Mr. Chairman,

Thank you for your superb leadership as Chairman of the BRAC Commission. You had a difficult job and you performed it with great professionalism and integrity. You and the other members of the Commission were available, thoughtful and independent. Thank you for being fair-minded and even-handed and for your thoughtful consideration of the issues pertaining to Ellsworth Air Force Base. I hope we can get you out to South Dakota again some day. Very truly yours,

John Thune
