Dear Commissioner Gehman:

Cannon Air force Base should continue to be part of Clovis Community - as we all support our Air force friends.

My late husband and I moved to Clovis in 1965, to open a H&R Block office. We had serveral options of other cities to chose from. We chose Clovis and Cannon and served both for 35 years. When I sold H&R to Harold Fri Shortly after my husband passed away. But I still support the community and Cannon with Joy's Costumes (1982), which provides costumes and misc. for different events.

If Cannon closes it will leave 28% of the working population unemployed.

Thank you for your time.
