Ms. Turner,

I'm not going to take a lot of your time, but I had to drop you a note concerning the realignment of Brunswick Naval Air Station there is <u>no</u> <u>way</u> the DOD or Navy will save more money sending the P3's to Florida. The Air station in Jacksonville has no room and it will cost to much money to revamp the base to make it work.

There is so many reasons why Brunswick should not be realigned, but I know it is important for the NAVY & DOD to find cost savings. There is <u>NO</u> cost savings here!

Thank you for your time.

John Bouchard
