BRAC Commission

We are deeply concerned about the Department of Defense's recommendation for closing Cannon AFB.

We urge that the Commission be fully aware of the unique attributes that Cannon offers to our national defense.

We read in our local newspaper that the Department of Defense omitted data that is critical for the commission to use in it's decision making process. Please do not let this omission be disregarded.

Our local community has been uniquely supportive, donating time and land to promote the base's needs.

The closing of Cannon will have a devastating impact on our economy. It has been estimated that the area will lose at least 20 percent of its workforce, a percentage that is out of line with the effect of base closings in other communities. Please let us keep Cannon!
