Mam I am writting in regeard the the proposed closing of Cannon Air Force Base. As a long time resident of Clovis and Portales area i feel the closing of Cannon would be detrimental to the communities, also I spent many years in the military "Army" so I know what a base means to a community and viseversa. The city's of Clovis

& portales are very supportive, this
Means alot to the airman stationed
and Cannon. I am not much of a letter
writter but by writting a letter
could save the base from closing
I will take the time in hopes you
can be persuaded not to close the
base Thank you for your time
