Dear Madam or Sir,

Please keep Cannon Air Force Base here because for one, we have excellent Climate and good weather. Our Pilots can fly three hundred and twenty out slit of three hundred sixty-five days here in Clovis. Another thing is eleven out of twenty-two students in our class are associated with the military so that means one of our teachers would lose their job, a lot of our friends would be leaving and the schools would have less students to teach. Another reason is our City really WANTS our base to stay! Our City is a very safe to live! Its not too big and its not too small. We dont really have to worry about getting kidnapped or anything. We also have great Air Space. Its not Congested or not a lot of Airliners come here.

In all, Our Air Force Base is a good thing to have. Please, we are on our knees begging you to please, keep our base here for these purposes.

P.S. Think about it in six years, we will be seniors and then well all have to leave our Friends! Thats too hard for us!

Sincerely,
Taylor Brooks
