Received

Dear BRAC Commissioners,

I, Dale Benedetti along with Mr. John Jay wrote document number 1545. The document is entitled "Dale Benedetti and John Jay make a Case for The Closure of Pt. mugu, Naval Base near Oxnard, California.

I have the following questions for the Commissioners:

Did each of you read the one hundred and sixty-three pages of document 1545?

What were the Commission members impressions of 1545?

Will document 1545 be referred to in the final report that President Bush has already signed off on?

Where, in terms of Chapters and Page numbers in the final report is 1545 mentioned?

Did 1545 have a indirect or direct effect on the loss and re-location of five thousand direct and indirect jobs from Pt. mugu to China Lake?

I hope it did!

thank you,

Dale Benedetti
