Dear Ms. Turner,
You have demonstrated you dedication to the closures and re-alignment of military installations by preparing the Brac list that was issued May 13, 2005. As a result of the s announcement, Cannon Air Force Base, located in Clovis, NM was on the list for closure.

The Community of Clovis, believe that if the Commission would reassess Cannon against the Brac Criteria, do a physical inspection in Clovis and Cannon, the result for removing Cannon Air Force Base from the closure list will be certain.

Please say that you will consider my request and you could recognize Cannon, Clovis, and New Mexico as essential location and facility for our armed forces.

Sincerely,

Anna Lee
