Dear BRAC Committee:

We feel Clovis, New Mexico is a great place to raise a family. I was raised in this area and I have raised 3 sons here. The school system is excellent, and it's music department follows through from Elementary, to Jr High on through High School with wonderful training and support for our students. My boys have received instruction and encouragement from caring teachers herein Clovis that has well prepared them for the Universities they attend and the careers they have begun.

We feel that our town has so much to offer our military families that come to Cannon Air

Force Base. My Church,
Faith Christian Family Church,
has a great youth ~~group~~ ministry that helps
our teens deal with their problems
and encourages them to live lives
strong and free with God's help.
This church family along with
many other churches in Clovis
welcome our military families
in and we ~~h~~ honor the Moms
and Dads that train and fight
to protect our country.

We are honored and proud to
have a USAF Base close to
our town. Please allow us to
keep Cannon AFB and let CAFB
help us. We are a good team.
Thank you for your understanding
and help.

Cheryl Smoot
