Save Cannon

Dear B.R.A.C. commity

We need to save Cannon Air Force Base because if we dont our population will becorryoted. The nice people who live here will be sent away or others will lose thier jobs because there buisness wont be funded anylonger and our community will siese to grow. The Economy and schools will suffer greatly if the base is lost do to the BraC commity.

If you take away the base you'll be seperating me from my friends and family. I am a military kid because my stepdad Kevin Fredric Kruse is a militay worker so if you take away the base I'll have to gow th him so I'll be seperated from my real dad who lives is Portalas and you'll also seperate me from the funniest kid on Earth Brandon Sintuego who is my best friend on the entire multi-verse. So now you know why you cannot close Cannon because if yo close Cannon then you will close the door on my life.
