Dear James T. Hill

Please consider removing Cannon AFB, N.M
from the BRAC List.

Cannon is a great training facility with
over 320 days per year of Bright Blue Skies
flying weather. Approx. 60,000 acres bombing
range, supersonic capabilities, AND
Clovis and the surrounding communities
are very supportive of CAFB.

I believe Cannon AFB, New Mexico plays
an important part in our nation's
security.

Best Wishes,

Patty Rice
