The Honorable Philip Coyle,

Please take notice, our situation is severe. This great loss would have a negative affect on our Education Institutions, job losses. The benefits of Cannon are countless, year-round training, seconds from the Melrose bombing range - just to start

The Honorable James V Hansen

Please take notice & help us keep Cannon

It has so much to offer the military year round training, bombing. This would be a ripple impact in the whole state.

Admiral Harold W Gehman Jr.

The closing of Cannon will have a very negative impact on our Educational Institutes. The job loss will cost us the largest in country. The year round training. The bombing range. So much to offer the military. Please help

Sincerely

Billy Foley

The Honorable Anthony J. Principe:

Our community welcomes Cannon. Cannon does not fit the criteria provided for closure. Our weather provides year round training. It's been estimated that this closing will cost the area more jobs than any other area in the country. This will have a negative impact on our Education Institutes here.
