Dear BRAC Commission, I think we should not close Cannon Air Force Base because it is the closest base to Lus Alamos Lab. Also because the Melrose Bombing Range and the open space for training. But also are school and other company busnesses wold run out of busness because of the air force and all the people that are with it.

Also a few of the important things about the air force the Base housing would be wasted and we would lose a lot of friends, family, gran parents, teachers. Plus are town might not be safe because are Cannon is an asset to our community.

But the reason I think we should keep the Cannon Air Force Base is any type of airplane can be and land here. Also educational opportunities for servisemen with 2 colleges here. Plus Medical facilities have expanded to provide servise. Fuel cost saving to use Melrose bombing range. Also Super Sonic Air force.
