Gentlemen of the BRAC Commission,

I am desperately writing to beseech you NOT to close Ft. Monmouth. It would be a detriment to our soldiers who are fighting the war and who are in constant contact with the technicians at Ft. Monmouth.

DO NOT WASTE OUR TAX DOLLARS!!

Ft. Monmouth can accommodate more personnel than Aberdeen without any new construction. It also has acreage to construct new buildings, if needed.

I repeat - DO NOT WASTE OUR TAX DOLLARS. Keep the Fort open and use all its facilities to the maximum.

Over the years Ft. Monmouth has done its work well. It has deep roots beginning with World War I. Please let it continue to serve our country proudly, as it has in the past.

Sincerely,

Angela G. Iamello
