Dear BRAC Commission,

I admire the love that you have for our nation to embark on the tremendous task you are undertaking. Being a member of the Clovis-Cannon family I hope you will reevaluate the strengths that Cannon possesses as opposed to its minimal weaknesses.

I moved to this area 40 years ago from western Oklahoma as a coach/teacher. While living in Oklahoma I was familiar with the base/city relationship of both Vance AFB & Ft. Sill Army Post & the family relationships were not good. I can assure you that the family relationship between Clovis & Cannon is outstanding.

I appreciate your consideration and will continue to pray for God's help in your endeavor.

Sincerely,

Terry Swann
