Keep Cannon

Dear B[redacted] commission,

Every Body in Clovis Knows you have Put cannon and some other Bases on the Brac list, I really dont see why you Put cannon on the list But you need to take It off. 27% of the troops in iraq were from cannon, not One of them died.

We Need to save cannon Because first of all, Some of the ~~Best~~ schools in the 4 corners will close, second of all, our economy will shrink so we will not getany more nice things. I hope my letter has made an impact!

Sincerely

Joshua
