Dear Commissioner Skinner,

I would like to take a couple of your time out of your busy schedule. To provide why I would like to see Cannon Air Force Base off the closing list.

Clovis is a friendly city that supports Cannon as part of Clovis. When Clovis grows it is when Cannon grows. Over the years, Clovis has new restaurants, hotels and retail businesses to add employment to all citizens of Cannon and Clovis, Cannon has grown with added units from other bases.

With this growth Cannon has provided Eastern N.M. University and Wayland Baptist University also with Clovis Community College to hold classes at the base. Classes at the Base were open to Clovis Citizens.

The main support that Cannon does for Clovis and others is the training that is done to keep us free and safe. It is our freedom for all.

Thank you for your time.

Thank you again.

The weather is great here for the flight training mission with a bombing ranger with in seconds from the base, in a flighter plane. With this training America still has her freedom and I know that my family is safe. When I hear over head the sound of ~~planes~~ planes I pray for saftety.

Cannon is the back bone of Clovis for growth. When Cannon grows so does Clovis, to provide employment for military spouses and children over the years.

Clovis is a friendly city that has a mix of culture for ones that have retired here and others that move to for employment.

Cannon has provided alot by having classes from Eastern N.M. and Wayland Baptist Universities along with Clovis Community College to have education classes for working late students that are military. These classes are non-military + military together, it is great, one feels like one big family.

The main support that Cannon provides is the freedom of all Americans by the training of the flight missions that is done al most daily for the great weather that south east New Mexico provides for training.

Thank you for your time.

Dear Commissioner Turner,

I would like to take a few minutes out of your busy schedule. To provide why I feel Cannon Air Force Base off the close list.

Cannon is loved by the town of Clovis, where people are friendly and proud to be the home of Cannon.

Cannon is the home of training for the flighters that keep America safe. The flighter mission training has the best weather for training in the south west New Mexico. The bombing range is only a few seconds from the base in a flighter plane. When I hear the flighters flying over head. It reminds me even more that it's freedom that is up there and I pray that they will be safe and knowing this that my family is safe and free.

Please keep Cannon alive

Thank you for your time you gave me.

Thank you again.

Dear Commissioner Principi;

I would like to take a few minutes of your time out of your busy schedule. To provide why I feel that Cannon be taken off the close list.

Cannon is part of a community that is friendly and supports its citizens. Clovis is that place, who grows when Cannon grows.

Cannon provides alot, the main thing is the training of the flighter missions. These are done to provide freedom for all Americans. Southeastern New Mexico weather that is right for this training, there are few days of a year that there is bad weather to not to fly. The bombing range is only a couple of seconds away in a flighter plane.

Knowing that I work with spouses and children of these military personnel makes me proud to be American.

Thank you for your time.

Thanks again.
