Dear Madam or Sir,

I think that if you close Cannon AFB then Clovis will be poor. Half of our school (Mesa Elementary) will have to move to a different school and state. I do not want Clovis New Mexico's base to close. Just think about people that aren't in the military, but work on base. They would lose their job. I know a lot of people that want Cannon to close. My Mom wants Cannon to close, but my Dad and I don't wan't it to close. If you have I have lived here for about four years. I have gone to Mesa since third grade. I really want to finish school here, and then go to Texas Tech for college. Right now I am a sixth grade graduate. I really hope that you won't close this base. If you close cannon I will be very upset I will also truly miss my friends. Don't close Cannon A.F.B.

Sincerely,
Randi Wood
