Brig. General Sue Ellen Turner
BRAC Commission

Dear General Turner:

What a pleasure to address you on this issue that means so much to our community. I feel you will give me at least a small measure of your attention.

Cannon AFB would be successful anywhere in the world. It's men and women are capable and talented. But part of that success is the safety, support, and family values of the community that supports and surrounds this Base.

That community is eastern New Mexico — Portales, Clovis, Dora, Elida, Melrose, Pep, Causey, Floyd, Clovis, Milnesand. Let us show you how much more we can do to support the fighting 27th. Please allow us to keep Cannon.

Sincerely,

Patrice Caldwell
