MEMORANDUM FOR ACTING USD (AT&L)

SUBJECT: Technical JCSG Supplemental Capacity Data Call Questions

On behalf of the USAF ISG Principals, the Air Force "concurs with comment" to the release of the Technical JCSG Supplemental Capacity Data Call questions to our installations. We believe the functional address listing in IQT should be changed to match the *Target List* file as submitted with the current version of the TJCSG database. Once steps are taken to ensure the lists match, the Air Force will proceed with the questionnaire's release.

Our POC is Lt Col Dave Lynch, AFPEO/CM, 703-588-7105.
