To whom it concerns,

I wouldn't feel very secure if our bac were to be shut down. also if we loose our bac if say something were ever to happen it would take a while for someone to get another airforce here to find out the problem and fix it, I dont know about how you feel but I think that if the air man dont wnant to leave they should have a part of prayer what they wnant.

Sincerely,

Elena

P.S airman are very helpful.
