Dear BRAC Committee,

Boom here it is. I don't want them to shut down the Cannon Air force Base because Cannon represents 1/3 of our population. On that Base my friend Brittany was born. I love that base because my 2 parents work there also my church is there. I also want Cannon to stay because then some of 5th grade schools can have Marsville. Also if cannon goes it will effect our entire community. Also the military kids would have to move and some of my good friends would have to leave.

Sincerely,
Amanda Cook
