Dear BRAC Commission,
I am writing to you to not close C.A.F.B down my family has lived here for three years and my dads in the airforce and if you close the base the schools will almost be empty and you will take so many jobs. I mean we have open space for training and our climate is good most of the year. Cannon is an asset to our community. Any air plane could be here including the F-16. Fuel cost savings is also a plus because you wouldn't have to use Melrose bombing range.
