Dear Madan or Sir;

Can you please keep Cannon airforce base because if you close it then Clovis will become a goast town. I know you dont care about New Mexico but I do. If you close down Cannon then you can't use Melrose boming range becous I don't want to hear the planes go by so if you close the airbase you have to close the Melrose boming range.

Mesa will have to fire at least 7 teachers so they can have a deasent class. If you close the base and keep using the Melrose boming range I'll sue because I don't want to hear a slange plane over Clovis if you close the base. I never forgive the ~~[illegible]~~ govent if you close the air base.

Sincerly.
Landyn Graham
