To Whom It May Concern:

Cannon Air Force Base has been around for a while, I dont even know how long but, I do know that it plays a major role in our life. Even though we do not know a whole lot about it I do know that it gives homes to many people. If Cannon is closed there are many different things that can change. Think about the Family and Friends. One of my best Friends lives at 801 housing and it will be sad to see him go. If Clovis or the surrounding cities were a target to terrorist it would take a long time for help to get here, but if Cannon is here there will be help A.S.A.P. Please help Cannon STAY.

OPERATION
KEEP
CANNON!!!
