Dear Brac Committee,

You Shouldn't close Cannon down, you will be Separating friends and family's. I have a best friend and we would be separated! It is hard moving when you just moved. Becuase some people just moved you would have to make them move agin. That is just wasting money. Also the base just got done "remodeling" the gates. With Hi-Tech equipment and more guns that's just a waste of your money and paycheck!!

You may think of me as a little girl, but I am not! I am eleven years old, with a big 24 kid class (also adding my teacher) to back me up. Becuase my whole class is a family. Our whole school is family. And one third of our school is milatary so, don't close cannon!

Sincerly,
Victoria L.
