ARlington, Va.

We are writing in regard to the closing of the Cannon Air force, Clovis N.M.

We would like for you to re-coseder this matter.

We have a very nice base, many new improvement have been made in the last few years

We have a lot of room for expansion if needed - also there is a excellent bombing range for training, plenty of good flying weather.

Also there is good community support and we really need it.
