Niagara Military Affairs Council,

Please count me among the Niagara Co. residents that support "Operation Defend Niagara's Heroes"

With all the support we, as Americans give to other countries, there should be no way we say 'NO' to all the men & women that put their lives on hold & their lives at risk for us.

How can we take all they do for us & our Country & refuse to defend them in the same Country they fight & die for.

Please honor them as they deserve & save their base.

Thank-You
