Dear B.R.A.C Commission

I am writing you just to ask you to not close down the base. Because...

1. We have super sonic airspace.
2. Our educational system will help train the military and their families.
3. Clovis has wide open spaces to train our military.

That is why I think you should not close C.A.F.B.
Thank you for taking your time to read my letter.

Sincerely yours,
Heather Steinle
4th grade student
