Regarding the closure of Cannon Air Force Base.

Please reconsider the closing of Cannon A.F.B.
Here are some reasons to consider.

1. It is an award winning base.
2. Cannon has plenty of air space, with no congestion like your larger city bases.
3. The bombing range is close, large and has recently been enlarged further.
4. The weather is excellent for flying, with not many down days.
5. Cannon has new runways.
6. There is plenty of room, even for expansion if needed.
7. This base is wholeheartedly supported by our community.
8. Cannon is a excellent base to train new pilots also for new planes.

I would greatly appreciate your consideration of these listed reasons and there are many many more.
