I am 82 years old and worked at the base (Cannon) in 1940 when the base first opened. I was with the 355 Sub-Depo. We have grown old together. This base is so much of our everyday lives - it would be like losing a arm or leg.

My husband was a rancher but he belonged to the "Commity of Fifty" - It was formed by group of caring local men. They wanted the young men to be a part of our community

are home to a large military
retirement population. These
people rely on Cannon for
health care, groceries, shipping
and more.

Please do not close our base.
