Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Delores M. Meyer

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Suzanne Plewinski

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

David R. Moore

6/2/05

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Mrs. Mary Muchalski

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Kathleen Bozell

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Marianne D. Smith

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Matthew J. Lazzero

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Jennifer M Anderson

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Edwina A. Faubert

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Ronald Bish

2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Thomas L. Winslow Thomas L. Winslow

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Mark Keem

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Charlotte Titarelli 6-14-05

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Jeffrey S. Fenwick

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Barbara Schreiber

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

BRIAN F CUMMINGS

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Mary Brennan

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Paul C. Stumpf

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Eugene Klemenz

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Phillip Ciallela

Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Janet Kozlowski

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Lynn Friel

Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Brian M Paedersk

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commisioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Sandra Maciejewski

Dear Chairman Principi and BRAC Commissioners:

I was upset by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Also, even the newspapers say that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air Force Reserve and the Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Kevin A. Browning
