Keep Cannon

Dear BRAC Committee,

Have you ever had a best friend that was a military kid? I do her name is T'keysja. And if you take away Cannon you will take away my best friend! And you don't want to do that to a sweet little girl, :) do you? If you do you are taking away 1/3 of our population, and we will have to close down schools, churches, and so on.... Me and T'keysja were thinking of having a fundraiser, what do you think of that?

Why do you think we should close down the base? I don't think you should because it doesn't just affect military kids it affects me! So please don't close the base. I hope this letter makes a difference!

Sincerly,

TymberLee

Durham :)
