not available in the civilian community.

10c. If your inpatient care capability were to close, would the local community be able to absorb your current inpatient workload? Please develop all of your conclusions with supporting data and show it in the space below:

Not Applicable

11. Mobilization. What are your facility's mobilization requirements?

Current requirement is Thirty members for mobilization.

a. If any of your staff is assigned to support a Hospital Ship, Fleet Hospital, Marine Corps unit, ship, or other operational unit during mobilization complete the following table:

UNIT NAME	UNIT NUMBER (IF APPLICABLE)	NUMBER OF STAFF ASSIGNED
FLTHOSP #8	45392	07
FLTHOSP #15	45399	06
1ST MAR AIR WING	57079	01
NAVHOSP ROOSEVELT ROADS	65428	01
NAVHOSP ROTA	66101	04
1ST MARINE BRIGADE	67339	02
FLTHOSP #4	68684	06
FLTHOSP #5	68685	03

NOTE: DUPLICATE THIS TABLE AS NECESSARY TO RECORD ALL UNITS.

b. What additional workload could you perform if you did not have this requirement and its associated training? Please show all assumptions and calculations used in arriving at your conclusions.

Additional workload would not increase based on the fact that we only lose a very small number of personnel per training cycle.

c. Please provide the total number of your expanded beds[1] that are currently fully "stubbed" (i.e. the number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours). Use of portable gas or electrical utilities is not considered in this definition.

Number of "stubbed" expanded beds[1]: NA _____

[1] Use the bed definitions as they appear in BUMEDINST 6320.69 and 6321.3.

12. Non-availability Statements. Please complete the following table for Non-availability statements (NAS):

NAS TYPE	FISCAL YEAR		
	1992	1993	1994
INPATIENT	N/A	N/A	N/A
OUTPATIENT	N/A	N/A	N/A

13. Supplemental Care. Please complete the following table for supplemental care:

CATEGORY OF PATIENT	SUPPLEMENTAL CARE[2]					
	FY 1992		FY 1993		FY 1994	
	NO.[1]	COST[2]	NO.	COST	NO.	COST
AD	192	494K	351	583K	140	228K
AD FAMILY	203	61K	67	96K	4	45K
OTHER	133	41K	29	27K	7	
TOTAL		596K		706		273

[1] The total number of consults, procedures and admissions covered with supplemental care dollars.

[2] The total cost in thousands of dollars.

#'s include BMC NAS Key West
CTW Banned-823
6 Jun 94

14. Costs. Complete the following table regarding your outpatient costs. Use the same definitions and assumptions that you use for reporting to Medical Expense and Performance Reporting System (MEPRS).

CATEGORY	FY 1992	FY 1993	FY 1994
TOTAL COSTS	$4,540,185	$5,702,919	$6,050,685*
TOTAL OUTPATIENT VISITS	39,045	40,795	41,193**
AVERAGE COST PER VISIT	$ 116.28	$ 139.79	$ 146.89

Source: MEPRS

* FY-94 COST - Actual OCT 93 - FEB 94 cost data plus a cost projection based on MAR-SEP 93 data.

** FY-94 VISITS- Actual OCT 93 - APR 94 visits plus a projection based on MAY-SEP 93 data.

#'s include BMC NAS Key West
SEE BUMED-823
6 Jun 94

14a. Costs. Complete the following tables regarding your inpatients costs. Use the same definitions and assumptions that you use for reporting Medical Expense and Performance Reporting System (MEPRS). Table A, B, C, and D are used to arrive at a cost per Relative Weighted Product (RWP). FY 1994 should be completed through the First Quarter FY 1994.

Table A:

CATEGORY	FY 1992	FY 1993	FY 1994
A. TOTAL MEPRS-A EXPENSE	N/A	N/A	N/A

Table B:

CATEGORY	FY 1992	FY 1993	FY 1994
B. SUPPLEMENTAL CARE COSTS IN MEPRS-A[1]	N/A		
C. SAME DAY SURGERY EXPENSES IN MEPRS-A (DGA)[1]	N/A		
D. OCCUPATIONAL/PHYSICAL THERAPY EXPENSES IN MEPRS-A (DHB/DHD)[1]	N/A		
E. HYPERBARIC MEDICINE EXPENSES IN MEPRS-A (DGC)[1]	N/A		
F. TOTAL (B+C+D+E)	N/A		

[1] These costs are actual or estimated. If other than actual please provide assumptions and calculations.

Table C:

CATEGORY (SPECIAL PROGRAM EXPENSES)	FY 1992	FY 1993	FY 1994
G. AREA REFERENCE LABORATORY (FAA)	N/A		
H. CLINIC INVESTIGATION PROGRAM (FAH)	N/A		
I. CONTINUING HEALTH PROGRAM (FAL)	N/A		
J. DECEDENT AFFAIRS (FDD)	N/A		
K. INITIAL OUTFITTING (FDE)	N/A		
L. URGENT MINOR CONSTRUCTION (FDF)	N/A

O. TOTAL CATEGORY III RWPS	N/A		
P. UNIT COST (N÷O)	N/A		

15. Quality of Life.

a. Military Housing

(1) Family Housing:

(a) Do you have mandatory assignment to on-base housing? (circle) No

(b) For military family housing in your locale provide the following information:

Type of Quarters	Number of Bedrooms	Total number of units	Number Adequate	Number Substandard	Number Inadequate
Officer	4+	24	24	0	0
Officer	3	148	148	0	0
Officer	1 or 2	0	0	0	0
Enlisted	4+	454	454	0	0
Enlisted	3	562	562	0	0
Enlisted	1 or 2	353	353	0	0
Mobile Homes		0	0	0	0
Mobile Home lots		0	0	0	0

(c) In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means". For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code:
What makes it inadequate? N/A
What use is being made of the facility? N/A
What is the cost to upgrade the facility to substandard? N/A
What other use could be made of the facility and at what cost? N/A
Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP? N/A

(d) Complete the following table for the military housing waiting list.

Pay Grade	Number of Bedrooms	Number on List[1]	Average Wait
O-6/7/8/9	1	0	0
	2	0	0
	3	0	0
	4+	1	2-4 Months
O-4/5	1	0	0
	2	0	0
	3	6	No Wait
	4+	3	2-3 Months
O-1/2/3/CWO	1	0	0
	2	0	0
	3	4	No Wait
	4+	3	2-4 Months
E7-E9	1	0	0
	2	0	0
	3	11	No Wait
	4+	3	2-4 Months
E1-E6	1	0	0
	2	16	1 Month
	3	15	1 Month
	4+	10	4-5 Months

[1]As of 31 March 1994.

(e) What do you consider to be the top five factors driving the demand for base housing? Does it vary by grade category? If so provide details.

	Top Five Factors Driving the Demand for Base Housing
1	Cost of off-base housing/Rent
2	Utilities
3	Security
4	Location
5	Condition of off-base housing

(f) What percent of your family housing units have all the amenities required by "The Facility Planning & Design Guide" (Military Handbook 1190 & Military Handbook 1035-Family Housing)? 60%

(g) Provide the utilization rate for family housing for FY 1993.

Type of Quarters	Utilization Rate
Adequate	96.8%
Substandard	0
Inadequate	0

(h) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 98% (or vacancy over 2%), is there a reason?

Yes. Due to the down-sizing of Naval Air Station, Key West and tenant commands, occupancy has decreased.

(2) BEQ: NMCL Building L-47

(a) Provide the utilization rate for BEQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	0
Substandard	47%
Inadequate	0

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason? No. At the time the Naval Hospital was downgraded to a Naval Medical Clinic in 1979, the manning level dropped resulting in vacancies.

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows: AOB = 04.

$$\text{AOB} = \frac{(\text{\# Geographic Bachelors x average number of days in barracks})}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	2	50%	
Spouse Employment (non-military)	0	0	
Other (Separation)	2	50%	
TOTAL	4	100	

(e) How many geographic bachelors do not live on base? 01

(3) BOQ: (NMCL Key West does not manage a BOQ)

(a) Provide the utilization rate for BOQs for FY 1993.

Type of Quarters	Utilization Rate
Adequate	0
Substandard	0
Inadequate	0

(b) As of 31 March 1994, have you experienced much of a change since FY 1993? If so, why? If occupancy is under 95% (or vacancy over 5%), is there a reason?

(c) Calculate the Average on Board (AOB) for geographic bachelors as follows:

$$\text{AOB} = \frac{(\text{\# Geographic Bachelors x average number of days in barracks})}{365}$$

(d) Indicate in the following chart the percentage of geographic bachelors (GB) by category of reasons for family separation. Provide comments as necessary.

Reason for Separation from Family	Number of GB	Percent of GB	Comments
Family Commitments (children in school, financial, etc.)	0	0	
Spouse Employment (non-military)	0	0	
Other	0	0	
TOTAL	0	100	

(e) How many geographic bachelors do not live on base?

Not Applicable

b. For on-base MWR facilities[2] available, complete the following table for each separate location. For off-base government owned or leased recreation facilities indicate distance from base. If there are any facilities not listed, include them at the bottom of the table.

LOCATION BOCA CHICA KEY, NAVAL AIR STATION, KEY WEST, FLORIDA
DISTANCE 4 Miles

c. Is your library part of a regional interlibrary loan program?
yes.

d. Base Family Support Facilities and Programs

(1). Complete the following table on the availability of child care in a child care center on your base.

Age Category	Capacity (Children)	SF			Number on Wait List	Average Wait (Days)
		Adequate	Substandard	Inadequate		
0-6 Mos	06			YES	12	180
6-12 Mos	05			YES	09	120
12-24 Mos	14			YES	15	90
24-36 Mos	26			YES	18	90
3-5 Yrs	53			YES	35	60

(2). In accordance with NAVFACINST 11010.44E, an inadequate facility cannot be made adequate for its present use through "economically justifiable means." For all the categories above where inadequate facilities are identified provide the following information:

Facility type/code: Child Care Center/74074
What makes it inadequate?

Inadequate sprinkler system, extensive termite and carpenter ant damage. Lead paint on walls, asbestos in building and non functional floor plan.

What use is being made of the facility?

Currently being use as a child development center.

What is the cost to upgrade the facility to substandard?

Exceeds 70% cost of new construction.

What other use could be made of the facility and at what cost?

No study available to determine cost.

Current improvement plans and programmed funding:
Has this facility condition resulted in C3 or C4 designation on your BASEREP?

(3). If you have a waiting list, describe what programs or facilities other than those sponsored by your command are available to accommodate those on the list.

(4). How many "certified home care providers" are registered at your base?

35 providers.

(5). Are there other military child care facilities within 30 minutes of the base? State owner and capacity (i.e., 60 children, 0-5 yrs).

No, the nearest Navy base is eight hours away.

e. Proximity of closest major metropolitan areas (provide at least three):

City	Distance (Miles)
Miami, Florida	150
Tampa, Florida	400
Orlando, Florida	386

f. Standard Rate VHA Data for Cost of Living:

Paygrade	With Dependents	Without Dependents
E1	376.29	210.54
E2	376.29	236.64
E3	365.32	269.19
E4	390.46	272.51
E5	404.70	282.56
E6	405.88	276.29
E7	498.31	346.16
E8	459.91	347.68
E9	458.41	347.99
W1	585.01	444.29
W2	565.40	443.46
W3	559.19	454.57
W4	572.53	507.63
O1E	532.65	395.10
O2E	557.26	444.29
O3E	574.25	485.81
O1	517.45	381.30
O2	534.13	417.48
O3	600.93	505.94
O4	559.52	486.56
O5	592.75	490.20
O6	576.85	477.47
O7	513.45	417.17

g. Off-base housing rental and purchase

(1) Fill in the following table for average rental costs in the area for the period 1 April 1993 through 31 March 1994.

Type Rental	Average Monthly Rent		Average Monthly Utilities Cost
	Annual High	Annual Low	
Efficiency	650	55	N/A
Apartment (1-2 Bedroom)	825	500	75-100
Apartment (3+ Bedroom)	900	650	150
Single Family Home (3 Bedroom)	1400	800	200
Single Family Home (4+ Bedroom)	1600	900	300
Town House (2 Bedroom)	850	700	100
Town House (3+ Bedroom)	950	750	150
Condominium (2 Bedroom)	1500	1000	100
Condominium (3+ Bedroom)	1800	1100	150

(2) What was the rental occupancy rate in the community as of 31 March 1994?

Type Rental	Percent Occupancy Rate
Efficiency	98%
Apartment (1-2 Bedroom)	92%-96.5%
Apartment (3+ Bedroom)	98.5%
Single Family Home (3 Bedroom)	98.5%
Single Family Home (4+ Bedroom)	91.7%
Town House (2 Bedroom)	92%
Town House (3+ Bedroom)	98.5%
Condominium (2 Bedroom)	92%
Condominium (3+ Bedroom)	98.5%

(3) What are the median costs for homes in the area?

Type of Home	Median Cost
Single Family Home (3 Bedroom)	155,000
Single Family Home (4+ Bedroom)	189,000
Town House (2 Bedroom)	95,000
Town House (3+ Bedroom)	115,000
Condominium (2 Bedroom)	145,000
Condominium (3+ Bedroom)	160,000

(4) For calendar year 1993, from the local MLS listings provide the number of 2, 3, and 4 bedroom homes available for purchase. Use only homes for which monthly payments would be within 90 to 110 percent of the E5 BAQ and VHA for your area.

MLS not available for this geographical area.

Month	Number of Bedrooms		
	2	3	4+
January			
February			
March			
April			
May			
June			
July			
August			
September			
October			
November			
December			

(5) Describe the principle housing cost drivers in your local area.
Tourism

h. For the top five sea intensive ratings in the principle warfare community your base supports, provide the following:

Rating	Number Sea Billets in the Local Area	Number of Shore billets in the Local Area
MS	0	70
OS	0	44
ET	0	42
SH	0	8
MM	0	7

i. Complete the following table for the average one-way commute for the five largest concentrations of military and civilian personnel living off-base.

Location	% Employees	Distance (mi)	Time(min)
Key West	75%	8	15
Big Coppitt	2.5%	2	5
Sugarloaf	10%	10	10
Cudjoe	2.5%	15	20
Big Pine	10%	22	30

j. Complete the tables below to indicate the civilian educational opportunities available to service members stationed at the air station (to include any outlying fields) and their dependents:

(1) List the local educational institutions which offer programs available to dependent children. Indicate the school type (e.g. DODDS, private, public, parochial, etc.), grade level (e.g. pre-school, primary, secondary, etc.), what students with special needs the institution is equipped to handle, cost of enrollment, and for high schools only, the average SAT score of the class that graduated in 1993, and the number of students in that class who enrolled in college in the fall of 1994.

Institution	Type	Grade Level	Special Education available	annual Enrollment cost per Student	1993 average SAT/ACT Score	% Grad to Higher Educa	Score of Informa tion
SIGSBEE ELEMENTARY	PUBLIC	PRE K-5TH	SPEC. LEARNING	NONE	NA/	N/A	DATA ENTRY SPEC.

k. Spousal Employment Opportunities

Provide the following data on spousal employment opportunities.

Skill Level	Number of Military Spouses Serviced by Family Service Center Spouse Employment Assistance			Local Community Unemployment Rate
	1991	1992	1993	
Professional				1991/3.8%
Manufacturing				1992/5.7%
Clerical				1993/5.3%
Service				
Other				

NOTE: Family Service Center does not track the breakdown of jobs in the community by professional/manufacturing/clerical/service/other criterion.

l. Do your active duty personnel have any difficulty with access to medical or dental care, in either the military or civilian health care system? Develop the why of your response.

There are no DoD inpatient or DoD specialty care facilities located at NMCL Key West, the Florida Keys, or in south Florida. Active duty beneficiaries are required to utilize U. S. Military Treatment Facilities (USMTFs) for routine referral specialty care causing an increasing demand on their commands' travel dollars and loss of valuable manhours.

(1) Non-emergent specialty care is sent out on a referral basis to other USMTFs (e.g. Naval Hospital, Orlando (386 miles); Naval Hospital, Jacksonville (489 miles); and MacDill AFB, Tampa (416 miles). Appointment dates are acquired for all referrals only after the accepting physician has reviewed a faxed/mailed consult. Subsequently, delays in appointment scheduling have been experienced from 14 to 30-45 days. Additionally, a beneficiary utilizing the MEDEVAC System, for a scheduled 30-minute referral outpatient appointment, becomes a loss to his/her command for one to two weeks, depending on the location of the USMTF.

(2) Emergency Care. Key West is an extremely isolated, high cost, resort area. High Supplemental Care costs are escalating due to emergent health care needs, specialty services (e.g. OB/GYN), physical therapy and the limitation of one sole-source Diagnosis Related Group (DRG) exempt civilian hospital.

(3) NMCL Key West is currently negotiating a Sharing Agreement with the Department of Veterans Affairs, Medical Center, Miami, Florida for shared services. Beneficiaries will realize great benefits from this alternative care (e.g. reduction in lost manhours, decrease in travel funds allotted for medical care, and the availability of broad specialty care within driving distance.

m. Do your military dependents have any difficulty with access to medical or dental care, in either the military or civilian health care system? Develop the why of your response.

Military dependents' access to medical care at NMCL is limited due to the non-availability of specialty care. Military dependents and other eligible beneficiaries are forced to utilize the cumbersome MEDEVAC System or the local civilian community. The competitive climate in the local civilian community is less than optimal as the number of providers available, in various medical specialties, is seriously limited. In many cases, there is only one provider per specialty area, at times leading to

lengthy waiting lists. Additionally, local civilian providers have historically required up-front payment for services provided until such time as the CHAMPUS deductible has been paid. Once the deductible has been met, then the cost-share co-payment is requuired. However, some providers do not accept CHAMPUS assignment. Non-active duty beneficiaries can experience delays up to three months or longer while awaiting case acceptance from other USMTFs.

n. Complete the table below to indicate the crime rate for your air station for the last three fiscal years. The source for case category definitions to be used in responding to this question are found in NCIS - Manual dated 23 February 1989, at Appendix A, entitled "Case Category Definitions." Note: the crimes reported in this table should include 1) all reported criminal activity which occurred on base regardless of whether the subject or the victim of that activity was assigned to or worked at the base; and 2) all reported criminal activity off base.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

32643 Can not be identified as BRMEDCL, NAS, Key West, FL

2. PLANT ACCOUNT HOLDER:

- Yes X No _____ (check one)

00267
USA

3. ACTIVITY TYPE: Choose most appropriate type that describes your activity and completely answer all questions.

• HOST COMMAND: A host command is an activity that provides facilities for its own functions and the functions of other (tenant) activities. A host has accountability for Class 1 (land), and/or Class 2 (buildings, structures, and utilities) property, regardless of occupancy. It can also be a tenant at other host activities.

- Yes _____ No ___X___ (check one)

• TENANT COMMAND: A tenant command is an activity or unit that occupies facilities for which another activity (i.e., the host) has accountability. A tenant may have several hosts, although one is usually designated its primary host. If answer is "Yes," provide best known information for your primary host only.

- Yes ___X___ No _____ (check one)
- Primary Host (current) UIC: 00213
- Primary Host (as of 01 Oct 1995) UIC: 00213
- Primary Host (as of 01 Oct 2001) UIC: 00213

• INDEPENDENT ACTIVITY: For the purposes of this Data Call, this is the "catch-all" designator, and is defined as any activity not previously identified as a host or a tenant. The activity may occupy owned or leased space. Government Owned/Contractor Operated facilities should be included in this designation if not covered elsewhere.

- Yes _____ No ___X___ (check one)

4. SPECIAL AREAS: List all Special Areas. Special Areas are defined as Class 1/Class 2 property for which your command has responsibility that is not located on or contiguous to main complex.

Name	Location	UIC
Branch Medical Clinic	NAS, Key West, FL	00213

00267
OSA

5. DETACHMENTS: If your activity has detachments at other locations, please list them in the table below.

Name	UIC	Location	Host name	Host UIC
Branch Medical Clinic		NAS, Key West	Naval Air Station Key West	00213

6. BRAC IMPACT: Were you affected by previous Base Closure and Realignment decisions (BRAC-88, -91, and/or -93)? If so, please provide a brief narrative.

1. Homestead Air Force Base Hospital was the primary military source of medical specialty care for CHAMPUS/MEDICARE beneficiaries who reside in South Florida. Currently, Naval Hospital Orlando remains the primary military source of medical specialty care for our active duty personnel.

2. Now with the closure of Naval Hospital Orlando, our patients will be required to obtain their care at a more distant USMTF. Naval Hospital Jacksonville, FL, 500 miles away, would be the nearest Naval facility. MacDill AFB, Tampa, FL or Patrick AFB, FL, would be the nearest USMTFs; they also have budgetary constraints and are limited in their capacity to provide medical support to our beneficiaries. Note: Internal Medicine, Family Practice and Minor Surgery are the only specialties available at Patrick.

3. Due to distance and expensive alternatives, the majority of CHAMPUS/MEDICARE patients may choose to receive their care from local civilian health care providers.

4. An increase in active duty referrals to more distant USMTFs will cause an increase in lost man hours and TAD expenditures from the member's parent command.

5. Since the closure of Homestead, our Family Medicine Clinic has received numerous requests for medical appointments from beneficiaries as far north as Dade and Broward Counties.

6. Orlando is our center for processing HIV specimens, with a current turnaround time of about two weeks. with the closure of that facility, the center would need to be relocated, possibly impacting the continuity of testing and turnaround time.

7. Orlando is our faculty advisor for Basic and Advance Cardiac Life Support training of Medical, Nurse and Hospital Corps staff. It also provides training for our physicians in alcohol rehabilitation. With its closure, we will have a greater reliance

on Jacksonville to provide this support, which will increase our TAD expenditures and lost man hours due to travel.

8. Currently, EKG testings are sent directly to Orlando via computer modem for interpretation. This is a very rapid and highly efficient method of obtaining results. A similar system would need to be established and maintained with Jacksonville after Orlando's closure.

9. Orlando's pharmacy supplies our beneficiaries with some medications which we do not carry. These medications are flown to Key West via the weekly NALO flight. After Orlando's closure a similar system would need to be established with Jacksonville.

10. Major oral surgery cases are being referred primarily to Orlando. If MacDill or Patrick cannot accommodate our dental needs, beneficiaries would be referred to Jacksonville.

11. Naval Training Command, Orlando, FL, is the destination point of evacuation for personnel residing in Key West if a category 3 hurricane is forecasted to strike the island. The closure of this facility will require all Key West commands to alter their evacuation site to another location. The most likely sites would be Naval Air Station, Jacksonville, or MacDill AFB. Both bases are farther from Key West than Orlando and would increase the travel time and potential hazards for our personnel and their families.

Note: All of the above concerns will increase and intensify those mission functions which follow in subject number seven.

7. MISSION: Do not simply report the standard mission statement. Instead, describe important functions in a bulletized format. Include anticipated mission changes and brief narrative explanation of change; also indicate if any current/projected mission changes are a result of previous BRAC-88, -91,-93 action(s).

Current Missions

- Outpatient ambulatory health care for all eligible DoD and DoT beneficiaries and all others as cited by NAVMEDCOMINST 6320.3B.

- Search and Rescue medical support for NAS, Key West, SAR missions.

- Ambulance coverage of NAS flight activities.

- Occupational Health care for active duty and civil service personnel.

- AVR Physical exams for active duty and reserve personnel.

- The access point for MEDEVAC coordination and patient transport to inpatient MTFs for all beneficiaries as well as visiting forces conducting operations in the area.

- Area wide support and coordination of Decedent Affairs.

- A change to our current mission will be a drastic increase medical support provided and coordination efforts during predicted periods of Cuban refugee influx to the Key West area.

Projected Missions for FY 2001

- This command's projected mission should not deviate from our current mission unless there is a significant reduction or increase in the beneficiary population or a drastic change to the host command's operational requirements.

00267
65A

8. UNIQUE MISSIONS: Describe any missions which are unique or relatively unique to the activity. Include information on projected changes. Indicate if your command has any National Command Authority or classified mission responsibilities.

Current Unique Missions

- This command's uniqueness is based on the diversity of area military branches, command and personnel, all committed to a variety of different operational requirements.
-
-

Projected Unique Missions for FY 2001

- Projected uniqueness for this command will depend solely on changes in the mission requirements placed on our beneficiaries.
-
-

9. IMMEDIATE SUPERIOR IN COMMAND (ISIC): Identify your ISIC. If your ISIC is not your funding source, please identify that source in addition to the operational ISIC.

• Operational name	UIC
Commanding Officer, NAS, Key West	00213

• Funding Source	UIC
BUMED	00018

00267
OSA

10. PERSONNEL NUMBERS: Host activities are responsible for totalling the personnel numbers for all of their tenant commands, even if the tenant command has been asked to separately report the data. The tenant totals here should match the total tally for the tenant listing provided subsequently in this Data Call (see Tenant Activity list). (Civilian count shall include Appropriated Fund personnel only.)

	Officers	Enlisted	Civilian
(Appropriated)			
• Reporting Command	21	68	~~37~~ 35 OSA
• Tenants (total)	N/A	N/A	N/A

* NOTE: 37 civilian positions are authorized, however, due to the funding level this command can only pay salaries for 29 positions.

11. KEY POINTS OF CONTACT (POC): Provide the work, FAX, and home telephone numbers for the Commanding Officer or OIC, and the Duty Officer. Include area code(s). You may provide other key POCs if so desired in addition to those above.

Title/Name	Office	Fax	Home
• CO/OIC			
CDR T. Candelaria	305-293-4550	305-293-4584	305-293-4100
• Duty Officer			[N/A]
• CDO	305-293-2444	305-293-4584	
• OOD	305-293-2444	305-293-4584	

12. TENANT ACTIVITY LIST: This list must be all-inclusive. Tenant activities are to ensure that their host is aware of their existence and any "subleasing" of space. This list should include the name and UIC(s) of all organizations, shore commands and homeported units, active or reserve, DOD or non-DOD (include commercial entities). The tenant listing should be reported in the format provide below, listed in numerical order by UIC, separated into the categories listed below. Host activities are responsible for including authorized personnel numbers, on board as of **30 September 1994**, for all tenants, even if those tenants have also been asked to provide this information on a separate Data Call. (Civilian count shall include Appropriated Fund personnel only.)

- Tenants residing on main complex (shore commands)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
N/A				

- Tenants residing on main complex (homeported units.)

Tenant Command Name	UIC	Officer	Enlisted	Civilian
N/A				

- Tenants residing in Special Areas (Special Areas are defined as real estate owned by host command not contiguous with main complex; e.g. outlying fields).

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian
N/A					

- Tenants (Other than those identified previously)

Tenant Command Name	UIC	Location	Officer	Enlisted	Civilian
N/A					

13. REGIONAL SUPPORT: Identify your relationship with other activities, not reported as a host/tenant, for which you provide support. Again, this list should be all-inclusive. The intent of this question is capture the full breadth of the mission of your command and your customer/supplier relationships. Include in your answer any Government Owned/Contractor Operated facilities for which you provide administrative oversight and control.

Activity name	Location	Support function (include mechanism such as ISSA, MOU, etc.)
American Red Cross	Naval Training Center, Orlando, FL	We provide job related training - MOU
Veteran's Administration	Key West, FL	We provide office space on our Compound to operate their clinic - Sharing Agreement
Naval Dental Clinic	NAS, Key West, FL	We provide Bio-Medical Repair Services - MOU
Fisherman's Hospital	Marathon, FL	They provide Radiological Services
SmithKline-Beecham	Miami, FL	They provide Laboratory Services

14. FACILITY MAPS: This is a primary responsibility of the plant account holders/host commands. Tenant activities are not required to comply with submission if it is known that your host activity has complied with the request. Maps and photos should not be dated earlier than 01 January 1991, unless annotated that no changes have taken place. Any recent changes should be annotated on the appropriate map or photo. Date and label all copies.

- Local Area Map. This map should encompass, at a minimum, a 50 mile radius of your activity. Indicate the name and location of all DoD activities within this area, whether or not you support that activity. Map should also provide the geographical relationship to the major civilian communities within this radius. (Provide 12 copies.)

- Installation Map / Activity Map / Base Map / General Development Map / Site Map. Provide the most current map of your activity,

00267
6,A

clearly showing all the land under ownership/control of your activity, whether owned or leased. Include all outlying areas, special areas, and housing. Indicate date of last update. Map should show all structures (numbered with a legend, if available) and all significant restrictive use areas/zones that encumber further development such as HERO, HERP, HERF, ESQD arcs, agricultural/forestry programs, environmental restrictions (e.g., endangered species). (Provide in two sizes: 36"x 42" (2 copies, if available); and 11"x 17" (12 copies).)

- Aerial photo(s). Aerial shots should show all base use areas (both land and water) as well as any local encroachment sites/issues. You should ensure that these photos provide a good look at the areas identified on your Base Map as areas of concern/interest - remember, a picture tells a thousand words. Again, date and label all copies. (Provide 12 copies of each, 8½"x 11".)

- Air Installations Compatible Use Zones (AICUZ) Map. (Provide 12 copies.)

* Note: Provided by RLC

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.

TABLE OF CONTENTS

MISSION REQUIREMENTS

1. Population 3
2. Bed Capacity 4
3. Workload 5,6,7
4. Staffing 8

LOCATION

5. Community Providers.....9
6. Regional Population.....10
7. Regional Community Hospitals 11,12

MISSION REQUIREMENTS

1. Population. Please identify your beneficiary population using the same definitions as used by RAPS. Use the following table to record your results.

TYPE	ACTUAL FY 1993			PROJECTED FY 1999 *		
	CATCHMENT[1]	ASSIGNED[2]	REGION[3]	CATCHMENT[1]	ASSIGNED[2]	REGION[3]
AD	2789	2789	N/A	2739	2739	N/A
FAMILY OF AD	3694	3694	N/A	3625	3625	N/A
SUBTOTAL	6483	6483	N/A	6364	6364	N/A
RETIRED AND FAMILY MEMBERS UNDER 65	991	991	N/A	978	978	N/A
RETIRED AND FAMILY MEMBERS OVER 65[4]	460	460	N/A	551	551	N/A
OTHER	325	325	N/A	365	365	N/A
TOTAL	8259	8259 **	N/A	8258	8258 **	N/A

NOTE: THE FOLLOWING APPLIES TO ALL FACILITIES.

[1] THE BASIS FOR YOUR REPORTED POPULATION IS THE CATCHMENT AREA DEFINED AS SETS OF ZIP CODES EMANATING FROM THE CENTER OF THE ZIP CODE IN WHICH THE MTF IS LOCATED WITH A RADIUS OF 40 MILES.

BUMED-822
3 Jun 94
MMS

[2] THIS IS THE POPULATION SPECIFICALLY ASSIGNED TO YOUR FACILITY IN CONTRAST TO THE POPULATION IN THE CATCHMENT AREA. THIS IS IMPORTANT IN FACILITIES WITH OVERLAPPING CATCHMENT AREAS.

[3] IF YOU ARE A DESIGNATED NAVAL MEDICAL CENTER, PLEASE REPORT YOUR LEAD AGENT POPULATION (SEE TRICARE POLICY GUIDELINES).

[4] THIS SECTION MUST BE COMPLETED.

Source: RAPS Population Projection Report for 20-Mile Radius

* Maximum Projection is extended to FY-1999

** NMCL Key West services a linear catchment area which extends far beyond the 20-Mile designated RAPS area which is not reflected in this data.

2. **Bed Capacity.** Please complete the following table related to your inpatient beds. If you have no inpatient beds please so indicate.

Operating Beds[1]:	N/A
Set Up Beds[1]:	N/A
Expanded Bed Capacity[2]:	N/A

[1] Use the definitions in BUMEDINST 6320.69 and 6321.3.
[2] The number of beds that can be used in wards or rooms designed for patient beds. Beds are spaced on 6 foot centers and include embedded electrical and gas utility support for each bed. Beds must be set up and ready within 72 hours. Use of portable gas or electrical utilities is not considered in this definition.

The following questions are designed to determine the level of services provided at your facility during FY 1993, your current maximum capability (i.e. your maximum capacity given the same set of parameters that you are currently functioning within), and the requirements of the community you support.

3. Workload. Complete the following table for FY 1993:

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS	21,491	13,362	4,079	1,863	40,795
ADMISSIONS	N/A	N/A	N/A	N/A	N/A
LABORATORY TESTS WEIGHTED)[1]	142,557	90,469	27,415	13,707	274,148 *
RADIOLOGY PROCEDURES (WEIGHTED)[1]	6,550	4,157	1,260	630	12,596 *
PHARMACY UNITS (WEIGHTED)[1]	37,725	23,941	7,255	3,627	72,549 *
OTHER (SPECIFY) **	2,853	1,772	541	247	5,413 *

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

* Proportional break out based upon beneficiary category utilization.

** Other Care is EKG and Immunizations.

3a. Workload. Complete the following table for your maximum capacity. Assume the same facility, staff, equipment, and supplies you currently have. Do not change your scope of practice. **Show all calculations and assumptions in the space below.**

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS	25,456	16,155	4,895	2,448	48,954*
ADMISSIONS	N/A	N/A	N/A	N/A	N/A
LABORATORY TESTS WEIGHTED)[1]	171,069	108,563	32,898	16,449	328,979**
RADIOLOGY PROCEDURES (WEIGHTED)[1]	7,860	4,988	1,512	755	15,115**
PHARMACY UNITS (WEIGHTED)[1]	45,271	28,729	8,706	4,353	87,059**
OTHER (SPECIFY) **	3,378	2,144	649	325	6,496** @

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

* 20 Percent efficiency gained through revised scheduling.

** Proportional break out based upon beneficiary category utilization.

@ Other Care is EKG and Immunizations.

3b. Workload. Complete the following table for the current workload demand of your supported population. Assume you are to provide all the care in your facility for your catchment area. **Show all calculations and assumptions in the space below.**
practice. **Show all calculations and assumptions in the space below.**

	ACTIVE DUTY	FAMILY OF ACTIVE DUTY	RETIRED AND FAMILY	OTHER	TOTAL OF EACH ROW
OUTPATIENT VISITS	28,118	17,844	5,407	2,704	54,073*
ADMISSIONS	N/A	N/A	N/A	N/A	N/A
LABORATORY TESTS WEIGHTED)[1]	223,789	142,020	43,035	21,521	430,365**
RADIOLOGY PROCEDURES (WEIGHTED)[1]	14,089	8,942	2,710	1,355	27,096**
PHARMACY UNITS (WEIGHTED)[1]	50,050	31,763	9,624	4,813	96,250**
OTHER (SPECIFY) **	3,728	2,366	717	359	7,170** @

[1] If unable to provide the level of detail requested, provide the level of detail you are able, and indicate why you are unable to provide the information requested.

* Based on current OPV's and recouped CHAMPUS and Supplemental Care.
** Based on FY-93 actual ratio of service to OPV then added in LAB and Radiology contracts, LAB mail out services and prorated by patient category.
@ Other Care is EKG and Immunizations.
*** No inpatient services were considered since facility is not a hospital.

4. Staffing. Please complete the following table related to your provider staffing (only include those providers whose primary responsibility is patient care). Please include military, civilian, and contract providers. Do not include partnerships.

PROVIDER TYPE	FY 1994	FY 1995	FY 1996	FY 1997	FY 1998	FY 1999	FY 2000	FY 2001
PRIMARY CARE[1]	06	06	06	06	06	06	06	06
SPECIALTY CARE[2]	0	0	0	0	0	0	0	0
PHYSICIAN EXTENDERS[3]	02	02	02	02	02	02	02	02
INDEPENDENT DUTY CORPSMEN	0	0	0	0	0	0	0	0
TOTAL	08	08	08	08	08	08	08	08

[1] This includes General Medical Officers, Flight Surgeons, Diving Medical Officers, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.
[2] This is all other physician providers not included in the primary care category.
[3] This includes Physician Assistants and Nurse Practitioners.

LOCATION

5. Community Providers. Complete the following table for the civilian providers within your 40 mile catchment area. The catchment area is defined as sets of zip codes emanating from the center of the ZIP code in which the MTF is located with a radius of 40 miles. If you are required to use another boundary please define the geographical region and the reason for its use.

PROVIDER TYPE	CURRENT
PRIMARY CARE[1]	24
SPECIALTY CARE[2]	42
PHYSICIAN EXTENDER[3]	0
TOTAL	66

[1] This includes General Practioners, Family Practice, Internal Medicine, General Pediatrics, Pediatric Subspecialties, and Obstetrics and Gynecology.

[2] This is all other physician providers not included in the primary care category.

[3] This includes Physician Assistants and Nurse Practitioners.

6. Regional Population. Please provide the U. S. Census population for your 40 mile catchment area. If you are required to use another boundary please define the geographical region and the reason for its use. Also list the source of this information. This value should include your beneficiary population.

Region Population:

50-Mile Catchment Area	55,686		
Outside 50-Mile Catchment Area	22,338		
Total Linear Catchment Area		78,024	
Seasonal Population		56,643	
Total Functional Population			134,667

Source:
(1) Monroe County (Florida) Statistical Abstract based on 1990 Census
(2) Monroe County (Florida) Comprehensive Plan

7. Regional Community Hospitals. Please list in the table below all the community hospitals (as defined in the American Hospital Association publication Hospital Statistics) in your region (include military, civilian, and any federal facilities including Veterans Affairs):

FACILITY NAME	OWNER	DISTANCE[1]	DRIVING TIME	RELATIONSHIP[2]
Lower Keys Health Systems, Inc.		2 miles	5 minutes	MOU - Contingency Plan Support
Fishermen's Hospital		50 miles	1 hour	Specialty Radiology Contract MOU-Contingency Plan Support
Mariners Hospital		88.8 miles	2 hours	MOU-Contingency Plan Support
Guidance Clinic of the Middle Keys		50 miles	1 hour	None

[1] Distance in driving miles from your facility
[2] List any partnerships, MOUs, contracts, etc with this facility

7a. Regional Community Hospitals. For each facility listed in the preceding table complete the following table:

FACILITY	BEDS[1]	JCAHO APPROVED	OCCUPANCY[1]	UNIQUE FEATURES[2]
Lower Florida Keys Health Systems, Inc.	169	Yes	80%	2 Facilities (1 Mental Health and 1 Medical Health)
Fishermen's Hospital	58	Yes	43%	No Specialty Care
Guidance Clinic of the Middle Keys	28	N/A	Psych Beds = 50% Detox Beds = 95%	Crisis Short Term In-Patient Treatment

[1] Use definitions as noted in the American Hospital Association publication Hospital Statistics.

[2] Such as regional trauma center, burn center, Graduate Medical Education Center, etc.

c. **Training Facilities:**

(1) By facility Category Code Number (CCN), provide the usage requirements for each course of instruction required for all formal schools on your installation. A formal school is a programmed course of instruction for military and/or civilian personnel that has been formally approved by an authorized authority (ie: Service Schools Command, Weapons Training Battalion, Human Resources Office). Do not include requirements for maintaining unit readiness, GMT, sexual harassment, etc. Include all applicable 171-xx, 179-xx CCN's.

Type of Training Facility/CCN	School	Type of Training	FY 1993 Requirements			FY 2001 Requirements		
			A	B	C	A	B	C
N/A								

A = STUDENTS PER YEAR
B = NUMBER OF HOURS EACH STUDENT SPENDS IN THIS TRAINING FACILITY FOR THE TYPE OF TRAINING RECEIVED
C = A x B

(2) By Category Code Number (CCN), complete the following table for all training facilities aboard the installation. Include all 171-*xx* and 179-*xx* CCN's.

For example: in the category 171-10, a type of training facility is academic instruction classroom. If you have 10 classrooms with a capacity of 25 students per room, the design capacity would be 250. If these classrooms are available 8 hours a day for 300 days a year, the capacity in student hours per year would be 600,000.

Type Training Facility/CCN	Total Number	Design Capacity (PN)[1]	Capacity (Student HRS/YR)
N/A			

(3) Describe how the Student HRS/YR value in the preceding table was derived.

[1] Design Capacity (PN) is the total number of seats available for students in spaces used for academic instruction; applied instruction; and seats or positions for operational trainer spaces and training facilities other than buildings, i.e., ranges. Design Capacity (PN) must reflect current use of the facilities.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

Activity Identification: Please complete the following table, identifying the activity for which this response is being submitted.

Activity Name:	Naval Medical Clinic, Key West, FL
UIC:	00267
Major Claimant:	BUMED

General Instructions/Background:

Information requested in this data call is required for use by the Base Structure Evaluation Committee (BSEC), in concert with information from other data calls, to analyze both the impact that potential closure or realignment actions would have on a local community and the impact that relocations of personnel would have on communities surrounding receiving activities. In addition to Cost of Base Realignment Actions (COBRA) analyses which incorporate standard Department of the Navy (DON) average cost factors, the BSEC will also be conducting more sophisticated economic and community infrastructure analyses requiring more precise, activity-specific data. For example, activity-specific salary rates are required to reflect differences in salary costs for activities with large concentrations of scientists and engineers and to address geographic differences in wage grade salary rates.
Questions relating to "Community Infrastructure" are required to assist the BSEC in evaluating the ability of a community to absorb additional employees and functions as the result of relocation from a closing or realigning DON activity.

Due to the varied nature of potential sources which could be used to respond to the questions contained in this data call, a block appears after each question, requesting the identification of the source of data used to respond to the question. To complete this block, identify the source of the data provided, including the appropriate references for source documents, names and organizational titles of individuals providing information, etc. Completion of this "Source of Data" block is critical since some of the information requested may be available from a non-DoD source such as a published document from the local chamber of commerce, school board, etc. Certification of data obtained from a non-DoD source is then limited to certifying that the information contained in the data call response is an accurate and complete representation of the information obtained from the source. Records must be retained by the certifying official to clearly document the source of any non-DoD information submitted for this data call.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

General Instructions/Background (Continued):

The following notes are provided to further define terms and methodologies used in this data call. Please ensure that responses consistently follow this guidance:

Note 1: Throughout this data call, the term **"activity"** is used to refer to the DON installation that is the addressee for the data call.

Note 2: Periodically throughout this data call, questions will include the statement that the response should refer to the **"area defined in response to question 1.b., (page 3)"**. Recognizing that in some large metropolitan areas employee residences may be scattered among many counties or states, **the scope of the "area defined" may be limited to the sum of:**

- **those counties that contain government (DoD) housing units (as identified in 1.b.2)), and,**
- **those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.**

Note 3: Responses to questions referring to **"civilians"** in this data call should reflect **federal civil service appropriated fund employees.**

1. Workforce Data

a. Average Federal Civilian Salary Rate. Provide the projected FY 1996 average gross annual appropriated fund civil service salary rate for the activity identified as the addressee in this data call. This rate should include all cash payments to employees, and exclude non-cash personnel benefits such as employer retirement contributions, payments to former employees, etc.

Average Appropriated Fund Civilian Salary Rate:	$26,300

Source of Data (1.a. Salary Rate): Budget Call FY 1996

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

b. Location of Residence. Complete the following table to identify where employees live. Data should reflect current workforce.

1) Residency Table. Identify residency data, by county, for both military and civilian (civil service) employees working at the installation (including, for example, operational units that are homeported or stationed at the installation). For each county listed, also provide the estimated average distance from the activity, in miles, of employee residences and the estimated average length of time to commute one-way to work. For the purposes of displaying data in the table, any county(s) in which 1% or fewer of the activity's employees reside may be consolidated as a single line entry in the table, titled "Other".

County of Residence	State	No. of Employees Residing in County		Percentage of Total Employees	Average Distance From Base (Miles)	Average Duration of Commute (Minutes)
		Military	Civilian			
Monroe	FL	86	31	100%	5	20

= 100%

As discussed in Note 2 on Page 2, subsequent questions in the data call refer to the "area defined in response to question 1.b., (page 3)". In responding to these questions, the scope of the "area defined" may be limited to the sum of: a) those counties that contain government (DoD) housing units (as identified below), and, b) those counties closest to the activity which, in the aggregate, include the residences of 80% or more of the activity's employees.

2) Location of Government (DoD) Housing. If some employees of the base live in government housing, identify the county(s) where government housing is located:

Source of Data (1.b. 1) & 2) Residence Data): Standard Personnel Management System

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

c. Nearest Metropolitan Area(s). Identify all major metropolitan area(s) (i.e., population concentrations of 100,000 or more people) which are within 50 miles of the installation. If no major metropolitan area is within 50 miles of the base, then identify the nearest major metropolitan area(s) (100,000 or more people) and its distance(s) from the base.

City	County	Distance from base (miles)
Miami	Dade	155

d. Age of Civilian Workforce. Complete the following table, identifying the age of the activity's civil service workforce.

Age Category	Number of Employees	Percentage of Employees
16 - 19 Years		
20 - 24 Years		
25 - 34 Years	5	16.0
35 - 44 Years	6	19.4
45 - 54 Years	14	45.2
55 - 64 Years	6	19.4
65 or Older		
TOTAL	31	100 %

Source of Data (1.d.) Age Data):
Defense Civilian Personnel Data System

e. Education Level of Civilian Workforce

1) Education Level Table. Complete the following table, identifying the education level of the activity's civil service workforce.

Last School Year Completed	Number of Employees	Percentage of Employees
8th Grade or less	N/A	N/A
9th through 11th Grade	1	3.2
12th Grade or High School Equivalency	25	80.6
1-3 Years of College	1	3.2
4 Years of College (Bachelors Degree)	1	3.2
5 or More Years of College (Graduate Work)	3	9.7
TOTAL	31	100 %

2) Degrees Achieved. Complete the following table for the activity's civil service workforce. Identify the number of employees with each of the following degrees, etc. To avoid double counting, only identify the highest degree obtained by a worker (e.g., if an employee has both a Master's Degree and a Doctorate, only include the employee under the category "Doctorate").

Degree	Number of Civilian Employees
Terminal Occupation Program - Certificate of Completion, Diploma or Equivalent (for areas such as technicians, craftsmen, artisans, skilled operators, etc.)	1
Associate Degree	N/A
Bachelor Degree	2
Masters Degree	2
Doctorate	N/A

f. Civilian Employment By Industry. Complete the following table to identify by "industry" the type of work performed by civil service employees at the activity. The intent of this table is to attempt to stratify the activity civilian workforce using the same categories of industries used to identify private sector employment. Employees should be categorized based on their primary duties. Additional information on categorization of private sector employment by industry can be found in the Office of Management and Budget Standard Industrial Classification (SIC) Manual. However, you do not need to obtain a copy of this publication to provide the data requested in this table.

Note the following specific guidance regarding the "Industry Type" codes in the first column of the table: Even though categories listed may not perfectly match the type of work performed by civilian employees, please attempt to assign each civilian employee to one of the "Industry Types" identified in the table. However, only use the Category 6, "Public Administration" sub-categories when none of the other categories apply. Retain supporting data used to construct this table at the activity-level, in case questions arise or additional information is required at some future time. **Leave shaded areas blank.**

Industry	SIC Codes	No. of Civilians	% of Civilians
1. **Agriculture, Forestry & Fishing**	01-09		
2. **Construction** (includes facility maintenance and repair)	15-17		
3. **Manufacturing** (includes Intermediate and Depot level maintenance)	20-39

Standard Personnel Management System

Description of Occupational Categories used in Table 1.g. The following list identifies public and private sector occupations included in each of the major occupational categories used in the table. Refer to these examples as a guide in determining where to allocate appropriated fund civil service jobs at the activity.

1. **Executive, Administrative and Management.** Accountants and auditors; administrative services managers; budget analysts; construction and building inspectors; construction contractors and managers; cost estimators; education administrators; employment interviewers; engineering, science and data processing managers; financial managers; general managers and top executives; chief executives and legislators; health services managers; hotel managers and assistants; industrial production managers; inspectors and compliance officers, except construction; management analysts and consultants; marketing, advertising and public relations managers; personnel, training and labor relations specialists and managers; property and real estate managers; purchasing agents and managers; restaurant and food service managers; underwriters; wholesale and retail buyers and merchandise managers.
2. **Professional Specialty.** Use sub-headings provided.
3. **Technicians and Related Support.** Health Technologists and Technicians sub-category - self-explanatory. Other Technologists sub-category includes aircraft pilots; air traffic controllers; broadcast technicians; computer programmers; drafters; engineering technicians; library technicians; paralegals; science technicians; numerical control tool programmers.
4. **Administrative Support & Clerical.** Adjusters, investigators and collectors; bank tellers; clerical supervisors and managers; computer and peripheral equipment operators; credit clerks and authorizers; general office clerks; information clerks; mail clerks and messengers; material recording, scheduling, dispatching and distributing; postal clerks and mail carriers; records clerks; secretaries; stenographers and court reporters; teacher aides; telephone, telegraph and teletype operators; typists, word processors and data entry keyers.
5. **Services.** Use sub-headings provided.
6. **Agricultural, Forestry & Fishing.** Self explanatory.
7. **Mechanics, Installers and Repairers.** Aircraft mechanics and engine specialists; automotive body repairers; automotive mechanics; diesel mechanics; electronic equipment repairers; elevator installers and repairers; farm equipment mechanics; general maintenance mechanics; heating, air conditioning and refrigeration technicians; home appliance and power tool repairers, industrial machinery repairers; line installers and cable splicers; millwrights; mobile heavy equipment mechanics; motorcycle, boat and small engine mechanics; musical instrument repairers and tuners; vending machine servicers and repairers.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

8. **Construction Trades.** Bricklayers and stonemasons; carpenters; carpet installers; concrete masons and terrazzo workers; drywall workers and lathers; electricians; glaziers; highway maintenance; insulation workers; painters and paperhangers; plasterers; plumbers and pipefitters; roofers; sheet metal workers; structural and reinforcing ironworkers; tilesetters.
9. **Production Occupations.** Assemblers; food processing occupations; inspectors, testers and graders; metalworking and plastics-working occupations; plant and systems operators, printing occupations; textile, apparel and furnishings occupations; woodworking occupations; miscellaneous production operations.
10. **Transportation & Material Moving.** Busdrivers; material moving equipment operators; rail transportation occupations; truckdrivers; water transportation occupations.
11. **Handlers, Equipment Cleaners, Helpers and Laborers** (not included elsewhere). Entry level jobs not requiring significant training.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

h. Employment of Military Spouses. Complete the following table to provide estimated information concerning **military spouses** who are also employed in the area defined in response to question 1.b., above. **Do not fill in shaded area.**

1. Percentage of Military Employees Who Are Married:	62.3
2. Percentage of Military Spouses Who Work Outside of the Home:	
3. Break out of Spouses' Location of Employment (Total of rows 3a. through 3d. should equal 100% and reflect the number of spouses used in the calculation of the "Percentage of Spouses Who Work Outside of the Home".	
3a. Employed "On-Base" - Appropriated Fund:	
3b. Employed "On-Base" - Non-Appropriated Fund:	
3c. Employed "Off-Base" - Federal Employment:	
3d. Employed "Off-Base" - Other Than Federal Employment	

Source of Data (1.h.) Spouse Employment Data):
Standard Personnel Management System
Questions 2 and 3 are not tracked at this Command.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

2. Infrastructure Data. For each element of community infrastructure identified in the two tables below, rate the community's ability to accommodate the relocation of additional functions and personnel to your activity. Please complete each of the three columns listed in the table, reflecting the impact of various levels of increase (20%, 50% and 100%) in the number of personnel working at the activity (and their associated families). In ranking each category, use one of the following three ratings:

A - Growth can be accommodated with little or no adverse impact to existing community infrastructure and at little or no additional expense.

B - Growth can be accommodated, but will require some investment to improve and/or expand existing community infrastructure.

C - Growth either cannot be accommodated due to physical/environmental limitations or would require substantial investment in community infrastructure improvements.

Table 2.a., "Local Communities": This first table refers to the local community (i.e., the community in which the base is located) and its ability to meet the increased requirements of the installation.

Table 2.b., "Economic Region": This second table asks for an assessment of the infrastructure of the economic region (those counties identified in response to question 1.b., (page 3) - taken in the aggregate) and its ability to meet the needs of additional employees and their families moving into the area.

For both tables, annotate with an asterisk (*) any categories which are wholly supported on-base, i.e., are not provided by the local community. These categories should also receive an A-B-C rating. Answers for these "wholly supported on-base" categories should refer to base infrastructure rather than community infrastructure.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

a. Table A: Ability of the local community to meet the expanded needs of the base.

1) Using the **A - B - C** rating system described above, complete the table below.

Category	20% Increase	50% Increase	100% Increase
Off-Base Housing	B	B	B
Schools - Public	B	B	C
Schools - Private	B	B	C
Public Transportation - Roadways	B	B	B
Public Transportation - Buses/Subways	A	A	A
Public Transportation - Rail	N/A	N/A	N/A
Fire Protection	A	A	A
Police	A	A	A
Health Care Facilities	A	A	A
Utilities:			
Water Supply	B	B	B
Water Distribution	A	A	A
Energy Supply	A	B	B
Energy Distribution	A	B	B
Wastewater Collection	A	A	A
Wastewater Treatment	A	A	A
Storm Water Collection	A	A	A
Solid Waste Collection and Disposal	A	A	A
Hazardous/Toxic Waste Disposal	B	B	B
Recreational Activities	A	A	A

Remember to mark with an asterisk any categories which are wholly supported on-base.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

2) For each rating of "C" identified in the table on the preceding page, attach a brief narrative explanation of the types and magnitude of improvements required and/or the nature of any barriers that preclude expansion.

The schools in this area would only have a major problem if all of the incoming new students would be attending the same school. At that time some of the problems would be: the need for more teachers, the amount of books and supplies required, and the classroom space. The barrier for expanding the actual school is the area. Most schools are within the city limit and have utilized allotted space or would be dealing with environmental issues.

Source of Data (2.a. 1) & 2) - Local Community Table):
Trisha Wrenns, Senior City Planner
Janet Hayes, Public Information Director (Schools)
Norman Roberts, Transit Supervisor
LT Flowers, Police Department
Randy Sterling, City Recreational Director
Raymond Archer, Transportation Director
James K. Simon, CEO, Florida Keys Health System

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

b. Table B: Ability of the region described in the response to question 1.b. (page 3) (taken in the aggregate) to meet the needs of additional employees and their families relocating into the area.

1) Using the **A - B - C** rating system described above, complete the table below.

Category	20% Increase	50% Increase	100% Increase
Off-Base Housing			
Schools - Public			
Schools - Private			
Public Transportation - Roadways			
Public Transportation - Buses/Subways			
Public Transportation - Rail

2) For each rating of "C" identified in the table on the preceding page, attach a brief narrative explanation of the types and magnitude of improvements required and/or the nature of any barriers that preclude expansion.

Source of Data (2.b. 1) & 2) - Regional Table):
As we are only one County, these answers would be the same as those on Table 2.a. on page 16.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

3. Public Facilities Data:

a. **Off-Base Housing Availability.** For the counties identified in the response to question 1.b. (page 3), in the aggregate, estimate the current average vacancy rate for community housing. Use current data or information identified on the latest family housing market analysis. For each of the categories listed (rental units and units for sale), combine single family homes, condominiums, townhouses, mobile homes, etc., into a single rate:

Rental Units:

Units for Sale:

Source of Data (3.a. Off-Base Housing): Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

b. **Education.**

1) Information is required on the current capacity and enrollment levels of school systems serving employees of the activity. Information should be keyed to the counties identified in the response to question 1.b. (page 3).

School District	County	Number of Schools			Enrollment		Pupil-to-Teacher Ratio		Does School District Serve Gov't Housing Units? *
		Elementary	Middle	High	Current	Max. Capacity	Current	Max. Ratio	

* Answer "Yes" in this column if the school district in question enrolls students who reside in government housing.

Source of Data (3.b.1) Education Table):
Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

2) Are there any on-base "Section 6" Schools? If so, identify number of schools and current enrollment.

Source of Data (3.b.2) On-Base Schools):
Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

3) For the counties identified in the response to question 1.b. (page 3), in the aggregate, list the names of undergraduate and graduate colleges and universities which offer certificates, Associate, Bachelor or Graduate degrees :

Source of Data (3.b.3) Colleges):
Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

4) For the counties identified in the response to question 1.b. (page 3), in the aggregate, list the names and major curriculums of vocational/technical training schools:

Source of Data (3.b.4) Vo-tech Training):
Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

c. **Transportation.**

1) Is the activity served by public transportation?

	Yes	No
Bus:	X	
Rail:		X
Subway:		X
Ferry:		X

Source of Data (3.c.1) Transportation):
City of Key West Port and Transit Authority

2) Identify the location of the nearest passenger railroad station (long distance rail service, not commuter service within a city) and the distance from the activity to the station.

Miami, FL 150 Miles

Source of Data (3.c.2) Transportation):
City of Key West Port and Transit Authority

3) Identify the name and location of the nearest commercial airport (with public carriers, e.g., USAIR, United, etc.) and the distance from the activity to the airport.

Key West International Airport 1.3 Miles

Source of Data (3.c.3) Transportation):
City of Key West Port and Tansit Authority

4) How many carriers are available at this airport?

Three

Source of Data (3.c.4) Transportation):
Key West International Airport Information Line and
Southern Bell Telephone Book

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

5) What is the Interstate route number and distance, in miles, from the activity to the nearest Interstate highway?

Interstate 95 150 Miles

Source of Data (3.c.5) Transportation):
Rand McNally Road Atlas, 1994 Edition

6) Access to Base:

a) Describe the quality and capacity of the road systems providing access to the base, specifically during peak periods. (Include both information on the area surrounding the base and information on access to the base, e.g., numbers of gates, congestion problems, etc.)

The base is located on HWY A1A, which is a four lane highway. Rush hour congestion only lasts for about 15 minutes and is due to the close proximity of our gate to a major intersection.

b) Do access roads transit residential neighborhoods?

No.

c) Are there any easements that preclude expansion of the access road system?

US A1A is bordered on both sides by sidewalks. One of which is along Naval Medical Clinic government fencing and the other is along side commercial hotel/motel property.

d) Are there any man-made barriers that inhibit traffic flow (e.g., draw bridges, etc.)?

No.

Source of Data (3.c.6) Transportation):
General knowledge of area.

d. **Fire Protection/Hazardous Materials Incidents.** Does the activity have an agreement with the local community for fire protection or hazardous materials incidents? Explain the nature of the agreement and identify the provider of the service.

Source of Data (3.d. Fire/Hazmat): Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL

e. **Police Protection.**

1) What is the level of legislative jurisdiction held by the installation?

2) If there is more than one level of legislative jurisdiction for installation property, provide a brief narrative description of the areas covered by each level of legislative jurisdiction and whether there are separate agreements for local law enforcement protection.

3) Does the activity have a specific written agreement with local law enforcement concerning the provision of local police protection?

4) If agreements exist with more than one local law enforcement entity, provide a brief narrative description of whom the agreement is with and what services are covered.

5) If military law enforcement officials are routinely augmented by officials of other federal agencies (BLM, Forest Service, etc.), identify any written agreements covering such services and briefly describe the level of support received.

Source of Data (3.e. 1) - 5) - Police): Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

DATA CALL 65
ECONOMIC AND COMMUNITY INFRASTRUCTURE DATA

f. **Utilities.**

1) Does the activity have an agreement with the local community for water, refuse disposal, power or any other utility requirements? Explain the nature of the agreement and identify the provider of the service.

Yes. This is overseen by the Public Works Department of Naval Air Station, Key West, FL.

2) Has the activity been subject to water rationing or interruption of delivery during the last five years? If so, identify time period during which rationing existed and the restrictions imposed. Were activity operations affected by these situations? If so, explain extent of impact.

N/A. This is overseen by the Public Works Department of Naval Air Station, Key West, FL.

3) Has the activity been subject to any other significant disruptions in utility service, e.g., electrical "brown outs", "rolling black outs", etc., during the last five years? If so, identify time period(s) covered and extent/nature of restrictions/disruption. Were activity operations affected by these situations? If so, explain extent of impact.

Yes. "Brown Outs" are a basic way of life for Key West residents. However, our operations are not usually effected due to a back-up generator capabilities.

Source of Data (3.f. 1) - 3) Utilities): Please refer to Data Call 65 submitted by Naval Air Station, Key West, FL.

BRAC-95 CERTIFICATION

Reference: SECNAVNOTE 11000 of 08 December 1993

In accordance with policy set forth by the Secretary of the Navy, personnel of the Department of the Navy, uniformed and civilian, who provide information for use in the BRAC-95 process are required to provide a signed certification that states "I certify that the information contained herein is accurate and complete to the best of my knowledge and belief."

The signing of this certification constitutes a representation that the certifying official has reviewed the information and either (1) personally vouches for its accuracy and completeness or (2) has possession of, and is relying upon, a certification executed by a competent subordinate.

Each individual in your activity generating information for the BRAC-95 process must certify that information. Enclosure (1) is provided for individual certifications and may be duplicated as necessary. You are directed to maintain those certifications at your activity for audit purposes. For purposes of this certification sheet, the commander of the activity will begin the certification process and each reporting senior in the Chain of Command reviewing the information will also sign this certification sheet. This sheet must remain attached to this package and be forwarded up the Chain of Command. Copies must be retained by each level in the Chain of Command for audit purposes.

I certify that the information contained herein is accurate and complete to the best of my knowledge and belief.
