General Newton -

It was a long time ago, about January of 1973, you an F-4 driver, and I ~~an~~ was a flight line Chief.

When Cannon Came out on the BRAC list, I was shocked, when I seen you as a member of the BRAC Commission, I knew Cannon will receive a fair hearing - Cannon has a lot going; and I know you will ~~do~~ give Cannon a fair hearing -

I realy enjoyed my tour of duty with you - you checked me out on every seen & topic of the F-4 aircraft -

Take Care Sir;

May God Bless & keep you well -
