MEMORANDUM FOR FRANK CIRILLO, DIRECTOR REVIEW AND ANALYSIS

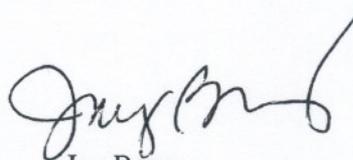

Subject: Hawthorne Army Depot, OSD BRAC Clearinghouse #C0512

The following is in response to your e-mail inquiry of July 12, 2005, where you asked the following:

"The recommendation to close Hawthorne Army Depot is confusing. What provisions will be made to provide for testing facilities currently used by NWSC Crane, Fallbrook Detachment. Are these costs reflected in the Hawthorne scenario?"

The cost to relocate 20 people to Base X was included in the COBRA analysis. This number includes the NWSC Crane, Fallbrook Detachment people involved in testing and the NUWC Keyport Annex people involved in Torpedo Maintenance. The FY 2003 ASIP database identified 20, not the 18 recently identified by the Navy. As the COBRA indicates, these people were sent to Base X until the Navy decides where to relocate the workload.
