James H. Bilbray
BRAC Commission

Dear Mr. Bilbray

Please take a good look at why we feel Cannon AFB should not be closed. The people of Clovis love the base. The weather is great for flying, there are no encroachment issues and this fall we will have supersonic flying ability.

On a personal note I have lived in Clovis, since 1973. I married 3 kids here and they have made many air Force friends through the years. The economic downside of closing the base is going to be <u>enormous</u> for our little town. Please make sure you make the proper decision concerning our base.

Thank you

Mark L McKoy
