Dear BRAC Commission,
I'm writting this Letter because I attend a school mainly built for military. Maybe oneday you can come and visit our school. I don't want you to close CAFB because it is almost bigger than the town. I also dont think you should close the base because we have lots of space to train the people to learn how to fly an airplane. We can handle super sonic airspace and it wont rattle the windows. My dad is in the airforce and I really don't want to be stationed to England or somthing like that. So please don't close the Base please.
