To whom it may concern:

I am writing in hopes that Cannon Air Force Base, be kept open.

My husband works for a construction Company, here in Clovis New Mexico. Most of their work has been on the base. We have lived in Clovis most of our lives. And we hope to stay living here.

If the base closes alot of people here, will have to move to keep going in life.

We have alot of family and friends here in Clovis. And we feel that we would be losing alot. If the base closes.

Please try and figure out a way to keep it open.

We pray our success will be rewarded.
We pray for our soldiers fighting to keep our nation free.
We thank all of them
God Bless!

Sincerely Yours
