Chairman Anthony J. Principi
Base Alignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

J A Stutzman

Base Alignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Bonnie Ilecki

As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Tom Wamix

As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Kay A. Lilac

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Richard Heller

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Dorothy Majchrzak

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Jeffrey Mercuri

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Lisa Bennett

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

John J. Kraft

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Nancy LeFort

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Barbara J VanDette

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Patricia Wolf

Chairman Anthony J. Principi
Base Alignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

SEC Commission

Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves?

Also, how will the Department defend the region, or will the Guard respond to man-made or natural disasters, when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

BRAC Commission

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Suzette Barrian

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Carlos Bates

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am so concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

Please note that the media are conveying to us that we are facing significant challenges in recruiting during war time. As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment.

The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Dear Chairman Principi and BRAC Commissioners,

I am truly concerned by the Defense Department's suggestion to close the Niagara Falls Air Force Reserve Station. This idea is a huge mistake and I beg the BRAC Commission to remove them from the list.

It's hard to understand why the Air Force has decided to take everything away from so many Air Guard and Air Reserve bases and relocate them to the more costly Active Duty bases. Of all the bases to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq. Especially because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts/closings/consolidations?

I beg the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

Walter L. Kaczor

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions, and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit was able to help rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

1. The federal government has invested more than $35 million in Niagara Falls since 1995 in new facilities.
2. Base Operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
3. Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
4. Niagara Falls' existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
5. Niagara Falls faces no physical encroachment nor air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

I urge the Commission, in the strongest possible terms, to remove the Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

James B Johannes

Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am concerned by the DOD's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

(A concerned Citizen)

As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

Jean Slyzinski 8/10/05

June, 2005

Chairman Anthony J. Principi
Base Realignment and Closure Commission
2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

I am deeply troubled by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove them from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the reserves?

Also, how will the Department defend the region? Will the Guard respond to man-made or natural disasters when they occur after these massive cuts?

I urge the Commission in the strongest possible terms to remove Niagara Falls AFB from the Pentagon's recommended list of base closures and to stop the continuing retreat of the military from our region of the country.

Sincerely,

John P. Monte

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Valerie J. Krawczyk

As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Charlene Cleary

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Wilbur Kruse

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Joshua E Watts

Dear Chairman Principi and BRAC Commissioners:

I am concerned by the DOD's recommendation to close the Niagara Falls Air Force Reserve and Guard base. This recommendation is not in the nation's best interest and the BRAC Commission should reverse this decision and remove them from the closure list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on the more costly Active Duty bases.

As the only remaining major military installation in Western New York, Niagara Falls has been key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make the Pentagon's efforts to recruit and retain military personnel even more difficult than it is now.

All New Yorkers stand with the Niagara Falls/Western New York community and are united in its support for this base, and its retention. Please, overturn the Pentagon's recommendation and keep the base open.

Sincerely,

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Mike Baker

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Daniel K Rupp

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Mr. Edwin Duemyer

2521 South Clark Street
Suite 600
Arlington, VA 22202

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Joy R Woodrow

Dear Chairman Principi and BRAC Commissioners:

The Defense Department's recommendation to close the Niagara Falls Air Force Reserve and Guard Base is not in the best interests of our nation. As a concerned citizen and American, I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Air Force Reserve and Guard Base from the closure list.

I, along with many others, have difficulty in understanding why the Air Force has decided to take missions, jobs and planes away from so many Air Guard and Air Reserve bases and relocate them to more costly active duty bases.

With newspapers reporting that we are facing significant challenges in recruiting personnel during wartime, this action can only hinder our nation's efforts. As the only remaining major military installation in Western New York, Niagara Falls has been a key to military recruitment. The impact of this decision will be devastating to the New York Air National Guard and will make efforts to recruit and retain military personnel even more difficult.

The entire Western New York community is united in its support for retaining the Niagara Falls Air Force Reserve and Guard Base, and I am respectfully asking that you overturn the Pentagon's recommendation and keep this important base open.

Sincerely,

Ronald Summers
