Dear BRAC Commission,

Please do not close Cannon Air Force Base. If you do, lots of schools will have a lot less students. Also the Air Force base is not surrounded by Cities so it easy for the F-16 to fly. And This is the second largest Air Base it makes it very usfull to the military. The civilians will lose there jobs. The military communities will be empty. The local businnes will only make 50% of the money they made before.

God bless America.

Sincerly Tyler yeatter
