The Honorable Philip Coyle,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense. For example, Cannon has the space & facilities to accommodate joint warfare training & readiness.

Please reconsider all the facts before making your decision.

Honorable Samuel K. Skinner,

I am very concerned about the BRAC Commission's decision to close Cannon Air Force Base.

I do not believe the Commission is fully aware of the unique attributes that Cannon offers to our national defense for example, Cannon has the space & facilities to accommodate joint warfare training and readiness. In addition the Melrose bombing range is seconds away from Cannon. Furthermore, Cannon has ample space/ramp space to accommodate surge force requirements in training and emergency situations.

Not to mention, the closing of Cannon will have a very negative impact on education through out the area, including the public schools, Eastern New Mexico University, and Clovis Community College.

Please reconsider all the facts before making your decision.
